## Power and Politics, Money and Municipalities

351 municipal profiles — Appendix, FY2027 Edition

---

Each profile is one city or town's page from the web edition, parcenomics.com/commonwealth, printed. It opens with the municipality's legislators, school districts and planning agency and then follows the same order for all 351: the Fairness Index, where 50 is a fair share; state money by class, FY2017–FY2026; local earmarks on three measures; what the town carries, including state land and new growth; the Commonwealth in the town: state land, chapter land, restrictions, roads by jurisdiction and state facilities (the map is on the web page); what the state sends and takes back on the FY2027 cherry sheet; state money to others in the town; costs and the 2½% limit; schools; school building grants; expected and actual; peers; and sources. Each section's heading states its main finding. Dollars carry their stage, enacted for budget clauses and paid for Comptroller payments. "Not reported" and "not available" mean the source has no figure; nothing missing is shown as zero. Notes common to every profile are on the next page; the full method is at parcenomics.com/commonwealth/method.

### FAIRNESS INDEX

Each town gets two scores from 0 to 100, where 50 is a fair share: one on all state aid, one on discretionary money (competitive grants and earmarks to the city or town government). Each score averages four ways of defining a fair share: Equal, the same per resident; Need, weighted toward poverty, low income and a thin tax base; Burden, by what each program pays for (road miles, bridges, pupils and so on); Effort, by what residents already pay in property tax relative to their income. The bars mark 50. The range repeats the score under 231 weightings, each lens between 10% and 40%.

### STATE MONEY, FY2017–FY2026

Formula aid is gross: Chapter 70 as DESE attributes it to the town, and cherry-sheet aid before the state deducts charges such as charter tuition and transit assessments, plus other formula programs as paid. Competitive grants and earmark-account payments are Comptroller payments to the town government and its school districts (stage: paid). Enacted earmarks and earmark-account payments are different things: enacted earmarks are budget clauses; earmark-account payments come from accounts classified as earmarks, which can carry prior-year and statewide-program money. Either can be larger. Rank 1 is the highest amount per resident among 351.

### EARMARKS

Local earmarks are enacted “not less than” clauses, counted three ways and labeled every time: to the city or town government (clauses that pay the city or town, its departments and schools, or a municipal project); placed in the city or town (adds organizations); everything placed (adds state facilities located there and MassHealth rate add-ons for providers there). Tiles note the share of placed earmarks that went to organizations rather than to the city or town government.

### STATE MONEY TO OTHERS

Competitive awards from the project’s award catalog to nonprofits, tribal nations, regional bodies and state agencies in the town are named; awards to businesses, farms and unnamed recipients are counted but not named. An award naming several towns is split evenly. None of it is in the town’s state money or its Fairness Index; it enters the burden index only where the program has a measure of need for the town. The print lists the 15 largest.

### WHAT THE TOWN CARRIES

The burden index divides the competitive awards a town received, FY2017–FY2026, by what it would have received if every program had split its money by its own measure of need: road miles for road programs, crossings for culvert grants, town-owned hazard dams for dam repair, jobs for economic development, residents for libraries. 1.0 is proportional. Bridges count by replacement cost and condition, and only bridges the town owns. State land eligible for PILOT is the Division of Local Services’ count of state-owned acres on which the state pays a payment in lieu of taxes; the payment follows assessed value, so PILOT per acre is a comparison, not the formula. The state-owned share on the land-area tile is the MassGIS map of all state-owned open space, a wider count. New growth is the assessed value of new construction and improvements added to the tax base, FY2017–FY2025, per resident.

### COSTS AND THE 2½% LIMIT

State aid is the gross cherry sheet as entered on the tax rate recap; spending is general-fund expenditures as filed with the Division of Local Services. Net subtracts the charges the state assesses on the same cherry sheet (charter and school-choice tuition, transit, county and other assessments), itemized from FY2010. Consumer prices are the Boston-area CPI-U, up 55.1% from FY2006 to FY2025; government prices are the federal price index for state and local government purchases, up 74.5%; fiscal-year averages. Fixed costs are employee benefits, retirement, insurance and similar general-fund costs; health insurance comes from a separate DLS report. Allowed levy growth is 2.5% plus new growth, as a share of the prior year’s levy limit; a year counts as squeezed when fixed costs grew by a larger percentage. An earmark is a one-year appropriation; a health-insurance increase recurs. Earmarks are not adjusted for the January 2024 mid-year cuts or the FY2026 hold. Flags mark one-year swings beyond 30%, which usually reflect costs moving between budget lines, trust funds or the Group Insurance Commission. Section 8 of the Commonwealth report, “The squeeze,” has the statewide figures.

### SCHOOLS

Real figures use the CPI-U, fiscal-year average, in FY2026 dollars. The required contribution is the local share the state sets under the Chapter 70 formula; its share of income divides it per household by the town’s median household income.

### SCHOOL BUILDINGS

Grants the Massachusetts School Building Authority’s Board approved, July 2016 to August 2026, at the Maximum Total Facilities Grant, a ceiling that includes contingency. A regional district’s grant is shared by each member town’s share of district enrollment (DESE, FY2026). Approvals that lapsed or were withdrawn are named and not counted. The authority is funded by one penny of the sales tax and its payments are not in the Comptroller’s records, so these grants are in no index. The print lists the 15 most recent.

### EXPECTED AND ACTUAL

The expectation comes from a statewide model of all 351 municipalities using population, road miles, jobs, poverty, income, tax base, school-aid share and the presence of hospitals, colleges and nonprofits. Those factors explain about 55–60% of the differences between towns. A gap is a starting point for questions, not a finding about anyone’s conduct. Earmarks here are placed in the city or town, the second measure.

### PEERS

Peers are the ten municipalities nearest on population, income need and tax-base need; the print shows the five nearest plus the highest and lowest on earmarks placed in the city or town per resident in the wider class of 30. † marks a municipality where more than half of placed earmarks went to organizations based there. Formula aid per resident is the ten-year gross total; competitive grants are ten-year totals paid.

FAIRNESS INDEX

## Abington scores 42 on the Fairness Index for all state aid and 39 for discretionary money. Fifty is a fair share.

ALL STATE AID

**42** / 100

195th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 42 | 46 | 42 | 39 |

Rank under other weightings: 187th to 200th.

Stable low: below 45 under every weighting

Abington received less than its share of state aid on all four measures; its blended score of 42 stays between 41 and 44 under every weighting tested.

DISCRETIONARY MONEY ONLY

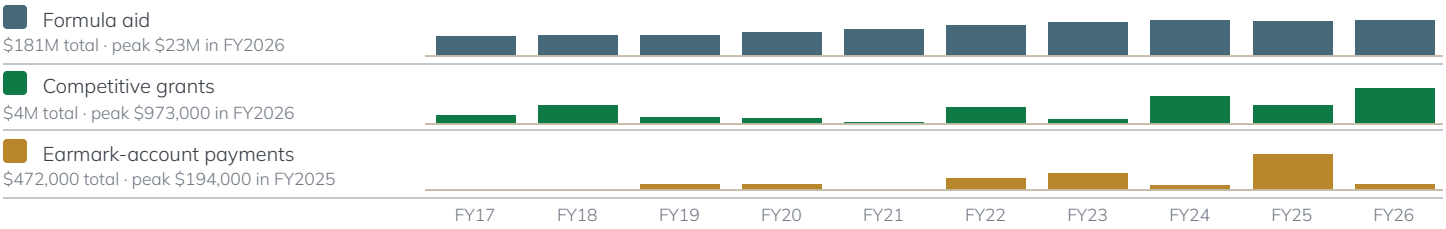
**39** / 100

230th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 36 | 40 | 46 | 33 |

Rank under other weightings: 221st to 240th.

Stable low: below 45 under every weighting



Abington received less than its share of discretionary money on all four measures; its blended score of 39 stays between 36 and 42 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Abington's town government and school districts received $181 million in formula aid and $4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$181M** | **$4M** | **$472,000** |
| $10,596 per resident (162nd of 351) · gross | $233 per resident (234th of 351) | $27.65 per resident (158th of 351) |

**Competitive grants to Abington peaked in FY2026 at $973,000, 24% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $9.9 million, are not shown.

EARMARKS

## Abington received $648,000 in local earmarks to its government, $662,000 placed in the city or town and $662,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$648,000** | **$662,000** | **$662,000** | **No** |
| $37.97 per resident (122nd of 351) | $38.85 per resident (204th of 351) · 2% to organizations | $38.85 per resident (210th of 351) · 2% to organizations | 35 municipalities had none |

Placed in the city or town: 20 clauses in nine of ten budgets; the most recent in FY2026. $648,000 went to Abington's government, its schools or municipal projects; the other $15,000 went to organizations in Abington or named with it, some of which serve a wider area.

STATE MONEY TO OTHERS IN ABINGTON

## State programs also awarded $10,000 to organizations in Abington other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Abington. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 25.5% of Abington's general-fund spending in FY2025, down from 27.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **27.3%** | **22.0%** | **25.5%** | **23.5%** |
| $9.2M of $33.7M · median town 14.1% | $9.7M of $44.2M · median town 12.2% | $17.6M of $69.1M · median town 11.5% | FY2010: 24.4% · median town 10.0% |

Abington's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Abington's state aid kept pace with both price measures: FY2025 aid was 23.3% above its FY2006 aid grown by Boston-area consumer prices and 9.6% above grown by the government price index.**

Gross state aid went from $9.2 million in FY2006 to $17.6 million in FY2025, +91.3% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+35.2%** | **+47.4%** | **6 of 9** | **4 of 9** |
| $4.4M to $5.9M · all towns +54.0% | $7.6M to $11.2M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Abington's health insurance would have been $5.44 million in FY2025; it was $5.89 million, $451,000 above the path. Its fixed costs would have been $9.52 million in FY2025; it was $11.2 million, $1.71 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2018 (+153%) and FY2020 (–40%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost. Flag: in FY2018 and FY2019 reported health insurance exceeded all general-fund fixed costs; the health-insurance report includes the employee share for self-insured towns.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Abington's government came to $624,000, 40.7% of the $1.53 million rise in its health insurance.

Abington runs its own school district and also belongs to South Shore; Abington accounts for 15% of that district's foundation budget.

### SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $17.3 million for schools serving Abington, FY2017 to August 2026.

### ROADS, BRIDGES AND DAMS

## Abington has $920,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Abington came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN ACTON

## State programs also awarded $1.5 million to organizations in Acton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Acton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2016 | Discovery Museum nonprofit | Cultural Facilities Fund | $300,000 |
| FY2020 | Discovery Museum nonprofit | Cultural Facilities Fund | $200,000 |

A further $745,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 1.6% of Acton's general-fund spending in FY2025, down from 8.8% in FY2006.

Acton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $13.6 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Acton's state aid did not keep pace with either price measure: FY2025 aid was 76.4% below its FY2006 aid grown by Boston-area consumer prices and 79.0% below grown by the government price index.**

Gross state aid went from $5.5 million in FY2006 to $2 million in FY2025, –63.4% in dollars. Flag: in FY2010, $1 million of Acton's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+6.2%** | **+48.8%** | **5 of 9** | **2 of 9** |
| $3.1M to $3.3M · all towns +54.0% | $6.9M to $10.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Acton's health insurance would have been $3.92 million in FY2025; it was $3.33 million, $588,000 below the path. Its fixed costs would have been $8.61 million in FY2025; it was $10.3 million, $1.65 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Acton's government came to $495,000, 2.6 times the $193,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Acton has no school district of its own. Its pupils attend Acton-Boxborough and Minuteman; Acton accounts for 83% and 13% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

## SCHOOL BUILDINGS

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Acton came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Acton owns two poor bridges of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Acton received $11.2 million in earmarks placed in the city or town and competitive grants over ten years, 33% more than the $8.4 million its size, need and institutions predict.

PEERS

## Acton ranks 5th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.3 million in earmarks placed in Acton, $735,000 (57%) went to organizations rather than to Acton's government.

Stable low: below 45 under every weighting

Acushnet received less than its share of discretionary money on all four measures; its blended score of 20 stays between 19 and 21 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Acushnet's town government and school districts received $116 million in formula aid and $1.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$116M** | **$1.4M** | **$199,000** |
| $10,949 per resident (147th of 351) · gross | $130 per resident (303rd of 351) | $18.72 per resident (210th of 351) |

**Competitive grants to Acushnet were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.2 million, are not shown.

EARMARKS

## Acushnet received $230,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Acushnet $9.8 million and takes back $615,000 in assessments and charges, a net $9.2 million.

STATE MONEY TO OTHERS IN ACUSHNET

## State programs also awarded $1.5 million to organizations in Acushnet other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Acushnet. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2027 | Hassanamisco Nipmuc Band nonprofit | EEA Eco One Stop FY27 (climate/resilience grants) | $1.5M (shared two ways) |
| FY2021 | SRPEDD nonprofit | Community Compact Efficiency & Regionalization Grant | $3,028 (shared 26 ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 26.5% of Acushnet's general-fund spending in FY2025, down from 37.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **37.9%** | **31.1%** | **26.5%** | **25.0%** |
| $7.7M of $20.4M · median town 14.1% | $7.8M of $25.2M · median town 12.2% | $9.4M of $35.2M · median town 11.5% | FY2010: 35.3% · median town 10.0% |

Acushnet's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.9 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Acushnet's state aid did not keep pace with either price measure: FY2025 aid was 21.9% below its FY2006 aid grown by Boston-area consumer prices and 30.6% below grown by the government price index.**

Gross state aid went from $7.7 million in FY2006 to $9.4 million in FY2025, +21.1% in dollars.

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Acushnet's health insurance would have been $1.50 million in FY2025; it was $2.16 million, $657,000 above the path. Its fixed costs would have been $3.39 million in FY2025; it was $4.63 million, $1.24 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Acushnet's government came to $185,000, 19.3% of the $957,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Acushnet came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Adams received more than its share of discretionary money on all four measures; its blended score of 85 stays between 84 and 87 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Adams's town government and school districts received $156 million in formula aid and $10.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $156M | $10.7M | $137,000 |
| $19,320 per resident (30th of 351) · gross | $1,327 per resident (61st of 351) | $17.00 per resident (220th of 351) |

**Competitive grants to Adams peaked in FY2021 at $2.3 million, 22% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $18.5 million, are not shown.

EARMARKS

## Adams received $100,000 in local earmarks to its government, $225,000 placed in the city or town and $225,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $100,000 | $225,000 | $225,000 | No |

STATE MONEY TO OTHERS IN ADAMS

## State programs also awarded $1.7 million to organizations in Adams other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Adams. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $153,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 17.3% of Adams's general-fund spending in FY2025, down from 18.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **18.6%** | **16.8%** | **17.3%** | **17.0%** |
| $2.2M of $11.5M · median town 14.1% | $2.4M of $14.4M · median town 12.2% | $3.2M of $18.2M · median town 11.5% | FY2010: 17.9% · median town 10.0% |

Adams's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $11.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Adams's state aid did not keep pace with either price measure: FY2025 aid was 5.4% below its FY2006 aid grown by Boston-area consumer prices and 15.9% below grown by the government price index.**

Gross state aid went from $2.2 million in FY2006 to $3.2 million in FY2025, +46.7% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–6.5%** | **+32.8%** | **5 of 9** | **2 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Adams's health insurance would have been $1.17 million in FY2025; it was $874,000, $294,000 below the path. Its fixed costs would have been $2.60 million in FY2025; it was $2.77 million, $165,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Adams's reported health insurance fell from $935,000 in FY2016 to $874,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Adams has no school district of its own. Its pupils attend Hoosac Valley and Northern Berkshire; Adams accounts for 74% and 28% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

**Cost after approval.** After approval, the Board added money to grants for one project serving Adams; Adams's share of the additions, by enrollment where a school is regional, was $158,000.

ROADS, BRIDGES AND DAMS

## Adams has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns nine bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Adams came on average 30 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Adams owns four poor bridges of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

FAIRNESS INDEX

## Agawam scores 45 on the Fairness Index for all state aid and 36 for discretionary money. Fifty is a fair share.

ALL STATE AID

**45** / 100

161st of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 46 | 40 | 48 | 48 |

Rank under other weightings: 140th to 186th.

Weighting-dependent: the range crosses the 45–55 band

Agawam received less than its share of state aid on all four measures; its blended score of 45 stays between 44 and 47 under every weighting tested.

DISCRETIONARY MONEY ONLY

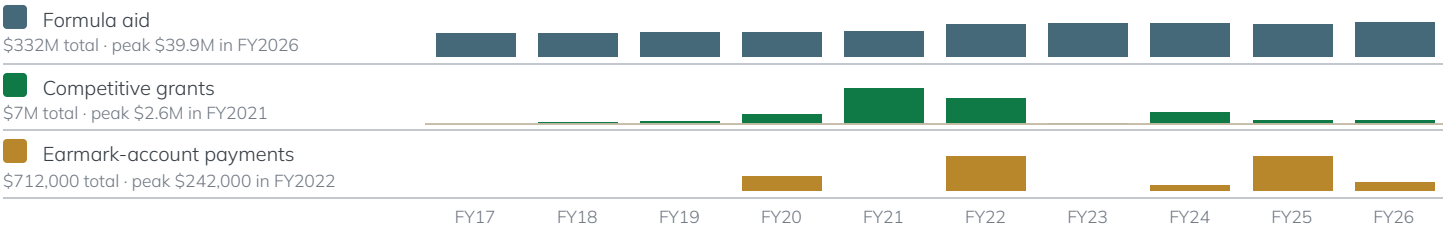
**36** / 100

243rd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 36 | 30 | 42 | 38 |

Rank under other weightings: 228th to 257th.

Stable low: below 45 under every weighting



Agawam received less than its share of discretionary money on all four measures; its blended score of 36 stays between 34 and 38 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Agawam's town government and school districts received $332 million in formula aid and $7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $332M | $7M | $712,000 |
| $11,619 per resident (136th of 351) · gross | $247 per resident (228th of 351) | $24.96 per resident (175th of 351) |

**Competitive grants to Agawam peaked in FY2021 at $2.6 million, 37% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $10.9 million, are not shown.

EARMARKS

## Agawam received $541,000 in local earmarks to its government, $666,000 placed in the city or town and $666,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|

| Town-accepted | 129.9 | 81% |
| Unaccepted public ways | 11.9 | 7% |

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Agawam $34 million and takes back $2.7 million in assessments and charges, a net $31.3 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |
|---|---|---|
| **$34 million** | **$2.7 million** | **$31.3 million** |

### COSTS AND THE 2½% LIMIT

## State aid covered 29.0% of Agawam's general-fund spending in FY2025, up from 26.9% in FY2006.

### STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **26.9%** | **29.0%** | **29.0%** | **26.9%** |
| $16.4M of $60.9M · median town 14.1% | $24.1M of $82.9M · median town 12.2% | $31.9M of $110M · median town 11.5% | FY2010: 26.4% · median town 10.0% |

**Agawam's state aid kept pace with both price measures: FY2025 aid was 25.9% above its FY2006 aid grown by Boston-area consumer prices and 11.9% above grown by the government price index.**

Gross state aid went from $16.4 million in FY2006 to $31.9 million in FY2025, +95.3% in dollars. Flag: in FY2010, $979,000 of Agawam's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+87.5%** | **+52.8%** | **7 of 9** | **5 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Agawam's health insurance would have been $11.9 million in FY2025; it was $17.9 million, $5.97 million above the path. Its fixed costs would have been $19 million in FY2025; it was $23.2 million, $4.24 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2022 (+44%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Agawam's government came to $476,000, 5.7% of the $8.34 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| FY2020 | Agawam Junior High School | Agawam | Accelerated Repair (Boiler) | $645,000 | $645,000 |
| FY2017 | Roberta G. Doering School | Agawam | Accelerated Repair (Boiler) | $499,000 | $499,000 |

**Cost after approval.** Of the one project closed with a final audit, the final cost was $833,000 against an approved budget of $969,000 (under by $136,000); the local share moved from $469,000 to $386,000. Approved budgets include contingency.

## ROADS, BRIDGES AND DAMS

### Agawam has $764,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Agawam came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October

2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Alford received more than its share of discretionary money on all four measures; its blended score of 86 stays between 83 and 88 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Alford's town government and school districts received $2.4 million in formula aid and $787,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $2.4M | $787,000 | $1,650 |
| $5,565 per resident (338th of 351) · gross | $1,817 per resident (50th of 351) | $3.81 per resident (303rd of 351) |

**Competitive grants to Alford peaked in FY2018 at $466,000, 59% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 433 residents, a single payment moves Alford's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $254,000, are not shown.

EARMARKS

## No local earmark was placed in Alford in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

The Comptroller records $1,650 in payments to Alford's town government and school districts from accounts classified as earmarks over the same ten years. Those accounts can carry prior-year and statewide-program money; no enacted clause was placed in Alford.

Alford is one of the 35 cities and towns with no earmark placed in them in any of the ten budgets. The list counts enacted earmarks only. All 35 received competitive grant payments in the same ten years; Alford's appear under State money above.

STATE MONEY TO OTHERS IN ALFORD

## State programs also awarded $14,000 to organizations in Alford other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Alford. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Berkshire Regional Planning Commission regional body | Community Compact Efficiency & Regionalization Grant | $8,696 (shared 23 ways) |

A further $5,800 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 1.5% of Alford's general-fund spending in FY2025, down from 1.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **1.7%** | **1.2%** | **1.5%** | **1.5%** |
| $16,000 of $972,000 · median town 14.1% | $15,000 of $1.3M · median town 12.2% | $30,000 of $2M · median town 11.5% | FY2010: 1.1% · median town 10.0% |

Alford's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $66,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

### Alford's state aid kept pace with both price measures: FY2025 aid was 20.2% above its FY2006 aid grown by Boston-area consumer prices and 6.8% above grown by the government price index.

Gross state aid went from $16,000 in FY2006 to $30,000 in FY2025, +86.4% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+116.1%** | **+92.3%** | **7 of 9** | **5 of 9** |
| $45,000 to $98,000 · all towns +54.0% | $102,000 to $196,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Alford's health insurance would have been $56,000 in FY2025; it was $98,000, $41,000 above the path. Its fixed costs would have been $127,000 in FY2025; it was $196,000, $69,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2018 (+71%) and FY2022 (+41%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Alford's government came to $0, 0.0% of the $52,000 rise in its health insurance.

SCHOOLS

## Alford's required school contribution is 0.9% of median household income, the sixth-lowest of 351.

| | |
|---|---|
| Chapter 70 aid, FY2026<br>**$73,000**<br>attributed to the town | Required local contribution<br>**$254,000**<br>FY2026 |
| Share of household income<br>**0.9%**<br>346th of 351 (1 = highest) | Real aid per pupil, FY2017–26<br>**+19%**<br>after inflation |

Alford has no school district of its own. Its pupils attend Southern Berkshire; Alford accounts for 3% of that district's foundation budget. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide. Alford had 20 resident pupils in FY2026, so per-pupil changes swing from year to year.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Alford, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Alford has $320,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Alford came on average 13 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Alford owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

STATE MONEY TO OTHERS IN AMESBURY

## State programs also awarded $566,000 to organizations in Amesbury other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Amesbury. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

|---|---|---|---|
| FY2020 | Amesbury Carriage Museum nonprofit | Cultural Facilities Fund | $120,000 |
| FY2018 | Lowell's Maritime Foundation nonprofit | Cultural Facilities Fund | $100,000 |
| FY2016 | Lowell's Maritime Foundation nonprofit | Cultural Facilities Fund | $12,000 |

| FY2023 | CSO) Management (Merrimac Valley Planning Commission regional body | Community Compact Efficiency & Regionalization Grant | $4,167 (shared 18 ways) |

A further $322,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 17.7% of Amesbury's general-fund spending in FY2025, down from 29.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **29.7%** | **22.0%** | **17.7%** | **11.6%** |
| $12.8M of $43M · median town 14.1% | $12.1M of $55M · median town 12.2% | $13.7M of $77.4M · median town 11.5% | FY2010: 20.2% · median town 10.0% |

Amesbury's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $734,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Amesbury's state aid did not keep pace with either price measure: FY2025 aid was 30.8% below its FY2006 aid grown by Boston-area consumer prices and 38.5% below grown by the government price index.**

Gross state aid went from $12.8 million in FY2006 to $13.7 million in FY2025, +7.4% in dollars. Flag: in FY2010, $767,000 of Amesbury's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

**Cost after approval.** Of the one project closed with a final audit, the final cost was $60.1 million against an approved budget of $60.5 million (under by $388,000); the local share moved from $36 million to $36.1 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Amesbury has $982,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Amesbury came on average 22 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Amherst's town government and school districts received $306 million in formula aid and $27.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$306M** | **$27.6M** | **$478,000** |
| $8,017 per resident (255th of 351) · gross | $722 per resident (109th of 351) | $12.52 per resident (244th of 351) |

**Competitive grants to Amherst peaked in FY2025 at $6.9 million, 25% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $22.8 million, are not shown.

EARMARKS

## Amherst received $831,000 in local earmarks to its government, $2.9 million placed in the city or town and $3.4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$831,000** | **$2.9M** | **$3.4M** | **No** |

Placed in the city or town: 38 clauses in ten of ten budgets; the most recent in FY2026. $831,000 went to Amherst's government, its schools or municipal projects; the other $2.1 million went to organizations in Amherst or named with it, some of which serve a wider area.

Clauses that name Amherst but fund a state facility or a MassHealth rate add-on, $502,000, count under everything placed only.

Everything placed, the third measure, adds $502,000 in eight clauses for state facilities located in Amherst (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

## FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Amherst. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

|---|---|---|---|
| FY2026 | Amherst Community Land Trust nonprofit | Housing grants (EOHLC) | $375,000 |
| FY2025 | The Nature Conservancy nonprofit | CZM Coastal Resilience Grant | $266,000 |
| FY2023 | Emily Dickinson Museum nonprofit | Cultural Facilities Fund | $200,000 |
| FY2023 | Downtown Amherst Foundation nonprofit | Cultural Facilities Fund | $180,000 |
| FY2021 | Amherst Community Television nonprofit | Cultural Facilities Fund | $152,000 |

A further $678,000 in 11 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 21.3% of Amherst's general-fund spending in FY2025, down from 23.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **23.2%** | **17.0%** | **21.3%** | **17.3%** |
| $14.3M of $61.7M · median town 14.1% | $14.7M of $86.3M · median town 12.2% | $18.4M of $86.4M · median town 11.5% | FY2010: 16.6% · median town 10.0% |

Amherst's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $7.3 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Amherst's state aid did not keep pace with either price measure: FY2025 aid was 16.9% below its FY2006 aid grown by Boston-area consumer prices and 26.2% below grown by the government price index.**

Gross state aid went from $14.3 million in FY2006 to $18.4 million in FY2025, +28.8% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–99.1%** | **–63.9%** | **4 of 9** | **2 of 9** |
| $19.4M to $179,000 · all towns +54.0% | $24.4M to $8.8M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Amherst's health insurance would have been $24.2 million in FY2025; it was $179,000, $24.1 million below the path. Its fixed costs would have been $30.4 million in FY2025; it was $8.79 million, $21.6 million below the path.

Flag: fixed costs changed by more than 30% in one year in FY2019 (–57%); health insurance changed by more than 30% in one year in FY2019 (–74%), FY2020 (–51%), FY2023 (+33%) and FY2025 (–95%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Amherst's reported health insurance fell from $19.4 million in FY2016 to $179,000 in FY2025, so there is no increase to set its earmarks against.

Not counted: Wildwood Elementary School (Amherst), approved FY2017 for up to $34.5 million. It lapsed when local funding was not secured.

**Cost after approval.** After approval, the Board added money to grants for one project serving Amherst; Amherst's share of the additions, by enrollment where a school is regional, was $9.7 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Amherst has $2.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and five high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Amherst came on average 33 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Amherst owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Amherst received $33.7 million in earmarks placed in the city or town and competitive grants over ten years, 67% more than the $20.2 million its size, need and institutions predict.

PEERS

## Amherst ranks 8th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2.9 million in earmarks placed in Amherst, $2.1 million (71%) went to organizations rather than to Amherst's government.

STATE MONEY TO OTHERS IN ANDOVER

## State programs also awarded $286,000 to organizations in Andover other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Andover. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 7.5% of Andover's general-fund spending in FY2025, down from 8.6% in FY2006.

Andover's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $223,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Andover's state aid kept pace with both price measures: FY2025 aid was 13.6% above its FY2006 aid grown by Boston-area consumer prices and 1.0% above grown by the government price index.**

Gross state aid went from $9.8 million in FY2006 to $17.3 million in FY2025, +76.2% in dollars. Flag: in FY2010, $1.6 million of Andover's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Andover's health insurance would have been $29.6 million in FY2025; it was $35.5 million, $5.88 million above the path. Its fixed costs would have been $41.4 million in FY2025; it was $44.9 million, $3.46 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2022 (–64%) and FY2023 (+167%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost. Flag: in FY2022 reported health insurance exceeded all general-fund fixed costs; the health-insurance report includes the employee share for self-insured towns.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Andover's government came to $1.2 million, 10.6% of the $11.8 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Andover came on average 31 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Andover received $9.8 million in earmarks placed in the city or town and competitive grants over ten years, 16% more than the $8.4 million its size, need and institutions predict.

PEERS

## Andover ranks 9th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.6 million in earmarks placed in Andover, $152,000 (10%) went to organizations rather than to Andover's government.

FAIRNESS INDEX

## Aquinnah scores 38 on the Fairness Index for all state aid and 66 for discretionary money. Fifty is a fair share.

ALL STATE AID

**38** / 100

242nd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 36 | 48 | 40 | 27 |

Rank under other weightings: 213th to 256th.

Stable low: below 45 under every weighting

Aquinnah received less than its share of state aid on all four measures; its blended score of 38 stays between 34 and 42 under every weighting tested.

DISCRETIONARY MONEY ONLY

**66** / 100

126th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |

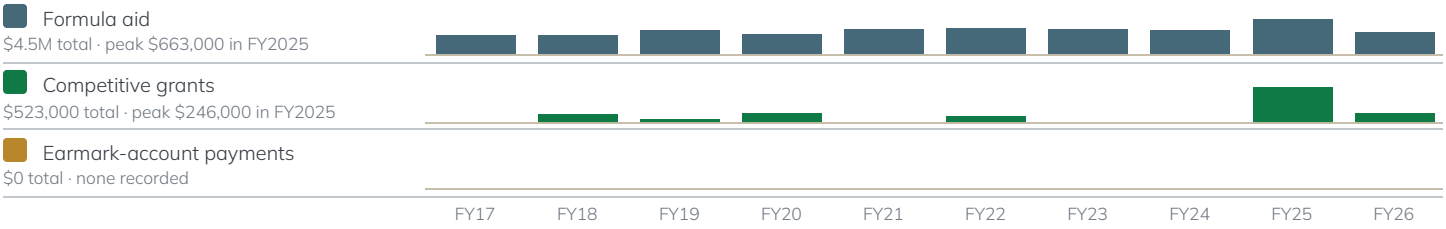
| 75 | 83 | 40 | 66 |

Rank under other weightings: 101st to 152nd.

Stable high: above 55 under every weighting



Aquinnah received more than its share of discretionary money on three of four measures; its blended score of 66 stays between 58 and 74 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Aquinnah's town government and school districts received $4.5 million in formula aid and $523,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $4.5M | $523,000 | $0 |
| $6,830 per resident (298th of 351) · gross | $786 per resident (96th of 351) | $0 per resident (339th of 351) |

**Competitive grants to Aquinnah peaked in FY2025 at $246,000, 47% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 666 residents, a single payment moves Aquinnah's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.8 million, are not shown.

EARMARKS

## Aquinnah received $100,000 in local earmarks in ten enacted budgets on all three measures.

COSTS AND THE 2½% LIMIT

## State aid covered 0.1% of Aquinnah's general-fund spending in FY2025, down from 0.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **0.4%** | **0.2%** | **0.1%** | **-0.7%** |

Aquinnah's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $182,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Aquinnah's state aid did not keep pace with either price measure: FY2025 aid was 20.5% below its FY2006 aid grown by Boston-area consumer prices and 29.4% below grown by the government price index.**

Gross state aid went from $8,776 in FY2006 to $11,000 in FY2025, +23.2% in dollars.

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Aquinnah's health insurance would have been $294,000 in FY2025; it was $397,000, $103,000 above the path. Its fixed costs would have been $506,000 in FY2025; it was $808,000, $302,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2023 (+35%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Aquinnah's government came to $100,000, 61.9% of the $162,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Aquinnah has no school district of its own. Its pupils attend Upisland and Martha's Vineyard; Aquinnah accounts for 12% and 2% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Aquinnah came on average 128 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN ARLINGTON

## State programs also awarded $653,000 to organizations in Arlington other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Arlington. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Housing Corporation of Arlington nonprofit | Housing grants (EOHLC) | $250,000 |
| FY2017 | Arlington Center for the Arts nonprofit | Cultural Facilities Fund | $187,000 |
| FY2026 | Mystic River Watershed Association nonprofit | CZM Coastal Habitat and Water Quality Grant | $74,000 (shared two ways) |
| FY2025 | Mystic River Watershed Association nonprofit | MassTrails Grants | $17,000 (shared six ways) |
| FY2026 | Cyrus E. Dallin Art Museum nonprofit | Cultural Facilities Fund | $3,200 |

A further $123,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 13.5% of Arlington's general-fund spending in FY2025, down from 17.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **17.0%** | **15.8%** | **13.5%** | **11.7%** |
| $17.1M of $101M · median town 14.1% | $20.7M of $131M · median town 12.2% | $29M of $214M · median town 11.5% | FY2010: 12.2% · median town 10.0% |

Arlington's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Arlington's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 9.3% above its FY2006 aid grown by Boston-area consumer prices and 2.9% below grown by the government price index.**

Gross state aid went from $17.1 million in FY2006 to $29 million in FY2025, +69.4% in dollars. Flag: in FY2010, $2.5 million of Arlington's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

EXPECTED AND ACTUAL

## Arlington received $12.1 million in earmarks placed in the city or town and competitive grants over ten years, 90% of the $13.5 million its size, need and institutions predict.

PEERS

## Arlington ranks 5th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $3 million in earmarks placed in Arlington, $983,000 (33%) went to organizations rather than to Arlington's government.

Ashburnham received less than its share of discretionary money on two of four measures; its blended score of 46 stays between 43 and 49 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Ashburnham's town government and school districts received $105 million in formula aid and $2.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$105M** | **$2.6M** | **$7,165** |
| $16,359 per resident (55th of 351) · gross | $402 per resident (168th of 351) | $1.12 per resident (326th of 351) |

**Competitive grants to Ashburnham peaked in FY2024 at $713,000, 28% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.9 million, are not shown.

EARMARKS

## Ashburnham received $0 in local earmarks to its government, $170,000 placed in the city or town and $170,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN ASHBURNHAM

## State programs also awarded $295,000 to organizations in Ashburnham other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Ashburnham. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | New Dawn Arts Center nonprofit | Cultural Facilities Fund | $107,000 |
| FY2020 | Appalachian Mountain Club nonprofit | MassTrails Grants | $39,000 |
| FY2025 | Montachusett Regional Planning Commission regional body | MassTrails Grants | $12,000 (shared four ways) |

A further $137,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 6.5% of Ashburnham's general-fund spending in FY2025, down from 6.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **6.7%** | **6.0%** | **6.5%** | **6.2%** |
| $781,000 of $11.7M · median town 14.1% | $914,000 of $15.3M · median town 12.2% | $1.3M of $20.1M · median town 11.5% | FY2010: 6.1% · median town 10.0% |

Ashburnham's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $8.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Ashburnham's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 7.8% above its FY2006 aid grown by Boston-area consumer prices and 4.2% below grown by the government price index.**

Gross state aid went from $781,000 in FY2006 to $1.3 million in FY2025, +67.2% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+63.1%** | **+84.5%** | **7 of 9** | **3 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Ashburnham's health insurance would have been $531,000 in FY2025; it was $693,000, $162,000 above the path. Its fixed costs would have been $1.19 million in FY2025; it was $1.76 million, $567,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Ashburnham's government came to $0, 0.0% of the $268,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Ashburnham has no school district of its own. Its pupils attend Ashburnham-Westminster and Montachusett; Ashburnham accounts for 44% and 4% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

ROADS, BRIDGES AND DAMS

## Ashburnham has $1.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns eight bridges rated poor and four high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Ashburnham came on average 12 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

FAIRNESS INDEX

## Ashby scores 56 on the Fairness Index for all state aid and 52 for discretionary money. Fifty is a fair share.

ALL STATE AID

**56** / 100

70th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 56 | 62 | 51 | 55 |

Rank under other weightings: 61st to 84th.

Weighting-dependent: the range crosses the 45–55 band

Ashby received more than its share of state aid on all four measures; its blended score of 56 stays between 54 and 58 under every weighting tested.

DISCRETIONARY MONEY ONLY

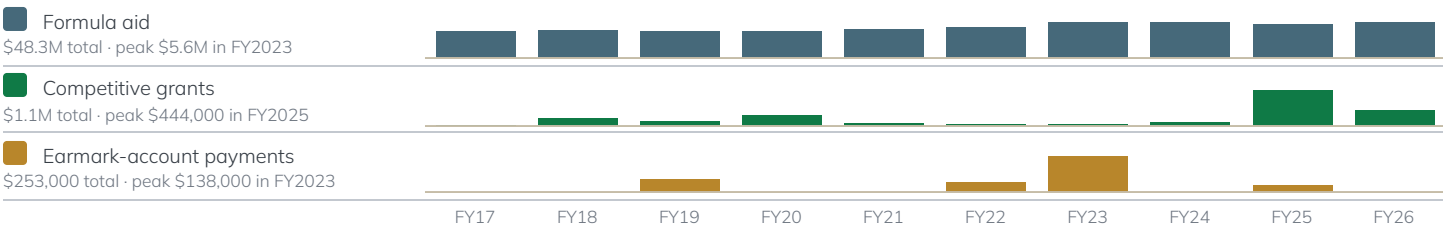
**52** / 100

187th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 51 | 58 | 48 | 50 |

Rank under other weightings: 176th to 189th.

Near fair: between 45 and 55 under every weighting



Ashby received more than its share of discretionary money on three of four measures; its blended score of 52 stays between 50 and 53 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Ashby's town government and school districts received $48.3 million in formula aid and $1.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $48.3M | $1.1M | $253,000 |
| $15,057 per resident (72nd of 351) · gross | $337 per resident (192nd of 351) | $78.74 per resident (34th of 351) |

**Competitive grants to Ashby peaked in FY2025 at $444,000, 41% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.4 million, are not shown.

EARMARKS

## Ashby received $200,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $200,000 | $200,000 | $200,000 | No |

STATE MONEY TO OTHERS IN ASHBY

## State programs also awarded $12,000 to organizations in Ashby other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Ashby. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Ashby's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $3.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Ashby's state aid kept pace with both price measures: FY2025 aid was 16.1% above its FY2006 aid grown by Boston-area consumer prices and 3.2% above grown by the government price index.**

Gross state aid went from $431,000 in FY2006 to $776,000 in FY2025, +80.0% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Ashby's health insurance would have been $465,000 in FY2025; it was $459,000, $5,662 below the path. Its fixed costs would have been $817,000 in FY2025; it was $902,000, $86,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Ashby's government came to $200,000, 2.3 times the $87,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Ashby came on average 25 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Ashfield's town government and school districts received $19.3 million in formula aid and $3.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$19.3M** | **$3.7M** | **$187,000** |
| $10,211 per resident (172nd of 351) · gross | $1,970 per resident (46th of 351) | $98.73 per resident (24th of 351) |

**Competitive grants to Ashfield peaked in FY2021 at $1.5 million, 41% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.9 million, are not shown.

EARMARKS

## Ashfield received $12,000 in local earmarks to its government, $92,000 placed in the city or town and $92,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN ASHFIELD

## State programs also awarded $2 million to organizations in Ashfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Ashfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 6.3% of Ashfield's general-fund spending in FY2025, down from 7.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **7.6%** | **7.0%** | **6.3%** | **6.2%** |
| $251,000 of $3.3M · median town 14.1% | $293,000 of $4.2M · median town 12.2% | $364,000 of $5.8M · median town 11.5% | FY2010: 7.2% · median town 10.0% |

Ashfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $893,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Ashfield's state aid did not keep pace with either price measure: FY2025 aid was 6.7% below its FY2006 aid grown by Boston-area consumer prices and 17.1% below grown by the government price index.**

Gross state aid went from $251,000 in FY2006 to $364,000 in FY2025, +44.7% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+148.3%** | **+109.2%** | **6 of 9** | **5 of 9** |
| $45,000 to $111,000 · all towns +54.0% | $175,000 to $367,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Ashfield's health insurance would have been $56,000 in FY2025; it was $111,000, $55,000 above the path. Its fixed costs would have been $219,000 in FY2025; it was $367,000, $148,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2020 (+41%) and FY2024 (+38%); health insurance changed by more than 30% in one year in FY2021 (+44%) and FY2025 (+49%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Ashfield's government came to $12,000, 18.9% of the $66,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Ashfield has no school district of its own. Its pupils attend Ashfield and Mohawk Trail; Ashfield accounts for 100% and 18% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Ashfield came on average 22 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Ashfield received $4.9 million in earmarks placed in the city or town and competitive grants over ten years, 85% of the $5.7 million its size, need and institutions predict.

PEERS

## Ashfield ranks 6th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $92,000 in earmarks placed in Ashfield, $80,000 (86%) went to organizations rather than to Ashfield's government.

STATE MONEY TO OTHERS IN ASHLAND

## State programs also awarded $60,000 to organizations in Ashland other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Ashland. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $60,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 17.9% of Ashland's general-fund spending in FY2025, up from 13.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **13.1%** | **14.2%** | **17.9%** | **17.3%** |
| $5.4M of $41M · median town 14.1% | $7.3M of $51.5M · median town 12.2% | $13.8M of $77.3M · median town 11.5% | FY2010: 11.2% · median town 10.0% |

Ashland's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $422,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Ashland's state aid kept pace with both price measures: FY2025 aid was 66.3% above its FY2006 aid grown by Boston-area consumer prices and 47.8% above grown by the government price index.**

Gross state aid went from $5.4 million in FY2006 to $13.8 million in FY2025, +157.9% in dollars. Flag: in FY2010, $636,000 of Ashland's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+41.3%** | **+54.2%** | **7 of 9** | **6 of 9** |
| $5.4M to $7.6M · all towns +54.0% | $8.4M to $12.9M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Ashland's health insurance would have been $6.73 million in FY2025; it was $7.62 million, $887,000 above the path. Its fixed costs would have been $10.5 million in FY2025; it was $12.9 million, $2.46 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Ashland's government came to $1.4 million, 62.6% of the $2.23 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Ashland has $1.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Ashland came on average 40 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Ashland owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

EXPECTED AND ACTUAL

## Ashland received $17.9 million in earmarks placed in the city or town and competitive grants over ten years, 3.7 times the $4.9 million its size, need and institutions predict.

PEERS

## Ashland ranks 3rd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.9 million in earmarks placed in Ashland, $220,000 (12%) went to organizations rather than to Ashland's government.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Athol $3.8 million and takes back $200,000 in assessments and charges, a net $3.6 million.

STATE MONEY TO OTHERS IN ATHOL

## State programs also awarded $2.7 million to organizations in Athol other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Athol. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2024 | NewVue Communities nonprofit | Community One Stop for Growth | $575,000 |

A further $2.1 million in 9 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 14.1% of Athol's general-fund spending in FY2025, down from 20.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **20.1%** | **15.1%** | **14.1%** | **13.5%** |
| $2.5M of $12.3M · median town 14.1% | $2.7M of $17.9M · median town 12.2% | $3.6M of $25.4M · median town 11.5% | FY2010: 17.3% · median town 10.0% |

Athol's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $25.3 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Athol's state aid did not keep pace with either price measure: FY2025 aid was 6.7% below its FY2006 aid grown by Boston-area consumer prices and 17.1% below grown by the government price index.**

Gross state aid went from $2.5 million in FY2006 to $3.6 million in FY2025, +44.7% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–3.6%** | **+22.6%** | **7 of 9** | **3 of 9** |
| $2.1M to $2M · all towns +54.0% | $4.1M to $5.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Athol's health insurance would have been $2.60 million in FY2025; it was $2.00 million, $593,000 below the path. Its fixed costs would have been $5.17 million in FY2025; it was $5.07 million, $93,000 below the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Athol's reported health insurance fell from $2.1 million in FY2016 to $2 million in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |
|---|---|---|---|
| To the city or town government | $0 | no increase | 13.0% |
| Placed in the city or town | $1.3M | no increase | 41.2% |
| Everything placed | $1.3M | no increase | 45.2% |

## SCHOOLS

### Athol's required school contribution is 1.4% of median household income, 340th highest of 351.

Athol has no school district of its own. Its pupils attend Athol-Royalston and Montachusett; Athol accounts for 94% and 7% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

## SCHOOL BUILDINGS

### The Massachusetts School Building Authority approved grants of up to $7.1 million for schools serving Athol, FY2017 to August 2026.

| Approved, Athol's share | Projects | Statewide |
|---|---|---|
| **$7.1M** | **1** | **$8.66B** |

|---|---|---|---|---|---|
| FY2018 | Athol High School | Athol Royalston | Accelerated Repair (Roof; Boiler; Window/Door) | $7.6M | $7.1M (94%) |

**Cost after approval.** Of the one project closed with a final audit, Athol's share of the final cost was $7 million against its share of the approved budget of $9.4 million (under by $2.4 million); the local share moved from $2.2 million to $1.6 million. Approved budgets include contingency.

## ROADS, BRIDGES AND DAMS

### Athol has $1.6 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Athol came on average 29 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Athol owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

STATE MONEY TO OTHERS IN ATTLEBORO

## State programs also awarded $1.8 million to organizations in Attleboro other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Attleboro. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 34.4% of Attleboro's general-fund spending in FY2025, down from 35.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **35.5%** | **34.6%** | **34.4%** | **31.5%** |
| $37.9M of $107M · median town 14.1% | $42.7M of $123M · median town 12.2% | $64.1M of $187M · median town 11.5% | FY2010: 35.3% · median town 10.0% |

Attleboro's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $240,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Attleboro's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 9.2% above its FY2006 aid grown by Boston-area consumer prices and 3.0% below grown by the government price index.**

Gross state aid went from $37.9 million in FY2006 to $64.1 million in FY2025, +69.3% in dollars. Flag: in FY2010, $4.4 million of Attleboro's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+42.0%** | **+45.7%** | **5 of 9** | **5 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Attleboro's health insurance would have been $28.6 million in FY2025; it was $32.6 million, $3.92 million above the path. Its fixed costs would have been $29.4 million in FY2025; it was $34.3 million, $4.90 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Attleboro's government came to $352,000, 3.7% of the $9.63 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** Of the one project closed with a final audit, Attleboro's share of the final cost was $4.6 million against its share of the approved budget of $4.5 million (over by $117,000); the local share moved from $2.2 million to $2.4 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Attleboro has $2.8 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and eight high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Attleboro came on average 15 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Attleboro owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Attleboro received $7 million in earmarks placed in the city or town and competitive grants over ten years, 42% of the $16.5 million its size, need and institutions predict.

PEERS

## Attleboro ranks 9th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.5 million in earmarks placed in Attleboro, $1.1 million (75%) went to organizations rather than to Attleboro's government.

Auburn received less than its share of discretionary money on all four measures; its blended score of 22 stays between 22 and 24 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Auburn's town government and school districts received $189 million in formula aid and $2.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $189M | $2.3M | $729,000 |
| $11,124 per resident (143rd of 351) · gross | $134 per resident (302nd of 351) | $42.96 per resident (100th of 351) |

**Competitive grants to Auburn peaked in FY2026 at $575,000, 25% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $16.6 million, are not shown.

## EARMARKS

### Auburn received $760,000 in local earmarks to its government, $805,000 placed in the city or town and $805,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

COSTS AND THE 2½% LIMIT

## State aid covered 22.2% of Auburn's general-fund spending in FY2025, up from 14.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **14.6%** | **19.0%** | **22.2%** | **21.5%** |
| $5.9M of $40.3M · median town 14.1% | $10.5M of $55.1M · median town 12.2% | $18.2M of $81.7M · median town 11.5% | FY2010: 15.3% · median town 10.0% |

Auburn's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Auburn's state aid kept pace with both price measures: FY2025 aid was 98.6% above its FY2006 aid grown by Boston-area consumer prices and 76.5% above grown by the government price index.**

Gross state aid went from $5.9 million in FY2006 to $18.2 million in FY2025, +208.0% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| $7.4M to $14M · all towns +54.0% | $8.7M to $17M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Auburn's health insurance would have been $9.18 million in FY2025; it was $14 million, $4.87 million above the path. Its fixed costs would have been $10.9 million in FY2025; it was $17 million, $6.13 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2019 (+38%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Auburn's government came to $695,000, 10.4% of the $6.70 million rise in its health insurance.

Auburn runs its own school district and also belongs to Southern Worcester; Auburn accounts for 11% of that district's foundation budget.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $448,000 for schools serving Auburn, FY2017 to August 2026.

**Cost after approval.** Of the one project closed with a final audit, the final cost was $829,000 against an approved budget of $958,000 (under by $129,000); the local share moved from $510,000 to $463,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Auburn has $2.2 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns five bridges rated poor and seven high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Auburn came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Auburn owns two poor bridges of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

FAIRNESS INDEX

## Avon scores 46 on the Fairness Index for all state aid and 83 for discretionary money. Fifty is a fair share.

ALL STATE AID

**46** / 100

154th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 46 | 54 | 44 | 40 |

Rank under other weightings: 142nd to 166th.

Weighting-dependent: the range crosses the 45–55 band

Avon received less than its share of state aid on three of four measures; its blended score of 46 stays between 44 and 48 under every weighting tested.

DISCRETIONARY MONEY ONLY

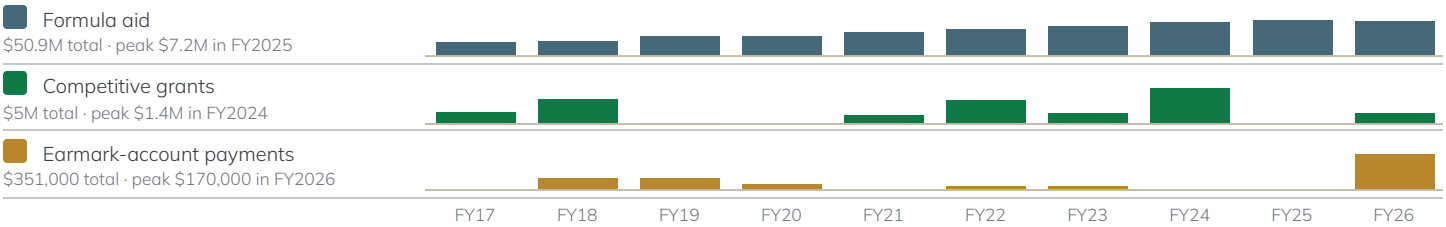
**83** / 100

70th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 84 | 88 | 79 | 81 |

Rank under other weightings: 63rd to 78th.

Stable high: above 55 under every weighting



Avon received more than its share of discretionary money on all four measures; its blended score of 83 stays between 81 and 85 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Avon's town government and school districts received $50.9 million in formula aid and $5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $50.9M | $5M | $351,000 |
| $10,665 per resident (158th of 351) · gross | $1,049 per resident (75th of 351) | $73.46 per resident (38th of 351) |

**Competitive grants to Avon peaked in FY2024 at $1.4 million, 28% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $4.9 million, are not shown.

EARMARKS

## Avon received $435,000 in local earmarks to its government, $480,000 placed in the city or town and $480,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $435,000 | $480,000 | $480,000 | No |
| $91.12 per resident (28th of 351) | $101 per resident (68th of 351) · 9% to organizations | $101 per resident (77th of 351) · 9% to organizations | 35 municipalities had none |

Placed in the city or town: ten clauses in nine of ten budgets; the most recent in FY2026. $435,000 went to Avon's government, its schools or municipal projects; the other $45,000 went to organizations in Avon or named with it, some of which serve a wider area.

STATE MONEY TO OTHERS IN AVON

## State programs also awarded $41,000 to organizations in Avon other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Avon. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2025 | Old Colony Planning Council - Avon nonprofit | Community Compact Efficiency & Regionalization Grant | $41,000 (shared three ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 17.6% of Avon's general-fund spending in FY2025, up from 14.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **14.4%** | **12.6%** | **17.6%** | **16.3%** |
| $2.2M of $15.4M · median town 14.1% | $2.7M of $21.4M · median town 12.2% | $6.2M of $34.9M · median town 11.5% | FY2010: 13.2% · median town 10.0% |

Avon's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $431,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Avon's state aid kept pace with both price measures: FY2025 aid was 78.9% above its FY2006 aid grown by Boston-area consumer prices and 59.0% above grown by the government price index.**

Gross state aid went from $2.2 million in FY2006 to $6.2 million in FY2025, +177.4% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+42.5%** | **+60.6%** | **6 of 9** | **6 of 9** |
| $2.4M to $3.4M · all towns +54.0% | $3.7M to $6M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Avon's health insurance would have been $2.99 million in FY2025; it was $3.42 million, $423,000 above the path. Its fixed costs would have been $4.64 million in FY2025; it was $5.97 million, $1.33 million above the path.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Avon came on average 64 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

FAIRNESS INDEX

## Ayer scores 45 on the Fairness Index for all state aid and 80 for discretionary money. Fifty is a fair share.

ALL STATE AID

**45** / 100

162nd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 44 | 40 | 44 | 52 |

Rank under other weightings: 139th to 200th.

Weighting-dependent: the range crosses the 45–55 band

Ayer received less than its share of state aid on three of four measures; its blended score of 45 stays between 43 and 47 under every weighting tested.

DISCRETIONARY MONEY ONLY

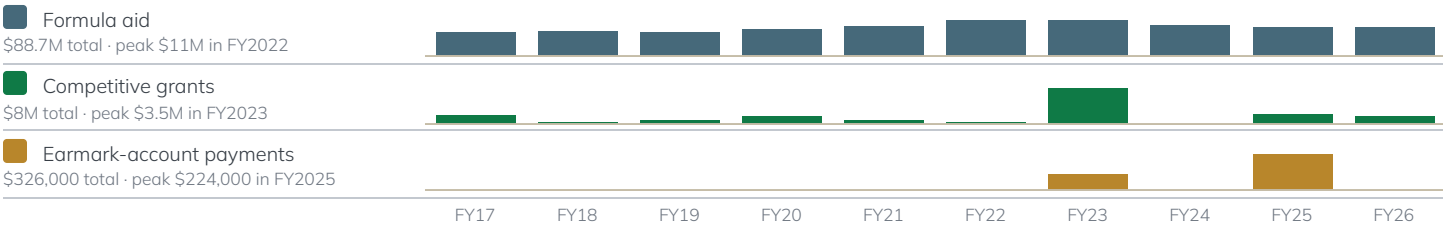
**80** / 100

82nd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 80 | 77 | 75 | 85 |

Rank under other weightings: 77th to 88th.

Stable high: above 55 under every weighting



Ayer received more than its share of discretionary money on all four measures; its blended score of 80 stays between 78 and 81 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Ayer's town government and school districts received $88.7 million in formula aid and $8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$88.7M** | **$8M** | **$326,000** |
| $10,265 per resident (170th of 351) · gross | $930 per resident (81st of 351) | $37.71 per resident (120th of 351) |

**Competitive grants to Ayer peaked in FY2023 at $3.5 million, 43% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $8.8 million, are not shown.

EARMARKS

## Ayer received $150,000 in local earmarks to its government, $970,000 placed in the city or town and $1.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$150,000** | **$970,000** | **$1.1M** | **No** |
| $17.35 per resident (229th of 351) | $112 per resident (55th of 351) · 85% to organizations | $130 per resident (46th of 351) · 73% to organizations | 35 municipalities had none |

Placed in the city or town: ten clauses in eight of ten budgets; the most recent in FY2026. $150,000 went to Ayer's government, its schools or municipal projects; the other $820,000 went to organizations in Ayer or named with it, some of which serve a wider area.

Clauses that name Ayer but fund a state facility or a MassHealth rate add-on, $150,000, count under everything placed only.

Everything placed, the third measure, adds $150,000 in one clause for state facilities located in Ayer (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

### ROADS: WHO MAINTAINS WHAT

Of 53.3 miles of public road in Ayer, the state maintains 4.0 (7%); local government and others maintain the rest.

| Jurisdiction | Miles | Share |
|---|---|---|
| MassDOT | 4.0 | 7% |
| Town-accepted | 38.7 | 73% |
| Unaccepted public ways | 4.2 | 8% |

| Year | Amount | Enacted budget text (excerpt) |
|---|---|---|
| FY2018 | $150,000 | “advanced manufacturing and technology training programs at the Mount Wachusett Community College Devens campus” |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Ayer $1.2 million and takes back $115,000 in assessments and charges, a net $1.1 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |
|---|---|---|
| **$1.2 million** | **$115,000** | **$1.1 million** |
| FY2027 cherry sheet | 10% of what is sent | receipts less charges |

What the state sends

| Line | FY2027 |
|---|---|
| Unrestricted General Government Aid | $990,000 |
| Veterans Benefits | $62,000 |
| Exemp: VBS and Elderly | $65,000 |

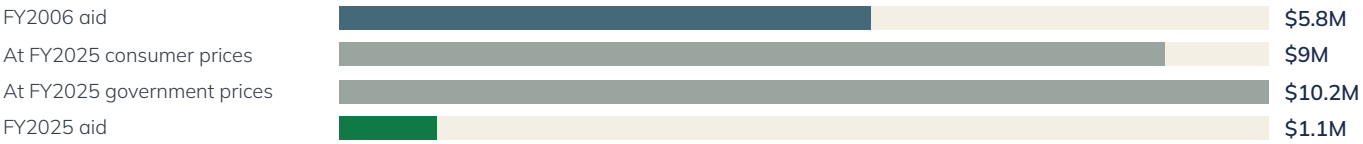
| Mosquito Control Projects | $35,000 |
| Air Pollution Districts | $2,909 |
| RMV Non-Renewal Surcharge | $8,260 |
| MBTA | $51,000 |
| Regional Transit | $17,000 |

### COSTS AND THE 2½% LIMIT

## State aid covered 3.4% of Ayer’s general-fund spending in FY2025, down from 30.1% in FY2006.



### STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **30.1%** | **3.7%** | **3.4%** | **3.0%** |
| $5.8M of $19.4M · median town 14.1% | $873,000 of $23.8M · median town 12.2% | $1.1M of $31.5M · median town 11.5% | FY2010: 23.2% · median town 10.0% |

Ayer’s own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $4.6 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town’s assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Ayer's state aid did not keep pace with either price measure: FY2025 aid was 88.2% below its FY2006 aid grown by Boston-area consumer prices and 89.5% below grown by the government price index.**

Gross state aid went from $5.8 million in FY2006 to $1.1 million in FY2025, –81.7% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+22.0%** | **+54.3%** | **5 of 9** | **4 of 9** |
| $1.3M to $1.6M · all towns +54.0% | $2.8M to $4.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Ayer's health insurance would have been $1.62 million in FY2025; it was $1.59 million, $37,000 below the path. Its fixed costs would have been $3.49 million in FY2025; it was $4.31 million, $821,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2023 (+42%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Ayer's government came to $100,000, 34.9% of the $287,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Placed in the city or town | $920,000 | 3.2 times | 41.2% |
| Everything placed | $1.1M | 3.7 times | 45.2% |

SCHOOLS

## Ayer's required school contribution is 3.1% of median household income, 54th highest of 351.

| Chapter 70 aid, FY2026 | Required local contribution |

Ayer has no school district of its own. Its pupils attend Ayer Shirley and Nashoba Valley; Ayer accounts for 59% and 7% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $118,000 for schools serving Ayer, FY2017 to August 2026.

| Approved, Ayer's share | Projects | Statewide |
|---|---|---|
| **$118,000** | **1** | **$8.66B** |

|---|---|---|---|---|---|
| FY2019 | Nashoba Valley Technical High School | Nashoba Valley | Accelerated Repair (Partial Roof, Partial Windows/Doors) | $1.6M | $118,000 (7%) |

**Cost after approval.** Of the one project closed with a final audit, Ayer's share of the final cost was $251,000 against its share of the approved budget of $267,000 (under by $15,000); the local share moved from $149,000 to $142,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Ayer has $492,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns three bridges

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Ayer came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Ayer owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

EXPECTED AND ACTUAL

## Ayer received $9.3 million in earmarks placed in the city or town and competitive grants over ten years, 43% more than the $6.5 million its size, need and institutions predict.

PEERS

## Ayer ranks 3rd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $970,000 in earmarks placed in Ayer, $820,000 (85%) went to organizations rather than to Ayer's government.

STATE MONEY, FY2017–FY2026

## Barnstable's town government and school districts received $323 million in formula aid and $14.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$323M** | **$14.3M** | **$697,000** |
| $6,526 per resident (314th of 351) · gross | $289 per resident (214th of 351) | $14.05 per resident (234th of 351) |

**Competitive grants to Barnstable peaked in FY2026 at $4.8 million, 34% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $90.6 million, are not shown.

EARMARKS

## Barnstable received $838,000 in local earmarks to its government, $3.4 million placed in the city or town and $3.5 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$838,000** | **$3.4M** | **$3.5M** | **No** |
| $16.91 per resident (232nd of 351) | $69.38 per resident (114th of 351) · 76% to organizations | $71.52 per resident (119th of 351) · 73% to organizations | 35 municipalities had none |

Placed in the city or town: 56 clauses in ten of ten budgets; the most recent in FY2026. $838,000 went to Barnstable's government, its schools or municipal projects; the other $2.6 million went to organizations in Barnstable or named with it, some of which serve a wider area.

Clauses that name Barnstable but fund a state facility or a MassHealth rate add-on, $106,000, count under everything placed only.

Everything placed, the third measure, adds $106,000 in two clauses for state facilities located in Barnstable (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

### ROADS: WHO MAINTAINS WHAT

Of 452.2 miles of public road in Barnstable, the state maintains 30.5 (7%); local government and others maintain the rest.

| Jurisdiction | Miles | Share |
|---|---|---|
| MassDOT | 30.5 | 7% |
| Town-accepted | 353.4 | 78% |
| Unaccepted public ways | 67.9 | 15% |

### STATE FACILITIES IN TOWN THAT RECEIVED EARMARKS

| Year | Amount | Enacted budget text (excerpt) |
|---|---|---|
| FY2024 | $86,000 | “Cape Cod Community College for an inter-campus transit program to provide bus service between Cape Cod Community College, Bridgewater State…” |
| FY2022 | $20,000 | “the purpose of facilitating Americans with Disabilities Act compliance for the armory in the town of Hyannis” |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Barnstable $33.6 million and takes back $18.2 million in assessments and charges, a net $15.5 million.

STATE MONEY TO OTHERS IN BARNSTABLE

## State programs also awarded $2.7 million to organizations in Barnstable other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Barnstable. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Housing Assistance Corporation nonprofit | Community One Stop for Growth | $354,000 |
| FY2027 | County Of Barnstable regional body | EEA Eco One Stop FY27 (climate/resilience grants) | $247,000 |
| FY2022 | Cotuit Center for the Arts nonprofit | Cultural Facilities Fund | $200,000 |
| FY2019 | Cape Cod Art Association nonprofit | Cultural Facilities Fund | $150,000 |
| FY2023 | Atlantic Apartment nonprofit | Community One Stop for Growth | $125,000 |
| FY2022 | Tales of Cape Cod nonprofit | Cultural Facilities Fund | $120,000 |
| FY2016 | Cape Cod Symphony Orchestra Conservatory of Music and Arts nonprofit | Cultural Facilities Fund | $114,000 |
| FY2022 | Family Table Collaborative regional body | Community One Stop for Growth | $55,000 |
| FY2023 | Hyannis Main Street Business Improvement District, Inc. regional body | Community One Stop for Growth | $50,000 |
| FY2019 | John F. Kennedy Hyannis Museum Foundation nonprofit | Cultural Facilities Fund | $50,000 |
| FY2023 | Friends of the Schoolhouse nonprofit | Cultural Facilities Fund | $46,000 |
| FY2023 | Bread + Roses Bookstore and Cafe nonprofit | Community One Stop for Growth | $36,000 |
| FY2024 | John F. Kennedy Hyannis Museum nonprofit | Cultural Facilities Fund | $35,000 |
| FY2025 | Cahoon Museum of American Art nonprofit | Cultural Facilities Fund | $35,000 |
| FY2017 | Cape Cod Symphony & Conservatory of Music and Arts nonprofit | Cultural Facilities Fund | $30,000 |

Printed: the 15 largest of 23 awards; the web page lists all of them.

A further $908,000 in 8 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 16.0% of Barnstable's general-fund spending in FY2025, up from 12.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **12.4%** | **11.2%** | **16.0%** | **8.0%** |
| $13.4M of $109M · median town 14.1% | $15.5M of $138M · median town 12.2% | $31.3M of $196M · median town 11.5% | FY2010: 7.3% · median town 10.0% |

Barnstable's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Barnstable's state aid kept pace with both price measures: FY2025 aid was 50.4% above its FY2006 aid grown by Boston-area consumer prices and 33.7% above grown by the government price index.**

Gross state aid went from $13.4 million in FY2006 to $31.3 million in FY2025, +133.3% in dollars. Flag: in FY2010, $3.5 million of Barnstable's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+45.9%** | **+47.9%** | **5 of 9** | **5 of 9** |
| $7.1M to $10.4M · all towns +54.0% | $19.6M to $29.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Barnstable's health insurance would have been $8.91 million in FY2025; it was $10.4 million, $1.50 million above the path. Its fixed costs would have been $24.5 million in FY2025; it was $29.1 million, $4.52 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Barnstable's government came to $478,000, 14.6% of the $3.28 million rise in its health insurance.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $13.6 million for schools serving Barnstable, FY2017 to August 2026.

| FY2018 | Cape Cod Regional Technical High School | Cape Cod | Core | $42.5M | $12.1M (28%) |

**Cost after approval.** After approval, the Board added money to grants for one project serving Barnstable; Barnstable's share of the additions, by enrollment where a school is regional, was $1.5 million. Of the one project closed with a final audit, Barnstable's share of the final cost was $33 million against its share of the approved budget of $36.5 million (under by $3.5 million); the local share moved from $24.3 million to $20 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Barnstable has $12.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Barnstable came on average 57 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Barnstable owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

Barnstable owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

## Barre scores 63 on the Fairness Index for all state aid and 26 for discretionary money. Fifty is a fair share.

ALL STATE AID

**63** / 100

30th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 66 | 60 | 59 | 66 |

Rank under other weightings: 28th to 35th.

Stable high: above 55 under every weighting

Barre received more than its share of state aid on all four measures; its blended score of 63 stays between 61 and 65 under every weighting tested.

DISCRETIONARY MONEY ONLY

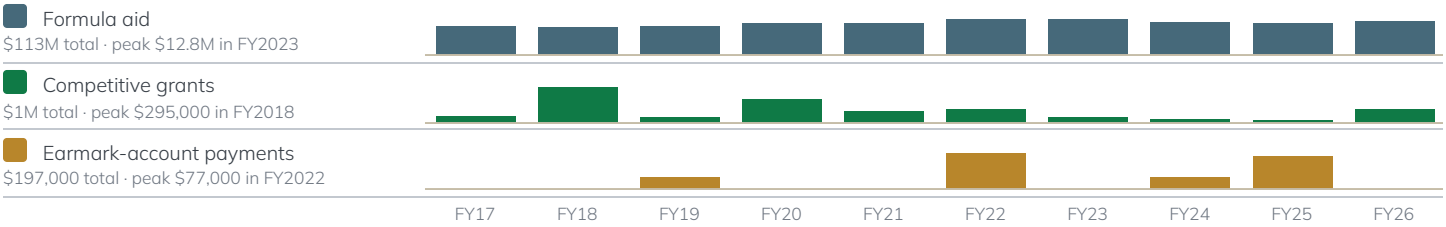
**26** / 100

285th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 28 | 23 | 26 | 28 |

Rank under other weightings: 272nd to 296th.

Stable low: below 45 under every weighting



Barre received less than its share of discretionary money on all four measures; its blended score of 26 stays between 26 and 27 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Barre's town government and school districts received $113 million in formula aid and $1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$113M** | **$1M** | **$197,000** |
| $20,237 per resident (25th of 351) · gross | $183 per resident (263rd of 351) | $35.41 per resident (126th of 351) |

**Competitive grants to Barre peaked in FY2018 at $295,000, 29% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $4.4 million, are not shown.

EARMARKS

## Barre received $125,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$125,000** | **$125,000** | **$125,000** | **No** |

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Barre $1.4 million and takes back $24,000 in assessments and charges, a net $1.4 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |
|---|---|---|

STATE MONEY TO OTHERS IN BARRE

## State programs also awarded $164,000 to organizations in Barre other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Barre. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2025 | East Quabbin Land Trust, Inc. nonprofit | MassTrails Grants | $80,000 (shared two ways) |
| FY2024 | Coldbrook Snowmobile Club nonprofit | MassTrails Grants | $11,000 (shared three ways) |
| FY2021 | Central Massachusetts Regional Planning Commission regional body | MassTrails Grants | $4,741 (shared seven ways) |

A further $68,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 9.1% of Barre's general-fund spending in FY2025, down from 11.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **11.6%** | **10.0%** | **9.1%** | **9.0%** |
| $899,000 of $7.8M · median town 14.1% | $1M of $10.1M · median town 12.2% | $1.3M of $14.4M · median town 11.5% | FY2010: 10.6% · median town 10.0% |

Barre's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $7.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Barre's state aid did not keep pace with either price measure: FY2025 aid was 5.5% below its FY2006 aid grown by Boston-area consumer prices and 16.0% below grown by the government price index.**

Gross state aid went from $899,000 in FY2006 to $1.3 million in FY2025, +46.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+2.2%** | **+59.7%** | **4 of 9** | **4 of 9** |
| $436,000 to $446,000 · all towns +54.0% | $805,000 to $1.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Barre's health insurance would have been $545,000 in FY2025; it was $446,000, $99,000 below the path. Its fixed costs would have been $1.01 million in FY2025; it was $1.29 million, $280,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Barre's government came to $125,000, 13.1 times the $9,512 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

SCHOOLS

## Barre's required school contribution is 2.1% of median household income, 299th highest of 351.

Barre has no school district of its own. Its pupils attend Quabbin and Montachusett; Barre accounts for 38% and 3% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $632,000 for schools serving Barre, FY2017 to August 2026.

**Cost after approval.** Of the one project closed with a final audit, Barre's share of the final cost was $971,000 against its share of the approved budget of $1.1 million (under by $167,000); the local share moved from $506,000 to $397,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Barre has $2.7 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns three bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Barre came on average 34 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Barre owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

**Barre owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

## STATE MONEY, FY2017–FY2026

### Becket's town government and school districts received $18.5 million in formula aid and $7.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $18.5M | $7.5M | $2,497 |
| $9,450 per resident (197th of 351) · gross | $3,826 per resident (23rd of 351) | $1.27 per resident (322nd of 351) |

**Competitive grants to Becket peaked in FY2019 at $1.9 million, 25% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.3 million, are not shown.

## EARMARKS

### No local earmark was placed in Becket in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $0 | $0 | $0 | Yes |

STATE MONEY TO OTHERS IN BECKET

## State programs also awarded $2.1 million to organizations in Becket other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Becket. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 3.3% of Becket's general-fund spending in FY2025, down from 4.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|

Becket's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $560,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Becket's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 10.7% above its FY2006 aid grown by Boston-area consumer prices and 1.6% below grown by the government price index.**

Gross state aid went from $172,000 in FY2006 to $295,000 in FY2025, +71.7% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Becket's health insurance would have been $447,000 in FY2025; it was $510,000, $63,000 above the path. Its fixed costs would have been $863,000 in FY2025; it was $1.00 million, $141,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Becket's government came to $0, 0.0% of the $152,000 rise in its health insurance.

Becket has no school district of its own. Its pupils attend Becket and Central Berkshire; Becket accounts for 100% and 12% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Becket came on average 25 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Becket owns four high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY, FY2017–FY2026

## Bedford's town government and school districts received $145 million in formula aid and $4.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$145M** | **$4.6M** | **$639,000** |
| $9,879 per resident (183rd of 351) · gross | $313 per resident (202nd of 351) | $43.39 per resident (99th of 351) |

**Competitive grants to Bedford peaked in FY2025 at $3 million, 66% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $17.4 million, are not shown.

EARMARKS

## Bedford received $250,000 in local earmarks to its government, $270,000 placed in the city or town and $270,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN BEDFORD

## State programs also awarded $36,000 to organizations in Bedford other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Bedford. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $36,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 8.2% of Bedford's general-fund spending in FY2025, down from 9.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.7%** | **8.5%** | **8.2%** | **7.8%** |
| $5.6M of $58M · median town 14.1% | $6.8M of $79.4M · median town 12.2% | $9.6M of $117M · median town 11.5% | FY2010: 9.2% · median town 10.0% |

Bedford's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $187,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Bedford's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 9.6% above its FY2006 aid grown by Boston-area consumer prices and 2.6% below grown by the government price index.**

Gross state aid went from $5.6 million in FY2006 to $9.6 million in FY2025, +70.0% in dollars. Flag: in FY2010, $1.8 million of Bedford's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+70.3%** | **+67.4%** | **6 of 9** | **5 of 9** |
| $5.7M to $9.7M · all towns +54.0% | $10.1M to $16.9M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Bedford's health insurance would have been $7.11 million in FY2025; it was $9.70 million, $2.59 million above the path. Its fixed costs would have been $12.6 million in FY2025; it was $16.9 million, $4.28 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Bedford's government came to $225,000, 5.6% of the $4.00 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Bedford runs its own school district and also belongs to Shawsheen Valley; Bedford accounts for 4% of that district's foundation budget.

## SCHOOL BUILDINGS

### No school building grant was approved for a school serving Bedford, FY2017 to August 2026.

## ROADS, BRIDGES AND DAMS

### Bedford has $2.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and two high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

| two rated poor; likely about $3.5M of work on those ($2.6M with short spans at the federal unit cost) | of three town-owned dams | bridges $0 · dams $0 · culverts $0 |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Bedford came on average 33 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Bedford owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.

Bedford owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY TO OTHERS IN BELCHERTOWN

## State programs also awarded $359,000 to organizations in Belchertown other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Belchertown. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 31.9% of Belchertown's general-fund spending in FY2025, down from 41.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **41.3%** | **39.4%** | **31.9%** | **28.7%** |
| $14.1M of $34.2M · median town 14.1% | $17.9M of $45.4M · median town 12.2% | $18.3M of $57.3M · median town 11.5% | FY2010: 40.8% · median town 10.0% |

Belchertown's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Belchertown's state aid did not keep pace with either price measure: FY2025 aid was 16.7% below its FY2006 aid grown by Boston-area consumer prices and 26.0% below grown by the government price index.**

Gross state aid went from $14.1 million in FY2006 to $18.3 million in FY2025, +29.2% in dollars. Flag: in FY2010, $2.1 million of Belchertown's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+28.8%** | **+51.1%** | **7 of 9** | **3 of 9** |
| $4M to $5.2M · all towns +54.0% | $7.2M to $10.9M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Belchertown's health insurance would have been $5.02 million in FY2025; it was $5.18 million, $157,000 above the path. Its fixed costs would have been $9.05 million in FY2025; it was $10.9 million, $1.90 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Belchertown's government came to $125,000, 10.8% of the $1.16 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Belchertown came on average 11 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Belchertown owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

EXPECTED AND ACTUAL

## Belchertown received $6.6 million in earmarks placed in the city or town and competitive grants over ten years, 94% of the $7 million its size, need and institutions predict.

PEERS

## Belchertown ranks 11th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $235,000 in earmarks placed in Belchertown, $25,000 (11%) went to organizations rather than to Belchertown's government.

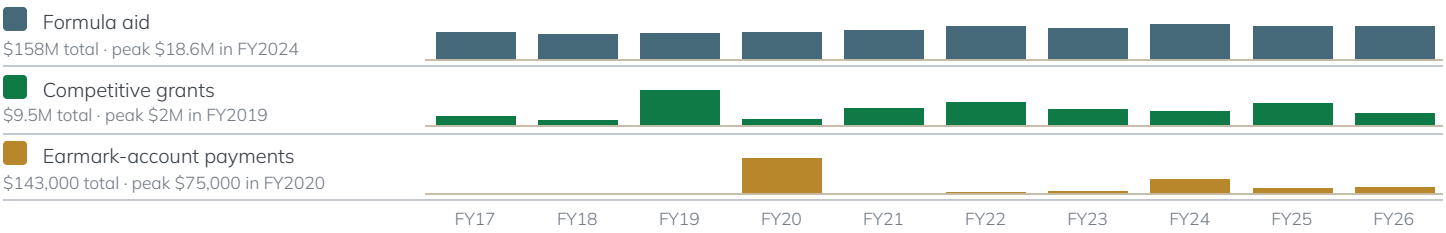
Stable high: above 55 under every weighting



Bellingham received more than its share of discretionary money on all four measures; its blended score of 67 stays between 66 and 68 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Bellingham's town government and school districts received $158 million in formula aid and $9.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$158M** | **$9.5M** | **$143,000** |
| $9,082 per resident (217th of 351) · gross | $546 per resident (131st of 351) | $8.21 per resident (268th of 351) |

**Competitive grants to Bellingham peaked in FY2019 at $2 million, 21% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $9 million, are not shown.

EARMARKS

## Bellingham received $405,000 in local earmarks to its government, $405,000 placed in the city or town and $430,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$405,000** | **$405,000** | **$430,000** | **No** |
| $23.24 per resident (193rd of 351) | $23.24 per resident (263rd of 351) | $24.67 per resident (261st of 351) | 35 municipalities had none |

Placed in the city or town: 14 clauses in nine of ten budgets; the most recent in FY2026. All of it went to Bellingham's government, its schools or municipal projects.

Clauses that name Bellingham but fund a state facility or a MassHealth rate add-on, $25,000, count under everything placed only.

Everything placed, the third measure, adds $25,000 in two clauses for state facilities located in Bellingham (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN BELLINGHAM

## State programs also awarded $98,000 to organizations in Bellingham other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Bellingham. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Franklin & Bellingham Rail Trail Committee nonprofit | MassTrails Grants | $33,000 |

| FY2025 | Franklin Bellingham Rail Trail Committee nonprofit | MassTrails Grants | $8,132 (shared two ways) |

A further $23,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 15.9% of Bellingham's general-fund spending in FY2025, down from 27.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **27.5%** | **21.0%** | **15.9%** | **10.5%** |
| $12.1M of $43.9M · median town 14.1% | $12.6M of $60.1M · median town 12.2% | $13.3M of $83.9M · median town 11.5% | FY2010: 24.7% · median town 10.0% |

Bellingham's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $570,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Bellingham's state aid did not keep pace with either price measure: FY2025 aid was 28.8% below its FY2006 aid grown by Boston-area consumer prices and 36.8% below grown by the government price index.**

Gross state aid went from $12.1 million in FY2006 to $13.3 million in FY2025, +10.4% in dollars. Flag: in FY2010, $2.5 million of Bellingham's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Bellingham's health insurance would have been $13.3 million in FY2025; it was $14.5 million, $1.19 million above the path. Its fixed costs would have been $16.8 million in FY2025; it was $16.8 million, $37,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Bellingham's government came to $325,000, 8.4% of the $3.85 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Bellingham has $1.9 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Bellingham came on average 15 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Bellingham owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY, FY2017–FY2026

## Belmont's town government and school districts received $198 million in formula aid and $1.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $198M | $1.7M | $2.1M |
| $7,271 per resident (278th of 351) · gross | $63.18 per resident (344th of 351) | $77.49 per resident (37th of 351) |

**Competitive grants to Belmont peaked in FY2026 at $764,000, 45% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $9.3 million, are not shown.

EARMARKS

## Belmont received $2.7 million in local earmarks to its government, $2.7 million placed in the city or town and $2.9 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $2.7M | $2.7M | $2.9M | No |
| $101 per resident (21st of 351) | $101 per resident (65th of 351) | $105 per resident (69th of 351) | 35 municipalities had none |

Placed in the city or town: 26 clauses in ten of ten budgets; the most recent in FY2026. All of it went to Belmont's government, its schools or municipal projects.

Clauses that name Belmont but fund a state facility or a MassHealth rate add-on, $120,000, count under everything placed only.

Everything placed, the third measure, adds $120,000 in one clause for state facilities located in Belmont (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN BELMONT

## State programs also awarded $416,000 to organizations in Belmont other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Belmont. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town’s share where an award names several towns)

**Belmont's state aid kept pace with both price measures: FY2025 aid was 25.2% above its FY2006 aid grown by Boston-area consumer prices and 11.3% above grown by the government price index.**

Gross state aid went from $7.8 million in FY2006 to $15.2 million in FY2025, +94.2% in dollars. Flag: in FY2010, $537,000 of Belmont's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Belmont came on average 29 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Berkley received less than its share of discretionary money on all four measures; its blended score of 15 stays between 14 and 16 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Berkley's town government and school districts received $88.1 million in formula aid and $651,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$88.1M** | **$651,000** | **$2,207** |
| $12,903 per resident (113th of 351) · gross | $95.35 per resident (326th of 351) | $0.32 per resident (333rd of 351) |

**Competitive grants to Berkley peaked in FY2026 at $344,000, 53% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.7 million, are not shown.

EARMARKS

## Berkley received $95,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$95,000** | **$95,000** | **$95,000** | **No** |

STATE MONEY TO OTHERS IN BERKLEY

## State programs also awarded $4,528 to organizations in Berkley other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Berkley. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2021 | SRPEDD nonprofit | Community Compact Efficiency & Regionalization Grant | $3,028 (shared 26 ways) |

A further $1,500 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 24.6% of Berkley's general-fund spending in FY2025, down from 51.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **51.3%** | **34.8%** | **24.6%** | **23.4%** |
| $7.1M of $13.8M · median town 14.1% | $5.8M of $16.8M · median town 12.2% | $6M of $24.4M · median town 11.5% | FY2010: 45.4% · median town 10.0% |

Berkley's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Berkley's state aid did not keep pace with either price measure: FY2025 aid was 45.2% below its FY2006 aid grown by Boston-area consumer prices and 51.3% below grown by the government price index.**

Gross state aid went from $7.1 million in FY2006 to $6 million in FY2025, −15.0% in dollars. Flag: in FY2010, $1 million of Berkley's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+34.4%** | **+23.3%** | **6 of 9** | **5 of 9** |
| $1M to $1.4M · all towns +54.0% | $2M to $2.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Berkley's health insurance would have been $1.26 million in FY2025; it was $1.36 million, $97,000 above the path. Its fixed costs would have been $2.46 million in FY2025; it was $2.43 million, $31,000 below the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (–40%), FY2022 (–57%), FY2023 (+168%) and FY2025 (+52%); health insurance changed by more than 30% in one year in FY2017 (–74%) and FY2025 (+227%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Berkley's government came to $95,000, 27.3% of the $348,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| FY2018 | Bristol County Agricultural High School | Bristol County | Core | $53.3M | $1.7M (3%) |

**Cost after approval.** After approval, the Board added money to grants for two projects serving Berkley; Berkley's share of the additions, by enrollment where a school is regional, was $1.5 million, $1.5 million of it in the FY2024 supplemental grants for cost escalation. Of the one project closed with a final audit, Berkley's share of the final cost was $3.4 million against its share of the approved budget of $3.3 million (over by $87,000); the local share moved from $1.6 million to $1.8 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Berkley came on average 19 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

FAIRNESS INDEX

## Berlin scores 32 on the Fairness Index for all state aid and 62 for discretionary money. Fifty is a fair share.

ALL STATE AID

**32** / 100

284th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 33 | 42 | 30 | 25 |

Rank under other weightings: 273rd to 291st.

Stable low: below 45 under every weighting

Berlin received less than its share of state aid on all four measures; its blended score of 33 stays between 30 and 36 under every weighting tested.

DISCRETIONARY MONEY ONLY

**62** / 100

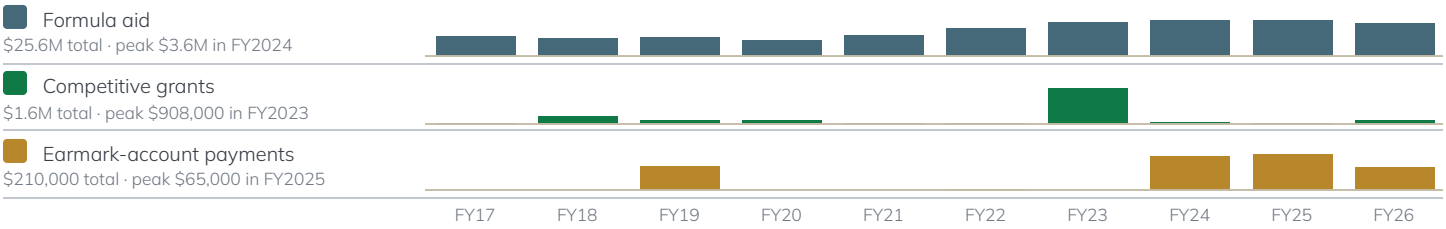
Rank under other weightings: 132nd to 151st.

Stable high: above 55 under every weighting



Berlin received more than its share of discretionary money on all four measures; its blended score of 62 stays between 58 and 65 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Berlin's town government and school districts received $25.6 million in formula aid and $1.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $25.6M | $1.6M | $210,000 |
| $7,567 per resident (272nd of 351) · gross | $464 per resident (148th of 351) | $62.25 per resident (50th of 351) |

**Competitive grants to Berlin peaked in FY2023 at $908,000, 58% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $4.1 million, are not shown.

EARMARKS

## Berlin received $293,000 in local earmarks to its government, $353,000 placed in the city or town and $353,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $293,000 | $353,000 | $353,000 | No |
| $86.74 per resident (33rd of 351) | $104 per resident (61st of 351) · 17% to organizations | $104 per resident (72nd of 351) · 17% to organizations | 35 municipalities had none |

Placed in the city or town: nine clauses in six of ten budgets; the most recent in FY2026. $293,000 went to Berlin's government, its schools or municipal projects; the other $60,000 went to organizations in Berlin or named with it, some of which serve a wider area.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Berlin $310,000 and takes back $47,000 in assessments and charges, a net $262,000.

| Sent: estimated receipts | Taken back: assessments and charges | Net |

STATE MONEY TO OTHERS IN BERLIN

## State programs also awarded $161,000 to organizations in Berlin other than the town government, FY2016–FY2027.

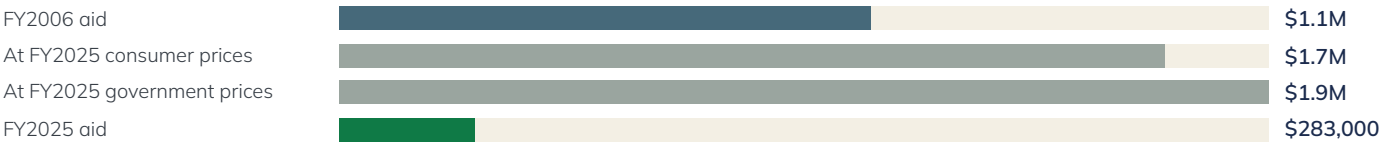
These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Berlin. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2024 | OARS, Inc. nonprofit | Dam and Seawall Repair or Removal Program | $160,000 |

A further $1,020 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT



## State aid covered 1.7% of Berlin's general-fund spending in FY2025, down from 14.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **14.0%** | **6.8%** | **1.7%** | **1.4%** |
| $1.1M of $7.9M · median town 14.1% | $805,000 of $11.9M · median town 12.2% | $283,000 of $16.9M · median town 11.5% | FY2010: 8.6% · median town 10.0% |

Berlin's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Berlin's state aid did not keep pace with either price measure: FY2025 aid was 83.5% below its FY2006 aid grown by Boston-area consumer prices and 85.4% below grown by the government price index.**

Gross state aid went from $1.1 million in FY2006 to $283,000 in FY2025, −74.5% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–15.3%** | **+21.5%** | **6 of 9** | **5 of 9** |
| $747,000 to $633,000 · all towns +54.0% | $1.3M to $1.5M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Berlin's health insurance would have been $932,000 in FY2025; it was $633,000, $300,000 below the path. Its fixed costs would have been $1.58 million in FY2025; it was $1.54 million, $43,000 below the path.

Flag: health insurance changed by more than 30% in one year in FY2020 (–43%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Berlin's reported health insurance fell from $747,000 in FY2016 to $633,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |
|---|---|---|---|
| To the city or town government | $243,000 | no increase | 13.0% |
| Placed in the city or town | $303,000 | no increase | 41.2% |
| Everything placed | $303,000 | no increase | 45.2% |

SCHOOLS

## Berlin's required school contribution is 2.7% of median household income, 170th highest of 351.

| Chapter 70 aid, FY2026 | Required local contribution |

| **2.7%** | **+26%** |
| 170th of 351 (1 = highest) | after inflation |

Berlin has no school district of its own. Its pupils attend Berlin-Boylston and Assabet Valley; Berlin accounts for 40% and 4% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $1.2 million for schools serving Berlin, FY2017 to August 2026.

| Approved, Berlin's share | Projects | Statewide |
|---|---|---|
| **$1.2M** | **1** | **$8.66B** |

|---|---|---|---|---|---|
| FY2026 | Boylston Elementary School | Berlin Boylston | Accelerated Repair (Roof) | $2.9M | $1.2M (40%) |

ROADS, BRIDGES AND DAMS

## Berlin has $1.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns four bridges rated poor and no high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

| **$3.2M** | **$1.4M** | **$1.5M** |
| $791,000 of it one-time supplements | to 16 October 2026 | annual program: 3.0 years of its yearly money · 27th of 351 |
| **Town-owned bridges** | **High- or significant-hazard dams** | **Bridge, dam and culvert grants, FY2017–FY2026** |
| **14** | **0** | **$0** |
| four rated poor; likely about $3.9M of work on those ($2.8M with short spans at the federal unit cost) | the town owns no dams in the state inventory | bridges $0 · dams $0 · culverts $0 |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Berlin came on average 43 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Berlin received $2 million in earmarks placed in the city or town and competitive grants over ten years, 78% of the $2.6 million its size, need and institutions predict.

PEERS

## Berlin ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $353,000 in earmarks placed in Berlin, $60,000 (17%) went to organizations rather than to Berlin's government.

STATE MONEY TO OTHERS IN BERNARDSTON

## State programs also awarded $22,000 to organizations in Bernardston other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Bernardston. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

COSTS AND THE 2½% LIMIT

## State aid covered 6.9% of Bernardston's general-fund spending in FY2025, down from 13.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **13.6%** | **6.1%** | **6.9%** | **6.7%** |
| $529,000 of $3.9M · median town 14.1% | $302,000 of $5M · median town 12.2% | $445,000 of $6.5M · median town 11.5% | FY2010: 9.3% · median town 10.0% |

Bernardston's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.3 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Bernardston's state aid did not keep pace with either price measure: FY2025 aid was 45.8% below its FY2006 aid grown by Boston-area consumer prices and 51.8% below grown by the government price index.**

Gross state aid went from $529,000 in FY2006 to $445,000 in FY2025, −15.9% in dollars. Flag: in FY2010, $102,000 of Bernardston's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Bernardston's health insurance would have been $106,000 in FY2025; it was $147,000, $42,000 above the path. Its fixed costs would have been $235,000 in FY2025; it was $397,000, $163,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2020 (+33%) and FY2024 (+30%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Bernardston's government came to $0, 0.0% of the $63,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Bernardston came on average 27 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN BEVERLY

## State programs also awarded $1.3 million to organizations in Beverly other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Beverly. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2017 | The Cabot nonprofit | Cultural Facilities Fund | $225,000 |
| FY2021 | Historic Beverly nonprofit | Cultural Facilities Fund | $200,000 |
| FY2021 | The Cabot nonprofit | Cultural Facilities Fund | $160,000 |
| FY2027 | Montserrat College of Art Gallery nonprofit | Cultural Facilities Fund | $106,000 |
| FY2024 | Cabot Performing Arts Center nonprofit | Cultural Facilities Fund | $104,000 |
| FY2022 | Montserrat College of Art Gallery nonprofit | Cultural Facilities Fund | $50,000 |

A further $419,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 13.6% of Beverly's general-fund spending in FY2025, down from 15.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.8%** | **12.6%** | **13.6%** | **12.4%** |
| $15.5M of $98.1M · median town 14.1% | $14.9M of $118M · median town 12.2% | $23.5M of $173M · median town 11.5% | FY2010: 14.0% · median town 10.0% |

Beverly's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $863,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Beverly's state aid did not keep pace with either price measure: FY2025 aid was 2.3% below its FY2006 aid grown by Boston-area consumer prices and 13.2% below grown by the government price index.**

Gross state aid went from $15.5 million in FY2006 to $23.5 million in FY2025, +51.5% in dollars. Flag: in FY2010, $2.5 million of Beverly's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+52.1%** | **+45.5%** | **5 of 9** | **4 of 9** |
| $20.7M to $31.4M · all towns +54.0% | $27.1M to $39.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Beverly's health insurance would have been $25.8 million in FY2025; it was $31.4 million, $5.62 million above the path. Its fixed costs would have been $33.8 million in FY2025; it was $39.4 million, $5.59 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Beverly's government came to $2.4 million, 22.6% of the $10.8 million rise in its health insurance.

**Cost after approval.** Of the one project closed with a final audit, Beverly's share of the final cost was $138,000 against its share of the approved budget of $210,000 (under by $72,000); the local share moved from $119,000 to $82,000. Approved budgets include contingency.

## ROADS, BRIDGES AND DAMS

## Beverly has $1.6 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Beverly came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

## STATE MONEY, FY2017–FY2026

### Billerica's town government and school districts received $384 million in formula aid and $2.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $384M | $2.7M | $777,000 |
| $9,140 per resident (213th of 351) · gross | $64.58 per resident (342nd of 351) | $18.50 per resident (211th of 351) |

**Competitive grants to Billerica were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $28.2 million, are not shown.

## EARMARKS

### Billerica received $570,000 in local earmarks to its government, $904,000 placed in the city or town and $904,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN BILLERICA

## State programs also awarded $462,000 to organizations in Billerica other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Billerica. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 14.5% of Billerica's general-fund spending in FY2025, down from 18.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **18.3%** | **18.1%** | **14.5%** | **11.7%** |
| $20.4M of $111M · median town 14.1% | $25.2M of $140M · median town 12.2% | $28.7M of $198M · median town 11.5% | FY2010: 14.9% · median town 10.0% |

Billerica's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Billerica's state aid did not keep pace with either price measure: FY2025 aid was 9.0% below its FY2006 aid grown by Boston-area consumer prices and 19.2% below grown by the government price index.**

Gross state aid went from $20.4 million in FY2006 to $28.7 million in FY2025, +41.1% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Billerica's health insurance would have been $23.5 million in FY2025; it was $26.8 million, $3.24 million above the path. Its fixed costs would have been $36.2 million in FY2025; it was $41 million, $4.81 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Billerica's government came to $545,000, 6.9% of the $7.93 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Billerica came on average 27 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

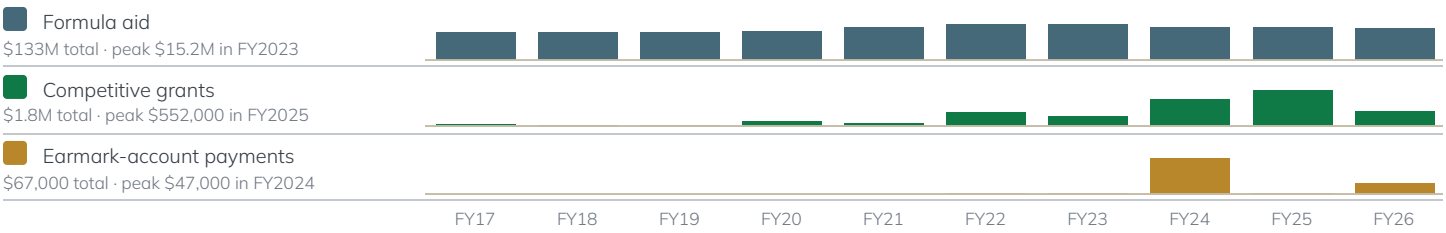
Stable low: below 45 under every weighting



Blackstone received less than its share of discretionary money on all four measures; its blended score of 32 stays between 30 and 34 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Blackstone's town government and school districts received $133 million in formula aid and $1.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$133M** | **$1.8M** | **$67,000** |
| $14,382 per resident (87th of 351) · gross | $190 per resident (257th of 351) | $7.20 per resident (273rd of 351) |

**Competitive grants to Blackstone peaked in FY2025 at $552,000, 31% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $6 million, are not shown.

EARMARKS

## Blackstone received $470,000 in local earmarks to its government, $838,000 placed in the city or town and $838,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Blackstone $2.1 million and takes back $56,000 in assessments and charges, a net $2.1 million.

STATE MONEY TO OTHERS IN BLACKSTONE

## State programs also awarded $325,000 to organizations in Blackstone other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Blackstone. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Blackstone Watershed Collaborative nonprofit | Dam and Seawall Repair or Removal Program | $250,000 |
| FY2025 | Central Massachusetts Regional Planning Commission (CMRPC) regional body | MassTrails Grants | $33,000 (shared three ways) |

A further $42,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 7.5% of Blackstone's general-fund spending in FY2025, down from 9.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.2%** | **7.9%** | **7.5%** | **7.3%** |
| $1.4M of $15.1M · median town 14.1% | $1.5M of $19.2M · median town 12.2% | $2.1M of $28M · median town 11.5% | FY2010: 9.1% · median town 10.0% |

Blackstone's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $8.9 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Blackstone's state aid did not keep pace with either price measure: FY2025 aid was 3.0% below its FY2006 aid grown by Boston-area consumer prices and 13.8% below grown by the government price index.**

Gross state aid went from $1.4 million in FY2006 to $2.1 million in FY2025, +50.5% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+48.8%** | **+96.3%** | **6 of 9** | **4 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Blackstone's health insurance would have been $671,000 in FY2025; it was $800,000, $129,000 above the path. Its fixed costs would have been $1.44 million in FY2025; it was $2.26 million, $824,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2023 (+33%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Blackstone's government came to $454,000, 173.1% of the $263,000 rise in its health insurance.

Blackstone has no school district of its own. Its pupils attend Blackstone, Blackstone-Millville and Blackstone Valley; Blackstone accounts for 100%, 75% and 5% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

## SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $61.8 million for schools serving Blackstone, FY2017 to August 2026.

**Cost after approval.** Of the two projects closed with a final audit, Blackstone's share of the final cost was $3.4 million against its share of the approved budget of $4.8 million (under by $1.5 million); the local share moved from $2.1 million to $1.5 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Blackstone has $678,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Blackstone came on average 18 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Blackstone owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

Blandford received more than its share of discretionary money on all four measures; its blended score of 96 stays between 95 and 97 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Blandford's town government and school districts received $11.7 million in formula aid and $6.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $11.7M | $6.2M | $2,500 |
| $10,142 per resident (173rd of 351) · gross | $5,405 per resident (14th of 351) | $2.16 per resident (312th of 351) |

**Competitive grants to Blandford peaked in FY2026 at $2.1 million, 34% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.6 million, are not shown.

EARMARKS

## No local earmark was placed in Blandford in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

STATE MONEY TO OTHERS IN BLANDFORD

## State programs also awarded $150,000 to organizations in Blandford other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Blandford. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2020 | Blandford Historical Society nonprofit | Cultural Facilities Fund | $95,000 |
| FY2022 | Blandford Historical Society nonprofit | Cultural Facilities Fund | $35,000 |

COSTS AND THE 2½% LIMIT

## State aid covered 7.0% of Blandford's general-fund spending in FY2025, down from 8.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **8.4%** | **5.4%** | **7.0%** | **6.8%** |
| $171,000 of $2M · median town 14.1% | $210,000 of $3.9M · median town 12.2% | $298,000 of $4.3M · median town 11.5% | FY2010: 6.2% · median town 10.0% |

Blandford's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $452,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Blandford's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 12.3% above its FY2006 aid grown by Boston-area consumer prices and 0.2% below grown by the government price index.**

Gross state aid went from $171,000 in FY2006 to $298,000 in FY2025, +74.2% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Blandford's health insurance would have been $84,000 in FY2025; it was $66,000, $18,000 below the path. Its fixed costs would have been $151,000 in FY2025; it was $316,000, $165,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+32%), FY2021 (+30%) and FY2024 (+30%); health insurance changed by more than 30% in one year in FY2018 (–35%), FY2020 (–37%), FY2021 (+68%), FY2024 (+41%) and FY2025 (–42%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Blandford's reported health insurance fell from $67,000 in FY2016 to $66,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Blandford has no school district of its own. Its pupils attend Blandford and Gateway; Blandford accounts for 100% and 13% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Blandford, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Blandford has $1.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Blandford owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY, FY2017–FY2026

## Bolton's town government and school districts received $46.6 million in formula aid and $4.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $46.6M | $4.2M | $114,000 |
| $8,127 per resident (247th of 351) · gross | $737 per resident (105th of 351) | $19.95 per resident (204th of 351) |

**Competitive grants to Bolton peaked in FY2020 at $971,000, 23% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $4.1 million, are not shown.

EARMARKS

## Bolton received $340,000 in local earmarks to its government, $360,000 placed in the city or town and $360,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Bolton $377,000 and takes back $83,000 in assessments and charges, a net $294,000.

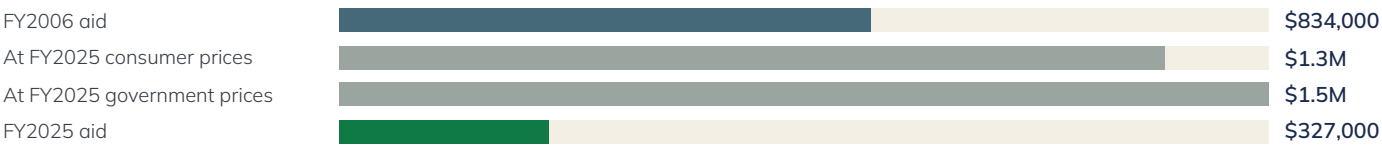
COSTS AND THE 2½% LIMIT



## State aid covered 1.1% of Bolton's general-fund spending in FY2025, down from 5.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **5.4%** | **3.0%** | **1.1%** | **0.8%** |
| $834,000 of $15.4M · median town 14.1% | $657,000 of $21.5M · median town 12.2% | $327,000 of $30.2M · median town 11.5% | FY2010: 3.4% · median town 10.0% |

Bolton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.9 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Bolton's state aid did not keep pace with either price measure: FY2025 aid was 74.7% below its FY2006 aid grown by Boston-area consumer prices and 77.5% below grown by the government price index.**

Gross state aid went from $834,000 in FY2006 to $327,000 in FY2025, –60.8% in dollars. Flag: in FY2010, $432,000 of Bolton's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+86.3%** | **+115.2%** | **8 of 9** | **6 of 9** |
| $372,000 to $694,000 · all towns +54.0% | $829,000 to $1.8M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Bolton's health insurance would have been $465,000 in FY2025; it was $694,000, $229,000 above the path. Its fixed costs would have been $1.04 million in FY2025; it was $1.79 million, $749,000 above the path.

Bolton has no school district of its own. Its pupils attend Bolton, Nashoba and Minuteman; Bolton accounts for 100%, 33% and 6% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $26.6 million for schools serving Bolton, FY2017 to August 2026.

**Cost after approval.** After approval, the Board added money to grants for one project serving Bolton; Bolton's share of the additions, by enrollment where a school is regional, was $5 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Bolton has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Bolton came on average 38 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

## $278 million counting everything placed, in ten enacted budgets.

|---|---|---|---|
| **$16M** | **$253M** | **$278M** | **No** |
| $23.94 per resident (189th of 351) | $379 per resident (3rd of 351) · 94% to organizations | $416 per resident (5th of 351) · 85% to organizations | 35 municipalities had none |

Placed in the city or town: 1,277 clauses in ten of ten budgets; the most recent in FY2026. $16 million went to Boston's government, its schools or municipal projects; the other $237 million went to organizations in Boston or named with it, some of which serve a wider area.

Clauses that name Boston but fund a state facility or a MassHealth rate add-on, $12.9 million, count under everything placed only.

Everything placed, the third measure, adds $24.9 million in 62 clauses for state facilities located in Boston (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

Every local earmark in Boston, FY2017–FY2026, largest first (1,339 clauses; the town's share where a clause names several towns)

STATE MONEY TO OTHERS IN BOSTON

## State programs also awarded $115 million to organizations in Boston other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Boston. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 10.9% of Boston's general-fund spending in FY2025, down from 25.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **25.5%** | **13.9%** | **10.9%** | **2.8%** |
| $554M of $2.17B · median town 14.1% | $427M of $3.07B · median town 12.2% | $522M of $4.78B · median town 11.5% | FY2010: 17.5% · median town 10.0% |

**Boston's state aid did not keep pace with either price measure: FY2025 aid was 39.3% below its FY2006 aid grown by Boston-area consumer prices and 46.0% below grown by the government price index.**

Gross state aid went from $554 million in FY2006 to $522 million in FY2025, –5.8% in dollars. Flag: in FY2010, $21 million of Boston's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Boston's health insurance would have been $480 million in FY2025; it was $558 million, $77.4 million above the path. Its fixed costs would have been $887 million in FY2025; it was $927 million, $40.7 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2021 (+37%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Boston's government came to $10.2 million, 5.9% of the $173 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** After approval, the Board added $12.9 million to grants for two projects serving Boston, all of it in the FY2024 supplemental grants for cost escalation. Of the three projects closed with a final audit, the final cost was $5 million against an approved budget of $7.1 million (under by $2.1 million); the local share moved from $3.1 million to $2 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Boston has $55.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns four bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Boston came on average 41 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Boston owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

EXPECTED AND ACTUAL

## Boston received $490 million in earmarks placed in the city or town and competitive grants over ten years, 32% more than the $371 million its size, need and institutions predict.

PEERS

## Boston ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $253 million in earmarks placed in Boston, $237 million (94%) went to organizations rather than to Boston's government.

No Massachusetts municipality is close to Boston in size. The peers below are the nearest on population and need and should be read loosely.

Bourne received less than its share of discretionary money on all four measures; its blended score of 25 stays between 23 and 26 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Bourne's town government and school districts received $138 million in formula aid and $3.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$138M** | **$3.8M** | **$255,000** |
| $6,777 per resident (304th of 351) · gross | $185 per resident (261st of 351) | $12.55 per resident (243rd of 351) |

**Competitive grants to Bourne peaked in FY2019 at $990,000, 26% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $19.6 million, are not shown.

EARMARKS

## Bourne received $237,000 in local earmarks to its government, $1.1 million placed in the city or town and $6.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$237,000** | **$1.1M** | **$6.1M** | **No** |

Placed in the city or town: 19 clauses in eight of ten budgets; the most recent in FY2026. $237,000 went to Bourne's government, its schools or municipal projects; the other $900,000 went to organizations in Bourne or named with it, some of which serve a wider area.

Clauses that name Bourne but fund a state facility or a MassHealth rate add-on, $4.8 million, count under everything placed only.

Everything placed, the third measure, adds $4.9 million in three clauses for state facilities located in Bourne (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

### ROADS: WHO MAINTAINS WHAT

Of 189.5 miles of public road in Bourne, the state maintains 30.6 (16%); local government and others maintain the rest.

| Jurisdiction | Miles | Share |
|---|---|---|
| MassDOT | 30.6 | 16% |
| Town-accepted | 98.4 | 52% |
| Unaccepted public ways | 36.3 | 19% |

### STATE FACILITIES IN TOWN THAT RECEIVED EARMARKS

| Year | Amount | Enacted budget text (excerpt) |
|---|---|---|
| FY2026 | $4.8M | “Cape Cod and Islands Community Mental Health Center, also known as Pocasset Mental Health Center, for mental health services and operations” |
| FY2025 | $72,000 | “the Massachusetts Maritime Academy for classroom seating” |
| FY2024 | $55,000 | “the Massachusetts Maritime Academy for equipment and technology upgrades to the Schooner Ernestina-Morrissey” |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Bourne $10.7 million and takes back $6.2 million in assessments and charges, a net $4.4 million.

STATE MONEY TO OTHERS IN BOURNE

## State programs also awarded $1.1 million to organizations in Bourne other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Bourne. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Bourne Recreation Authority nonprofit | Community One Stop for Growth | $487,000 |
| FY2018 | with Joint Base Cape Cod nonprofit | Community Compact Efficiency & Regionalization Grant | $35,000 (shared four ways) |

A further $571,000 in 5 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 11.1% of Bourne's general-fund spending in FY2025, down from 18.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **18.1%** | **13.3%** | **11.1%** | **4.6%** |
| $8.4M of $46.4M · median town 14.1% | $8.1M of $60.7M · median town 12.2% | $9.9M of $88.8M · median town 11.5% | FY2010: 12.1% · median town 10.0% |

Bourne's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $847,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Bourne's state aid did not keep pace with either price measure: FY2025 aid was 24.6% below its FY2006 aid grown by Boston-area consumer prices and 33.0% below grown by the government price index.**

Gross state aid went from $8.4 million in FY2006 to $9.9 million in FY2025, +17.0% in dollars. Flag: in FY2010, $1.1 million of Bourne's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+41.2%** | **+45.3%** | **4 of 9** | **4 of 9** |
| $9.7M to $13.7M · all towns +54.0% | $12.7M to $18.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Bourne's health insurance would have been $12.1 million in FY2025; it was $13.7 million, $1.59 million above the path. Its fixed costs would have been $15.8 million in FY2025; it was $18.4 million, $2.58 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Bourne's government came to $213,000, 5.3% of the $4.01 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| FY2017 | James F. Peebles Elementary School | Bourne | Core | $15.2M | $15.2M |

**Cost after approval.** Of the two projects closed with a final audit, the final cost was $36.2 million against an approved budget of $42 million (under by $5.8 million); the local share moved from $26.2 million to $21.6 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Bourne has $3.6 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Bourne came on average 52 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Bourne owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

## STATE MONEY, FY2017–FY2026

### Boxborough's town government and school districts received $45.4 million in formula aid and $1.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $45.4M | $1.3M | $56,000 |
| $8,257 per resident (243rd of 351) · gross | $231 per resident (235th of 351) | $10.20 per resident (258th of 351) |

**Competitive grants to Boxborough peaked in FY2022 at $627,000, 49% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.3 million, are not shown.

## EARMARKS

### Boxborough received $240,000 in local earmarks in ten enacted budgets on all three measures.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Boxborough $409,000 and takes back $87,000 in assessments and charges, a net $321,000.

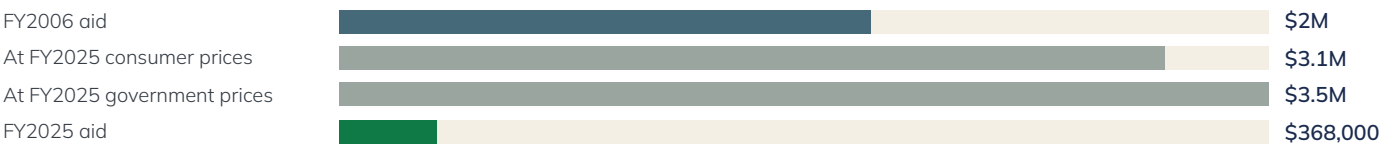
COSTS AND THE 2½% LIMIT



## State aid covered 1.3% of Boxborough's general-fund spending in FY2025, down from 12.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **12.0%** | **2.9%** | **1.3%** | **1.0%** |
| $2M of $16.7M · median town 14.1% | $544,000 of $19M · median town 12.2% | $368,000 of $28.2M · median town 11.5% | FY2010: 11.0% · median town 10.0% |

Boxborough's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $3.3 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

### Boxborough's state aid did not keep pace with either price measure: FY2025 aid was 88.2% below its FY2006 aid grown by Boston-area consumer prices and 89.5% below grown by the government price index.

Gross state aid went from $2 million in FY2006 to $368,000 in FY2025, –81.7% in dollars. Flag: in FY2010, $284,000 of Boxborough's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Boxborough's health insurance would have been $762,000 in FY2025; it was $1.03 million, $269,000 above the path. Its fixed costs would have been $1.77 million in FY2025; it was $2.71 million, $935,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Boxborough's government came to $140,000, 33.3% of the $421,000 rise in its health insurance.

STATE MONEY, FY2017–FY2026

## Boxford's town government and school districts received $76.6 million in formula aid and $1.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $76.6M | $1.3M | $446,000 |
| $9,338 per resident (203rd of 351) · gross | $156 per resident (285th of 351) | $54.34 per resident (68th of 351) |

**Competitive grants to Boxford peaked in FY2021 at $609,000, 48% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.2 million, are not shown.

EARMARKS

## Boxford received $573,000 in local earmarks to its government, $614,000 placed in the city or town and $614,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|

STATE MONEY TO OTHERS IN BOXFORD

## State programs also awarded $108,000 to organizations in Boxford other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Boxford. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $108,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 6.6% of Boxford's general-fund spending in FY2025, down from 10.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **10.4%** | **7.3%** | **6.6%** | **6.2%** |
| $2.5M of $24M · median town 14.1% | $2.3M of $31.4M · median town 12.2% | $2.9M of $43.2M · median town 11.5% | FY2010: 8.4% · median town 10.0% |

Boxford's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.3 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Boxford's state aid did not keep pace with either price measure: FY2025 aid was 26.3% below its FY2006 aid grown by Boston-area consumer prices and 34.5% below grown by the government price index.**

Gross state aid went from $2.5 million in FY2006 to $2.9 million in FY2025, +14.3% in dollars. Flag: in FY2010, $131,000 of Boxford's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+42.3%** | **+46.9%** | **6 of 9** | **4 of 9** |
| $620,000 to $882,000 · all towns +54.0% | $2.1M to $3.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Boxford's health insurance would have been $774,000 in FY2025; it was $882,000, $108,000 above the path. Its fixed costs would have been $2.61 million in FY2025; it was $3.07 million, $460,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Boxford's government came to $408,000, 155.4% of the $262,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| FY2017 | Spofford Pond Elementary School | Boxford | Accelerated Repair (Roof, Window/Door) | $1.7M | $1.7M |

**Cost after approval.** Of the two projects closed with a final audit, Boxford's share of the final cost was $4.5 million against its share of the approved budget of $5 million (under by $477,000); the local share moved from $3.3 million to $3 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Boxford has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Boxford came on average 18 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Boxford owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

STATE MONEY, FY2017–FY2026

## Boylston's town government and school districts received $37.3 million in formula aid and $597,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$37.3M** | **$597,000** | **$217,000** |
| $7,545 per resident (273rd of 351) · gross | $121 per resident (311th of 351) | $43.80 per resident (96th of 351) |

**Competitive grants to Boylston peaked in FY2026 at $225,000, 38% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.1 million, are not shown.

EARMARKS

## Boylston received $340,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$340,000** | **$340,000** | **$340,000** | **No** |

STATE MONEY TO OTHERS IN BOYLSTON

## State programs also awarded $1.2 million to organizations in Boylston other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Boylston. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

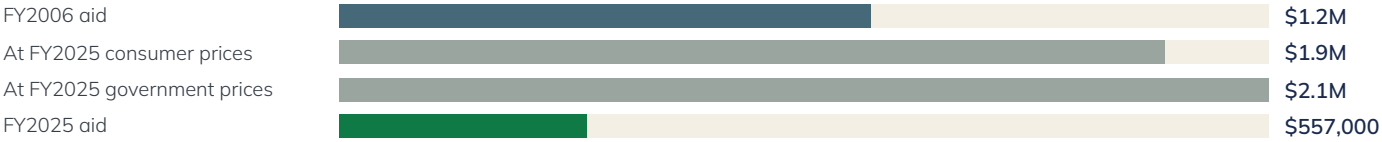
Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2020 | Tower Hill Botanic Garden nonprofit | Cultural Facilities Fund | $200,000 |
| FY2021 | Tower Hill Botanic Garden nonprofit | Cultural Facilities Fund | $200,000 |
| FY2022 | Tower Hill Botanic Garden nonprofit | Cultural Facilities Fund | $112,000 |
| FY2018 | Tower Hill Botanic Garden nonprofit | Cultural Facilities Fund | $92,000 |
| FY2025 | New England Botanic Garden at Tower Hill nonprofit | Cultural Facilities Fund | $55,000 |
| FY2016 | Tower Hill Botanic Garden nonprofit | Cultural Facilities Fund | $35,000 |

A further $534,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 2.5% of Boylston's general-fund spending in FY2025, down from 11.5% in FY2006.



STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **11.5%** | **6.2%** | **2.5%** | **2.2%** |
| $1.2M of $10.4M · median town 14.1% | $869,000 of $14M · median town 12.2% | $557,000 of $22.6M · median town 11.5% | FY2010: 10.9% · median town 10.0% |

Boylston's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Boylston's state aid did not keep pace with either price measure: FY2025 aid was 69.9% below its FY2006 aid grown by Boston-area consumer prices and 73.3% below grown by the government price index.**

Gross state aid went from $1.2 million in FY2006 to $557,000 in FY2025, –53.4% in dollars. Flag: in FY2010, $475,000 of Boylston's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–10.5%** | **+40.5%** | **6 of 9** | **4 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Boylston's health insurance would have been $1.07 million in FY2025; it was $767,000, $304,000 below the path. Its fixed costs would have been $1.78 million in FY2025; it was $2.01 million, $223,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Boylston's reported health insurance fell from $858,000 in FY2016 to $767,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Boylston came on average 12 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

| Year | Annual apportionment | One-time supplements | Reimbursed in the year (any year's money) | Year-end balance, FY2017-on money |

STATE MONEY TO OTHERS IN BRAINTREE

## State programs also awarded $10,000 to organizations in Braintree other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Braintree. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| FY2024 | Metropolitan Area Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $10,000 (shared 12 ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 15.5% of Braintree's general-fund spending in FY2025, up from 13.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **13.5%** | **17.5%** | **15.5%** | **12.7%** |
| $12.2M of $90.8M · median town 14.1% | $21.1M of $120M · median town 12.2% | $28.8M of $186M · median town 11.5% | FY2010: 11.6% · median town 10.0% |

Braintree's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $995,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Braintree's state aid kept pace with both price measures: FY2025 aid was 52.0% above its FY2006 aid grown by Boston-area consumer prices and 35.1% above grown by the government price index.**

Gross state aid went from $12.2 million in FY2006 to $28.8 million in FY2025, +135.8% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Braintree's health insurance would have been $22.8 million in FY2025; it was $23.8 million, $1.04 million above the path. Its fixed costs would have been $21.8 million in FY2025; it was $37.7 million, $16 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2022 (–44%) and FY2024 (+159%); health insurance changed by more than 30% in one year in FY2024 (+32%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost. Flag: in FY2017, FY2022 and FY2023 reported health insurance exceeded all general-fund fixed costs; the health-insurance report includes the employee share for self-insured towns.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Braintree's government came to $3 million, 53.2% of the $5.58 million rise in its health insurance.

**Cost after approval.** Of the six projects closed with a final audit, Braintree's share of the final cost was $107 million against its share of the approved budget of $112 million (under by $5.1 million); the local share moved from $58.3 million to $55.6 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Braintree has $1.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and three high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Braintree owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

STATE MONEY TO OTHERS IN BREWSTER

## State programs also awarded $565,000 to organizations in Brewster other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Brewster. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 4.2% of Brewster's general-fund spending in FY2025, down from 7.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **7.2%** | **4.2%** | **4.2%** | **3.1%** |
| $2.3M of $31.6M · median town 14.1% | $1.8M of $41.7M · median town 12.2% | $2.6M of $61.5M · median town 11.5% | FY2010: 5.8% · median town 10.0% |

Brewster's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Brewster's state aid did not keep pace with either price measure: FY2025 aid was 26.3% below its FY2006 aid grown by Boston-area consumer prices and 34.5% below grown by the government price index.**

Gross state aid went from $2.3 million in FY2006 to $2.6 million in FY2025, +14.4% in dollars. Flag: in FY2010, $545,000 of Brewster's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+32.9%** | **+37.7%** | **4 of 9** | **5 of 9** |
| $3M to $4M · all towns +54.0% | $5.7M to $7.9M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Brewster's health insurance would have been $3.76 million in FY2025; it was $4.00 million, $243,000 above the path. Its fixed costs would have been $7.13 million in FY2025; it was $7.86 million, $731,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Brewster's government came to $0, 0.0% of the $992,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Brewster runs its own district for some grades and belongs to Nauset and Cape Cod for others; Brewster accounts for 45% and 9% of their foundation budgets, in that order.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $24.6 million for schools serving Brewster, FY2017 to August 2026.

| FY2018 | Cape Cod Regional Technical High School | Cape Cod | Core | $42.5M | $3.8M (9%) |

**Cost after approval.** After approval, the Board added money to grants for two projects serving Brewster; Brewster's share of the additions, by enrollment where a school is regional, was $4.1 million, $3.7 million of it in the FY2024 supplemental grants for cost escalation. Of the one project closed with a final audit, Brewster's share of the final cost was $10.3 million against its share of the approved budget of $11.4 million (under by $1.1 million); the local share moved from $7.6 million to $6.3 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Brewster has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Brewster came on average 46 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Bridgewater's town government and school districts received $276 million in formula aid and $8.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$276M** | **$8.8M** | **$475,000** |
| $9,702 per resident (189th of 351) · gross | $309 per resident (204th of 351) | $16.67 per resident (222nd of 351) |

**Competitive grants to Bridgewater peaked in FY2020 at $3 million, 34% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $19.3 million, are not shown.

EARMARKS

## Bridgewater received $420,000 in local earmarks to its government, $620,000 placed in the city or town and $820,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Bridgewater $6 million and takes back $484,000 in assessments and charges, a net $5.5 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |

STATE MONEY TO OTHERS IN BRIDGEWATER

## State programs also awarded $310,000 to organizations in Bridgewater other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Bridgewater. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government.

Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| FY2019 | The Nature Conservancy, Massachusetts Chapter nonprofit | Dam and Seawall Repair or Removal Program | $110,000 |

COSTS AND THE 2½% LIMIT

## State aid covered 7.5% of Bridgewater's general-fund spending in FY2025, down from 13.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **13.2%** | **9.4%** | **7.5%** | **6.9%** |
| $4.7M of $35.7M · median town 14.1% | $4.7M of $50.1M · median town 12.2% | $5.6M of $73.8M · median town 11.5% | FY2010: 10.5% · median town 10.0% |

Bridgewater's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $20.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Bridgewater's state aid did not keep pace with either price measure: FY2025 aid was 23.6% below its FY2006 aid grown by Boston-area consumer prices and 32.1% below grown by the government price index.**

Gross state aid went from $4.7 million in FY2006 to $5.6 million in FY2025, +18.4% in dollars. Flag: in FY2010, $815,000 of Bridgewater's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+57.9%** | **+79.7%** | **7 of 9** | **4 of 9** |
| $2.4M to $3.8M · all towns +54.0% | $5.4M to $9.7M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Bridgewater's health insurance would have been $2.98 million in FY2025; it was $3.76 million, $786,000 above the path. Its fixed costs would have been $6.74 million in FY2025; it was $9.70 million, $2.96 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Bridgewater's government came to $360,000, 26.1% of the $1.38 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Placed in the city or town | $560,000 | 40.6% | 41.2% |
| Everything placed | $660,000 | 47.9% | 45.2% |

SCHOOLS

## Bridgewater's required school contribution is 3.0% of median household income, 68th highest of 351.

| Chapter 70 aid, FY2026 | Required local contribution |
|---|---|
| **$23M** | **$31.2M** |

| **3.0%** | **+14%** |
| 68th of 351 (1 = highest) | after inflation |

Bridgewater has no school district of its own. Its pupils attend Bridgewater, Bridgewater-Raynham and Bristol Plymouth; Bridgewater accounts for 100%, 62% and 13% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $39.2 million for schools serving Bridgewater, FY2017 to August 2026.

| Approved, Bridgewater's share | Projects | Statewide |
|---|---|---|
| **$39.2M** | **2** | **$8.66B** |
| $1,376 per resident (122nd of 351) | approved, July 2016 to August 2026 | shared by 278 of 351 municipalities |

School building grants approved, newest first

| Year | School | District | Program | Maximum grant | Bridgewater's share |
|---|---|---|---|---|---|
| FY2024 | Bristol-Plymouth Regional Vocational Technical High School supplemental grant, FY2024 budget | Bristol Plymouth | Core | $20.2M | $2.5M (13%) |
| FY2022 | Bristol-Plymouth Regional Vocational Technical High School | Bristol Plymouth | Core | $126M | $15.8M (13%) |
| FY2020 | George H. Mitchell Elementary School | Bridgewater Raynham | Core | $33.8M | $20.9M (62%) |

**Cost after approval.** After approval, the Board added money to grants for one project serving Bridgewater; Bridgewater's share of the additions, by enrollment where a school is regional, was $2.5 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Bridgewater has $1.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and three high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |
|---|---|---|
| **$10.5M** | **$8M** | **$1.3M** |
| $1.8M of it one-time supplements | to 16 October 2026 | annual program: 0.8 years of its yearly money · 242nd of 351 |

| **12** | **3** | **$1.8M** |
| one rated poor; about $8.5M of work on those, by planning estimates | of three town-owned dams | bridges $0 · dams $1.8M · culverts $0 |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Bridgewater came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Bridgewater owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

Chapter 90 by state fiscal year

| Year | Annual apportionment | One-time supplements | Reimbursed in the year (any year's money) | Year-end balance, FY2017-on money |

EXPECTED AND ACTUAL

## Bridgewater received $9.4 million in earmarks placed in the city or town and competitive grants over ten years, 41% more than the $6.7 million its size, need and institutions predict.

PEERS

## Bridgewater ranks 10th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $620,000 in earmarks placed in Bridgewater, $200,000 (32%) went to organizations rather than to Bridgewater's government.

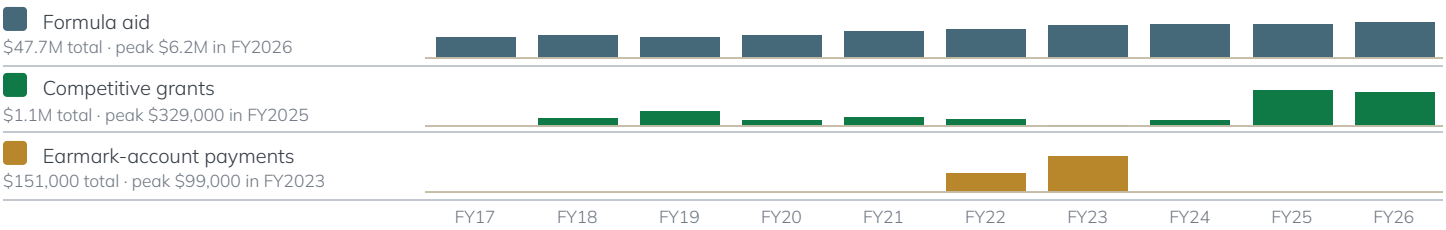
Weighting-dependent: the range crosses the 45–55 band



Brimfield received less than its share of discretionary money on all four measures; its blended score of 44 stays between 41 and 46 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Brimfield's town government and school districts received $47.7 million in formula aid and $1.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$47.7M** | **$1.1M** | **$151,000** |
| $12,874 per resident (114th of 351) · gross | $303 per resident (208th of 351) | $40.66 per resident (108th of 351) |

**Competitive grants to Brimfield peaked in FY2025 at $329,000, 29% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.3 million, are not shown.

EARMARKS

## Brimfield received $150,000 in local earmarks to its government, $240,000 placed in the city or town and $240,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN BRIMFIELD

## State programs also awarded $92,000 to organizations in Brimfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Brimfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Pioneer Valley Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $3,958 (shared 24 ways) |

A further $88,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 20.5% of Brimfield's general-fund spending in FY2025, down from 20.7% in FY2006.

Brimfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.9 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Brimfield's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 1.2% above its FY2006 aid grown by Boston-area consumer prices and 10.1% below grown by the government price index.**

Gross state aid went from $1.6 million in FY2006 to $2.5 million in FY2025, +56.9% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+32.4%** | **+82.1%** | **6 of 9** | **5 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Brimfield's health insurance would have been $286,000 in FY2025; it was $304,000, $17,000 above the path. Its fixed costs would have been $802,000 in FY2025; it was $1.17 million, $367,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Brimfield's government came to $150,000, 2.0 times the $74,000 rise in its health insurance.

Brimfield runs its own district for some grades and belongs to Tantasqua for others; Brimfield accounts for 17% of that district's foundation budget.

## SCHOOL BUILDINGS

### The Massachusetts School Building Authority approved grants of up to $183,000 for schools serving Brimfield, FY2017 to August 2026.

**Cost after approval.** Of the one project closed with a final audit, Brimfield's share of the final cost was $279,000 against its share of the approved budget of $339,000 (under by $60,000); the local share moved from $156,000 to $126,000. Approved budgets include contingency.

## ROADS, BRIDGES AND DAMS

### Brimfield has $534,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Brimfield came on average 16 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Brimfield owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Brimfield received $1.4 million in earmarks placed in the city or town and competitive grants over ten years, 57% of the $2.4 million its size, need and institutions predict.

PEERS

## Brimfield ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $240,000 in earmarks placed in Brimfield, $90,000 (38%) went to organizations rather than to Brimfield's government.

STATE MONEY TO OTHERS IN BROCKTON

## State programs also awarded $5.1 million to organizations in Brockton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Brockton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $2.5 million in 6 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 51.0% of Brockton's general-fund spending in FY2025, up from 37.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **37.5%** | **54.6%** | **51.0%** | **44.4%** |
| $138M of $367M · median town 14.1% | $194M of $355M · median town 12.2% | $290M of $570M · median town 11.5% | FY2010: 51.0% · median town 10.0% |

Brockton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $18.5 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Brockton's state aid kept pace with both price measures: FY2025 aid was 35.9% above its FY2006 aid grown by Boston-area consumer prices and 20.8% above grown by the government price index.**

Gross state aid went from $138 million in FY2006 to $290 million in FY2025, +110.8% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+159.7%** | **+91.5%** | **6 of 9** | **6 of 9** |
| $55.4M to $144M · all towns +54.0% | $79.2M to $152M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Brockton's health insurance would have been $69.2 million in FY2025; it was $144 million, $74.7 million above the path. Its fixed costs would have been $98.9 million in FY2025; it was $152 million, $52.7 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2022 (+84%), FY2024 (–38%) and FY2025 (+92%); fixed costs changed by more than 30% in one year in FY2024 (–36%) and FY2025 (+76%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Brockton's government came to $3.9 million, 4.4% of the $88.5 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Brockton has $7 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns four bridges rated poor and eight high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Brockton came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

## FAIRNESS INDEX

### Brookfield scores 55 on the Fairness Index for all state aid and 88 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

55 / 100

82nd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 57 | 48 | 55 | 60 |

Rank under other weightings: 65th to 98th.

Weighting-dependent: the range crosses the 45–55 band

Brookfield received more than its share of state aid on three of four measures; its blended score of 55 stays between 53 and 57 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

88 / 100

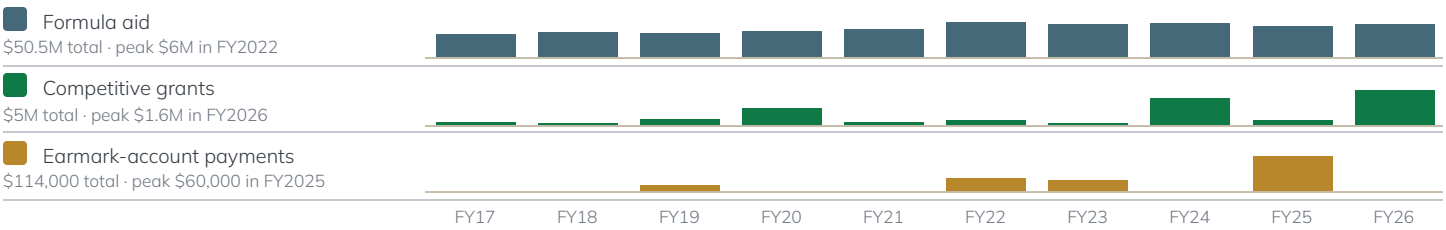
| Equal | Need | Burden | Effort |
|---|---|---|---|
| 89 | 84 | 90 | 90 |

Rank under other weightings: 45th to 58th.

Stable high: above 55 under every weighting



Brookfield received more than its share of discretionary money on all four measures; its blended score of 88 stays between 87 and 89 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Brookfield's town government and school districts received $50.5 million in formula aid and $5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $50.5M | $5M | $114,000 |
| $14,600 per resident (81st of 351) · gross | $1,459 per resident (58th of 351) | $33.09 per resident (137th of 351) |

**Competitive grants to Brookfield peaked in FY2026 at $1.6 million, 32% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.5 million, are not shown.

## EARMARKS

### Brookfield received $112,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $112,000 | $112,000 | $112,000 | No |

STATE MONEY TO OTHERS IN BROOKFIELD

## State programs also awarded $235,000 to organizations in Brookfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Brookfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $85,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 28.9% of Brookfield's general-fund spending in FY2025, down from 35.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **35.1%** | **31.3%** | **28.9%** | **27.3%** |
| $2.2M of $6.4M · median town 14.1% | $2.4M of $7.7M · median town 12.2% | $3.1M of $10.8M · median town 11.5% | FY2010: 32.3% · median town 10.0% |

Brookfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Brookfield's state aid did not keep pace with either price measure: FY2025 aid was 9.6% below its FY2006 aid grown by Boston-area consumer prices and 19.6% below grown by the government price index.**

Gross state aid went from $2.2 million in FY2006 to $3.1 million in FY2025, +40.2% in dollars. Flag: in FY2010, $331,000 of Brookfield's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+64.7%** | **+84.4%** | **6 of 9** | **5 of 9** |
| $438,000 to $721,000 · all towns +54.0% | $778,000 to $1.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Brookfield's health insurance would have been $547,000 in FY2025; it was $721,000, $174,000 above the path. Its fixed costs would have been $972,000 in FY2025; it was $1.44 million, $463,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2019 (+34%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Brookfield's government came to $112,000, 39.5% of the $283,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Brookfield came on average 32 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Brookfield owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

Brookline received less than its share of discretionary money on all four measures; its blended score of 6 stays between 5 and 7 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Brookline's town government and school districts received $332 million in formula aid and $3.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$332M** | **$3.1M** | **$728,000** |
| $5,242 per resident (341st of 351) · gross | $48.41 per resident (347th of 351) | $11.51 per resident (250th of 351) |

**Competitive grants to Brookline peaked in FY2024 at $775,000, 25% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $63.3 million, are not shown.

EARMARKS

## Brookline received $890,000 in local earmarks to its government, $4.4 million placed in the city or town and $4.4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$890,000** | **$4.4M** | **$4.4M** | **No** |
| $14.07 per resident (247th of 351) | $68.98 per resident (116th of 351) · 80% to organizations | $69.97 per resident (121st of 351) · 78% to organizations | 35 municipalities had none |

Placed in the city or town: 54 clauses in ten of ten budgets; the most recent in FY2026. $890,000 went to Brookline's government, its schools or municipal projects; the other $3.5 million went to organizations in Brookline or named with it, some of which serve a wider area.

Clauses that name Brookline but fund a state facility or a MassHealth rate add-on, $62,000, count under everything placed only.

Everything placed, the third measure, adds $62,000 in one clause for state facilities located in Brookline (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN BROOKLINE

## State programs also awarded $1.3 million to organizations in Brookline other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Brookline. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 6.8% of Brookline's general-fund spending in FY2025, down from 10.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **10.6%** | **8.1%** | **6.8%** | **4.7%** |
| $18M of $170M · median town 14.1% | $18.8M of $234M · median town 12.2% | $25M of $365M · median town 11.5% | FY2010: 5.9% · median town 10.0% |

**Brookline's state aid did not keep pace with either price measure: FY2025 aid was 10.7% below its FY2006 aid grown by Boston-area consumer prices and 20.6% below grown by the government price index.**

Gross state aid went from $18 million in FY2006 to $25 million in FY2025, +38.5% in dollars. Flag: in FY2010, $3.3 million of Brookline's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Brookline's health insurance would have been $37.7 million in FY2025; it was $43.7 million, $5.94 million above the path. Its fixed costs would have been $68.2 million in FY2025; it was $89.4 million, $21.2 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Brookline's government came to $790,000, 5.9% of the $13.5 million rise in its health insurance.

**Cost after approval.** After approval, the Board added money to grants for one project serving Brookline; Brookline's share of the additions, by enrollment where a school is regional, was $7.6 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Brookline has $5.7 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |
|---|---|---|
| **$12.8M** | **$5.8M** | **$5.7M** |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Brookline came on average 49 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Brookline received $12.2 million in earmarks placed in the city or town and competitive grants over ten years, 55% of the $22.2 million its size, need and institutions predict.

PEERS

## Brookline ranks 3rd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $4.4 million in earmarks placed in Brookline, $3.5 million (80%) went to organizations rather than to Brookline's government.

FAIRNESS INDEX

## Buckland scores 59 on the Fairness Index for all state aid and 97 for discretionary money. Fifty is a fair share.

ALL STATE AID

**59** / 100

54th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 63 | 54 | 68 | 51 |

Rank under other weightings: 33rd to 85th.

Weighting-dependent: the range crosses the 45–55 band

Buckland received more than its share of state aid on all four measures; its blended score of 59 stays between 55 and 63 under every weighting tested.

DISCRETIONARY MONEY ONLY

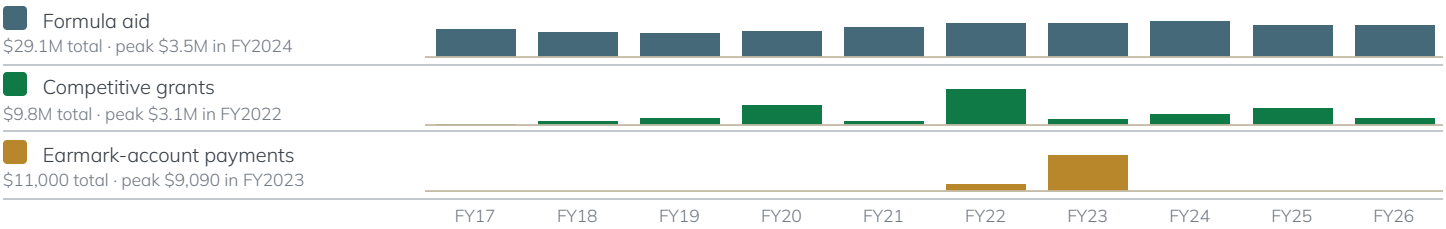
**97** / 100

9th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 98 | 97 | 98 | 97 |

Rank under other weightings: 4th to 15th.

Stable high: above 55 under every weighting



Buckland received more than its share of discretionary money on all four measures; its blended score of 97 stays between 97 and 98 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Buckland's town government and school districts received $29.1 million in formula aid and $9.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $29.1M | $9.8M | $11,000 |
| $14,272 per resident (88th of 351) · gross | $4,838 per resident (16th of 351) | $5.32 per resident (282nd of 351) |

**Competitive grants to Buckland peaked in FY2022 at $3.1 million, 32% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.4 million, are not shown.

EARMARKS

## Buckland received $12,000 in local earmarks to its government, $112,000 placed in the city or town and $112,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $12,000 | $112,000 | $112,000 | No |
| $6.14 per resident (286th of 351) | $55.26 per resident (153rd of 351) · 89% to organizations | $55.26 per resident (159th of 351) · 89% to organizations | 35 municipalities had none |

Placed in the city or town: three clauses in three of ten budgets; the most recent in FY2025. $12,000 went to Buckland's government, its schools or municipal projects; the other $100,000 went to organizations in Buckland or named with it, some of which serve a wider area.

STATE MONEY TO OTHERS IN BUCKLAND

## State programs also awarded $3.8 million to organizations in Buckland other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Buckland. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Shelburne Falls Fire District regional body | Community One Stop for Growth | $2.3M |
| FY2019 | Buckland– $1 million for Upper Street Reconstruction nonprofit | MassWorks Infrastructure Program | $1M |
| FY2022 | Buckland Historical Society nonprofit | Cultural Facilities Fund | $137,000 |
| FY2025 | Buckland Historical Society nonprofit | Cultural Facilities Fund | $54,000 |
| FY2023 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $43,000 (shared four ways) |
| FY2025 | Shelburne Falls Trolley Museum nonprofit | Cultural Facilities Fund | $33,000 |
| FY2019 | Buckland Historical Society nonprofit | Cultural Facilities Fund | $11,000 |
| FY2023 | Conway Snowmobile Club, Inc. nonprofit | MassTrails Grants | $9,851 (shared seven ways) |
| FY2024 | Permaculture Place nonprofit | Cultural Facilities Fund | $9,000 |
| FY2023 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $5,687 (shared 26 ways) |
| FY2019 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $1,696 (shared 26 ways) |

A further $206,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 7.1% of Buckland's general-fund spending in FY2025, down from 9.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.4%** | **7.9%** | **7.1%** | **7.0%** |
| $291,000 of $3.1M · median town 14.1% | $349,000 of $4.4M · median town 12.2% | $434,000 of $6.1M · median town 11.5% | FY2010: 7.8% · median town 10.0% |

Buckland's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Buckland's state aid did not keep pace with either price measure: FY2025 aid was 3.9% below its FY2006 aid grown by Boston-area consumer prices and 14.6% below grown by the government price index.**

Gross state aid went from $291,000 in FY2006 to $434,000 in FY2025, +49.1% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **−2.3%** | **+16.8%** | **4 of 9** | **4 of 9** |
| $136,000 to $133,000 · all towns +54.0% | $238,000 to $277,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Buckland's health insurance would have been $170,000 in FY2025; it was $133,000, $37,000 below the path. Its fixed costs would have been $297,000 in FY2025; it was $277,000, $19,000 below the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+35%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Buckland's reported health insurance fell from $136,000 in FY2016 to $133,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |
|---|---|---|---|
| To the city or town government | $12,000 | no increase | 13.0% |
| Placed in the city or town | $112,000 | no increase | 41.2% |
| Everything placed | $112,000 | no increase | 45.2% |

SCHOOLS

## Buckland's required school contribution is 2.3% of median household income, 272nd highest of 351.

Buckland has no school district of its own. Its pupils attend Mohawk Trail and Franklin County; Buckland accounts for 21% and 4% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

ROADS, BRIDGES AND DAMS

## Buckland has $685,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Buckland came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Buckland received $10.2 million in earmarks placed in the city or town and competitive grants over ten years, 2.1 times the $4.9 million its size, need and institutions predict.

PEERS

## Buckland ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $112,000 in earmarks placed in Buckland, $100,000 (89%) went to organizations rather than to Buckland's government.

FAIRNESS INDEX

## Burlington scores 35 on the Fairness Index for all state aid and 52 for discretionary money. Fifty is a fair share.

ALL STATE AID

**35** / 100

265th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 30 | 44 | 27 | 38 |

Rank under other weightings: 235th to 288th.

Stable low: below 45 under every weighting

Burlington received less than its share of state aid on all four measures; its blended score of 35 stays between 31 and 39 under every weighting tested.

DISCRETIONARY MONEY ONLY

**52** / 100

184th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|

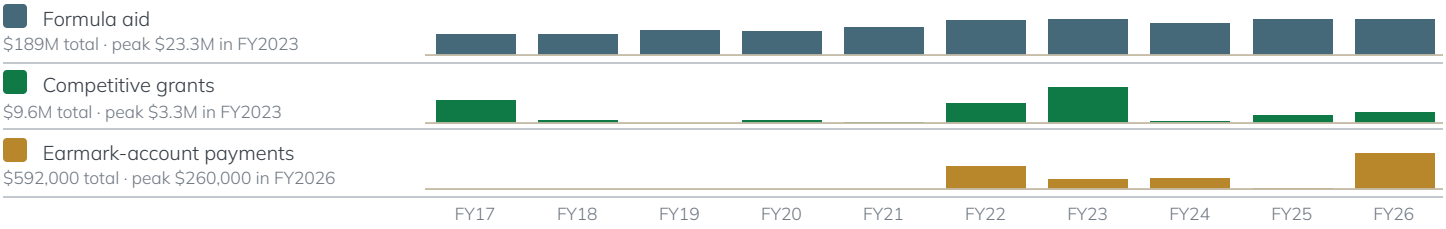
Rank under other weightings: 161st to 199th.

Weighting-dependent: the range crosses the 45–55 band



Burlington received more than its share of discretionary money on two of four measures; its blended score of 52 stays between 46 and 58 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Burlington's town government and school districts received $189 million in formula aid and $9.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$189M** | **$9.6M** | **$592,000** |
| $7,194 per resident (283rd of 351) · gross | $367 per resident (182nd of 351) | $22.53 per resident (188th of 351) |

**Competitive grants to Burlington peaked in FY2023 at $3.3 million, 34% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $58.5 million, are not shown.

EARMARKS

## Burlington received $540,000 in local earmarks to its government, $2.7 million placed in the city or town and $2.7 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN BURLINGTON

## State programs also awarded $107,000 to organizations in Burlington other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Burlington. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $107,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 7.2% of Burlington's general-fund spending in FY2025, down from 9.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.2%** | **6.9%** | **7.2%** | **6.6%** |
| $7.4M of $80.3M · median town 14.1% | $8.8M of $127M · median town 12.2% | $13.5M of $188M · median town 11.5% | FY2010: 7.7% · median town 10.0% |

Burlington's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $633,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Burlington's state aid kept pace with both price measures: FY2025 aid was 18.3% above its FY2006 aid grown by Boston-area consumer prices and 5.1% above grown by the government price index.**

Gross state aid went from $7.4 million in FY2006 to $13.5 million in FY2025, +83.4% in dollars. Flag: in FY2010, $259,000 of Burlington's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+80.4%** | **+77.2%** | **6 of 9** | **4 of 9** |
| $14.6M to $26.3M · all towns +54.0% | $24.7M to $43.7M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Burlington's health insurance would have been $18.2 million in FY2025; it was $26.3 million, $8.11 million above the path. Its fixed costs would have been $30.8 million in FY2025; it was $43.7 million, $12.9 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Burlington's government came to $340,000, 2.9% of the $11.7 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Burlington has $2.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and three high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Burlington came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Burlington owns three high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY TO OTHERS IN CAMBRIDGE

## State programs also awarded $2.9 million to organizations in Cambridge other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Cambridge. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 6.2% of Cambridge's general-fund spending in FY2025, down from 12.1% in FY2006.

**Cambridge's state aid did not keep pace with either price measure: FY2025 aid was 23.3% below its FY2006 aid grown by Boston-area consumer prices and 31.8% below grown by the government price index.**

Gross state aid went from $42.8 million in FY2006 to $51 million in FY2025, +19.0% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Cambridge's health insurance would have been $78.7 million in FY2025; it was $98.2 million, $19.5 million above the path. Its fixed costs would have been $65.6 million in FY2025; it was $99.2 million, $33.5 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2021 (+31%) and FY2023 (+47%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost. Flag: in FY2017, FY2018, FY2019, FY2020 and FY2022 reported health insurance exceeded all general-fund fixed costs; the health-insurance report includes the employee share for self-insured towns.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Cambridge's government came to $1.8 million, 5.1% of the $35.2 million rise in its health insurance.

**Cost after approval.** Of the two projects closed with a final audit, the final cost was $3.4 million against an approved budget of $5.3 million (under by $1.9 million); the local share moved from $3.2 million to $1.9 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Cambridge has $12.9 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Cambridge came on average 61 months after the

start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Cambridge received $24.1 million in earmarks placed in the city or town and competitive grants over ten years, 41% of the $59.2 million its size, need and institutions predict.

PEERS

## Cambridge ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $7.8 million in earmarks placed in Cambridge, $5.9 million (76%) went to organizations rather than to Cambridge's government.

STATE MONEY, FY2017–FY2026

## Canton's town government and school districts received $161 million in formula aid and $2.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$161M** | **$2.1M** | **$1.3M** |
| $6,511 per resident (315th of 351) · gross | $84.68 per resident (335th of 351) | $53.89 per resident (70th of 351) |

**Competitive grants to Canton peaked in FY2024 at $541,000, 26% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $18.8 million, are not shown.

EARMARKS

## Canton received $359,000 in local earmarks to its government, $709,000 placed in the city or town and $33.3 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$359,000** | **$709,000** | **$33.3M** | **No** |
| $14.51 per resident (246th of 351) | $28.65 per resident (245th of 351) · 49% to organizations | $1,345 per resident (1st of 351) · 1% to organizations | 35 municipalities had none |

Placed in the city or town: 20 clauses in eight of ten budgets; the most recent in FY2026. $359,000 went to Canton's government, its schools or municipal projects; the other $350,000 went to organizations in Canton or named with it, some of which serve a wider area.

Clauses that name Canton but fund a state facility or a MassHealth rate add-on, $600,000, count under everything placed only.

Everything placed, the third measure, adds $32 million in clauses for the continued operation of the Pappas Rehabilitation Hospital for Children, a state-run hospital in Canton, and $600,000 in other clauses for state facilities or MassHealth rate add-ons.

STATE MONEY TO OTHERS IN CANTON

## State programs also awarded $626,000 to organizations in Canton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Canton. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a

program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |

A further $617,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 9.2% of Canton's general-fund spending in FY2025, up from 8.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **8.4%** | **9.9%** | **9.2%** | **8.1%** |
| $5.8M of $69.9M · median town 14.1% | $7.9M of $79.7M · median town 12.2% | $12M of $130M · median town 11.5% | FY2010: 8.1% · median town 10.0% |

Canton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $344,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Canton's state aid kept pace with both price measures: FY2025 aid was 32.3% above its FY2006 aid grown by Boston-area consumer prices and 17.6% above grown by the government price index.**

Gross state aid went from $5.8 million in FY2006 to $12 million in FY2025, +105.2% in dollars. Flag: in FY2010, $493,000 of Canton's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+36.9%** | **+49.9%** | **6 of 9** | **6 of 9** |
| $14.1M to $19.3M · all towns +54.0% | $16.8M to $25.2M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Canton's health insurance would have been $17.6 million in FY2025; it was $19.3 million, $1.69 million above the path. Its fixed costs would have been $21 million in FY2025; it was $25.2 million, $4.21 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2019 (+34%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Canton's government came to $254,000, 4.9% of the $5.19 million rise in its health insurance.

**Cost after approval.** Of the two projects closed with a final audit, Canton's share of the final cost was $10.2 million against its share of the approved budget of $10.1 million (over by $114,000); the local share moved from $5 million to $5.4 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Canton has $2.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and six high- or significant-hazard dams.

| two rated poor; likely about $4.1M of work on those ($3.7M with short spans at the federal unit cost) | of six town-owned dams | bridges $0 · dams $0 · culverts $0 |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Canton came on average 18 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Canton owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

**Canton owns six high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

STATE MONEY, FY2017–FY2026

## Carlisle's town government and school districts received $41.7 million in formula aid and $1.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$41.7M** | **$1.5M** | **$28,000** |
| $7,968 per resident (256th of 351) · gross | $280 per resident (217th of 351) | $5.25 per resident (283rd of 351) |

**Competitive grants to Carlisle peaked in FY2025 at $515,000, 35% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.1 million, are not shown.

EARMARKS

## Carlisle received $25,000 in local earmarks to its government, $25,000 placed in the city or town and $85,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$25,000** | **$25,000** | **$85,000** | **No** |

Placed in the city or town: two clauses in two of ten budgets; the most recent in FY2025. All of it went to Carlisle's government, its schools or municipal projects.

Clauses that name Carlisle but fund a state facility or a MassHealth rate add-on, $60,000, count under everything placed only.

Everything placed, the third measure, adds $60,000 in one clause for state facilities located in Carlisle (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Carlisle $2.3 million and takes back $62,000 in assessments and charges, a net $2.2 million.

STATE MONEY TO OTHERS IN CARLISLE

## State programs also awarded $43,000 to organizations in Carlisle other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Carlisle. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 5.6% of Carlisle’s general-fund spending in FY2025, down from 9.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.1%** | **4.5%** | **5.6%** | **5.5%** |
| $1.8M of $20M · median town 14.1% | $1.2M of $27.4M · median town 12.2% | $2M of $36M · median town 11.5% | FY2010: 5.6% · median town 10.0% |

Carlisle’s own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $809,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town’s assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Carlisle's state aid did not keep pace with either price measure: FY2025 aid was 28.2% below its FY2006 aid grown by Boston-area consumer prices and 36.2% below grown by the government price index.**

Gross state aid went from $1.8 million in FY2006 to $2 million in FY2025, +11.4% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+90.7%** | **+90.6%** | **8 of 9** | **6 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Carlisle's health insurance would have been $1.12 million in FY2025; it was $1.71 million, $589,000 above the path. Its fixed costs would have been $2.37 million in FY2025; it was $3.62 million, $1.25 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Carlisle's government came to $25,000, 3.1% of the $812,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Carlisle runs its own district for some grades and belongs to Concord-Carlisle for others; Carlisle accounts for 23% of that district's foundation budget.

## SCHOOL BUILDINGS

### No school building grant was approved for a school serving Carlisle, FY2017 to August 2026.

## ROADS, BRIDGES AND DAMS

### Carlisle has $394,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |
|---|---|---|
| **$4.1M** | **$3.3M** | **$394,000** |
| $969,000 of it one-time supplements | to 16 October 2026 | annual program: 0.2 years of its yearly money · 313th of 351 |

| **2** | **1** | **$559,000** |
| none rated poor | of three town-owned dams | bridges $559,000 · dams $0 · culverts $0 |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Carlisle came on average 28 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Carlisle owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

Carver's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $727,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Carver's state aid did not keep pace with either price measure: FY2025 aid was 20.7% below its FY2006 aid grown by Boston-area consumer prices and 29.5% below grown by the government price index.**

Gross state aid went from $11.3 million in FY2006 to $13.9 million in FY2025, +23.0% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Carver's health insurance would have been $1.16 million in FY2025; it was $5.29 million, $4.13 million above the path. Its fixed costs would have been $2.81 million in FY2025; it was $8.49 million, $5.69 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2023 (+176%); health insurance changed by more than 30% in one year in FY2023 (+264%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Carver's government came to $90,000, 2.1% of the $4.36 million rise in its health insurance.

**Cost after approval.** Of the one project closed with a final audit, Carver's share of the final cost was $5 million against its share of the approved budget of $5.6 million (under by $651,000); the local share moved from $2.7 million to $2.6 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Carver has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Carver came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Carver owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

## STATE MONEY, FY2017–FY2026

### Charlemont's town government and school districts received $21.5 million in formula aid and $6.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $21.5M | $6.8M | $642,000 |
| $19,209 per resident (31st of 351) · gross | $6,110 per resident (12th of 351) | $574 per resident (2nd of 351) |

**Competitive grants to Charlemont peaked in FY2022 at $1.6 million, 23% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.5 million, are not shown.

## EARMARKS

### Charlemont received $165,000 in local earmarks in ten enacted budgets on all three measures.

STATE MONEY TO OTHERS IN CHARLEMONT

## State programs also awarded $262,000 to organizations in Charlemont other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Charlemont. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $5,687 (shared 26 ways) |
| FY2019 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $1,696 (shared 26 ways) |

A further $254,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 7.7% of Charlemont's general-fund spending in FY2025, down from 8.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **8.8%** | **8.2%** | **7.7%** | **7.5%** |
| $244,000 of $2.8M · median town 14.1% | $279,000 of $3.4M · median town 12.2% | $369,000 of $4.8M · median town 11.5% | FY2010: 10.5% · median town 10.0% |

Charlemont's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $962,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Charlemont's state aid did not keep pace with either price measure: FY2025 aid was 2.3% below its FY2006 aid grown by Boston-area consumer prices and 13.2% below grown by the government price index.**

Gross state aid went from $244,000 in FY2006 to $369,000 in FY2025, +51.5% in dollars.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Charlemont came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

## FAIRNESS INDEX

### Charlton scores 56 on the Fairness Index for all state aid and 32 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**56** / 100

77th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 53 | 63 | 48 | 58 |

Rank under other weightings: 59th to 98th.

Weighting-dependent: the range crosses the 45–55 band

Charlton received more than its share of state aid on three of four measures; its blended score of 56 stays between 53 and 59 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

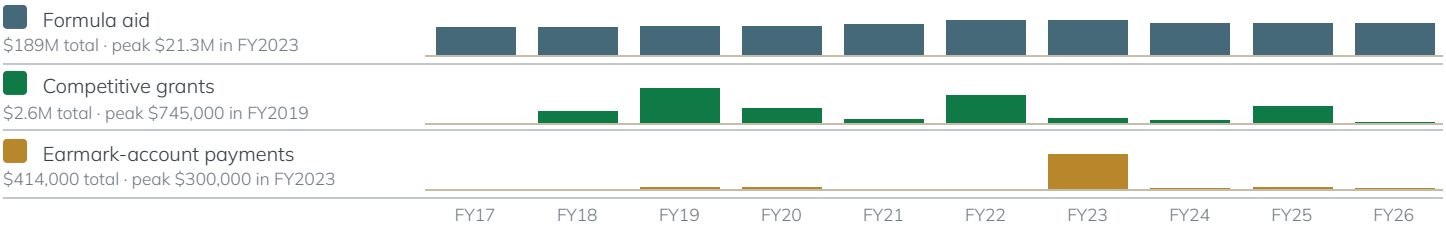
**32** / 100

259th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 29 | 39 | 28 | 34 |

Rank under other weightings: 254th to 265th.

Stable low: below 45 under every weighting



Charlton received less than its share of discretionary money on all four measures; its blended score of 32 stays between 30 and 35 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Charlton's town government and school districts received $189 million in formula aid and $2.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $189M | $2.6M | $414,000 |
| $14,031 per resident (94th of 351) · gross | $197 per resident (254th of 351) | $30.80 per resident (146th of 351) |

**Competitive grants to Charlton peaked in FY2019 at $745,000, 28% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $10.5 million, are not shown.

## EARMARKS

### Charlton received $320,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $320,000 | $320,000 | $320,000 | No |

### STATE MONEY TO OTHERS IN CHARLTON

## State programs also awarded $33,000 to organizations in Charlton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Charlton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2025 | Central Massachusetts Regional Planning Commission - Charlton<br>regional body | Community Compact Efficiency & Regionalization Grant | $5,875 (shared four ways) |

A further $27,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

### COSTS AND THE 2½% LIMIT

## State aid covered 4.5% of Charlton's general-fund spending in FY2025, down from 8.4% in FY2006.

### STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **8.4%** | **6.0%** | **4.5%** | **4.3%** |
| $1.4M of $16.8M · median town 14.1% | $1.4M of $24.1M · median town 12.2% | $1.9M of $42.2M · median town 11.5% | FY2010: 6.7% · median town 10.0% |

Charlton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $13.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Charlton's state aid did not keep pace with either price measure: FY2025 aid was 11.9% below its FY2006 aid grown by Boston-area consumer prices and 21.7% below grown by the government price index.**

Gross state aid went from $1.4 million in FY2006 to $1.9 million in FY2025, +36.6% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+77.1%** | **+102.5%** | **5 of 9** | **3 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Charlton's health insurance would have been $1.21 million in FY2025; it was $1.72 million, $508,000 above the path. Its fixed costs would have been $2.77 million in FY2025; it was $4.49 million, $1.72 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Charlton's government came to $300,000, 40.0% of the $750,000 rise in its health insurance.

Charlton has no school district of its own. Its pupils attend Dudley Charlton and Southern Worcester; Charlton accounts for 53% and 15% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

## SCHOOL BUILDINGS

### No school building grant was approved for a school serving Charlton, FY2017 to August 2026.

## ROADS, BRIDGES AND DAMS

### Charlton has $1.6 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and six high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Charlton came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Chatham's town government and school districts received $28.2 million in formula aid and $5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$28.2M** | **$5M** | **$2,554** |
| $4,225 per resident (350th of 351) · gross | $743 per resident (104th of 351) | $0.38 per resident (332nd of 351) |

**Competitive grants to Chatham peaked in FY2023 at $1.7 million, 34% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $49.4 million, are not shown.

EARMARKS

## Chatham received $0 in local earmarks to its government, $1.6 million placed in the city or town and $1.6 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

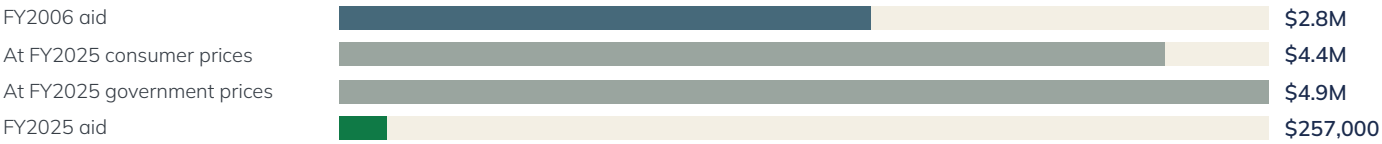
STATE MONEY TO OTHERS IN CHATHAM

## State programs also awarded $693,000 to organizations in Chatham other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Chatham. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $693,000 in 12 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT



## State aid covered 0.5% of Chatham's general-fund spending in FY2025, down from 9.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.6%** | **3.0%** | **0.5%** | **-1.3%** |
| $2.8M of $29.4M · median town 14.1% | $1.1M of $38.3M · median town 12.2% | $257,000 of $55M · median town 11.5% | FY2010: 6.6% · median town 10.0% |

Chatham's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Chatham's state aid did not keep pace with either price measure: FY2025 aid was 94.1% below its FY2006 aid grown by Boston-area consumer prices and 94.8% below grown by the government price index.**

Gross state aid went from $2.8 million in FY2006 to $257,000 in FY2025, –90.9% in dollars. Flag: in FY2010, $952,000 of Chatham's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+42.7%** | **+56.3%** | **4 of 9** | **4 of 9** |
| $2.2M to $3.1M · all towns +54.0% | $4.6M to $7.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Chatham's health insurance would have been $2.74 million in FY2025; it was $3.13 million, $392,000 above the path. Its fixed costs would have been $5.69 million in FY2025; it was $7.12 million, $1.43 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Chatham's government came to $0, 0.0% of the $938,000 rise in its health insurance.

Chatham has no school district of its own. Its pupils attend Monomoy and Cape Cod; Chatham accounts for 23% and 3% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

| FY2018 | Cape Cod Regional Technical High School | Cape Cod | Core | $42.5M | $1.2M (3%) |

**Cost after approval.** After approval, the Board added money to grants for one project serving Chatham; Chatham's share of the additions, by enrollment where a school is regional, was $155,000. Of the one project closed with a final audit, Chatham's share of the final cost was $3.4 million against its share of the approved budget of $3.7 million (under by $354,000); the local share moved from $2.5 million to $2.1 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Chatham has $1.6 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Chatham came on average 66 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN CHELMSFORD

## State programs also awarded $24,000 to organizations in Chelmsford other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Chelmsford. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

Chelmsford's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $969,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Chelmsford's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 4.3% above its FY2006 aid grown by Boston-area consumer prices and 7.3% below grown by the government price index.**

Gross state aid went from $13.5 million in FY2006 to $21.8 million in FY2025, +61.7% in dollars. Flag: in FY2010, $379,000 of Chelmsford's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+62.2%** | **+57.3%** | **6 of 9** | **4 of 9** |
| $10.4M to $16.8M · all towns +54.0% | $19.1M to $30M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Chelmsford's health insurance would have been $12.9 million in FY2025; it was $16.8 million, $3.87 million above the path. Its fixed costs would have been $23.8 million in FY2025; it was $30 million, $6.19 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Chelmsford's government came to $1.2 million, 18.5% of the $6.45 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Chelmsford has $3.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Chelmsford came on average 16 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chelmsford owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

EXPECTED AND ACTUAL

## Chelmsford received $9.2 million in earmarks placed in the city or town and competitive grants over ten years, 8% more than the $8.5 million its size, need and institutions predict.

PEERS

## Chelmsford ranks 9th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.5 million in earmarks placed in Chelmsford, $210,000 (14%) went to organizations rather than to Chelmsford's government.

STATE MONEY TO OTHERS IN CHELSEA

## State programs also awarded $1.7 million to organizations in Chelsea other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Chelsea. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Pennrose nonprofit | Community One Stop for Growth | $200,000 |
| FY2022 | La Colaborativa nonprofit | Community One Stop for Growth | $100,000 |

| FY2025 | Bunker Hill Community College nonprofit | Community One Stop for Growth | $33,000 |

A further $740,000 in 6 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 54.2% of Chelsea's general-fund spending in FY2025, down from 57.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **57.9%** | **55.0%** | **54.2%** | **44.9%** |
| $60M of $104M · median town 14.1% | $80.6M of $146M · median town 12.2% | $138M of $254M · median town 11.5% | FY2010: 48.8% · median town 10.0% |

Chelsea's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $5 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Chelsea's state aid kept pace with both price measures: FY2025 aid was 48.2% above its FY2006 aid grown by Boston-area consumer prices and 31.7% above grown by the government price index.**

Gross state aid went from $60 million in FY2006 to $138 million in FY2025, +129.8% in dollars. Flag: in FY2010, $5.9 million of Chelsea's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+374.4%** | **+191.0%** | **3 of 9** | **2 of 9** |
| $6.5M to $31M · all towns +54.0% | $14.9M to $43.5M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Chelsea's health insurance would have been $8.17 million in FY2025; it was $31 million, $22.9 million above the path. Its fixed costs would have been $18.7 million in FY2025; it was $43.5 million, $24.8 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2017 (+342%); fixed costs changed by more than 30% in one year in FY2022 (+110%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost. Flag: in FY2017, FY2018, FY2019, FY2020 and FY2021 reported health insurance exceeded all general-fund fixed costs; the health-insurance report includes the employee share for self-insured towns.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Chelsea's government came to $629,000, 2.6% of the $24.5 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** After approval, the Board added money to grants for one project serving Chelsea; Chelsea's share of the additions, by enrollment where a school is regional, was $4.1 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Chelsea has $1.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Chelsea came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Chelsea received $49.2 million in earmarks placed in the city or town and competitive grants over ten years, 24% more than the $39.7 million its size, need and institutions predict.

PEERS

## Chelsea ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $5.9 million in earmarks placed in Chelsea, $5.2 million (88%) went to organizations rather than to Chelsea's government.

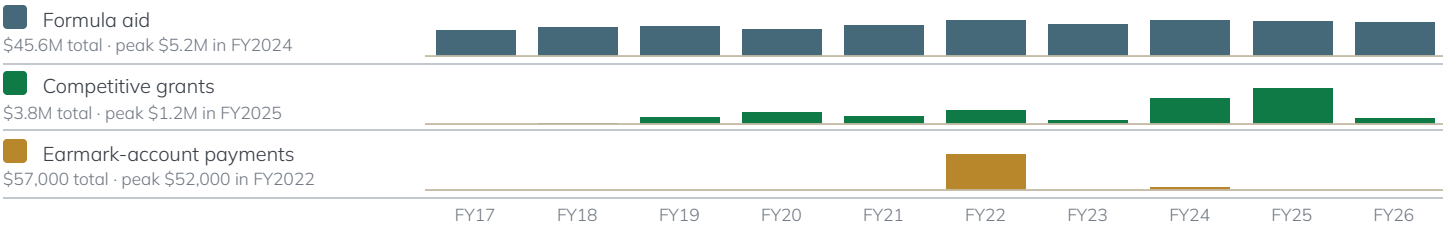
Stable high: above 55 under every weighting



Cheshire received more than its share of discretionary money on all four measures; its blended score of 84 stays between 83 and 86 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Cheshire's town government and school districts received $45.6 million in formula aid and $3.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $45.6M | $3.8M | $57,000 |
| $14,188 per resident (89th of 351) · gross | $1,187 per resident (69th of 351) | $17.82 per resident (215th of 351) |

**Competitive grants to Cheshire peaked in FY2025 at $1.2 million, 32% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.4 million, are not shown.

EARMARKS

## Cheshire received $100,000 in local earmarks to its government, $160,000 placed in the city or town and $160,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $100,000 | $160,000 | $160,000 | No |

STATE MONEY TO OTHERS IN CHESHIRE

## State programs also awarded $1 million to organizations in Cheshire other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Cheshire. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Berkshire Regional Planning Commission regional body | Community Compact Efficiency & Regionalization Grant | $8,696 (shared 23 ways) |
| FY2020 | Department of Conservation and Recreation state agency | MassTrails Grants | $813 (shared 16 ways) |
| FY2022 | Department of Conservation and Recreation state agency | MassTrails Grants | $722 (shared 18 ways) |

A further $1 million in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 14.6% of Cheshire's general-fund spending in FY2025, down from 20.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **20.0%** | **14.7%** | **14.6%** | **13.6%** |
| $857,000 of $4.3M · median town 14.1% | $728,000 of $4.9M · median town 12.2% | $1M of $7M · median town 11.5% | FY2010: 19.8% · median town 10.0% |

Cheshire's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Cheshire's state aid did not keep pace with either price measure: FY2025 aid was 23.3% below its FY2006 aid grown by Boston-area consumer prices and 31.9% below grown by the government price index.**

Gross state aid went from $857,000 in FY2006 to $1 million in FY2025, +18.9% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+53.4%** | **+55.1%** | **6 of 9** | **5 of 9** |
| $198,000 to $304,000 · all towns +54.0% | $368,000 to $570,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Cheshire's health insurance would have been $247,000 in FY2025; it was $304,000, $56,000 above the path. Its fixed costs would have been $459,000 in FY2025; it was $570,000, $111,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2019 (–37%) and FY2024 (+49%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Cheshire's government came to $100,000, 94.6% of the $106,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

SCHOOLS

## Cheshire's required school contribution is 2.8% of median household income, 116th highest of 351.

Cheshire has no school district of its own. Its pupils attend Cheshire, Hoosac Valley and Northern Berkshire; Cheshire accounts for 100%, 26% and 10% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $1 million for schools serving Cheshire, FY2017 to August 2026.

**Cost after approval.** After approval, the Board added money to grants for one project serving Cheshire; Cheshire's share of the additions, by enrollment where a school is regional, was $56,000.

ROADS, BRIDGES AND DAMS

## Cheshire has $506,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Cheshire came on average 30 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

PEERS

## Cheshire ranks 3rd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $160,000 in earmarks placed in Cheshire, $60,000 (38%) went to organizations rather than to Cheshire's government.

Chester received more than its share of discretionary money on all four measures; its blended score of 95 stays between 94 and 96 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Chester's town government and school districts received $20.5 million in formula aid and $5.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $20.5M | $5.5M | $2,500 |
| $16,538 per resident (53rd of 351) · gross | $4,421 per resident (19th of 351) | $2.02 per resident (313th of 351) |

**Competitive grants to Chester peaked in FY2019 at $1.7 million, 31% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.4 million, are not shown.

EARMARKS

## No local earmark was placed in Chester in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

The Comptroller records $2,500 in payments to Chester's town government and school districts from accounts classified as earmarks over the same ten years. Those accounts can carry prior-year and statewide-program money; no enacted clause was placed in Chester.

Chester is one of the 35 cities and towns with no earmark placed in them in any of the ten budgets. The list counts enacted earmarks only. All 35 received competitive grant payments in the same ten years; Chester's appear under State money above.

STATE MONEY TO OTHERS IN CHESTER

## State programs also awarded $844,000 to organizations in Chester other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Chester. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 9.6% of Chester's general-fund spending in FY2025, down from 10.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **10.3%** | **10.5%** | **9.6%** | **9.5%** |

Chester's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $922,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Chester's state aid did not keep pace with either price measure: FY2025 aid was 18.5% below its FY2006 aid grown by Boston-area consumer prices and 27.6% below grown by the government price index.**

Gross state aid went from $280,000 in FY2006 to $354,000 in FY2025, +26.3% in dollars.

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Chester's health insurance would have been $76,000 in FY2025; it was $55,000, $21,000 below the path. Its fixed costs would have been $194,000 in FY2025; it was $292,000, $97,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2017 (+50%), FY2020 (+34%) and FY2021 (–38%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Chester's reported health insurance fell from $61,000 in FY2016 to $55,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Placed in the city or town | $0 | no increase | 41.2% |
| Everything placed | $0 | no increase | 45.2% |

## SCHOOLS

## Chester's required school contribution is 2.4% of median household income, 251st highest of 351.

Chester has no school district of its own. Its pupils attend Chester and Gateway; Chester accounts for 100% and 17% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

## SCHOOL BUILDINGS

## No school building grant was approved for a school serving Chester, FY2017 to August 2026.

## ROADS, BRIDGES AND DAMS

## Chester has $231,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns three bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Chester came on average 14 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October

2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chester owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

STATE MONEY TO OTHERS IN CHESTERFIELD

## State programs also awarded $111,000 to organizations in Chesterfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Chesterfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $107,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 10.9% of Chesterfield's general-fund spending in FY2025, up from 10.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 10.6% | 10.9% | 10.9% | 10.8% |
| $238,000 of $2.2M · median town 14.1% | $335,000 of $3.1M · median town 12.2% | $456,000 of $4.2M · median town 11.5% | FY2010: 10.9% · median town 10.0% |

Chesterfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $497,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Chesterfield's state aid kept pace with both price measures: FY2025 aid was 23.4% above its FY2006 aid grown by Boston-area consumer prices and 9.7% above grown by the government price index.**

Gross state aid went from $238,000 in FY2006 to $456,000 in FY2025, +91.4% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Chesterfield's health insurance would have been $66,000 in FY2025; it was $58,000, $7,875 below the path. Its fixed costs would have been $156,000 in FY2025; it was $262,000, $106,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+39%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Chesterfield's government came to $0, 0.0% of the $5,296 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Chesterfield came on average 31 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

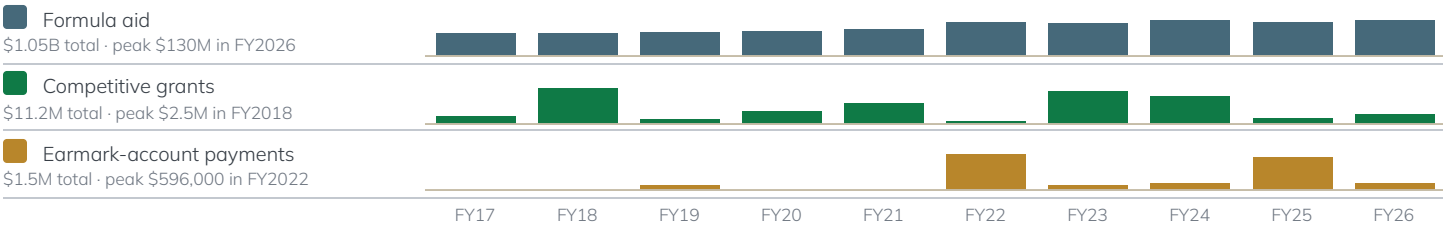
Stable low: below 45 under every weighting



Chicopee received less than its share of discretionary money on all four measures; its blended score of 28 stays between 25 and 31 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Chicopee's town government and school districts received $1.05 billion in formula aid and $11.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $1.05B | $11.2M | $1.5M |
| $19,031 per resident (34th of 351) · gross | $203 per resident (249th of 351) | $27.41 per resident (159th of 351) |

**Competitive grants to Chicopee peaked in FY2018 at $2.5 million, 22% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $37.9 million, are not shown.

EARMARKS

## Chicopee received $456,000 in local earmarks to its government, $1.1 million placed in the city or town and $1.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $456,000 | $1.1M | $1.1M | No |

STATE MONEY TO OTHERS IN CHICOPEE

## State programs also awarded $2.7 million to organizations in Chicopee other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Chicopee. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2020 | Cities of Chicopee and Springfield nonprofit | Gaming Commission Community Mitigation Fund | $25,000 (shared two ways) |

A further $2.6 million in 11 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 46.2% of Chicopee's general-fund spending in FY2025, up from 43.2% in FY2006.

**Chicopee's state aid kept pace with both price measures: FY2025 aid was 38.1% above its FY2006 aid grown by Boston-area consumer prices and 22.8% above grown by the government price index.**

Gross state aid went from $52 million in FY2006 to $111 million in FY2025, +114.2% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Chicopee came on average 36 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Chicopee owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

FAIRNESS INDEX

## Chilmark scores 33 on the Fairness Index for all state aid and 44 for discretionary money. Fifty is a fair share.

ALL STATE AID

**33** / 100

280th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 25 | 41 | 34 | 32 |

Rank under other weightings: 258th to 295th.

Stable low: below 45 under every weighting

Chilmark received less than its share of state aid on all four measures; its blended score of 33 stays between 30 and 36 under every weighting tested.

DISCRETIONARY MONEY ONLY

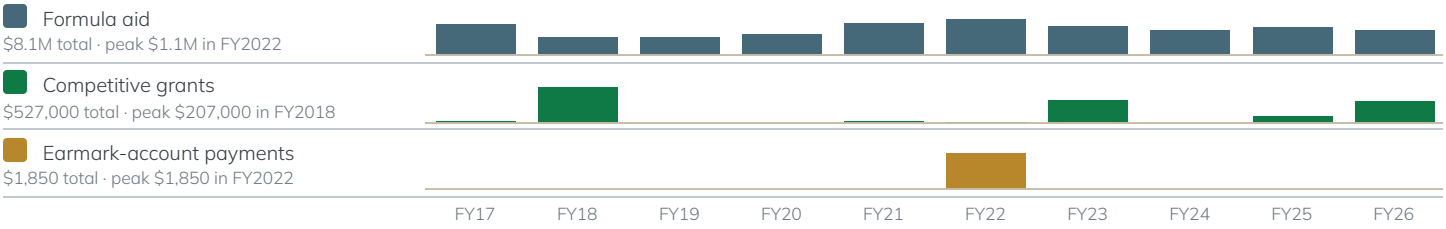
**44** / 100

213th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 45 | 63 | 13 | 54 |

Rank under other weightings: 183rd to 246th.

Weighting-dependent: the range crosses the 45–55 band



Chilmark received less than its share of discretionary money on two of four measures; its blended score of 44 stays between 35 and 53 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Chilmark's town government and school districts received $8.1 million in formula aid and $527,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $8.1M | $527,000 | $1,850 |
| $5,153 per resident (342nd of 351) · gross | $334 per resident (194th of 351) | $1.17 per resident (324th of 351) |

**Competitive grants to Chilmark peaked in FY2018 at $207,000, 39% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.7 million, are not shown.

EARMARKS

## No local earmark was placed in Chilmark in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $0 | $0 | $0 | Yes |

The Comptroller records $1,850 in payments to Chilmark's town government and school districts from accounts classified as earmarks over the same ten years. Those accounts can carry prior-year and statewide-program money; no enacted clause was placed in Chilmark.

Chilmark is one of the 35 cities and towns with no earmark placed in them in any of the ten budgets. The list counts enacted earmarks only. All 35 received competitive grant payments in the same ten years; Chilmark's appear under State money above.

STATE MONEY TO OTHERS IN CHILMARK

## State programs also awarded $452,000 to organizations in Chilmark other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Chilmark. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Sea the World Productions nonprofit | Cultural Facilities Fund | $200,000 |
| FY2021 | The Yard nonprofit | Cultural Facilities Fund | $35,000 |
| FY2017 | The Yard nonprofit | Cultural Facilities Fund | $30,000 |
| FY2022 | Sea the World Productions nonprofit | Cultural Facilities Fund | $7,000 |
| FY2019 | Martha's Vineyard Commission regional body | Community Compact Efficiency & Regionalization Grant | $5,000 (shared seven ways) |

A further $175,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 0.1% of Chilmark's general-fund spending in FY2025, the same share as in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **0.1%** | **0.1%** | **0.1%** | **-1.5%** |
| $8,026 of $6.2M · median town 14.1% | $8,691 of $9M · median town 12.2% | $11,000 of $15.4M · median town 11.5% | FY2010: -3.4% · median town 10.0% |

Chilmark's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $312,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Chilmark's state aid did not keep pace with either price measure: FY2025 aid was 8.0% below its FY2006 aid grown by Boston-area consumer prices and 18.3% below grown by the government price index.**

Gross state aid went from $8,026 in FY2006 to $11,000 in FY2025, +42.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+59.3%** | **+54.4%** | **5 of 9** | **6 of 9** |
| $547,000 to $872,000 · all towns +54.0% | $1.2M to $1.9M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Chilmark's health insurance would have been $684,000 in FY2025; it was $872,000, $189,000 above the path. Its fixed costs would have been $1.55 million in FY2025; it was $1.92 million, $367,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Chilmark's government came to $0, 0.0% of the $325,000 rise in its health insurance.

Chilmark has no school district of its own. Its pupils attend Upisland and Martha's Vineyard; Chilmark accounts for 19% and 4% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

ROADS, BRIDGES AND DAMS

## Chilmark has $516,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Chilmark came on average 35 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN CLARKSBURG

## State programs also awarded $14,000 to organizations in Clarksburg other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Clarksburg. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2020 | Department of Conservation and Recreation state agency | MassTrails Grants | $813 (shared 16 ways) |

A further $13,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 56.2% of Clarksburg's general-fund spending in FY2025, down from 61.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **61.9%** | **53.5%** | **56.2%** | **52.4%** |
| $1.9M of $3.1M · median town 14.1% | $2.3M of $4.4M · median town 12.2% | $2.9M of $5.1M · median town 11.5% | FY2010: 57.2% · median town 10.0% |

Clarksburg's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $822,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Clarksburg's state aid did not keep pace with either price measure: FY2025 aid was 2.3% below its FY2006 aid grown by Boston-area consumer prices and 13.2% below grown by the government price index.**

Gross state aid went from $1.9 million in FY2006 to $2.9 million in FY2025, +51.5% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–43.4%** | **–8.7%** | **3 of 9** | **4 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Clarksburg's health insurance would have been $427,000 in FY2025; it was $193,000, $233,000 below the path. Its fixed costs would have been $638,000 in FY2025; it was $466,000, $172,000 below the path.

Flag: health insurance changed by more than 30% in one year in FY2017 (−34%) and FY2022 (+70%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Clarksburg's reported health insurance fell from $342,000 in FY2016 to $193,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

## SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $1.3 million for schools serving Clarksburg, FY2017 to August 2026.

Not counted: Clarksburg Elementary School (Clarksburg), approved FY2018 for up to $11.8 million. It lapsed when local funding was not secured.

**Cost after approval.** After approval, the Board added money to grants for one project serving Clarksburg; Clarksburg's share of the additions, by enrollment where a school is regional, was $73,000.

## ROADS, BRIDGES AND DAMS

## Clarksburg has $442,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Clarksburg came on average 48 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Clarksburg owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

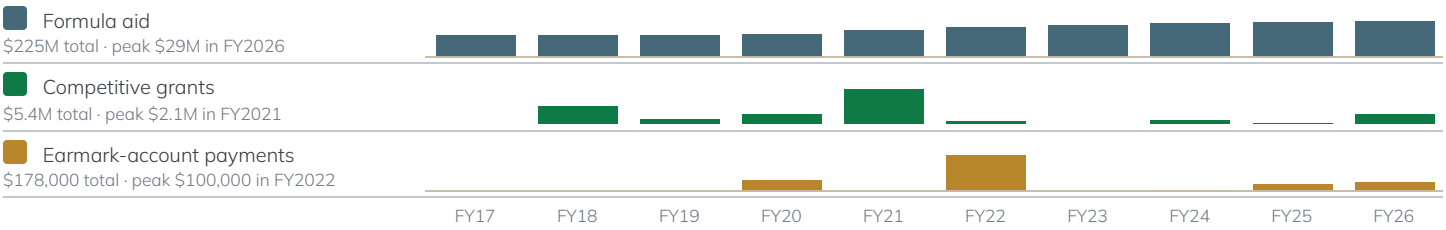
Rank under other weightings: 182nd to 212th.

Near fair: between 45 and 55 under every weighting



Clinton received less than its share of discretionary money on two of four measures; its blended score of 49 stays between 46 and 52 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Clinton's town government and school districts received $225 million in formula aid and $5.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$225M** | **$5.4M** | **$178,000** |
| $14,443 per resident (86th of 351) · gross | $344 per resident (189th of 351) | $11.41 per resident (251st of 351) |

**Competitive grants to Clinton peaked in FY2021 at $2.1 million, 39% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $16.4 million, are not shown.

EARMARKS

## Clinton received $449,000 in local earmarks in ten enacted budgets on all three measures.

STATE MONEY TO OTHERS IN CLINTON

## State programs also awarded $1.6 million to organizations in Clinton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Clinton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2024 | Clinton Greenway Conservation Trust / Town of Clinton nonprofit | MassTrails Grants | $500,000 |
| FY2022 | Clinton Greenway Conservation Trust Inc. / Town of Clinton nonprofit | MassTrails Grants | $397,000 |
| FY2026 | Clinton Greenway Conservation Trust and the Town of Clinton nonprofit | MassTrails Grants | $346,000 |
| FY2023 | Clinton Greenway Conservation Trust, Inc. nonprofit | MassTrails Grants | $162,000 |
| FY2020 | Clinton Greenway Conservation Trust, Inc. nonprofit | MassTrails Grants | $112,000 |
| FY2023 | Museum of Russian Icons nonprofit | Cultural Facilities Fund | $12,000 |

A further $78,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 39.7% of Clinton's general-fund spending in FY2025, down from 43.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 43.5% | 40.8% | 39.7% | 36.7% |
| $13.2M of $30.4M · median town 14.1% | $16.1M of $39.4M · median town 12.2% | $24M of $60.5M · median town 11.5% | FY2010: 44.4% · median town 10.0% |

**Clinton's state aid kept pace with both price measures: FY2025 aid was 17.1% above its FY2006 aid grown by Boston-area consumer prices and 4.1% above grown by the government price index.**

Gross state aid went from $13.2 million in FY2006 to $24 million in FY2025, +81.6% in dollars. Flag: in FY2010, $1.3 million of Clinton's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| +68.5% | +65.0% | 5 of 9 | 4 of 9 |
| $3.4M to $5.7M · all towns +54.0% | $6.5M to $10.8M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Clinton's health insurance would have been $4.23 million in FY2025; it was $5.70 million, $1.48 million above the path. Its fixed costs would have been $8.17 million in FY2025; it was $10.8 million, $2.62 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Clinton's government came to $424,000, 18.3% of the $2.32 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Clinton came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

FAIRNESS INDEX

## Cohasset scores 32 on the Fairness Index for all state aid and 57 for discretionary money. Fifty is a fair share.

ALL STATE AID

**32** / 100

285th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 30 | 53 | 23 | 24 |

Rank under other weightings: 258th to 315th.

Stable low: below 45 under every weighting

Cohasset received less than its share of state aid on three of four measures; its blended score of 32 stays between 27 and 38 under every weighting tested.

DISCRETIONARY MONEY ONLY

**57** / 100

162nd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |

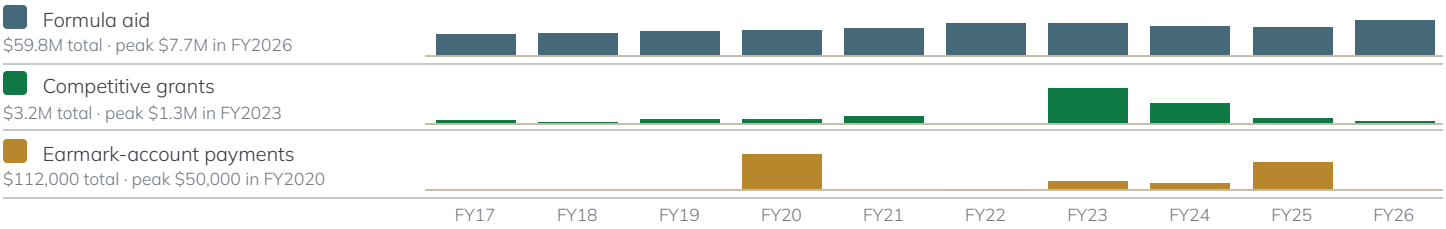
| 55 | 76 | 49 | 47 |

Rank under other weightings: 144th to 183rd.

Weighting-dependent: the range crosses the 45–55 band



Cohasset received more than its share of discretionary money on two of four measures; its blended score of 57 stays between 52 and 62 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Cohasset's town government and school districts received $59.8 million in formula aid and $3.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $59.8M | $3.2M | $112,000 |
| $7,092 per resident (287th of 351) · gross | $383 per resident (178th of 351) | $13.34 per resident (237th of 351) |

**Competitive grants to Cohasset peaked in FY2023 at $1.3 million, 40% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $7.8 million, are not shown.

EARMARKS

## Cohasset received $465,000 in local earmarks to its government, $1.1 million placed in the city or town and $1.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN COHASSET

## State programs also awarded $332,000 to organizations in Cohasset other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Cohasset. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2024 | North and South Rivers Watershed Association nonprofit | CZM Coastal Habitat and Water Quality Grant | $15,000 (shared six ways) |
| FY2024 | Metropolitan Area Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $10,000 (shared 12 ways) |

A further $307,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 7.0% of Cohasset's general-fund spending in FY2025, down from 8.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |

Cohasset's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $33,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Cohasset's state aid did not keep pace with either price measure: FY2025 aid was 3.0% below its FY2006 aid grown by Boston-area consumer prices and 13.8% below grown by the government price index.**

Gross state aid went from $2.6 million in FY2006 to $3.9 million in FY2025, +50.4% in dollars.

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Cohasset's health insurance would have been $5.63 million in FY2025; it was $6.31 million, $675,000 above the path. Its fixed costs would have been $8.68 million in FY2025; it was $11.2 million, $2.51 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2023 (+36%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Cohasset's government came to $465,000, 25.9% of the $1.80 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Cohasset came on average 18 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Cohasset owns four high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

STATE MONEY, FY2017–FY2026

## Colrain's town government and school districts received $26.4 million in formula aid and $6.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $26.4M | $6.2M | $1,999 |
| $16,229 per resident (57th of 351) · gross | $3,795 per resident (24th of 351) | $1.23 per resident (323rd of 351) |

**Competitive grants to Colrain were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.2 million, are not shown.

EARMARKS

## Colrain received $0 in local earmarks to its government, $50,000 placed in the city or town and $50,000 counting everything placed, in ten enacted budgets.

STATE MONEY TO OTHERS IN COLRAIN

## State programs also awarded $687,000 to organizations in Colrain other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Colrain. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2024 | Colrain Sewer District regional body | Community One Stop for Growth | $500,000 |
| FY2026 | Colrain Sewer District regional body | Community One Stop for Growth | $72,000 |
| FY2024 | The Colrain Historical Society nonprofit | Cultural Facilities Fund | $15,000 |
| FY2021 | Indian Head Snowmobile Club nonprofit | MassTrails Grants | $11,000 |

| FY2019 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $1,696 (shared 26 ways) |

A further $82,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 9.0% of Colrain's general-fund spending in FY2025, up from 8.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **8.6%** | **9.0%** | **9.0%** | **9.0%** |
| $274,000 of $3.2M · median town 14.1% | $329,000 of $3.6M · median town 12.2% | $440,000 of $4.9M · median town 11.5% | FY2010: 9.6% · median town 10.0% |

Colrain's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Colrain's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 3.5% above its FY2006 aid grown by Boston-area consumer prices and 8.1% below grown by the government price index.**

Gross state aid went from $274,000 in FY2006 to $440,000 in FY2025, +60.4% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Colrain's health insurance would have been $144,000 in FY2025; it was $125,000, $19,000 below the path. Its fixed costs would have been $301,000 in FY2025; it was $313,000, $12,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Colrain's government came to $0, 0.0% of the $9,733 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Colrain came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Colrain received $6.4 million in earmarks placed in the city or town and competitive grants over ten years, 48% more than the $4.3 million its size, need and institutions predict.

PEERS

## Colrain ranks 10th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

All of the $50,000 in earmarks placed in Colrain went to organizations; none went to Colrain's government.

STATE MONEY, FY2017–FY2026

## Concord's town government and school districts received $147 million in formula aid and $2.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$147M** | **$2.7M** | **$1.1M** |
| $8,067 per resident (253rd of 351) · gross | $148 per resident (292nd of 351) | $59.13 per resident (60th of 351) |

**Competitive grants to Concord peaked in FY2018 at $649,000, 24% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $20 million, are not shown.

EARMARKS

## Concord received $1.2 million in local earmarks to its government, $1.5 million placed in the city or town and $1.5 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN CONCORD

## State programs also awarded $1.6 million to organizations in Concord other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Concord. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $358,000 in 6 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 4.9% of Concord's general-fund spending in FY2025, down from 6.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **6.0%** | **5.1%** | **4.9%** | **4.5%** |
| $4.2M of $69.8M · median town 14.1% | $4.7M of $92.3M · median town 12.2% | $6.7M of $138M · median town 11.5% | FY2010: 4.6% · median town 10.0% |

Concord's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Concord's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 3.5% above its FY2006 aid grown by Boston-area consumer prices and 8.0% below grown by the government price index.**

Gross state aid went from $4.2 million in FY2006 to $6.7 million in FY2025, +60.5% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+94.8%** | **+88.9%** | **7 of 9** | **6 of 9** |
| $4.1M to $8M · all towns +54.0% | $8.5M to $16.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Concord's health insurance would have been $5.13 million in FY2025; it was $8.01 million, $2.87 million above the path. Its fixed costs would have been $10.6 million in FY2025; it was $16.1 million, $5.44 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2019 (+50%); health insurance changed by more than 30% in one year in FY2019 (+166%) and FY2020 (–56%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Concord's government came to $930,000, 23.9% of the $3.90 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Concord came on average 42 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Concord owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY, FY2017–FY2026

## Conway's town government and school districts received $22.5 million in formula aid and $711,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $22.5M | $711,000 | $16,000 |
| $12,799 per resident (115th of 351) · gross | $405 per resident (166th of 351) | $8.93 per resident (265th of 351) |

**Competitive grants to Conway peaked in FY2024 at $306,000, 43% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.5 million, are not shown.

EARMARKS

## No local earmark was placed in Conway in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

STATE MONEY TO OTHERS IN CONWAY

## State programs also awarded $97,000 to organizations in Conway other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Conway. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2019 | Conway Snowmobile Club, Inc. nonprofit | MassTrails Grants | $15,000 (shared four ways) |
| FY2023 | Conway Snowmobile Club, Inc. nonprofit | MassTrails Grants | $9,851 (shared seven ways) |
| FY2023 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $5,687 (shared 26 ways) |
| FY2019 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $1,696 (shared 26 ways) |

A further $65,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 18.6% of Conway's general-fund spending in FY2025, down from 27.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **27.5%** | **19.1%** | **18.6%** | **18.3%** |
| $1.2M of $4.3M · median town 14.1% | $994,000 of $5.2M · median town 12.2% | $1.4M of $7.3M · median town 11.5% | FY2010: 22.1% · median town 10.0% |

Conway's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $551,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Conway's state aid did not keep pace with either price measure: FY2025 aid was 25.5% below its FY2006 aid grown by Boston-area consumer prices and 33.8% below grown by the government price index.**

Gross state aid went from $1.2 million in FY2006 to $1.4 million in FY2025, +15.6% in dollars. Flag: in FY2010, $211,000 of Conway's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Conway's health insurance would have been $434,000 in FY2025; it was $505,000, $71,000 above the path. Its fixed costs would have been $663,000 in FY2025; it was $913,000, $250,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Conway's government came to $0, 0.0% of the $157,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Conway came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Conway owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

Conway owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY, FY2017–FY2026

## Cummington's town government and school districts received $8.3 million in formula aid and $3.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $8.3M | $3.7M | $2,384 |
| $9,157 per resident (212th of 351) · gross | $4,050 per resident (21st of 351) | $2.64 per resident (308th of 351) |

**Competitive grants to Cummington peaked in FY2021 at $1.3 million, 36% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 902 residents, a single payment moves Cummington's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $674,000, are not shown.

EARMARKS

## No local earmark was placed in Cummington in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

STATE MONEY TO OTHERS IN CUMMINGTON

## State programs also awarded $24,000 to organizations in Cummington other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Cummington. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

|---|---|---|---|
| FY2022 | Pioneer Valley Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $3,958 (shared 24 ways) |

A further $20,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 9.8% of Cummington's general-fund spending in FY2025, up from 7.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 7.5% | 10.3% | 9.8% | 9.7% |
| $120,000 of $1.6M · median town 14.1% | $200,000 of $1.9M · median town 12.2% | $273,000 of $2.8M · median town 11.5% | FY2010: 11.0% · median town 10.0% |

Cummington's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $124,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Cummington's state aid kept pace with both price measures: FY2025 aid was 46.3% above its FY2006 aid grown by Boston-area consumer prices and 30.0% above grown by the government price index.**

Gross state aid went from $120,000 in FY2006 to $273,000 in FY2025, +126.8% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| not reported | +164.1% | 8 of 9 | 3 of 5 |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Cummington's fixed costs would have been $110,000 in FY2025; it was $233,000, $123,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2018 (+38%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Cummington's health insurance is not reported for FY2016 or FY2025, so its earmarks are not set against it.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Cummington has no school district of its own. Its pupils attend Cummington and Central Berkshire; Cummington accounts for 100% and 3% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

ROADS, BRIDGES AND DAMS

## Cummington has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns three bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Cummington came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN DALTON

## State programs also awarded $811,000 to organizations in Dalton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Dalton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

| FY2022 | Department of Conservation and Recreation state agency | MassTrails Grants | $722 (shared 18 ways) |

A further $758,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 9.0% of Dalton's general-fund spending in FY2025, down from 10.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **10.9%** | **10.5%** | **9.0%** | **8.7%** |
| $1.2M of $11.3M · median town 14.1% | $1.5M of $14.4M · median town 12.2% | $1.8M of $20.3M · median town 11.5% | FY2010: 9.7% · median town 10.0% |

Dalton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $7.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dalton's state aid did not keep pace with either price measure: FY2025 aid was 5.0% below its FY2006 aid grown by Boston-area consumer prices and 15.6% below grown by the government price index.**

Gross state aid went from $1.2 million in FY2006 to $1.8 million in FY2025, +47.3% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+7.1%** | **+21.4%** | **4 of 9** | **3 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Dalton's health insurance would have been $920,000 in FY2025; it was $789,000, $131,000 below the path. Its fixed costs would have been $1.70 million in FY2025; it was $1.65 million, $47,000 below the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Dalton's government came to $0, 0.0% of the $52,000 rise in its health insurance.

Dalton has no school district of its own. Its pupils attend Dalton and Central Berkshire; Dalton accounts for 100% and 58% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $18.1 million for schools serving Dalton, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Dalton has $601,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dalton came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN DANVERS

## State programs also awarded $80,000 to organizations in Danvers other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Danvers. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2024 | Danvers Historical Society nonprofit | Cultural Facilities Fund | $66,000 |
| FY2018 | Danvers Historical Society nonprofit | Cultural Facilities Fund | $7,000 |

A further $6,548 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 10.9% of Danvers's general-fund spending in FY2025, down from 11.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **11.9%** | **11.3%** | **10.9%** | **9.6%** |
| $8.2M of $69M · median town 14.1% | $10.2M of $90.6M · median town 12.2% | $14M of $128M · median town 11.5% | FY2010: 9.4% · median town 10.0% |

Danvers's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Danvers's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 10.4% above its FY2006 aid grown by Boston-area consumer prices and 1.9% below grown by the government price index.**

Gross state aid went from $8.2 million in FY2006 to $14 million in FY2025, +71.2% in dollars. Flag: in FY2010, $708,000 of Danvers's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+27.2%** | **+45.6%** | **5 of 9** | **5 of 9** |
| $23M to $29.3M · all towns +54.0% | $16.9M to $24.5M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Danvers's health insurance would have been $28.8 million in FY2025; it was $29.3 million, $544,000 above the path. Its fixed costs would have been $21 million in FY2025; it was $24.5 million, $3.49 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+82%) and FY2018 (−39%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost. Flag: in FY2018, FY2019, FY2020, FY2021, FY2022, FY2023, FY2024 and FY2025 reported health insurance exceeded all general-fund fixed costs; the health-insurance report includes the employee share for self-insured towns.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Danvers's government came to $874,000, 13.9% of the $6.27 million rise in its health insurance.

**Cost after approval.** Of the three projects closed with a final audit, Danvers's share of the final cost was $51.2 million against its share of the approved budget of $55.5 million (under by $4.3 million); the local share moved from $33.3 million to $29.9 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Danvers has $2 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and six high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Danvers came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Danvers owns six high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Danvers received $9.7 million in earmarks placed in the city or town and competitive grants over ten years, 84% of the $11.5 million its size, need and institutions predict.

PEERS

## Danvers ranks 8th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.5 million in earmarks placed in Danvers, $475,000 (32%) went to organizations rather than to Danvers's government.

STATE MONEY, FY2017–FY2026

## Dartmouth's town government and school districts received $217 million in formula aid and $9.9 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$217M** | **$9.9M** | **$153,000** |
| $6,506 per resident (317th of 351) · gross | $296 per resident (212th of 351) | $4.60 per resident (293rd of 351) |

**Competitive grants to Dartmouth peaked in FY2018 at $2.8 million, 29% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $23.8 million, are not shown.

EARMARKS

## Dartmouth received $500,000 in local earmarks to its government, $550,000 placed in the city or town and $7.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$500,000** | **$550,000** | **$7.1M** | **No** |
| $15 per resident (239th of 351) | $16.50 per resident (285th of 351) · 9% to organizations | $214 per resident (16th of 351) · 1% to organizations | 35 municipalities had none |

Placed in the city or town: six clauses in five of ten budgets; the most recent in FY2023. $500,000 went to Dartmouth's government, its schools or municipal projects; the other $50,000 went to organizations in Dartmouth or named with it, some of which serve a wider area.

Clauses that name Dartmouth but fund a state facility or a MassHealth rate add-on, $5.6 million, count under everything placed only.

Everything placed, the third measure, adds $6.6 million in 33 clauses for state facilities located in Dartmouth (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Dartmouth $17.1 million and takes back $1.9 million in assessments and charges, a net $15.2 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |
|---|---|---|
| **$17.1 million** | **$1.9 million** | **$15.2 million** |
| FY2027 cherry sheet | 11% of what is sent | receipts less charges |

What the state sends

| Line | FY2027 |
|---|---|
| Chapter 70 | $11.8M |
| Charter Tuition Reimbursement | $50,000 |
| Smart Growth School Reimbursement | $169,000 |

STATE MONEY TO OTHERS IN DARTMOUTH

## State programs also awarded $1.3 million to organizations in Dartmouth other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Dartmouth. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2017 | Lloyd Center for the Environment nonprofit | Cultural Facilities Fund | $225,000 |
| FY2022 | Dartmouth Cultural Center nonprofit | Cultural Facilities Fund | $160,000 |
| FY2025 | South Coast Bikeway Alliance nonprofit | MassTrails Grants | $95,000 (shared three ways) |
| FY2017 | University of Massachusetts Dartmouth Foundation nonprofit | Cultural Facilities Fund | $28,000 |
| FY2020 | Southeastern Regional Planning and Economic Development District (SRPEDD) and South Coast Bikeway Alliance (SCBA) regional body | MassTrails Grants | $20,000 (shared two ways) |
| FY2026 | Round The Bend Farm nonprofit | Cultural Facilities Fund | $9,000 |
| FY2022 | Dartmouth Cultural Center nonprofit | Cultural Facilities Fund | $8,000 |
| FY2021 | SRPEDD nonprofit | Community Compact Efficiency & Regionalization Grant | $3,028 (shared 26 ways) |

A further $773,000 in 10 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 14.4% of Dartmouth's general-fund spending in FY2025, down from 21.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **21.4%** | **18.0%** | **14.4%** | **13.0%** |
| $13.7M of $64M · median town 14.1% | $14.3M of $79.8M · median town 12.2% | $15.7M of $109M · median town 11.5% | FY2010: 20.2% · median town 10.0% |

Dartmouth's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.5 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dartmouth's state aid did not keep pace with either price measure: FY2025 aid was 26.1% below its FY2006 aid grown by Boston-area consumer prices and 34.3% below grown by the government price index.**

Gross state aid went from $13.7 million in FY2006 to $15.7 million in FY2025, +14.7% in dollars. Flag: in FY2010, $1.9 million of Dartmouth's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–39.3%** | **+74.6%** | **7 of 9** | **6 of 9** |
| $12.9M to $7.8M · all towns +54.0% | $10M to $17.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Dartmouth's health insurance would have been $16.1 million in FY2025; it was $7.81 million, $8.25 million below the path. Its fixed costs would have been $12.5 million in FY2025; it was $17.4 million, $4.96 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2017 (–62%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Dartmouth's reported health insurance fell from $12.9 million in FY2016 to $7.8 million in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |
|---|---|---|---|
| To the city or town government | $500,000 | no increase | 13.0% |
| Placed in the city or town | $550,000 | no increase | 41.2% |
| Everything placed | $6.2M | no increase | 45.2% |

SCHOOLS

## Dartmouth's required school contribution is 3.6% of median household income, 15th highest of 351.

| Chapter 70 aid, FY2026 | Required local contribution |
|---|---|
| **$12.7M** | **$44M** |

Dartmouth runs its own school district and also belongs to Greater New Bedford and Bristol County; Dartmouth accounts for 15% and 4% of their foundation budgets, in that order.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $5 million for schools serving Dartmouth, FY2017 to August 2026.

| Approved, Dartmouth's share | Projects | Statewide |
|---|---|---|
| **$5M** | **2** | **$8.66B** |

School building grants approved, newest first

| Year | School | District | Program | Maximum grant | Dartmouth's share |
|---|---|---|---|---|---|
| FY2020 | Bristol County Agricultural High School grant reduced by Board vote | Bristol County | Core | -$192,000 | -$7,273 (4%) |
| FY2018 | Bristol County Agricultural High School | Bristol County | Core | $53.3M | $2M (4%) |
| FY2017 | Dartmouth Middle School | Dartmouth | Accelerated Repair (Roof) | $3M | $3M |

**Cost after approval.** Of the two projects closed with a final audit, Dartmouth's share of the final cost was $8.4 million against its share of the approved budget of $9.8 million (under by $1.4 million); the local share moved from $4.8 million to $4.3 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Dartmouth has $4.6 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dartmouth came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Dartmouth owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

PEERS

## Dartmouth ranks 11th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $550,000 in earmarks placed in Dartmouth, $50,000 (9%) went to organizations rather than to Dartmouth's government.

Stable low: below 45 under every weighting

Dedham received less than its share of discretionary money on all four measures; its blended score of 30 stays between 28 and 32 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Dedham's town government and school districts received $164 million in formula aid and $4.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$164M** | **$4.1M** | **$870,000** |
| $6,510 per resident (316th of 351) · gross | $161 per resident (273rd of 351) | $34.48 per resident (133rd of 351) |

**Competitive grants to Dedham peaked in FY2026 at $1.7 million, 41% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $32.6 million, are not shown.

EARMARKS

## Dedham received $1.4 million in local earmarks to its government, $2 million placed in the city or town and $2.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$1.4M** | **$2M** | **$2.1M** | **No** |
| $55.87 per resident (65th of 351) | $77.66 per resident (97th of 351) · 28% to organizations | $81.43 per resident (105th of 351) · 27% to organizations | 35 municipalities had none |

Placed in the city or town: 23 clauses in nine of ten budgets; the most recent in FY2026. $1.4 million went to Dedham's government, its schools or municipal projects; the other $550,000 went to organizations in Dedham or named with it, some of which serve a wider area.

Clauses that name Dedham but fund a state facility or a MassHealth rate add-on, $95,000, count under everything placed only.

Everything placed, the third measure, adds $95,000 in one clause for state facilities located in Dedham (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN DEDHAM

## State programs also awarded $382,000 to organizations in Dedham other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Dedham. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 10.4% of Dedham's general-fund spending in FY2025, down from 11.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **11.2%** | **8.2%** | **10.4%** | **7.5%** |
| $7.4M of $65.9M · median town 14.1% | $7.6M of $93.7M · median town 12.2% | $14.3M of $138M · median town 11.5% | FY2010: 5.7% · median town 10.0% |

Dedham's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $637,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dedham's state aid kept pace with both price measures: FY2025 aid was 24.8% above its FY2006 aid grown by Boston-area consumer prices and 11.0% above grown by the government price index.**

Gross state aid went from $7.4 million in FY2006 to $14.3 million in FY2025, +93.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+32.4%** | **+22.7%** | **4 of 9** | **5 of 9** |
| $9.7M to $12.9M · all towns +54.0% | $14.3M to $17.6M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Dedham's health insurance would have been $12.2 million in FY2025; it was $12.9 million, $727,000 above the path. Its fixed costs would have been $17.9 million in FY2025; it was $17.6 million, $316,000 below the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+57%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Dedham's government came to $1.3 million, 42.4% of the $3.15 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Dedham runs its own school district and also belongs to Blue Hills and Norfolk County; Dedham accounts for 10% and 6% of their foundation budgets, in that order.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $4.4 million for schools serving Dedham, FY2017 to August 2026.

| FY2018 | Blue Hills Regional Technical High School | Blue Hills | Core | $44.4M | $4.3M (10%) |

Not counted: Oakdale Elementary School (Dedham), approved FY2025 for up to $31 million. It lapsed when local funding was not secured.

**Cost after approval.** Of the one project closed with a final audit, Dedham's share of the final cost was $8.7 million against its share of the approved budget of $8.3 million (over by $374,000); the local share moved from $4 million to $4.5 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Dedham has $1.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dedham came on average 19 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Dedham owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Dedham received $6.4 million in earmarks placed in the city or town and competitive grants over ten years, 61% of the $10.5 million its size, need and institutions predict.

PEERS

## Dedham ranks 3rd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2 million in earmarks placed in Dedham, $550,000 (28%) went to organizations rather than to Dedham's government.

## State programs also awarded $2.8 million to organizations in Deerfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Deerfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

| FY2019 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $1,696 (shared 26 ways) |

A further $2.5 million in 10 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 12.5% of Deerfield's general-fund spending in FY2025, down from 19.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **19.5%** | **17.9%** | **12.5%** | **10.2%** |
| $2M of $10.1M · median town 14.1% | $2.4M of $13.4M · median town 12.2% | $2.3M of $18.5M · median town 11.5% | FY2010: 19.4% · median town 10.0% |

Deerfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.5 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Deerfield's state aid did not keep pace with either price measure: FY2025 aid was 23.9% below its FY2006 aid grown by Boston-area consumer prices and 32.4% below grown by the government price index.**

Gross state aid went from $2 million in FY2006 to $2.3 million in FY2025, +18.0% in dollars. Flag: in FY2010, $300,000 of Deerfield's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+50.3%** | **+56.6%** | **6 of 9** | **5 of 9** |
| $736,000 to $1.1M · all towns +54.0% | $1.2M to $1.9M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Deerfield's health insurance would have been $919,000 in FY2025; it was $1.11 million, $187,000 above the path. Its fixed costs would have been $1.54 million in FY2025; it was $1.93 million, $390,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Deerfield's government came to $33,000, 9.0% of the $371,000 rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Deerfield has $1.6 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Deerfield came on average 27 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Deerfield owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

## FAIRNESS INDEX

### Dennis scores 25 on the Fairness Index for all state aid and 56 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**25** / 100

345th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 19 | 23 | 29 | 27 |

Rank under other weightings: 321st to 346th.

Stable low: below 45 under every weighting

Dennis received less than its share of state aid on all four measures; its blended score of 25 stays between 23 and 27 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

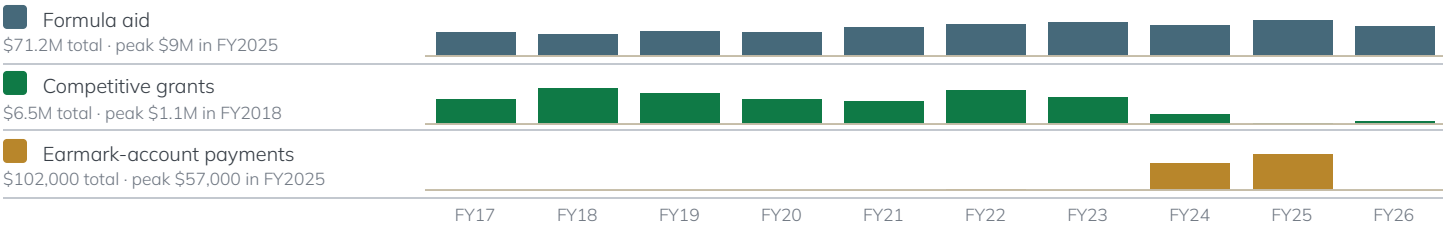
**56** / 100

165th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 54 | 60 | 43 | 65 |

Rank under other weightings: 151st to 185th.

Weighting-dependent: the range crosses the 45–55 band



Dennis received more than its share of discretionary money on three of four measures; its blended score of 56 stays between 52 and 60 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Dennis's town government and school districts received $71.2 million in formula aid and $6.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$71.2M** | **$6.5M** | **$102,000** |
| $4,788 per resident (348th of 351) · gross | $436 per resident (157th of 351) | $6.84 per resident (274th of 351) |

**Competitive grants to Dennis were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $38.6 million, are not shown.

## EARMARKS

### Dennis received $12,000 in local earmarks to its government, $188,000 placed in the city or town and $188,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$12,000** | **$188,000** | **$188,000** | **No** |

STATE MONEY TO OTHERS IN DENNIS

## State programs also awarded $2.6 million to organizations in Dennis other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Dennis. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $926,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 1.2% of Dennis's general-fund spending in FY2025, down from 2.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 2.2% | 1.4% | 1.2% | -0.2% |
| $884,000 of $40.5M · median town 14.1% | $732,000 of $52.9M · median town 12.2% | $945,000 of $77.2M · median town 11.5% | FY2010: 0.1% · median town 10.0% |

Dennis's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $3.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dennis's state aid did not keep pace with either price measure: FY2025 aid was 31.1% below its FY2006 aid grown by Boston-area consumer prices and 38.8% below grown by the government price index.**

Gross state aid went from $884,000 in FY2006 to $945,000 in FY2025, +6.9% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| $2.5M to $4M · all towns +54.0% | $5.6M to $9.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Dennis's health insurance would have been $3.18 million in FY2025; it was $3.97 million, $788,000 above the path. Its fixed costs would have been $6.96 million in FY2025; it was $9.27 million, $2.30 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Dennis's government came to $12,000, 0.9% of the $1.42 million rise in its health insurance.

Dennis has no school district of its own. Its pupils attend Dennis-Yarmouth and Cape Cod; Dennis accounts for 30% and 11% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

| FY2018 | Cape Cod Regional Technical High School | Cape Cod | Core | $42.5M | $4.6M (11%) |

**Cost after approval.** After approval, the Board added money to grants for one project serving Dennis; Dennis's share of the additions, by enrollment where a school is regional, was $574,000. Of the one project closed with a final audit, Dennis's share of the final cost was $12.5 million against its share of the approved budget of $13.8 million (under by $1.3 million); the local share moved from $9.2 million to $7.6 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Dennis has $2.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dennis came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Dennis received $8.1 million in earmarks placed in the city or town and competitive grants over ten years, about the $8.4 million its size, need and institutions predict.

PEERS

## Dennis ranks 9th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $188,000 in earmarks placed in Dennis, $175,000 (93%) went to organizations rather than to Dennis's government.

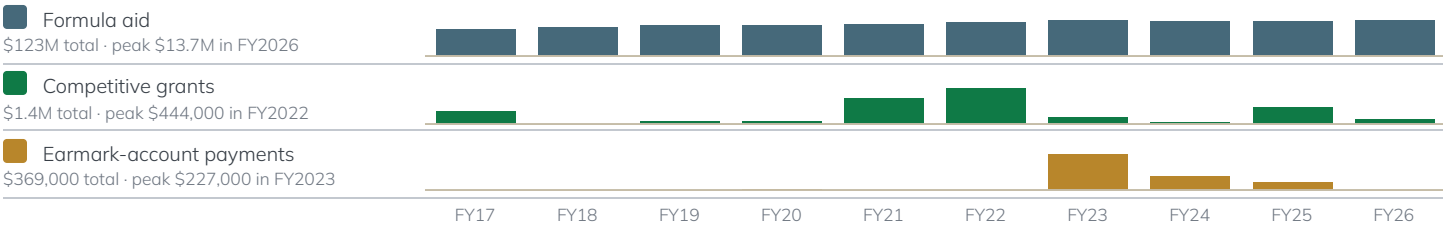
Rank under other weightings: 242nd to 251st.

Stable low: below 45 under every weighting



Dighton received less than its share of discretionary money on all four measures; its blended score of 35 stays between 34 and 37 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Dighton's town government and school districts received $123 million in formula aid and $1.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$123M** | **$1.4M** | **$369,000** |
| $15,030 per resident (73rd of 351) · gross | $168 per resident (269th of 351) | $45.06 per resident (89th of 351) |

**Competitive grants to Dighton peaked in FY2022 at $444,000, 32% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.5 million, are not shown.

EARMARKS

## Dighton received $630,000 in local earmarks in ten enacted budgets on all three measures.

STATE MONEY TO OTHERS IN DIGHTON

## State programs also awarded $3,028 to organizations in Dighton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Dighton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 3.8% of Dighton's general-fund spending in FY2025, down from 6.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **6.6%** | **5.0%** | **3.8%** | **3.0%** |

Dighton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $10.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dighton's state aid did not keep pace with either price measure: FY2025 aid was 12.9% below its FY2006 aid grown by Boston-area consumer prices and 22.6% below grown by the government price index.**

Gross state aid went from $771,000 in FY2006 to $1 million in FY2025, +35.0% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

audit, Dighton's share of the final cost was $7.1 million against its share of the approved budget of $6.9 million (over by $178,000); the local share moved from $3.4 million to $3.6 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Dighton has $232,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dighton came on average 19 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Douglas received more than its share of discretionary money on all four measures; its blended score of 70 stays between 68 and 72 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Douglas's town government and school districts received $136 million in formula aid and $5.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$136M** | **$5.3M** | **$184,000** |
| $14,824 per resident (75th of 351) · gross | $571 per resident (128th of 351) | $19.95 per resident (205th of 351) |

**Competitive grants to Douglas peaked in FY2023 at $1.7 million, 33% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.2 million, are not shown.

EARMARKS

## Douglas received $265,000 in local earmarks in ten enacted budgets on all three measures.

STATE MONEY TO OTHERS IN DOUGLAS

## State programs also awarded $100,000 to organizations in Douglas other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Douglas. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 29.4% of Douglas's general-fund spending in FY2025, down from 38.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |

Douglas's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $950,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Douglas's state aid did not keep pace with either price measure: FY2025 aid was 9.6% below its FY2006 aid grown by Boston-area consumer prices and 19.6% below grown by the government price index.**

Gross state aid went from $7.9 million in FY2006 to $11.1 million in FY2025, +40.2% in dollars. Flag: in FY2010, $516,000 of Douglas's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Douglas's health insurance would have been $2.97 million in FY2025; it was $2.40 million, $574,000 below the path. Its fixed costs would have been $4.58 million in FY2025; it was $5.26 million, $680,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Douglas's government came to $245,000, 13.1 times the $19,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Douglas came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Douglas owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

Stable low: below 45 under every weighting

Dover received less than its share of discretionary money on three of four measures; its blended score of 39 stays between 33 and 44 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Dover's town government and school districts received $49.3 million in formula aid and $821,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $49.3M | $821,000 | $358,000 |
| $8,305 per resident (241st of 351) · gross | $138 per resident (300th of 351) | $60.34 per resident (55th of 351) |

**Competitive grants to Dover peaked in FY2024 at $213,000, 26% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.8 million, are not shown.

## EARMARKS

### Dover received $591,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $591,000 | $591,000 | $591,000 | No |

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Dover $1.7 million and takes back $361,000 in assessments and charges, a net $1.3 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |

COSTS AND THE 2½% LIMIT

## State aid covered 3.3% of Dover's general-fund spending in FY2025, down from 6.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **6.5%** | **4.6%** | **3.3%** | **2.5%** |
| $1.5M of $22.9M · median town 14.1% | $1.5M of $32.4M · median town 12.2% | $1.4M of $43.6M · median town 11.5% | FY2010: 5.4% · median town 10.0% |

Dover's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.5 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dover's state aid did not keep pace with either price measure: FY2025 aid was 37.8% below its FY2006 aid grown by Boston-area consumer prices and 44.7% below grown by the government price index.**

Gross state aid went from $1.5 million in FY2006 to $1.4 million in FY2025, −3.6% in dollars. Flag: in FY2010, $786,000 of Dover's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Dover's health insurance would have been $2.31 million in FY2025; it was $2.15 million, $163,000 below the path. Its fixed costs would have been $4.03 million in FY2025; it was $4.42 million, $385,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Dover's government came to $566,000, 189.8% of the $298,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

ROADS, BRIDGES AND DAMS

## Dover has $845,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dover came on average 31 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Dracut's town government and school districts received $386 million in formula aid and $4.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$386M** | **$4.1M** | **$1M** |
| $11,847 per resident (132nd of 351) · gross | $125 per resident (305th of 351) | $31.29 per resident (144th of 351) |

**Competitive grants to Dracut peaked in FY2018 at $1.5 million, 38% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $15.8 million, are not shown.

EARMARKS

## Dracut received $1 million in local earmarks to its government, $1.7 million placed in the city or town and $1.7 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN DRACUT

## State programs also awarded $1.2 million to organizations in Dracut other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Dracut. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2027 | Merrimack River Watershed Council nonprofit | Dam and Seawall Repair or Removal Program | $237,000 |
| FY2025 | Northern Middlesex Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $12,000 (shared eight ways) |
| FY2023 | CSO) Management (Merrimac Valley Planning Commission regional body | Community Compact Efficiency & Regionalization Grant | $4,167 (shared 18 ways) |

A further $906,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 32.3% of Dracut's general-fund spending in FY2025, down from 37.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **37.0%** | **33.4%** | **32.3%** | **28.2%** |
| $20.4M of $55.1M · median town 14.1% | $24.7M of $74M · median town 12.2% | $32.8M of $102M · median town 11.5% | FY2010: 34.4% · median town 10.0% |

Dracut's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $5.5 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dracut's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 3.8% above its FY2006 aid grown by Boston-area consumer prices and 7.7% below grown by the government price index.**

Gross state aid went from $20.4 million in FY2006 to $32.8 million in FY2025, +61.0% in dollars. Flag: in FY2010, $1.4 million of Dracut's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+33.9%** | **+50.0%** | **5 of 9** | **4 of 9** |
| $8.8M to $11.8M · all towns +54.0% | $14M to $21M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Dracut's health insurance would have been $11 million in FY2025; it was $11.8 million, $798,000 above the path. Its fixed costs would have been $17.5 million in FY2025; it was $21 million, $3.52 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Dracut's government came to $921,000, 30.8% of the $2.99 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** Of the two projects closed with a final audit, the final cost was $4.3 million against an approved budget of $6.3 million (under by $2 million); the local share moved from $3 million to $2.1 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Dracut has $2.9 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dracut came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

MassDOT does not publish Small Bridge award amounts; the bridge figure in the tile above is payments found in the Comptroller's records.

EXPECTED AND ACTUAL

## Dracut received $6.8 million in earmarks placed in the city or town and competitive grants over ten years, 78% of the $8.7 million its size, need and institutions predict.

PEERS

## Dracut ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.7 million in earmarks placed in Dracut, $650,000 (39%) went to organizations rather than to Dracut's government.

FAIRNESS INDEX

## Dudley scores 60 on the Fairness Index for all state aid and 56 for discretionary money. Fifty is a fair share.

ALL STATE AID

**60** / 100

45th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 62 | 54 | 59 | 66 |

Rank under other weightings: 38th to 56th.

Stable high: above 55 under every weighting

Dudley received more than its share of state aid on all four measures; its blended score of 60 stays between 58 and 62 under every weighting tested.

DISCRETIONARY MONEY ONLY

**56** / 100

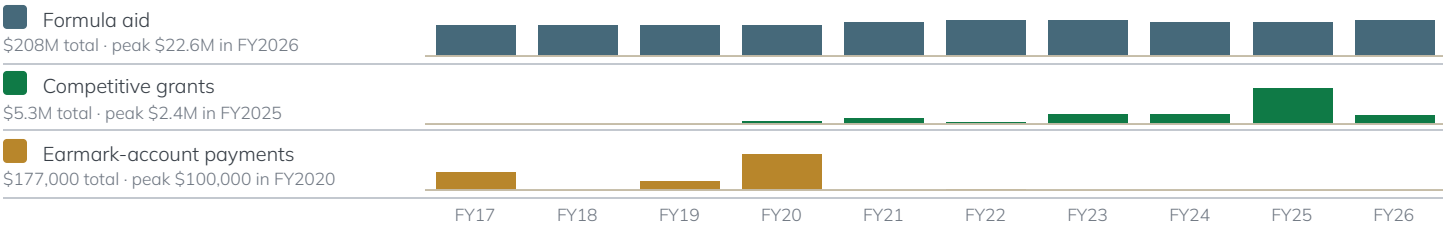
| 57 | 50 | 56 | 61 |

Rank under other weightings: 153rd to 174th.

Weighting-dependent: the range crosses the 45–55 band



Dudley received more than its share of discretionary money on three of four measures; its blended score of 56 stays between 54 and 58 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Dudley's town government and school districts received $208 million in formula aid and $5.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$208M** | **$5.3M** | **$177,000** |
| $17,447 per resident (46th of 351) · gross | $442 per resident (155th of 351) | $14.87 per resident (230th of 351) |

**Competitive grants to Dudley peaked in FY2025 at $2.4 million, 46% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $6.9 million, are not shown.

EARMARKS

## Dudley received $288,000 in local earmarks to its government, $440,000 placed in the city or town and $440,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN DUDLEY

## State programs also awarded $900,000 to organizations in Dudley other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Dudley. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $900,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 9.8% of Dudley's general-fund spending in FY2025, down from 15.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.4%** | **12.2%** | **9.8%** | **9.6%** |
| $1.7M of $10.8M · median town 14.1% | $1.8M of $15M · median town 12.2% | $2.4M of $24.3M · median town 11.5% | FY2010: 14.3% · median town 10.0% |

Dudley's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $15.6 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dudley's state aid did not keep pace with either price measure: FY2025 aid was 7.4% below its FY2006 aid grown by Boston-area consumer prices and 17.7% below grown by the government price index.**

Gross state aid went from $1.7 million in FY2006 to $2.4 million in FY2025, +43.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+20.2%** | **+67.7%** | **7 of 9** | **5 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Dudley's health insurance would have been $927,000 in FY2025; it was $893,000, $35,000 below the path. Its fixed costs would have been $1.93 million in FY2025; it was $2.59 million, $660,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Dudley's government came to $238,000, 158.4% of the $150,000 rise in its health insurance.

Dudley has no school district of its own. Its pupils attend Dudley, Dudley Charlton and Southern Worcester; Dudley accounts for 100%, 47% and 10% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Dudley, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Dudley has $1.6 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and ten high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dudley came on average 25 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN DUNSTABLE

## State programs also awarded $16,000 to organizations in Dunstable other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Dunstable. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 3.1% of Dunstable's general-fund spending in FY2025, down from 3.8% in FY2006.

Dunstable's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Dunstable's state aid did not keep pace with either price measure: FY2025 aid was 1.5% below its FY2006 aid grown by Boston-area consumer prices and 12.4% below grown by the government price index.**

Gross state aid went from $257,000 in FY2006 to $393,000 in FY2025, +52.8% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Dunstable's health insurance would have been $248,000 in FY2025; it was $262,000, $14,000 above the path. Its fixed costs would have been $665,000 in FY2025; it was $817,000, $152,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Dunstable's government came to $420,000, 6.6 times the $63,000 rise in its health insurance.

Dunstable has no school district of its own. Its pupils attend Groton-Dunstable and Greater Lowell; Dunstable accounts for 24% and 0% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $7.9 million for schools serving Dunstable, FY2017 to August 2026.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Dunstable came on average 35 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Dunstable owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

STATE MONEY TO OTHERS IN DUXBURY

## State programs also awarded $5.1 million to organizations in Duxbury other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Duxbury. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. ## State aid covered 8.9% of Duxbury's general-fund spending in FY2025, up from 7.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **7.9%** | **8.1%** | **8.9%** | **8.2%** |
| $4.1M of $51.7M · median town 14.1% | $5.9M of $73.3M · median town 12.2% | $8.5M of $95.8M · median town 11.5% | FY2010: 9.1% · median town 10.0% |

**Duxbury's state aid kept pace with both price measures: FY2025 aid was 34.3% above its FY2006 aid grown by Boston-area consumer prices and 19.4% above grown by the government price index.**

Gross state aid went from $4.1 million in FY2006 to $8.5 million in FY2025, +108.3% in dollars. Flag: in FY2010, $138,000 of Duxbury's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| $11.6M to $15.9M · all towns +54.0% | $12.9M to $19M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Duxbury's health insurance would have been $14.5 million in FY2025; it was $15.9 million, $1.34 million above the path. Its fixed costs would have been $16.1 million in FY2025; it was $19 million, $2.85 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Duxbury's government came to $448,000, 10.6% of the $4.24 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Duxbury came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Duxbury owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

Duxbury owns five high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY TO OTHERS IN EAST BRIDGEWATER

## State programs also awarded $83,000 to organizations in East Bridgewater other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving East Bridgewater. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Appalachian Mountain Club nonprofit | MassTrails Grants | $50,000 |
| FY2024 | Metropolitan Area Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $10,000 (shared 12 ways) |

A further $23,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 25.8% of East Bridgewater's general-fund spending in FY2025, down from 38.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **38.9%** | **30.2%** | **25.8%** | **24.5%** |
| $11.7M of $30.1M · median town 14.1% | $12.9M of $42.8M · median town 12.2% | $15.4M of $59.7M · median town 11.5% | FY2010: 34.8% · median town 10.0% |

East Bridgewater's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $981,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**East Bridgewater's state aid did not keep pace with either price measure: FY2025 aid was 15.0% below its FY2006 aid grown by Boston-area consumer prices and 24.4% below grown by the government price index.**

Gross state aid went from $11.7 million in FY2006 to $15.4 million in FY2025, +31.9% in dollars. Flag: in FY2010, $798,000 of East Bridgewater's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to East Bridgewater's government came to $495,000, 49.3% of the $1.00 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to East Bridgewater came on average 16 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

East Bridgewater owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

Chapter 90 by state fiscal year

## FAIRNESS INDEX

### East Brookfield scores 55 on the Fairness Index for all state aid and 27 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**55** / 100

85th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 57 | 52 | 56 | 55 |

Rank under other weightings: 72nd to 94th.

Weighting-dependent: the range crosses the 45–55 band

East Brookfield received more than its share of state aid on all four measures; its blended score of 55 stays between 54 and 56 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

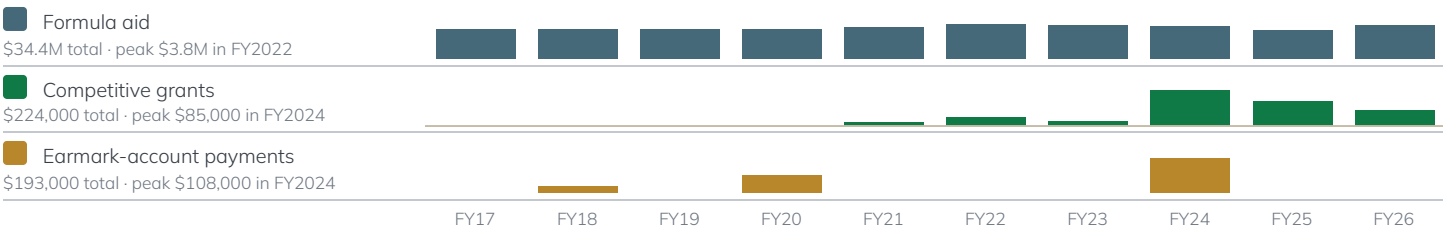
**27** / 100

279th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 29 | 25 | 28 | 27 |

Rank under other weightings: 271st to 293rd.

Stable low: below 45 under every weighting



East Brookfield received less than its share of discretionary money on all four measures; its blended score of 27 stays between 26 and 28 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### East Brookfield's town government and school districts received $34.4 million in formula aid and $224,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $34.4M | $224,000 | $193,000 |
| $15,885 per resident (63rd of 351) · gross | $104 per resident (322nd of 351) | $89.11 per resident (30th of 351) |

**Competitive grants to East Brookfield peaked in FY2024 at $85,000, 38% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.3 million, are not shown.

## EARMARKS

### East Brookfield received $205,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $205,000 | $205,000 | $205,000 | No |

COSTS AND THE 2½% LIMIT

## State aid covered 9.0% of East Brookfield's general-fund spending in FY2025, down from 11.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **11.3%** | **9.7%** | **9.0%** | **8.1%** |
| $367,000 of $3.3M · median town 14.1% | $478,000 of $4.9M · median town 12.2% | $579,000 of $6.4M · median town 11.5% | FY2010: 9.5% · median town 10.0% |

East Brookfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**East Brookfield's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 1.8% above its FY2006 aid grown by Boston-area consumer prices and 9.5% below grown by the government price index.**

Gross state aid went from $367,000 in FY2006 to $579,000 in FY2025, +57.8% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+78.8%** | **+122.1%** | **5 of 9** | **5 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, East Brookfield's health insurance would have been $243,000 in FY2025; it was $347,000, $105,000 above the path. Its fixed costs would have been $444,000 in FY2025; it was $789,000, $345,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2024 (+37%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to East Brookfield's government came to $205,000, 133.9% of the $153,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to East Brookfield came on average 50 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

East Brookfield owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

East Brookfield owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

COSTS AND THE 2½% LIMIT

## State aid covered 25.1% of East Longmeadow's general-fund spending in FY2025, up from 17.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **17.6%** | **23.8%** | **25.1%** | **24.0%** |

**East Longmeadow's state aid kept pace with both price measures: FY2025 aid was 76.4% above its FY2006 aid grown by Boston-area consumer prices and 56.8% above grown by the government price index.**

Gross state aid went from $6.5 million in FY2006 to $17.7 million in FY2025, +173.6% in dollars. Flag: in FY2010, $1.2 million of East Longmeadow's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to East Longmeadow came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Eastham received less than its share of discretionary money on all four measures; its blended score of 25 stays between 22 and 28 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Eastham's town government and school districts received $29.4 million in formula aid and $1.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$29.4M** | **$1.3M** | **$54,000** |
| $5,051 per resident (345th of 351) · gross | $226 per resident (239th of 351) | $9.32 per resident (264th of 351) |

**Competitive grants to Eastham peaked in FY2017 at $287,000, 22% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $17.8 million, are not shown.

EARMARKS

## Eastham received $12,000 in local earmarks to its government, $537,000 placed in the city or town and $537,000 counting everything placed, in ten enacted budgets.

STATE MONEY TO OTHERS IN EASTHAM

## State programs also awarded $739,000 to organizations in Eastham other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Eastham. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Lower Cape Community Access Television nonprofit | Cultural Facilities Fund | $200,000 |
| FY2020 | Lower Cape Community Acces Television nonprofit | Cultural Facilities Fund | $30,000 |

A further $509,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 1.7% of Eastham's general-fund spending in FY2025, down from 2.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **2.7%** | **2.1%** | **1.7%** | **-0.5%** |
| $468,000 of $17.1M · median town 14.1% | $531,000 of $25.7M · median town 12.2% | $771,000 of $44.8M · median town 11.5% | FY2010: 0.6% · median town 10.0% |

Eastham's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $908,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Eastham's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 6.3% above its FY2006 aid grown by Boston-area consumer prices and 5.5% below grown by the government price index.**

Gross state aid went from $468,000 in FY2006 to $771,000 in FY2025, +64.8% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Eastham's health insurance would have been $2.58 million in FY2025; it was $3.00 million, $422,000 above the path. Its fixed costs would have been $5.18 million in FY2025; it was $6.02 million, $835,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Eastham's government came to $12,000, 1.3% of the $936,000 rise in its health insurance.

| FY2018 | Cape Cod Regional Technical High School | Cape Cod | Core | $42.5M | $1.6M (4%) |

**Cost after approval.** After approval, the Board added money to grants for two projects serving Eastham; Eastham's share of the additions, by enrollment where a school is regional, was $1.8 million, $1.6 million of it in the FY2024 supplemental grants for cost escalation. Of the one project closed with a final audit, Eastham's share of the final cost was $4.4 million against its share of the approved budget of $4.9 million (under by $460,000); the local share moved from $3.2 million to $2.7 million. Approved budgets include contingency.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Eastham came on average 64 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN EASTHAMPTON

## State programs also awarded $1.8 million to organizations in Easthampton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Easthampton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2025 | CitySpace nonprofit | Community One Stop for Growth | $502,000 |
| FY2019 | CitySpace nonprofit | Cultural Facilities Fund | $200,000 |

A further $546,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 23.6% of Easthampton's general-fund spending in FY2025, down from 36.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **36.7%** | **30.1%** | **23.6%** | **18.3%** |
| $10.8M of $29.3M · median town 14.1% | $11.3M of $37.7M · median town 12.2% | $13.5M of $57.3M · median town 11.5% | FY2010: 29.6% · median town 10.0% |

**Easthampton's state aid did not keep pace with either price measure: FY2025 aid was 19.0% below its FY2006 aid grown by Boston-area consumer prices and 28.0% below grown by the government price index.**

Gross state aid went from $10.8 million in FY2006 to $13.5 million in FY2025, +25.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| $3.8M to $5.9M · all towns +54.0% | $7.1M to $11.2M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Easthampton's health insurance would have been $4.74 million in FY2025; it was $5.90 million, $1.16 million above the path. Its fixed costs would have been $8.86 million in FY2025; it was $11.2 million, $2.32 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Easthampton's government came to $494,000, 23.5% of the $2.10 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Easthampton came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Easthampton owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

**Easthampton owns three high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

Easton received less than its share of discretionary money on all four measures; its blended score of 39 stays between 38 and 40 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Easton's town government and school districts received $184 million in formula aid and $6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$184M** | **$6M** | **$1.4M** |
| $7,249 per resident (281st of 351) · gross | $236 per resident (231st of 351) | $54.82 per resident (67th of 351) |

**Competitive grants to Easton were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $11.7 million, are not shown.

EARMARKS

## Easton received $1.2 million in local earmarks to its government, $1.4 million placed in the city or town and $1.4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$1.2M** | **$1.4M** | **$1.4M** | **No** |
| $47.60 per resident (83rd of 351) | $53.96 per resident (157th of 351) · 12% to organizations | $56.92 per resident (155th of 351) · 11% to organizations | 35 municipalities had none |

Placed in the city or town: 23 clauses in ten of ten budgets; the most recent in FY2026. $1.2 million went to Easton's government, its schools or municipal projects; the other $161,000 went to organizations in Easton or named with it, some of which serve a wider area.

Clauses that name Easton but fund a state facility or a MassHealth rate add-on, $75,000, count under everything placed only.

Everything placed, the third measure, adds $75,000 in one clause for state facilities located in Easton (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN EASTON

## State programs also awarded $1.6 million to organizations in Easton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Easton. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2027 | Oakes Ames Memorial Hall Association Inc. nonprofit | Community One Stop for Growth | $600,000 |
| FY2025 | Oakes Ames Memorial Hall Association nonprofit | Cultural Facilities Fund | $200,000 |
| FY2024 | Easton Children's Museum nonprofit | Cultural Facilities Fund | $129,000 |
| FY2016 | Oakes Ames Memorial Hall Association nonprofit | Cultural Facilities Fund | $20,000 |

A further $665,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 14.4% of Easton's general-fund spending in FY2025, down from 23.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **23.9%** | **18.2%** | **14.4%** | **13.0%** |
| $11.6M of $48.4M · median town 14.1% | $13.1M of $72M · median town 12.2% | $14.3M of $99.4M · median town 11.5% | FY2010: 20.5% · median town 10.0% |

Easton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $459,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Easton's state aid did not keep pace with either price measure: FY2025 aid was 20.2% below its FY2006 aid grown by Boston-area consumer prices and 29.1% below grown by the government price index.**

Gross state aid went from $11.6 million in FY2006 to $14.3 million in FY2025, +23.8% in dollars. Flag: in FY2010, $984,000 of Easton's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+41.6%** | **+53.9%** | **6 of 9** | **4 of 9** |
| $7.3M to $10.3M · all towns +54.0% | $12M to $18.5M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Easton's health insurance would have been $9.09 million in FY2025; it was $10.3 million, $1.22 million above the path. Its fixed costs would have been $15 million in FY2025; it was $18.5 million, $3.49 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Easton's government came to $1.1 million, 37.8% of the $3.03 million rise in its health insurance.

| FY2018 | Bristol County Agricultural High School | Bristol County | Core | $53.3M | $910,000 (2%) |

**Cost after approval.** Of the two projects closed with a final audit, Easton's share of the final cost was $83.5 million against its share of the approved budget of $96.6 million (under by $13.1 million); the local share moved from $59.7 million to $48.6 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Easton has $1.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and four high- or significant-hazard dams.

| two rated poor; likely about $5.2M of work on those ($2.5M with short spans at the federal unit cost) | of eight town-owned dams | bridges $500,000 · dams $0 · culverts $0 |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Easton came on average 15 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Easton owns four high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

STATE MONEY TO OTHERS IN EDGARTOWN

## State programs also awarded $1 million to organizations in Edgartown other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Edgartown. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2017 | Martha's Vineyard Museum nonprofit | Cultural Facilities Fund | $225,000 |
| FY2024 | Martha's Vineyard Preservation Trust nonprofit | Cultural Facilities Fund | $145,000 |

A further $510,000 in 5 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

Edgartown's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Edgartown's state aid kept pace with both price measures: FY2025 aid was 167.7% above its FY2006 aid grown by Boston-area consumer prices and 138.0% above grown by the government price index.**

Gross state aid went from $1 million in FY2006 to $4.2 million in FY2025, +315.2% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Edgartown's health insurance would have been $3.67 million in FY2025; it was $4.35 million, $679,000 above the path. Its fixed costs would have been $5.93 million in FY2025; it was $7.48 million, $1.55 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Edgartown's government came to $0, 0.0% of the $1.41 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Edgartown has $3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Edgartown came on average 42 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN EGREMONT

## State programs also awarded $452,000 to organizations in Egremont other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Egremont. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Greenagers nonprofit | Cultural Facilities Fund | $200,000 |
| FY2023 | Berkshire Regional Planning Commission regional body | Community Compact Efficiency & Regionalization Grant | $8,696 (shared 23 ways) |

| FY2022 | Department of Conservation and Recreation state agency | MassTrails Grants | $722 (shared 18 ways) |

A further $242,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

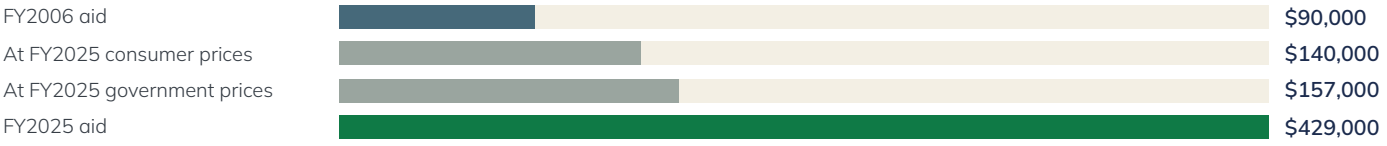
COSTS AND THE 2½% LIMIT



## State aid covered 5.6% of Egremont's general-fund spending in FY2025, up from 3.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 3.2% | 5.5% | 5.6% | 5.6% |
| $90,000 of $2.8M · median town 14.1% | $211,000 of $3.8M · median town 12.2% | $429,000 of $7.6M · median town 11.5% | FY2010: 5.6% · median town 10.0% |

Egremont's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $300,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Egremont's state aid kept pace with both price measures: FY2025 aid was 207.3% above its FY2006 aid grown by Boston-area consumer prices and 173.1% above grown by the government price index.**

Gross state aid went from $90,000 in FY2006 to $429,000 in FY2025, +376.5% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Egremont's health insurance would have been $265,000 in FY2025; it was $270,000, $4,401 above the path. Its fixed costs would have been $581,000 in FY2025; it was $675,000, $94,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Egremont's government came to $0, 0.0% of the $57,000 rise in its health insurance.

Egremont has no school district of its own. Its pupils attend Southern Berkshire; Egremont accounts for 14% of that district's foundation budget. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Egremont came on average 26 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Egremont owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

Chapter 90 by state fiscal year

| Year | Annual apportionment | One-time supplements | Reimbursed in the year (any year's money) | Year-end balance, FY2017-on money |

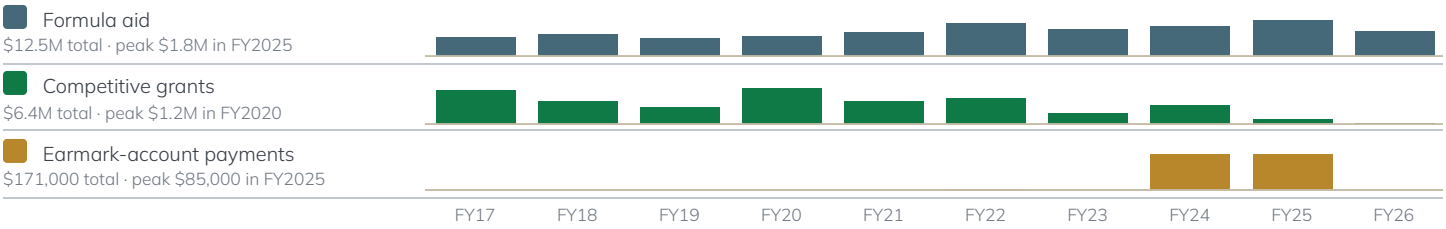
| 97 | 97 | 96 | 99 |

Rank under other weightings: 5th to 16th.

Stable high: above 55 under every weighting



Erving received more than its share of discretionary money on all four measures; its blended score of 97 stays between 97 and 98 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Erving's town government and school districts received $12.5 million in formula aid and $6.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $12.5M | $6.4M | $171,000 |
| $7,326 per resident (276th of 351) · gross | $3,750 per resident (25th of 351) | $100 per resident (22nd of 351) |

**Competitive grants to Erving were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.4 million, are not shown.

EARMARKS

## No local earmark was placed in Erving in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

The Comptroller records $171,000 in payments to Erving's town government and school districts from accounts classified as earmarks over the same ten years. Those accounts can carry prior-year and statewide-program money; no enacted clause was placed in Erving.

Erving is one of the 35 cities and towns with no earmark placed in them in any of the ten budgets. The list counts enacted earmarks only. All 35 received competitive grant payments in the same ten years; Erving's appear under State money above.

STATE MONEY TO OTHERS IN ERVING

## State programs also awarded $257,000 to organizations in Erving other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Erving. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2027 | Franklin Regional Council of Governments regional body | Community One Stop for Growth | $150,000 |
| FY2026 | Western Massachusetts Climbers Coalition nonprofit | MassTrails Grants | $99,000 |

COSTS AND THE 2½% LIMIT

## State aid covered 6.2% of Erving's general-fund spending in FY2025, the same share as in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **6.2%** | **7.5%** | **6.2%** | **4.4%** |
| $399,000 of $6.4M · median town 14.1% | $634,000 of $8.5M · median town 12.2% | $766,000 of $12.4M · median town 11.5% | FY2010: 9.4% · median town 10.0% |

Erving's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $117,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Erving's state aid kept pace with both price measures: FY2025 aid was 23.7% above its FY2006 aid grown by Boston-area consumer prices and 10.0% above grown by the government price index.**

Gross state aid went from $399,000 in FY2006 to $766,000 in FY2025, +91.9% in dollars. Flag: in FY2010, $578,000 of Erving's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+86.7%** | **+83.4%** | **7 of 9** | **6 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Erving's health insurance would have been $994,000 in FY2025; it was $1.49 million, $492,000 above the path. Its fixed costs would have been $1.52 million in FY2025; it was $2.23 million, $712,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Erving's government came to $0, 0.0% of the $690,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Erving came on average 34 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

FAIRNESS INDEX

## Essex scores 32 on the Fairness Index for all state aid and 58 for discretionary money. Fifty is a fair share.

ALL STATE AID

**32** / 100

292nd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 32 | 40 | 30 | 25 |

Rank under other weightings: 284th to 296th.

Stable low: below 45 under every weighting

Essex received less than its share of state aid on all four measures; its blended score of 32 stays between 29 and 34 under every weighting tested.

DISCRETIONARY MONEY ONLY

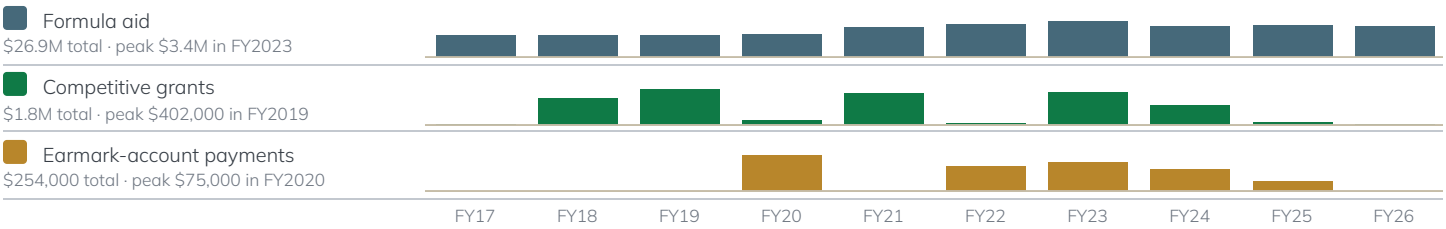
**58** / 100

153rd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 67 | 74 | 32 | 59 |

Rank under other weightings: 130th to 186th.

Weighting-dependent: the range crosses the 45–55 band



Essex received more than its share of discretionary money on three of four measures; its blended score of 58 stays between 50 and 65 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Essex's town government and school districts received $26.9 million in formula aid and $1.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$26.9M** | **$1.8M** | **$254,000** |
| $7,261 per resident (279th of 351) · gross | $477 per resident (144th of 351) | $68.52 per resident (40th of 351) |

**Competitive grants to Essex peaked in FY2019 at $402,000, 23% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $5.9 million, are not shown.

EARMARKS

## Essex received $523,000 in local earmarks to its government, $768,000 placed in the city or town and $768,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$523,000** | **$768,000** | **$768,000** | **No** |

STATE MONEY TO OTHERS IN ESSEX

## State programs also awarded $507,000 to organizations in Essex other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Essex. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2021 | Manchester-Essex RSD nonprofit | Community Compact Efficiency & Regionalization Grant | $49,000 (shared two ways) |
| FY2021 | Essex County Greenbelt Association nonprofit | CZM Coastal Resilience Grant | $41,000 |
| FY2026 | Essex Historical Society and Shipbuilding Museum nonprofit | Cultural Facilities Fund | $35,000 |
| FY2022 | Essex Historical Society and Shipbuilding Museum nonprofit | Cultural Facilities Fund | $25,000 |
| FY2020 | Essex County Greenbelt Association nonprofit | CZM Coastal Resilience Grant | $17,000 (shared two ways) |

A further $339,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 1.8% of Essex's general-fund spending in FY2025, down from 3.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 3.5% | 1.9% | 1.8% | 1.6% |
| $314,000 of $8.9M · median town 14.1% | $271,000 of $13.9M · median town 12.2% | $346,000 of $19.6M · median town 11.5% | FY2010: 1.9% · median town 10.0% |

Essex's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.6 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Essex's state aid did not keep pace with either price measure: FY2025 aid was 29.0% below its FY2006 aid grown by Boston-area consumer prices and 36.9% below grown by the government price index.**

Gross state aid went from $314,000 in FY2006 to $346,000 in FY2025, +10.2% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| +67.1% | +53.4% | 7 of 9 | 7 of 9 |
| $421,000 to $703,000 · all towns +54.0% | $894,000 to $1.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Essex's health insurance would have been $525,000 in FY2025; it was $703,000, $178,000 above the path. Its fixed costs would have been $1.12 million in FY2025; it was $1.37 million, $255,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Essex's government came to $433,000, 153.5% of the $282,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |
|---|---|---|---|
| To the city or town government | $433,000 | 153.5% | 13.0% |
| Placed in the city or town | $672,000 | 2.4 times | 41.2% |
| Everything placed | $672,000 | 2.4 times | 45.2% |

SCHOOLS

## Essex's required school contribution is 2.6% of median household income, 190th highest of 351.

| Chapter 70 aid, FY2026 | Required local contribution |
|---|---|
| $1.6M | $5.5M |
| attributed to the town | FY2026 |
| **Share of household income** | **Real aid per pupil, FY2017–26** |
| 2.6% | +6% |
| 190th of 351 (1 = highest) | after inflation |

Essex has no school district of its own. Its pupils attend Manchester Essex and Essex North Shore; Essex accounts for 42% and 1% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $5.3 million for schools serving Essex, FY2017 to August 2026.

| Approved, Essex's share | Projects | Statewide |
|---|---|---|
| $5.3M | 2 | $8.66B |
| $1,444 per resident (117th of 351) | approved, July 2016 to August 2026 | shared by 278 of 351 municipalities |

School building grants approved, newest first

| Year | School | District | Program | Maximum grant | Essex's share |
|---|---|---|---|---|---|
| FY2020 | Essex North Shore Agricultural and Technical School | Essex North Shore | Accelerated Repair (Partial Roof) | $650,000 | $7,874 (1%) |
| FY2019 | Manchester Memorial Elementary School | Manchester Essex | Core | $12.6M | $5.3M (42%) |

**Cost after approval.** Of the one project closed with a final audit, Essex's share of the final cost was $12,000 against its share of the approved budget of $18,000 (under by $6,000); the local share moved from $10,000 to $7,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Essex has $970,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.
