Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Essex came on average 33 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

FAIRNESS INDEX

## Everett scores 68 on the Fairness Index for all state aid and 56 for discretionary money. Fifty is a fair share.

ALL STATE AID

**68** / 100

17th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 70 | 64 | 65 | 73 |

Rank under other weightings: 15th to 19th.

Stable high: above 55 under every weighting

Everett received more than its share of state aid on all four measures; its blended score of 68 stays between 66 and 70 under every weighting tested.

DISCRETIONARY MONEY ONLY

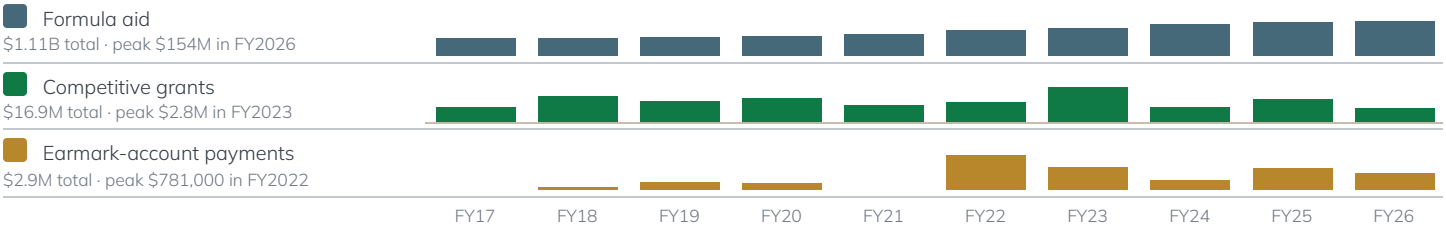
**56** / 100

164th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 55 | 47 | 64 | 58 |

Rank under other weightings: 147th to 177th.

Weighting-dependent: the range crosses the 45–55 band



Everett received more than its share of discretionary money on three of four measures; its blended score of 56 stays between 53 and 59 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Everett's town government and school districts received $1.11 billion in formula aid and $16.9 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$1.11B** | **$16.9M** | **$2.9M** |
| $22,244 per resident (18th of 351) · gross | $337 per resident (193rd of 351) | $57.83 per resident (62nd of 351) |

**Competitive grants to Everett were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $221 million, are not shown.

EARMARKS

## Everett received $5 million in local earmarks to its government, $6 million placed in the city or town and $6.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$5M** | **$6M** | **$6.1M** | **No** |
| $101 per resident (22nd of 351) | $120 per resident (45th of 351) · 16% to organizations | $121 per resident (52nd of 351) · 16% to organizations | 35 municipalities had none |

Placed in the city or town: 76 clauses in ten of ten budgets; the most recent in FY2026. $5 million went to Everett's government, its schools or municipal projects; the other $968,000 went to organizations in Everett or named with it, some of which serve a wider area.

Clauses that name Everett but fund a state facility or a MassHealth rate add-on, $50,000, count under everything placed only.

Everything placed, the third measure, adds $50,000 in one clause for state facilities located in Everett (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN EVERETT

## State programs also awarded $1.2 million to organizations in Everett other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Everett. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town’s share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2019 | MetroNorth Regional Employment Board nonprofit | Gaming Commission Community Mitigation Fund | $300,000 |
| FY2023 | Cities of Everett & Boston nonprofit | Gaming Commission Community Mitigation Fund | $225,000 (shared two ways) |
| FY2019 | Cities of Everett & Somerville nonprofit | Gaming Commission Community Mitigation Fund | $212,000 (shared two ways) |
| FY2020 | Cities of Everett and Somerville nonprofit | Gaming Commission Community Mitigation Fund | $212,000 (shared two ways) |

| FY2025 | Mystic River Watershed Association nonprofit | MassTrails Grants | $17,000 (shared six ways) |

A further $5,146 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family’s name.

COSTS AND THE 2½% LIMIT

## State aid covered 42.0% of Everett's general-fund spending in FY2025, up from 27.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **27.0%** | **41.8%** | **42.0%** | **35.2%** |
| $33.2M of $123M · median town 14.1% | $73.4M of $176M · median town 12.2% | $130M of $310M · median town 11.5% | FY2010: 24.8% · median town 10.0% |

**Everett's state aid kept pace with both price measures: FY2025 aid was 152.9% above its FY2006 aid grown by Boston-area consumer prices and 124.7% above grown by the government price index.**

Gross state aid went from $33.2 million in FY2006 to $130 million in FY2025, +292.2% in dollars. Flag: in FY2010, $2.8 million of Everett's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+105.6%** | **+78.1%** | **6 of 9** | **6 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Everett's health insurance would have been $27.1 million in FY2025; it was $44.6 million, $17.5 million above the path. Its fixed costs would have been $44.2 million in FY2025; it was $63.1 million, $18.8 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2019 (+41%); health insurance changed by more than 30% in one year in FY2019 (+71%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Everett's government came to $4.7 million, 20.7% of the $22.9 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Everett came on average 25 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Everett received $23.2 million in earmarks placed in the city or town and competitive grants over ten years, 22% more than the $18.9 million its size, need and institutions predict.

PEERS

## Everett ranks 2nd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $6 million in earmarks placed in Everett, $968,000 (16%) went to organizations rather than to Everett's government.

FAIRNESS INDEX

## Fairhaven scores 47 on the Fairness Index for all state aid and 61 for discretionary money. Fifty is a fair share.

ALL STATE AID

**47** / 100

150th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 44 | 40 | 47 | 57 |

Rank under other weightings: 110th to 184th.

Weighting-dependent: the range crosses the 45–55 band

Fairhaven received less than its share of state aid on three of four measures; its blended score of 47 stays between 44 and 50 under every weighting tested.

DISCRETIONARY MONEY ONLY

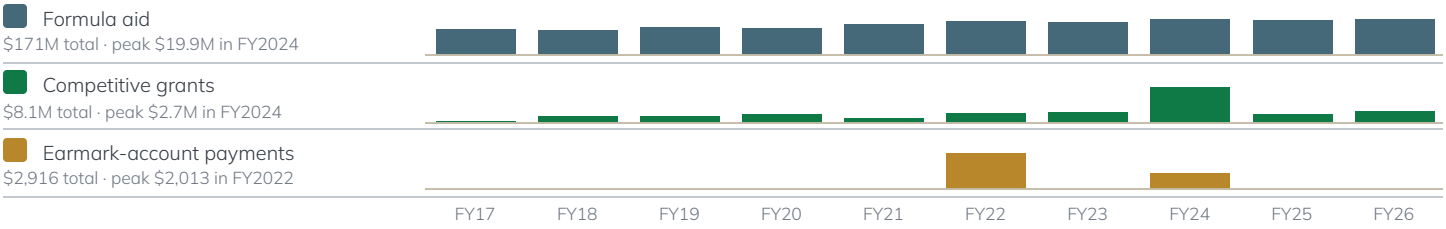
**61** / 100

146th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 60 | 57 | 54 | 72 |

Rank under other weightings: 131st to 161st.

Stable high: above 55 under every weighting



Fairhaven received more than its share of discretionary money on all four measures; its blended score of 61 stays between 57 and 64 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Fairhaven's town government and school districts received $171 million in formula aid and $8.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $171M | $8.1M | $2,916 |
| $10,747 per resident (155th of 351) · gross | $508 per resident (138th of 351) | $0.18 per resident (337th of 351) |

**Competitive grants to Fairhaven peaked in FY2024 at $2.7 million, 33% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $15.9 million, are not shown.

EARMARKS

## Fairhaven received $25,000 in local earmarks to its government, $200,000 placed in the city or town and $200,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $25,000 | $200,000 | $200,000 | No |

STATE MONEY TO OTHERS IN FAIRHAVEN

## State programs also awarded $287,000 to organizations in Fairhaven other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Fairhaven. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Whitfield-Manjiro Friendship Society nonprofit | Cultural Facilities Fund | $80,000 |
| FY2021 | SRPEDD nonprofit | Community Compact Efficiency & Regionalization Grant | $3,028 (shared 26 ways) |

A further $204,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 21.1% of Fairhaven's general-fund spending in FY2025, down from 29.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **29.0%** | **25.3%** | **21.1%** | **20.0%** |
| $10.7M of $37M · median town 14.1% | $11.4M of $45.2M · median town 12.2% | $13.4M of $63.3M · median town 11.5% | FY2010: 27.7% · median town 10.0% |

Fairhaven's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Fairhaven's state aid did not keep pace with either price measure: FY2025 aid was 19.8% below its FY2006 aid grown by Boston-area consumer prices and 28.7% below grown by the government price index.**

Gross state aid went from $10.7 million in FY2006 to $13.4 million in FY2025, +24.4% in dollars. Flag: in FY2010, $1 million of Fairhaven's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+33.7%** | **+47.8%** | **5 of 9** | **6 of 9** |
| $6.1M to $8.1M · all towns +54.0% | $7.4M to $10.9M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Fairhaven's health insurance would have been $7.60 million in FY2025; it was $8.13 million, $536,000 above the path. Its fixed costs would have been $9.23 million in FY2025; it was $10.9 million, $1.70 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Fairhaven's government came to $0, 0.0% of the $2.05 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** Of the one project closed with a final audit, Fairhaven's share of the final cost was $6.5 million against its share of the approved budget of $6.3 million (over by $163,000); the local share moved from $3.1 million to $3.3 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Fairhaven has $1.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Fairhaven came on average 41 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

## FAIRNESS INDEX

**Fall River scores 72 on the Fairness Index for all state aid and 55 for discretionary money. Fifty is a fair share.**

### ALL STATE AID

**72** / 100

10th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 74 | 63 | 70 | 81 |

Rank under other weightings: 7th to 11th.

Stable high: above 55 under every weighting

Fall River received more than its share of state aid on all four measures; its blended score of 72 stays between 69 and 75 under every weighting tested.

### DISCRETIONARY MONEY ONLY

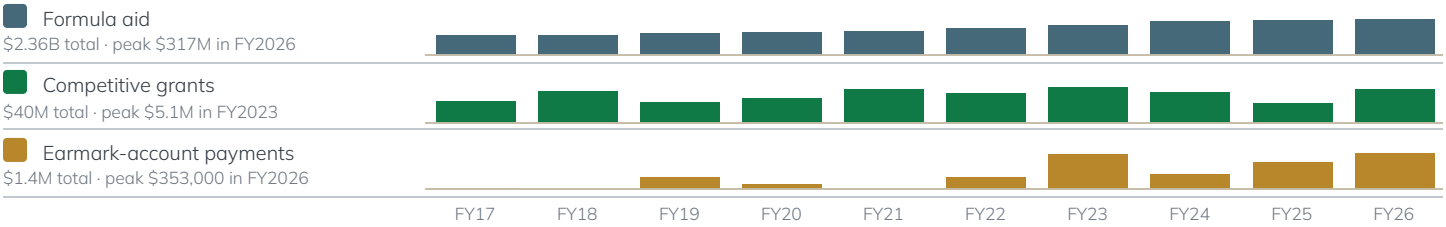
**55** / 100

168th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 55 | 42 | 58 | 65 |

Rank under other weightings: 148th to 185th.

Weighting-dependent: the range crosses the 45–55 band



Fall River received more than its share of discretionary money on three of four measures; its blended score of 55 stays between 51 and 59 under every weighting tested.

## STATE MONEY, FY2017–FY2026

**Fall River's town government and school districts received $2.36 billion in formula aid and $40 million in competitive grants over ten years.**

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$2.36B** | **$40M** | **$1.4M** |
| $25,031 per resident (10th of 351) · gross | $426 per resident (158th of 351) | $14.70 per resident (231st of 351) |

**Competitive grants to Fall River were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $113 million, are not shown.

## EARMARKS

**Fall River received $1.6 million in local earmarks to its government, $7.3 million placed in the city or town and $8 million counting everything placed, in ten enacted budgets.**

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$1.6M** | **$7.3M** | **$8M** | **No** |
| $17.41 per resident (228th of 351) | $77.65 per resident (98th of 351) · 78% to organizations | $85.09 per resident (100th of 351) · 71% to organizations | 35 municipalities had none |

Placed in the city or town: 74 clauses in ten of ten budgets; the most recent in FY2026. $1.6 million went to Fall River's government, its schools or municipal projects; the other $5.7 million went to organizations in Fall River or named with it, some of which serve a wider area.

Clauses that name Fall River but fund a state facility or a MassHealth rate add-on, $75,000, count under everything placed only.

Everything placed, the third measure, adds $700,000 in ten clauses for state facilities located in Fall River (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN FALL RIVER

## State programs also awarded $7.4 million to organizations in Fall River other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Fall River. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $5.2 million in 17 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 56.3% of Fall River's general-fund spending in FY2025, up from 53.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **53.5%** | **54.0%** | **56.3%** | **47.0%** |
| $122M of $229M · median town 14.1% | $134M of $248M · median town 12.2% | $242M of $430M · median town 11.5% | FY2010: 53.7% · median town 10.0% |

Fall River's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $20.5 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Fall River's state aid kept pace with both price measures: FY2025 aid was 27.6% above its FY2006 aid grown by Boston-area consumer prices and 13.4% above grown by the government price index.**

Gross state aid went from $122 million in FY2006 to $242 million in FY2025, +97.8% in dollars. Flag: in FY2010, $4.4 million of Fall River's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+137.6%** | **+132.2%** | **5 of 9** | **4 of 9** |
| $32M to $76.1M · all towns +54.0% | $43.3M to $100M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Fall River's health insurance would have been $40 million in FY2025; it was $76.1 million, $36.1 million above the path. Its fixed costs would have been $54 million in FY2025; it was $100 million, $46.4 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+58%); health insurance changed by more than 30% in one year in FY2017 (+74%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Fall River's government came to $1.5 million, 3.4% of the $44.1 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** After approval, the Board added money to grants for two projects serving Fall River; Fall River's share of the additions, by enrollment where a school is regional, was $17.7 million, $17.7 million of it in the FY2024 supplemental grants for cost escalation. Of the two projects closed with a final audit, Fall River's share of the final cost was $273 million against its share of the approved budget of $274 million (under by $369,000); the local share moved from $98.1 million to $102 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Fall River has $5.9 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and six high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Fall River came on average 19 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Falmouth received less than its share of discretionary money on all four measures; its blended score of 18 stays between 18 and 19 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Falmouth's town government and school districts received $178 million in formula aid and $4.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$178M** | **$4.8M** | **$312,000** |
| $5,383 per resident (340th of 351) · gross | $146 per resident (295th of 351) | $9.43 per resident (263rd of 351) |

**Competitive grants to Falmouth peaked in FY2025 at $1.6 million, 32% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $53 million, are not shown.

EARMARKS

## Falmouth received $401,000 in local earmarks to its government, $2 million placed in the city or town and $2.2 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$401,000** | **$2M** | **$2.2M** | **No** |
| $12.15 per resident (259th of 351) | $60.26 per resident (138th of 351) · 80% to organizations | $66.46 per resident (129th of 351) · 72% to organizations | 35 municipalities had none |

Placed in the city or town: 30 clauses in seven of ten budgets; the most recent in FY2026. $401,000 went to Falmouth's government, its schools or municipal projects; the other $1.6 million went to organizations in Falmouth or named with it, some of which serve a wider area.

Clauses that name Falmouth but fund a state facility or a MassHealth rate add-on, $205,000, count under everything placed only.

Everything placed, the third measure, adds $205,000 in two clauses for state facilities located in Falmouth (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

### ROADS: WHO MAINTAINS WHAT

Of 349.1 miles of public road in Falmouth, the state maintains 24.8 (7%); local government and others maintain the rest.

| Jurisdiction | Miles | Share |
|---|---|---|
| MassDOT | 24.8 | 7% |
| Town-accepted | 230.9 | 66% |
| Unaccepted public ways | 93.4 | 27% |

### STATE FACILITIES IN TOWN THAT RECEIVED EARMARKS

| Year | Amount | Enacted budget text (excerpt) |

| FY2017 | $175,000 | “shellfish propagation in Barnstable, Dukes and Nantucket counties to be administered jointly by the director of marine fisheries and counties” |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Falmouth $15.4 million and takes back $4.8 million in assessments and charges, a net $10.6 million.

## FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Falmouth. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2027 | Barnstable County regional body | Community One Stop for Growth | $1.4M |
| FY2023 | Woods Hole Oceanographic Institution nonprofit | CZM Coastal Resilience Grant | $500,000 |
| FY2026 | Falmouth Bicycle and Pedestrian Committee nonprofit | MassTrails Grants | $400,000 |
| FY2017 | Friends of Nobska Light nonprofit | Cultural Facilities Fund | $225,000 |
| FY2018 | Marine Biological Laboratory nonprofit | Cultural Facilities Fund | $200,000 |
| FY2019 | College Light Opera Company nonprofit | Cultural Facilities Fund | $200,000 |
| FY2020 | Friends of Nobska Light nonprofit | Cultural Facilities Fund | $200,000 |
| FY2025 | College Light Opera Company nonprofit | Cultural Facilities Fund | $200,000 |
| FY2022 | Woods Hole Oceanographic Institute nonprofit | CZM Coastal Resilience Grant | $200,000 |
| FY2023 | Highfield Hall & Gardens nonprofit | Cultural Facilities Fund | $169,000 |
| FY2022 | Friends of Nobska Light nonprofit | Cultural Facilities Fund | $160,000 |
| FY2025 | Falmouth EDIC nonprofit | Community One Stop for Growth | $145,000 |
| FY2019 | Falmouth Historical Society nonprofit | Cultural Facilities Fund | $75,000 |
| FY2026 | Farming Falmouth nonprofit | Cultural Facilities Fund | $42,000 |
| FY2021 | College Light Opera Company nonprofit | Cultural Facilities Fund | $40,000 |

Printed: the 15 largest of 22 awards; the web page lists all of them.

A further $1.1 million in 7 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 7.9% of Falmouth's general-fund spending in FY2025, down from 9.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.1%** | **8.0%** | **7.9%** | **4.8%** |
| $8.3M of $90.9M · median town 14.1% | $10M of $126M · median town 12.2% | $14.3M of $179M · median town 11.5% | FY2010: 7.4% · median town 10.0% |

Falmouth's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $762,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Falmouth's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 11.3% above its FY2006 aid grown by Boston-area consumer prices and 1.1% below grown by the government price index.**

Gross state aid went from $8.3 million in FY2006 to $14.3 million in FY2025, +72.6% in dollars. Flag: in FY2010, $1.5 million of Falmouth's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+49.2%** | **+56.7%** | **7 of 9** | **5 of 9** |
| $11.1M to $16.6M · all towns +54.0% | $19.5M to $30.5M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Falmouth's health insurance would have been $13.9 million in FY2025; it was $16.6 million, $2.70 million above the path. Its fixed costs would have been $24.3 million in FY2025; it was $30.5 million, $6.20 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Falmouth's government came to $396,000, 7.3% of the $5.46 million rise in its health insurance.

**Cost after approval.** Of the one project closed with a final audit, the final cost was $3.3 million against an approved budget of $3.7 million (under by $418,000); the local share moved from $2.3 million to $2.1 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Falmouth has $8.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Falmouth came on average 39 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Falmouth owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Falmouth received $8.6 million in earmarks placed in the city or town and competitive grants over ten years, 47% of the $18 million its size, need and institutions predict.

PEERS

## Falmouth ranks 5th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2 million in earmarks placed in Falmouth, $1.6 million (80%) went to organizations rather than to Falmouth's government.

## FAIRNESS INDEX

### Fitchburg scores 68 on the Fairness Index for all state aid and 75 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**68** / 100

16th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 71 | 60 | 68 | 74 |

Rank under other weightings: 14th to 22nd.

Stable high: above 55 under every weighting

Fitchburg received more than its share of state aid on all four measures; its blended score of 68 stays between 65 and 71 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

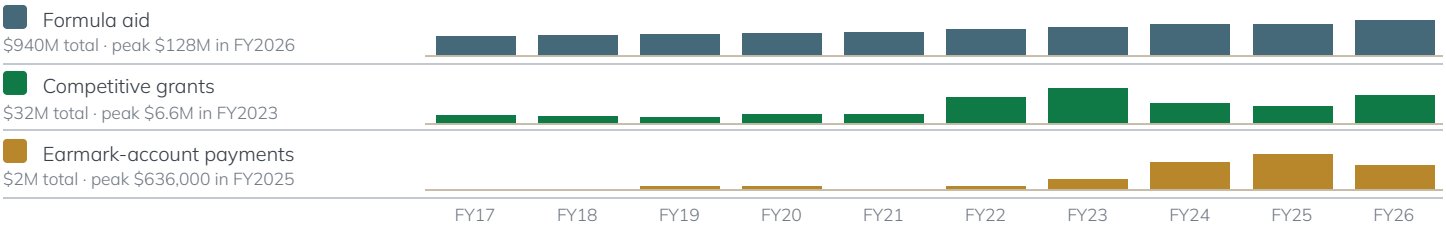
**75** / 100

95th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 76 | 66 | 78 | 79 |

Rank under other weightings: 86th to 113th.

Stable high: above 55 under every weighting



Fitchburg received more than its share of discretionary money on all four measures; its blended score of 75 stays between 72 and 77 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Fitchburg's town government and school districts received $940 million in formula aid and $32 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$940M** | **$32M** | **$2M** |
| $22,494 per resident (15th of 351) · gross | $765 per resident (101st of 351) | $47.42 per resident (83rd of 351) |

**Competitive grants to Fitchburg peaked in FY2023 at $6.6 million, 21% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $53.8 million, are not shown.

## EARMARKS

### Fitchburg received $1.9 million in local earmarks to its government, $4.9 million placed in the city or town and $9 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$1.9M** | **$4.9M** | **$9M** | **No** |
| $45.61 per resident (90th of 351) | $118 per resident (46th of 351) · 61% to organizations | $216 per resident (15th of 351) · 34% to organizations | 35 municipalities had none |

Placed in the city or town: 44 clauses in nine of ten budgets; the most recent in FY2026. $1.9 million went to Fitchburg's government, its schools or municipal projects; the other $3 million went to organizations in Fitchburg or named with it, some of which serve a wider area.

Clauses that name Fitchburg but fund a state facility or a MassHealth rate add-on, $300,000, count under everything placed only.

Everything placed, the third measure, adds $4.1 million in three clauses for state facilities located in Fitchburg (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

### ROADS: WHO MAINTAINS WHAT

Of 202.5 miles of public road in Fitchburg, the state maintains 8.6 (4%); local government and others maintain the rest.

| Jurisdiction | Miles | Share |
|---|---|---|
| MassDOT | 8.6 | 4% |
| Town-accepted | 180.6 | 89% |
| Unaccepted public ways | 13.3 | 7% |

### STATE FACILITIES IN TOWN THAT RECEIVED EARMARKS

| Year | Amount | Enacted budget text (excerpt) |
|---|---|---|
| FY2026 | $250,000 | “Thrive Scholars to support college to career services” |
| FY2018 | $50,000 | “costs related to relocation and modernization of equipment for the automotive technology center at Mount Wachusett Community College in the city of…” |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Fitchburg $107 million and takes back $9.7 million in assessments and charges, a net $97.2 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |

### STATE MONEY TO OTHERS IN FITCHBURG

## State programs also awarded $6.6 million to organizations in Fitchburg other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Fitchburg. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $3.4 million in 6 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 51.0% of Fitchburg's general-fund spending in FY2025, up from 50.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **50.1%** | **51.6%** | **51.0%** | **46.4%** |
| $51.3M of $102M · median town 14.1% | $58.6M of $114M · median town 12.2% | $91.3M of $179M · median town 11.5% | FY2010: 47.9% · median town 10.0% |

Fitchburg's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $6.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Fitchburg's state aid kept pace with both price measures: FY2025 aid was 14.7% above its FY2006 aid grown by Boston-area consumer prices and 1.9% above grown by the government price index.**

Gross state aid went from $51.3 million in FY2006 to $91.3 million in FY2025, +77.9% in dollars. Flag: in FY2010, $2.8 million of Fitchburg's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+84.3%** | **+76.3%** | **7 of 9** | **6 of 9** |
| $16.4M to $30.2M · all towns +54.0% | $24.9M to $44M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Fitchburg's health insurance would have been $20.5 million in FY2025; it was $30.2 million, $9.74 million above the path. Its fixed costs would have been $31.2 million in FY2025; it was $44 million, $12.8 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Fitchburg's government came to $1.5 million, 10.9% of the $13.8 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** After approval, the Board added $5.2 million to grants for one project serving Fitchburg, $4.5 million of it in the FY2024 supplemental grants for cost escalation. Of the one project closed with a final audit, the final cost was $2.2 million against an approved budget of $3.1 million (under by $929,000); the local share moved from $621,000 to $470,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Fitchburg has $3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and 16 high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Fitchburg came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Fitchburg received $41.1 million in earmarks placed in the city or town and competitive grants over ten years, 74% more than the $23.6 million its size, need and institutions predict.

PEERS

## Fitchburg ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $4.9 million in earmarks placed in Fitchburg, $3 million (61%) went to organizations rather than to Fitchburg's government.

STATE MONEY, FY2017–FY2026

## Florida's town government and school districts received $13.1 million in formula aid and $1.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $13.1M | $1.2M | $3,182 |
| $19,543 per resident (28th of 351) · gross | $1,744 per resident (52nd of 351) | $4.76 per resident (289th of 351) |

**Competitive grants to Florida peaked in FY2017 at $1 million, 86% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 668 residents, a single payment moves Florida's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $863,000, are not shown.

EARMARKS

## No local earmark was placed in Florida in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $0 | $0 | $0 | Yes |

The Comptroller records $3,182 in payments to Florida's town government and school districts from accounts classified as earmarks over the same ten years. Those accounts can carry prior-year and statewide-program money; no enacted clause was placed in Florida.

Florida is one of the 35 cities and towns with no earmark placed in them in any of the ten budgets. The list counts enacted earmarks only. All 35 received competitive grant payments in the same ten years; Florida's appear under State money above.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Florida $948,000 and takes back $199,000 in assessments and charges, a net $750,000.

| Sent: estimated receipts | Taken back: assessments and charges | Net |

STATE MONEY TO OTHERS IN FLORIDA

## State programs also awarded $80,000 to organizations in Florida other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Florida. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2020 | Florida Mountaineers Snowmobile Club nonprofit | MassTrails Grants | $67,000 |
| FY2025 | Florida Mountaineers Snowmobile Club nonprofit | MassTrails Grants | $8,333 (shared three ways) |
| FY2026 | Florida Mountaineers Snowmobile Club nonprofit | MassTrails Grants | $4,700 (shared three ways) |

COSTS AND THE 2½% LIMIT

## The Division of Local Services shows no FY2025 general-fund spending for Florida; in FY2016 state aid covered 21.1% of it.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 23.6% | 21.1% | not reported | not reported |
| $553,000 of $2.3M · median town 14.1% | $679,000 of $3.2M · median town 12.2% | aid $898,000; spending not reported · median town 11.5% | FY2010: 19.7% · median town 10.0% |

Florida's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $345,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Florida's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 4.7% above its FY2006 aid grown by Boston-area consumer prices and 6.9% below grown by the government price index.**

Gross state aid went from $553,000 in FY2006 to $898,000 in FY2025, +62.4% in dollars.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Florida's health insurance is not reported for FY2016 or FY2025, so its earmarks are not set against it.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Florida runs its own school district and also belongs to Northern Berkshire; Florida accounts for 6% of that district's foundation budget.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $1.7 million for schools serving Florida, FY2017 to August 2026.

| Approved, Florida's share | Projects | Statewide |
|---|---|---|
| $1.7M | 2 | $8.66B |
| $2,600 per resident (70th of 351) | approved, July 2016 to August 2026 | shared by 278 of 351 municipalities |

| Year | School | District | Program | Maximum grant | Florida's share |
|---|---|---|---|---|---|
| FY2026 | Charles McCann Vocational Technical High School grant increased by Board vote | Northern Berkshire | Accelerated Repair (Roof; Windows/Doors) | $571,000 | $35,000 (6%) |
| FY2026 | Charles McCann Vocational Technical High School | Northern Berkshire | Accelerated Repair (Roof; Windows/Doors) | $9.8M | $598,000 (6%) |
| FY2022 | Abbott Memorial School | Florida | Accelerated Repair (Windows/Doors) | $1.1M | $1.1M |

**Cost after approval.** After approval, the Board added money to grants for one project serving Florida; Florida's share of the additions, by enrollment where a school is regional, was $35,000. Of the one project closed with a final audit, Florida's share of the final cost was $1.5 million against its share of the approved budget of $1.7 million (under by $162,000); the local share moved from $553,000 to $529,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Florida has $934,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |
|---|---|---|

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Florida came on average 28 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026;

counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

| Year | Annual apportionment | One-time supplements | Reimbursed in the year (any year's money) | Year-end balance, FY2017-on money |

STATE MONEY TO OTHERS IN FOXBOROUGH

## State programs also awarded $859,000 to organizations in Foxborough other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Foxborough. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

| FY2020 | Foxborough Regional Center for Performing Arts nonprofit | Cultural Facilities Fund | $7,000 |
| FY2025 | Department of Conservation and Recreation state agency | MassTrails Grants | $3,833 (shared three ways) |

A further $564,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 13.1% of Foxborough's general-fund spending in FY2025, down from 18.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **18.0%** | **16.6%** | **13.1%** | **10.1%** |
| $8.7M of $48.2M · median town 14.1% | $10.6M of $64.2M · median town 12.2% | $12.2M of $92.9M · median town 11.5% | FY2010: 17.6% · median town 10.0% |

Foxborough's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $237,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Foxborough's state aid did not keep pace with either price measure: FY2025 aid was 9.6% below its FY2006 aid grown by Boston-area consumer prices and 19.7% below grown by the government price index.**

Gross state aid went from $8.7 million in FY2006 to $12.2 million in FY2025, +40.1% in dollars. Flag: in FY2010, $666,000 of Foxborough's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+40.0%** | **+65.4%** | **7 of 9** | **5 of 9** |
| $6.5M to $9M · all towns +54.0% | $10.5M to $17.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Foxborough's health insurance would have been $8.07 million in FY2025; it was $9.05 million, $979,000 above the path. Its fixed costs would have been $13.2 million in FY2025; it was $17.4 million, $4.27 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2018 (+91%), FY2020 (+54%) and FY2021 (−63%); health insurance changed by more than 30% in one year in FY2018 (+145%) and FY2021 (−63%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Foxborough's government came to $397,000, 15.3% of the $2.59 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** Of the one project closed with a final audit, Foxborough's share of the final cost was $31.9 million against its share of the approved budget of $34.7 million (under by $2.8 million); the local share moved from $19.3 million to $17.4 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Foxborough has $344,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and five high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Foxborough came on average 16 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Foxborough received $8.3 million in earmarks placed in the city or town and competitive grants over ten years, 15% more than the $7.2 million its size, need and institutions predict.

PEERS

## Foxborough ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.4 million in earmarks placed in Foxborough, $912,000 (67%) went to organizations rather than to Foxborough's government.

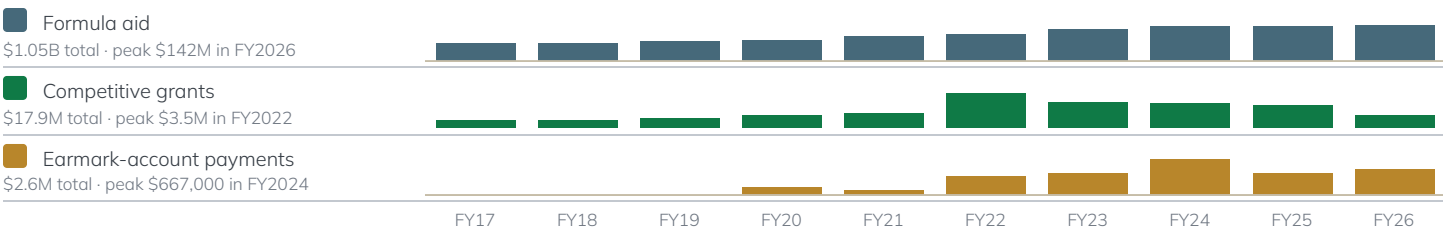
Stable low: below 45 under every weighting



Framingham received less than its share of discretionary money on all four measures; its blended score of 38 stays between 38 and 40 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Framingham's town government and school districts received $1.05 billion in formula aid and $17.9 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$1.05B** | **$17.9M** | **$2.6M** |
| $14,513 per resident (84th of 351) · gross | $248 per resident (227th of 351) | $35.27 per resident (127th of 351) |

**Competitive grants to Framingham were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $80.4 million, are not shown.

## EARMARKS

### Framingham received $2.7 million in local earmarks to its government, $11.4 million placed in the city or town and $16.5 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$2.7M** | **$11.4M** | **$16.5M** | **No** |
| $37.83 per resident (124th of 351) | $157 per resident (18th of 351) · 76% to organizations | $227 per resident (13th of 351) · 52% to organizations | 35 municipalities had none |

Placed in the city or town: 85 clauses in ten of ten budgets; the most recent in FY2026. $2.7 million went to Framingham's government, its schools or municipal projects; the other $8.6 million went to organizations in Framingham or named with it, some of which serve a wider area.

Everything placed, the third measure, adds $5.1 million in two clauses for state facilities located in Framingham (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

## FY2016–FY2027.

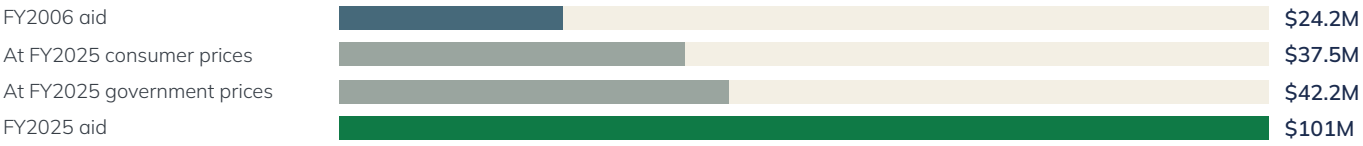
These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Framingham. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Framingham State University nonprofit | Cultural Facilities Fund | $125,000 |
| FY2022 | Native Plant Trust nonprofit | Cultural Facilities Fund | $80,000 |
| FY2023 | Framingham State University nonprofit | Community One Stop for Growth | $75,000 |
| FY2026 | Native Plant Trust nonprofit | Cultural Facilities Fund | $62,000 |
| FY2023 | Amazing Things Arts Center, Inc. nonprofit | Community One Stop for Growth | $30,000 |
| FY2019 | Framingham History Center nonprofit | Cultural Facilities Fund | $14,000 |
| FY2026 | Gems @ The Arts nonprofit | Cultural Facilities Fund | $7,300 |
| FY2020 | Native Plant Trust nonprofit | Cultural Facilities Fund | $7,000 |

A further $701,000 in 6 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT



## State aid covered 28.6% of Framingham's general-fund spending in FY2025, up from 13.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **13.8%** | **19.8%** | **28.6%** | **26.2%** |
| $24.2M of $175M · median town 14.1% | $50.6M of $255M · median town 12.2% | $101M of $352M · median town 11.5% | FY2010: 12.9% · median town 10.0% |

Framingham's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $7.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Framingham's state aid kept pace with both price measures: FY2025 aid was 168.4% above its FY2006 aid grown by Boston-area consumer prices and 138.6% above grown by the government price index.**

Gross state aid went from $24.2 million in FY2006 to $101 million in FY2025, +316.3% in dollars. Flag: in FY2010, $2.7 million of Framingham's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+23.3%** | **+49.0%** | **7 of 9** | **5 of 9** |
| $34M to $41.9M · all towns +54.0% | $47.3M to $70.5M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Framingham's health insurance would have been $42.5 million in FY2025; it was $41.9 million, $531,000 below the path. Its fixed costs would have been $59.1 million in FY2025; it was $70.5 million, $11.4 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Framingham's government came to $2.4 million, 29.9% of the $7.93 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Framingham has $4.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Framingham came on average 19 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

## STATE MONEY, FY2017–FY2026

### Franklin's town government and school districts received $410 million in formula aid and $6.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$410M** | **$6.7M** | **$1.3M** |
| $12,355 per resident (124th of 351) · gross | $201 per resident (252nd of 351) | $38.26 per resident (117th of 351) |

**Competitive grants to Franklin peaked in FY2026 at $1.9 million, 29% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $19.9 million, are not shown.

## EARMARKS

### Franklin received $1.1 million in local earmarks to its government, $2.4 million placed in the city or town and $2.4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$1.1M** | **$2.4M** | **$2.4M** | **No** |
| $32.01 per resident (151st of 351) | $72.43 per resident (110th of 351) · 56% to organizations | $73.18 per resident (117th of 351) · 55% to organizations | 35 municipalities had none |

Placed in the city or town: 47 clauses in ten of ten budgets; the most recent in FY2026. $1.1 million went to Franklin's government, its schools or municipal projects; the other $1.3 million went to organizations in Franklin or named with it, some of which serve a wider area.

Clauses that name Franklin but fund a state facility or a MassHealth rate add-on, $25,000, count under everything placed only.

Everything placed, the third measure, adds $25,000 in two clauses for state facilities located in Franklin (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN FRANKLIN

## State programs also awarded $951,000 to organizations in Franklin other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Franklin. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 22.7% of Franklin's general-fund spending in FY2025, down from 34.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **34.3%** | **29.1%** | **22.7%** | **17.9%** |
| $28.5M of $83.1M · median town 14.1% | $31.5M of $108M · median town 12.2% | $34M of $150M · median town 11.5% | FY2010: 30.9% · median town 10.0% |

Franklin's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Franklin's state aid did not keep pace with either price measure: FY2025 aid was 23.1% below its FY2006 aid grown by Boston-area consumer prices and 31.6% below grown by the government price index.**

Gross state aid went from $28.5 million in FY2006 to $34 million in FY2025, +19.3% in dollars. Flag: in FY2010, $1 million of Franklin's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| $3.9M to $5.5M · all towns +54.0% | $9.2M to $15.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Franklin's health insurance would have been $4.86 million in FY2025; it was $5.48 million, $621,000 above the path. Its fixed costs would have been $11.5 million in FY2025; it was $15.3 million, $3.81 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Franklin's government came to $1 million, 63.6% of the $1.59 million rise in its health insurance.

**Cost after approval.** After approval, the Board added money to grants for one project serving Franklin; Franklin's share of the additions, by enrollment where a school is regional, was $3.6 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Franklin has $2.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Franklin came on average 25 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Franklin received $9.4 million in earmarks placed in the city or town and competitive grants over ten years, 6% more than the $8.9 million its size, need and institutions predict.

PEERS

## Franklin ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2.4 million in earmarks placed in Franklin, $1.3 million (56%) went to organizations rather than to Franklin's government.

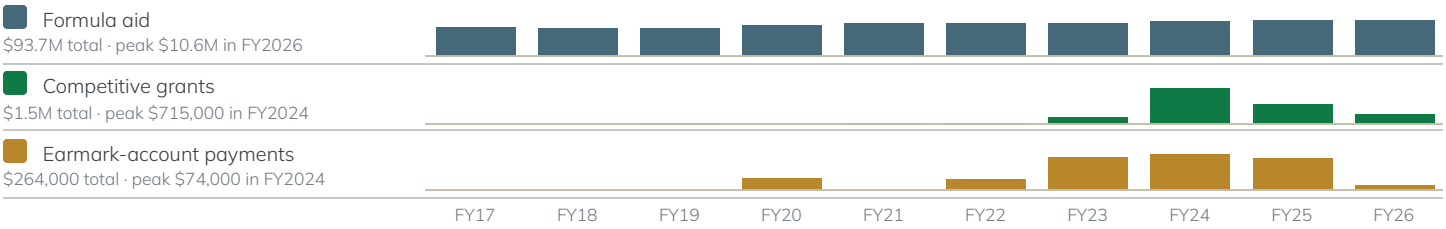
Rank under other weightings: 256th to 272nd.

Stable low: below 45 under every weighting



Freetown received less than its share of discretionary money on all four measures; its blended score of 31 stays between 28 and 34 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Freetown's town government and school districts received $93.7 million in formula aid and $1.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $93.7M | $1.5M | $264,000 |
| $10,093 per resident (175th of 351) · gross | $164 per resident (271st of 351) | $28.45 per resident (152nd of 351) |

**Competitive grants to Freetown peaked in FY2024 at $715,000, 47% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.8 million, are not shown.

## EARMARKS

### Freetown received $548,000 in local earmarks to its government, $1.3 million placed in the city or town and $1.4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $548,000 | $1.3M | $1.4M | No |
| $58.97 per resident (59th of 351) | $145 per resident (30th of 351) · 59% to organizations | $147 per resident (37th of 351) · 58% to organizations | 35 municipalities had none |

Placed in the city or town: 19 clauses in eight of ten budgets; the most recent in FY2026. $548,000 went to Freetown's government, its schools or municipal projects; the other $798,000 went to organizations in Freetown or named with it, some of which serve a wider area.

Clauses that name Freetown but fund a state facility or a MassHealth rate add-on, $20,000, count under everything placed only.

Everything placed, the third measure, adds $20,000 in one clause for state facilities located in Freetown (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

### ROADS: WHO MAINTAINS WHAT

Of 108.2 miles of public road in Freetown, the state maintains 15.4 (14%); local government and others maintain the rest.

| Jurisdiction | Miles | Share |
|---|---|---|
| MassDOT | 15.4 | 14% |
| Town-accepted | 76.9 | 71% |
| Unaccepted public ways | 3.6 | 3% |

|---|---|---|
| FY2020 | $20,000 | “a flood management study of the Assawompset pond complex that is a part of the Taunton river watershed in the towns of Freetown, Lakeville…” |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Freetown $1.8 million and takes back $340,000 in assessments and charges, a net $1.5 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |
|---|---|---|

### STATE MONEY TO OTHERS IN FREETOWN

## State programs also awarded $226,000 to organizations in Freetown other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Freetown. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

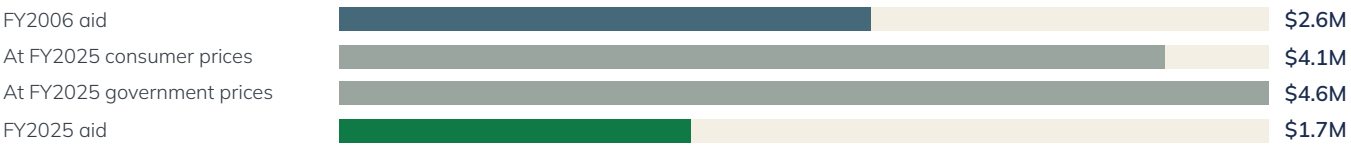
COSTS AND THE 2½% LIMIT



## State aid covered 5.5% of Freetown's general-fund spending in FY2025, down from 15.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.5%** | **9.7%** | **5.5%** | **4.5%** |
| $2.6M of $16.9M · median town 14.1% | $2.1M of $21.9M · median town 12.2% | $1.7M of $31.7M · median town 11.5% | FY2010: 15.6% · median town 10.0% |

Freetown's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $5.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Freetown's state aid did not keep pace with either price measure: FY2025 aid was 57.4% below its FY2006 aid grown by Boston-area consumer prices and 62.1% below grown by the government price index.**

Gross state aid went from $2.6 million in FY2006 to $1.7 million in FY2025, −33.9% in dollars. Flag: in FY2010, $530,000 of Freetown's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+51.2%** | **+59.0%** | **4 of 9** | **5 of 9** |
| $1.3M to $1.9M · all towns +54.0% | $2.4M to $3.8M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Freetown's health insurance would have been $1.59 million in FY2025; it was $1.92 million, $334,000 above the path. Its fixed costs would have been $2.96 million in FY2025; it was $3.77 million, $807,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Freetown's government came to $388,000, 59.6% of the $650,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

SCHOOLS

## Freetown's required school contribution is 2.8% of median household income, 137th highest of 351.

| 137th of 351 (1 = highest) | after inflation |

Freetown has no school district of its own. Its pupils attend Freetown, Freetown-Lakeville, Bristol Plymouth and Bristol County; Freetown accounts for 100%, 42%, 6% and 5% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $12 million for schools serving Freetown, FY2017 to August 2026.

| Approved, Freetown's share | Projects | Statewide |
|---|---|---|
| **$12M** | **3** | **$8.66B** |
| $1,291 per resident (130th of 351) | approved, July 2016 to August 2026 | shared by 278 of 351 municipalities |

School building grants approved, newest first

| Year | School | District | Program | Maximum grant | Freetown's share |
|---|---|---|---|---|---|
| FY2024 | Bristol-Plymouth Regional Vocational Technical High School supplemental grant, FY2024 budget | Bristol Plymouth | Core | $20.2M | $1.2M (6%) |
| FY2023 | Assawompset Elementary School | Freetown Lakeville | Accelerated Repair (Windows/ Doors) | $2.3M | $957,000 (42%) |
| FY2022 | Bristol-Plymouth Regional Vocational Technical High School | Bristol Plymouth | Core | $126M | $7.2M (6%) |
| FY2020 | Bristol County Agricultural High School grant reduced by Board vote | Bristol County | Core | -$192,000 | -$9,455 (5%) |
| FY2018 | Bristol County Agricultural High School | Bristol County | Core | $53.3M | $2.6M (5%) |

**Cost after approval.** After approval, the Board added money to grants for two projects serving Freetown; Freetown's share of the additions, by enrollment where a school is regional, was $1.2 million, $1.2 million of it in the FY2024 supplemental grants for cost escalation. Of the two projects closed with a final audit, Freetown's share of the final cost was $6.9 million against its share of the approved budget of $6.9 million (over by $1,000); the local share moved from $3.3 million to $3.5 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Freetown has $354,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Freetown came on average 12 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

## STATE MONEY, FY2017–FY2026

### Gardner's town government and school districts received $369 million in formula aid and $16.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $369M | $16.6M | $594,000 |
| $17,461 per resident (45th of 351) · gross | $784 per resident (97th of 351) | $28.08 per resident (154th of 351) |

**Competitive grants to Gardner were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $18.3 million, are not shown.

## EARMARKS

### Gardner received $200,000 in local earmarks to its government, $1.8 million placed in the city or town and $2 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $200,000 | $1.8M | $2M | No |
| $9.46 per resident (272nd of 351) | $85.79 per resident (88th of 351) · 89% to organizations | $95.25 per resident (85th of 351) · 80% to organizations | 35 municipalities had none |

Placed in the city or town: 23 clauses in nine of ten budgets; the most recent in FY2026. $200,000 went to Gardner's government, its schools or municipal projects; the other $1.6 million went to organizations in Gardner or named with it, some of which serve a wider area.

Everything placed, the third measure, adds $200,000 in two clauses for state facilities located in Gardner (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

### STATE MONEY TO OTHERS IN GARDNER

## FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Gardner. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Mass Ave Rentals nonprofit | Community One Stop for Growth | $900,000 |
| FY2016 | Mount Wachusett Community College nonprofit | Cultural Facilities Fund | $50,000 |

A further $526,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 44.6% of Gardner's general-fund spending in FY2025, down from 55.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **55.9%** | **49.6%** | **44.6%** | **42.3%** |
| $24.2M of $43.3M · median town 14.1% | $25.4M of $51.1M · median town 12.2% | $36.6M of $82.1M · median town 11.5% | FY2010: 50.8% · median town 10.0% |

Gardner's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

### Gardner's state aid did not keep pace with either price measure: FY2025 aid was 2.4% below its FY2006 aid grown by Boston-area consumer prices and 13.2% below grown by the government price index.

Gross state aid went from $24.2 million in FY2006 to $36.6 million in FY2025, +51.4% in dollars. Flag: in FY2010, $808,000 of Gardner's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+87.9%** | **+80.6%** | **7 of 9** | **6 of 9** |
| $8.8M to $16.6M · all towns +54.0% | $11.3M to $20.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Gardner's health insurance would have been $11 million in FY2025; it was $16.6 million, $5.58 million above the path. Its fixed costs would have been $14.1 million in FY2025; it was $20.3 million, $6.28 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Gardner's government came to $100,000, 1.3% of the $7.78 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

SCHOOLS

## Gardner's required school contribution is 2.3% of median household income, 283rd highest of 351.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $56.3 million for schools serving Gardner, FY2017 to August 2026.

| Approved, Gardner's share | Projects | Statewide |
|---|---|---|
| **$56.3M** | **2** | **$8.66B** |
| $2,663 per resident (66th of 351) | approved, July 2016 to August 2026 | shared by 278 of 351 municipalities |

School building grants approved, newest first

| Year | School | District | Program | Maximum grant | Gardner's share |

| FY2026 | Gardner Middle School | Gardner | Accelerated Repair (Roof) | $5.1M | $5.1M |
| FY2020 | Waterford Street Elementary School | Gardner | Core | $51.2M | $51.2M |

**Cost after approval.** Of the one project closed with a final audit, the final cost was $78.8 million against an approved budget of $89.6 million (under by $10.8 million); the local share moved from $38.3 million to $29.4 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Gardner has $718,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns four bridges rated poor and five high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Gardner came on average 15 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

| Year | Annual apportionment | One-time supplements | Reimbursed in the year (any year's money) | Year-end balance, FY2017-on money |

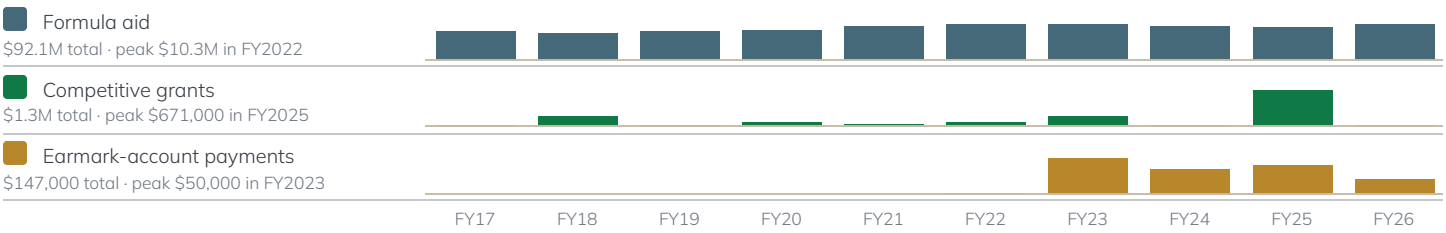
Stable low: below 45 under every weighting



Georgetown received less than its share of discretionary money on all four measures; its blended score of 27 stays between 25 and 29 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Georgetown's town government and school districts received $92.1 million in formula aid and $1.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$92.1M** | **$1.3M** | **$147,000** |
| $10,873 per resident (152nd of 351) · gross | $155 per resident (287th of 351) | $17.33 per resident (218th of 351) |

**Competitive grants to Georgetown peaked in FY2025 at $671,000, 51% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $5.9 million, are not shown.

EARMARKS

## Georgetown received $225,000 in local earmarks in ten enacted budgets on all three measures.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Georgetown $7.7 million and takes back $683,000 in assessments and charges, a net $7 million.

COSTS AND THE 2½% LIMIT

## State aid covered 20.0% of Georgetown's general-fund spending in FY2025, down from 31.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **31.5%** | **23.2%** | **20.0%** | **19.0%** |
| $5.8M of $18.5M · median town 14.1% | $6.4M of $27.5M · median town 12.2% | $7.2M of $36.2M · median town 11.5% | FY2010: 25.6% · median town 10.0% |

Georgetown's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $276,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Georgetown's state aid did not keep pace with either price measure: FY2025 aid was 19.9% below its FY2006 aid grown by Boston-area consumer prices and 28.8% below grown by the government price index.**

Gross state aid went from $5.8 million in FY2006 to $7.2 million in FY2025, +24.2% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| $2.8M to $3.5M · all towns +54.0% | $4.7M to $7.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Georgetown's health insurance would have been $3.54 million in FY2025; it was $3.48 million, $64,000 below the path. Its fixed costs would have been $5.89 million in FY2025; it was $7.25 million, $1.37 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Georgetown's government came to $205,000, 31.9% of the $642,000 rise in its health insurance.

Georgetown runs its own school district and also belongs to Whittier; Georgetown accounts for 5% of that district's foundation budget.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Georgetown, FY2017 to August 2026.

Not counted: Whittier Regional Vocational Technical High School (Whittier), approved FY2024 for up to $163 million. It lapsed when local funding was not secured.

ROADS, BRIDGES AND DAMS

## Georgetown has $631,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Georgetown came on average 14 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Georgetown owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

STATE MONEY, FY2017–FY2026

## Gill's town government and school districts received $15.8 million in formula aid and $390,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $15.8M | $390,000 | $80,000 |
| $9,063 per resident (218th of 351) · gross | $224 per resident (240th of 351) | $46.01 per resident (87th of 351) |

**Competitive grants to Gill peaked in FY2024 at $97,000, 25% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.1 million, are not shown.

EARMARKS

## Gill received $0 in local earmarks to its government, $88,000 placed in the city or town and $88,000 counting everything placed, in ten enacted budgets.

STATE MONEY TO OTHERS IN GILL

## State programs also awarded $78,000 to organizations in Gill other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Gill. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2018 | Gill-Montague RSD nonprofit | Community Compact Efficiency & Regionalization Grant | $37,000 (shared three ways) |
| FY2021 | Bernardston-Gill-Leyden Snowmobile Club nonprofit | MassTrails Grants | $8,939 (shared three ways) |
| FY2023 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $5,687 (shared 26 ways) |
| FY2019 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $1,696 (shared 26 ways) |

A further $25,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## The Division of Local Services shows no FY2025 general-fund spending for Gill; in FY2016 state aid covered 9.0% of it.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |

Gill's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $646,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+32%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Gill's health insurance is not reported for FY2016 or FY2025, so its earmarks are not set against it.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Gill has no school district of its own. Its pupils attend Gill-Montague and Franklin County; Gill accounts for 12% and 3% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

EXPECTED AND ACTUAL

## Gill received $502,000 in earmarks placed in the city or town and competitive grants over ten years, 19% of the $2.7 million its size, need and institutions predict.

PEERS

## Gill ranks 6th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

All of the $88,000 in earmarks placed in Gill went to organizations; none went to Gill's government.

FAIRNESS INDEX

## Gloucester scores 28 on the Fairness Index for all state aid and 72 for discretionary money. Fifty is a fair share.

ALL STATE AID

**28** / 100

328th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 30 | 27 | 35 | 20 |

Rank under other weightings: 294th to 342nd.

Stable low: below 45 under every weighting

Gloucester received less than its share of state aid on all four measures; its blended score of 28 stays between 25 and 31 under every weighting tested.

DISCRETIONARY MONEY ONLY

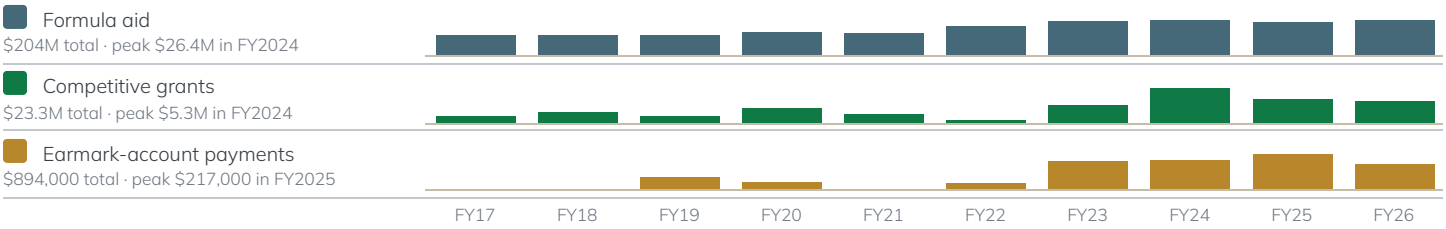
**72** / 100

109th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 76 | 74 | 71 | 65 |

Rank under other weightings: 101st to 117th.

Stable high: above 55 under every weighting



Gloucester received more than its share of discretionary money on all four measures; its blended score of 72 stays between 70 and 74 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Gloucester's town government and school districts received $204 million in formula aid and $23.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$204M** | **$23.3M** | **$894,000** |
| $6,787 per resident (303rd of 351) · gross | $774 per resident (100th of 351) | $29.72 per resident (148th of 351) |

**Competitive grants to Gloucester peaked in FY2024 at $5.3 million, 23% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $47.7 million, are not shown.

EARMARKS

## Gloucester received $1.3 million in local earmarks to its government, $4.4 million placed in the city or town and $4.6 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$1.3M** | **$4.4M** | **$4.6M** | **No** |
| $43.16 per resident (96th of 351) | $145 per resident (28th of 351) · 70% to organizations | $153 per resident (30th of 351) · 67% to organizations | 35 municipalities had none |

Placed in the city or town: 64 clauses in ten of ten budgets; the most recent in FY2026. $1.3 million went to Gloucester's government, its schools or municipal projects; the other $3.1 million went to organizations in Gloucester or named with it, some of which serve a wider area.

Clauses that name Gloucester but fund a state facility or a MassHealth rate add-on, $222,000, count under everything placed only.

Everything placed, the third measure, adds $222,000 in three clauses for state facilities located in Gloucester (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Gloucester $18.6 million and takes back $3 million in assessments and charges, a net $15.7 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |

STATE MONEY TO OTHERS IN GLOUCESTER

## State programs also awarded $6.8 million to organizations in Gloucester other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Gloucester. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Printed: the 15 largest of 31 awards; the web page lists all of them.

A further $4.6 million in 30 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 12.3% of Gloucester's general-fund spending in FY2025, down from 15.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.8%** | **11.7%** | **12.3%** | **10.4%** |
| $12.3M of $77.5M · median town 14.1% | $12M of $103M · median town 12.2% | $17.3M of $141M · median town 11.5% | FY2010: 10.2% · median town 10.0% |

Gloucester's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $474,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Gloucester's state aid did not keep pace with either price measure: FY2025 aid was 9.0% below its FY2006 aid grown by Boston-area consumer prices and 19.1% below grown by the government price index.**

Gross state aid went from $12.3 million in FY2006 to $17.3 million in FY2025, +41.2% in dollars. Flag: in FY2010, $1.6 million of Gloucester's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+47.0%** | **+60.9%** | **8 of 9** | **7 of 9** |
| $11.8M to $17.3M · all towns +54.0% | $19.6M to $31.6M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Gloucester's health insurance would have been $14.7 million in FY2025; it was $17.3 million, $2.61 million above the path. Its fixed costs would have been $24.5 million in FY2025; it was $31.6 million, $7.07 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Gloucester's government came to $1.1 million, 19.2% of the $5.55 million rise in its health insurance.

**Cost after approval.** After approval, the Board added money to grants for one project serving Gloucester; Gloucester's share of the additions, by enrollment where a school is regional, was $5.5 million, all of it in the FY2024 supplemental grants for cost escalation. Of the two projects closed with a final audit, Gloucester's share of the final cost was $4.1 million against its share of the approved budget of $5.1 million (under by $937,000); the local share moved from $2.9 million to $2.5 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Gloucester has $280,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and 13 high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Gloucester came on average 13 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Gloucester received $31.4 million in earmarks placed in the city or town and competitive grants over ten years, 24% more than the $25.4 million its size, need and institutions predict.

PEERS

## Gloucester ranks 2nd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $4.4 million in earmarks placed in Gloucester, $3.1 million (70%) went to organizations rather than to Gloucester's government.

## FAIRNESS INDEX

### Goshen scores 58 on the Fairness Index for all state aid and 95 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

58 / 100

56th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 61 | 59 | 58 | 55 |

Rank under other weightings: 46th to 65th.

Stable high: above 55 under every weighting

Goshen received more than its share of state aid on all four measures; its blended score of 58 stays between 57 and 60 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

95 / 100

23rd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 96 | 96 | 94 | 95 |

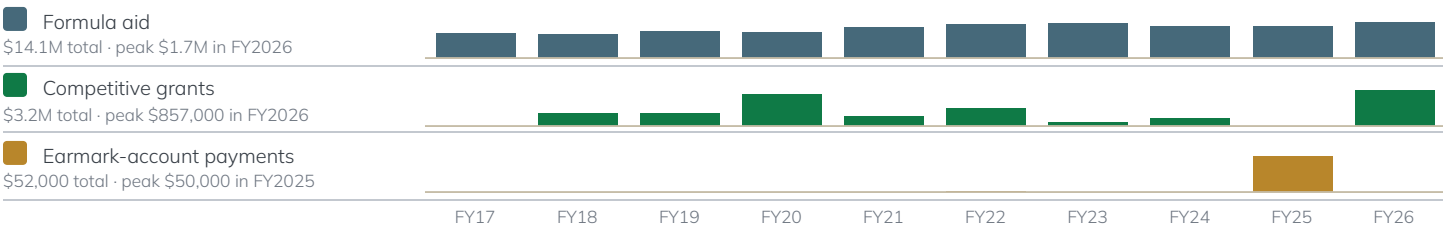
Stable high: above 55 under every weighting



Goshen received more than its share of discretionary money on all four measures; its blended score of 95 stays between 95 and 96 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Goshen's town government and school districts received $14.1 million in formula aid and $3.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $14.1M | $3.2M | $52,000 |
| $15,373 per resident (69th of 351) · gross | $3,510 per resident (28th of 351) | $56.70 per resident (64th of 351) |

**Competitive grants to Goshen peaked in FY2026 at $857,000, 27% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 915 residents, a single payment moves Goshen's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $887,000, are not shown.

## EARMARKS

### Goshen received $75,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $75,000 | $75,000 | $75,000 | No |

Placed in the city or town: two clauses in two of ten budgets; the most recent in FY2025. All of it went to Goshen's government, its schools or municipal projects.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Goshen $313,000 and takes back $3,851 in assessments and charges, a net $309,000.

STATE MONEY TO OTHERS IN GOSHEN

## State programs also awarded $60,000 to organizations in Goshen other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Goshen. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Goshen Highlanders Snowmobile Club nonprofit | MassTrails Grants | $40,000 |
| FY2025 | Williams-Boltwood House Trust nonprofit | Cultural Facilities Fund | $16,000 |
| FY2022 | Pioneer Valley Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $3,958 (shared 24 ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 8.3% of Goshen's general-fund spending in FY2025, down from 8.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **8.5%** | **8.7%** | **8.3%** | **8.2%** |
| $159,000 of $1.9M · median town 14.1% | $216,000 of $2.5M · median town 12.2% | $289,000 of $3.5M · median town 11.5% | FY2010: 9.6% · median town 10.0% |

Goshen's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $638,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Goshen's state aid kept pace with both price measures: FY2025 aid was 16.9% above its FY2006 aid grown by Boston-area consumer prices and 3.9% above grown by the government price index.**

Gross state aid went from $159,000 in FY2006 to $289,000 in FY2025, +81.3% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–33.8%** | **+30.9%** | **4 of 9** | **4 of 9** |
| $22,000 to $15,000 · all towns +54.0% | $139,000 to $182,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Goshen's health insurance would have been $28,000 in FY2025; it was $15,000, $13,000 below the path. Its fixed costs would have been $174,000 in FY2025; it was $182,000, $8,437 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2019 (+57%); health insurance changed by more than 30% in one year in FY2020 (–45%), FY2021 (+71%) and FY2023 (–48%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Goshen's reported health insurance fell from $22,000 in FY2016 to $15,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |
|---|---|---|---|
| To the city or town government | $75,000 | no increase | 13.0% |
| Placed in the city or town | $75,000 | no increase | 41.2% |
| Everything placed | $75,000 | no increase | 45.2% |

SCHOOLS

## Goshen's required school contribution is 2.3% of median household income, 273rd highest of 351.

Goshen has no school district of its own. Its pupils attend Goshen, Chesterfield-Goshen and Hampshire; Goshen accounts for 100%, 45% and 6% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Goshen, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Goshen has $177,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Goshen came on average 13 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Gosnold's town government and school districts received $1 million in formula aid and $6.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $1M | $6.6M | $0 |
| $32,727 per resident (3rd of 351) · gross | $214,090 per resident (1st of 351) | $0 per resident (339th of 351) |

**Competitive grants to Gosnold peaked in FY2023 at $2.1 million, 32% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 31 residents, a single payment moves Gosnold's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.3 million, are not shown.

EARMARKS

## No local earmark was placed in Gosnold in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

STATE MONEY TO OTHERS IN GOSNOLD

## State programs also awarded $61,000 to organizations in Gosnold other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Gosnold. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

COSTS AND THE 2½% LIMIT

## The Division of Local Services shows no FY2025 general-fund spending for Gosnold; in FY2016 state aid covered 3.2% of it.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |

**Gosnold's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 8.3% above its FY2006 aid grown by Boston-area consumer prices and 3.8% below grown by the government price index.**

Gross state aid went from $24,000 in FY2006 to $41,000 in FY2025, +67.9% in dollars.

Flag: health insurance changed by more than 30% in one year in FY2019 (+33%) and FY2024 (+56%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Gosnold's health insurance is not reported for FY2016 or FY2025, so its earmarks are not set against it.

ROADS, BRIDGES AND DAMS

## Gosnold has $99,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Gosnold came on average 64 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN GRAFTON

## State programs also awarded $775,000 to organizations in Grafton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Grafton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

| FY2023 | Central MA Regional Planning Commission - Grafton regional body | Community Compact Efficiency & Regionalization Grant | $18,000 (shared six ways) |

A further $309,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 20.0% of Grafton's general-fund spending in FY2025, down from 25.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **25.2%** | **23.5%** | **20.0%** | **19.0%** |
| $8.3M of $33M · median town 14.1% | $12.5M of $53.1M · median town 12.2% | $16.2M of $80.8M · median town 11.5% | FY2010: 23.3% · median town 10.0% |

Grafton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $635,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Grafton's state aid kept pace with both price measures: FY2025 aid was 25.4% above its FY2006 aid grown by Boston-area consumer prices and 11.5% above grown by the government price index.**

Gross state aid went from $8.3 million in FY2006 to $16.2 million in FY2025, +94.5% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+56.7%** | **+74.9%** | **8 of 9** | **5 of 9** |
| $3.7M to $5.8M · all towns +54.0% | $5.9M to $10.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Grafton's health insurance would have been $4.60 million in FY2025; it was $5.77 million, $1.17 million above the path. Its fixed costs would have been $7.42 million in FY2025; it was $10.4 million, $2.97 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Grafton's government came to $568,000, 27.2% of the $2.09 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Grafton has $4.7 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Grafton came on average 70 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN GRANBY

## State programs also awarded $81,000 to organizations in Granby other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Granby. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Kestrel Land Trust, Inc. nonprofit | MassTrails Grants | $20,000 (shared three ways) |

| FY2022 | Pioneer Valley Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $3,958 (shared 24 ways) |

A further $45,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

## State aid covered 30.0% of Granby's general-fund spending in FY2025, down from 38.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **38.4%** | **38.0%** | **30.0%** | **23.9%** |
| $5M of $13M · median town 14.1% | $6.3M of $16.6M · median town 12.2% | $7M of $23.3M · median town 11.5% | FY2010: 38.0% · median town 10.0% |

Granby's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $160,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Granby's state aid did not keep pace with either price measure: FY2025 aid was 10.1% below its FY2006 aid grown by Boston-area consumer prices and 20.1% below grown by the government price index.**

Gross state aid went from $5 million in FY2006 to $7 million in FY2025, +39.4% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Granby's health insurance would have been $1.60 million in FY2025; it was $1.72 million, $120,000 above the path. Its fixed costs would have been $3.03 million in FY2025; it was $3.67 million, $639,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Granby's government came to $60,000, 13.7% of the $438,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Granby came on average 16 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

EXPECTED AND ACTUAL

## Granby received $793,000 in earmarks placed in the city or town and competitive grants over ten years, 21% of the $3.8 million its size, need and institutions predict.

PEERS

## Granby ranks 9th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $160,000 in earmarks placed in Granby, $90,000 (56%) went to organizations rather than to Granby's government.

STATE MONEY, FY2017–FY2026

## Granville's town government and school districts received $20.5 million in formula aid and $4.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $20.5M | $4.4M | $12,000 |
| $11,112 per resident (144th of 351) · gross | $2,359 per resident (40th of 351) | $6.36 per resident (278th of 351) |

**Competitive grants to Granville peaked in FY2023 at $1.5 million, 34% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $886,000, are not shown.

EARMARKS

## No local earmark was placed in Granville in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

STATE MONEY TO OTHERS IN GRANVILLE

## State programs also awarded $13,000 to organizations in Granville other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Granville. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

Granville's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Granville's state aid did not keep pace with either price measure: FY2025 aid was 88.2% below its FY2006 aid grown by Boston-area consumer prices and 89.5% below grown by the government price index.**

Gross state aid went from $1.6 million in FY2006 to $297,000 in FY2025, −81.7% in dollars.

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Granville's health insurance would have been $44,000 in FY2025; it was $92,000, $48,000 above the path. Its fixed costs would have been $260,000 in FY2025; it was $407,000, $147,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2020 (+38%); health insurance changed by more than 30% in one year in FY2021 (+30%) and FY2024 (+91%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Granville's government came to $0, 0.0% of the $56,000 rise in its health insurance.

Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Granville received $4.4 million in earmarks placed in the city or town and competitive grants over ten years, 14% more than the $3.8 million its size, need and institutions predict.

PEERS

## Granville is the only municipality, among itself and its ten nearest peers, with no earmarks placed in it in the ten budgets.

FAIRNESS INDEX

## Great Barrington scores 42 on the Fairness Index for all state aid and 91 for discretionary money. Fifty is a fair share.

ALL STATE AID

**42** / 100

193rd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 45 | 44 | 49 | 31 |

Rank under other weightings: 160th to 229th.

Weighting-dependent: the range crosses the 45–55 band

Great Barrington received less than its share of state aid on all four measures; its blended score of 42 stays between 39 and 45 under every weighting tested.

DISCRETIONARY MONEY ONLY

**91** / 100

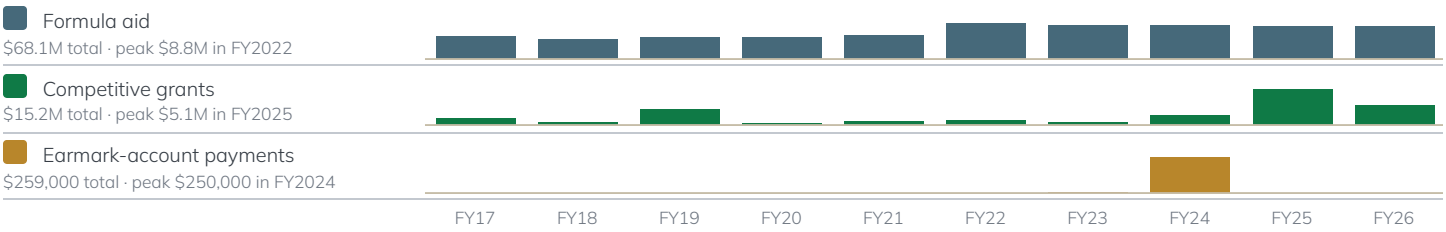
| Equal | Need | Burden | Effort |
|---|---|---|---|
| 93 | 93 | 90 | 89 |

Rank under other weightings: 35th to 44th.

Stable high: above 55 under every weighting



Great Barrington received more than its share of discretionary money on all four measures; its blended score of 91 stays between 90 and 92 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Great Barrington's town government and school districts received $68.1 million in formula aid and $15.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$68.1M** | **$15.2M** | **$259,000** |
| $9,461 per resident (196th of 351) · gross | $2,113 per resident (42nd of 351) | $35.94 per resident (125th of 351) |

**Competitive grants to Great Barrington peaked in FY2025 at $5.1 million, 34% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $26.3 million, are not shown.

EARMARKS

## Great Barrington received $120,000 in local earmarks to its government, $1.3 million placed in the city or town and $1.3 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$120,000** | **$1.3M** | **$1.3M** | **No** |

STATE MONEY TO OTHERS IN GREAT BARRINGTON

## State programs also awarded $4.6 million to organizations in Great Barrington other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Great Barrington. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Printed: the 15 largest of 33 awards; the web page lists all of them.

A further $717,000 in 9 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 3.8% of Great Barrington's general-fund spending in FY2025, down from 5.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **5.2%** | **4.4%** | **3.8%** | **3.6%** |
| $865,000 of $16.6M · median town 14.1% | $1M of $23.3M · median town 12.2% | $1.4M of $37.6M · median town 11.5% | FY2010: 3.6% · median town 10.0% |

Great Barrington's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Great Barrington's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 6.8% above its FY2006 aid grown by Boston-area consumer prices and 5.1% below grown by the government price index.**

Gross state aid went from $865,000 in FY2006 to $1.4 million in FY2025, +65.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+79.7%** | **+62.8%** | **3 of 9** | **6 of 9** |
| $955,000 to $1.7M · all towns +54.0% | $2M to $3.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Great Barrington's health insurance would have been $1.19 million in FY2025; it was $1.72 million, $524,000 above the path. Its fixed costs would have been $2.51 million in FY2025; it was $3.28 million, $764,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2024 (+41%); health insurance changed by more than 30% in one year in FY2025 (+35%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Great Barrington's government came to $100,000, 13.1% of the $761,000 rise in its health insurance.

Great Barrington has no school district of its own. Its pupils attend Berkshire Hills; Great Barrington accounts for 75% of that district's foundation budget. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

ROADS, BRIDGES AND DAMS

## Great Barrington has $1.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns three bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Great Barrington came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Great Barrington owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

Great Barrington owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

EXPECTED AND ACTUAL

## Great Barrington received $17.4 million in earmarks placed in the city or town and competitive grants over ten years, 59% more than the $11 million its size, need and institutions predict.

PEERS

## Great Barrington ranks 2nd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.3 million in earmarks placed in Great Barrington, $1.1 million (90%) went to organizations rather than to Great Barrington's government.

FAIRNESS INDEX

## Greenfield scores 53 on the Fairness Index for all state aid and 89 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**53** / 100

99th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 57 | 45 | 63 | 47 |

Rank under other weightings: 59th to 140th.

Weighting-dependent: the range crosses the 45–55 band

Greenfield received less than its share of state aid on two of four measures; its blended score of 53 stays between 49 and 57 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

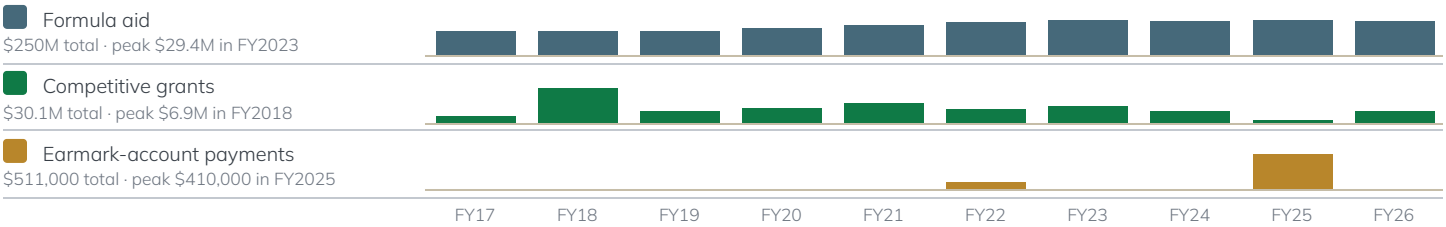
**89** / 100

46th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 91 | 86 | 91 | 87 |

Rank under other weightings: 44th to 56th.

Stable high: above 55 under every weighting



Greenfield received more than its share of discretionary money on all four measures; its blended score of 89 stays between 88 and 90 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Greenfield's town government and school districts received $250 million in formula aid and $30.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$250M** | **$30.1M** | **$511,000** |
| $14,180 per resident (90th of 351) · gross | $1,705 per resident (53rd of 351) | $28.94 per resident (151st of 351) |

**Competitive grants to Greenfield peaked in FY2018 at $6.9 million, 23% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $19.9 million, are not shown.

EARMARKS

## Greenfield received $375,000 in local earmarks to its government, $2.4 million placed in the city or town and $4.6 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$375,000** | **$2.4M** | **$4.6M** | **No** |
| $21.23 per resident (209th of 351) | $134 per resident (34th of 351) · 84% to organizations | $258 per resident (11th of 351) · 44% to organizations | 35 municipalities had none |

Placed in the city or town: 23 clauses in nine of ten budgets; the most recent in FY2026. $375,000 went to Greenfield's government, its schools or municipal projects; the other $2 million went to organizations in Greenfield or named with it, some of which serve a wider area.

Everything placed, the third measure, adds $2.2 million in ten clauses for state facilities located in Greenfield (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

| FY2017 | $100,000 | “the Opioid Task Force of Franklin County and the North Quabbin Region” |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Greenfield $22.6 million and takes back $5.6 million in assessments and charges, a net $17 million.

STATE MONEY TO OTHERS IN GREENFIELD

## State programs also awarded $12.9 million to organizations in Greenfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Greenfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2025 | The Community Builders, Inc. nonprofit | Community One Stop for Growth | $2.8M |
| FY2027 | The Community Builders, Inc. nonprofit | Community One Stop for Growth | $1.4M |
| FY2026 | Franklin Community Cooperative nonprofit | Community One Stop for Growth | $1M |
| FY2027 | Franklin Community Cooperative nonprofit | Community One Stop for Growth | $1M |

| FY2027 | Franklin County Agricultural Society regional body | Community One Stop for Growth | $135,000 |
| FY2026 | Franklin Regional Council of Governments regional body | Municipal Vulnerability Preparedness (MVP) Action Grant | $125,000 |
| FY2019 | Franklin Regional Council of Governments regional body | MassTrails Grants | $100,000 |
| FY2023 | Greenfield Community College nonprofit | Community One Stop for Growth | $99,000 |

Printed: the 15 largest of 31 awards; the web page lists all of them.

A further $2.6 million in 13 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 30.1% of Greenfield's general-fund spending in FY2025, down from 36.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **36.2%** | **32.8%** | **30.1%** | **22.4%** |
| $14.4M of $39.7M · median town 14.1% | $17.1M of $52M · median town 12.2% | $21.6M of $71.7M · median town 11.5% | FY2010: 27.3% · median town 10.0% |

Greenfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Greenfield's state aid did not keep pace with either price measure: FY2025 aid was 3.2% below its FY2006 aid grown by Boston-area consumer prices and 14.0% below grown by the government price index.**

Gross state aid went from $14.4 million in FY2006 to $21.6 million in FY2025, +50.1% in dollars. Flag: in FY2010, $2 million of Greenfield's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+39.5%** | **+57.4%** | **7 of 9** | **5 of 9** |
| $6.4M to $8.9M · all towns +54.0% | $10.8M to $17M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Greenfield's health insurance would have been $7.96 million in FY2025; it was $8.89 million, $934,000 above the path. Its fixed costs would have been $13.5 million in FY2025; it was $17 million, $3.51 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Greenfield's government came to $300,000, 11.9% of the $2.52 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Greenfield has $1.2 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and three high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Greenfield came on average 14 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Greenfield owns three high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY, FY2017–FY2026

## Groton's town government and school districts received $138 million in formula aid and $4.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $138M | $4.6M | $309,000 |
| $12,079 per resident (127th of 351) · gross | $400 per resident (170th of 351) | $27.11 per resident (161st of 351) |

**Competitive grants to Groton peaked in FY2018 at $1.6 million, 35% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $7.8 million, are not shown.

EARMARKS

## Groton received $132,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN GROTON

## State programs also awarded $1 million to organizations in Groton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Groton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Groton Hill Music nonprofit | Cultural Facilities Fund | $152,000 |
| FY2026 | Montachusett Regional Planning Commission regional body | Community One Stop for Growth | $140,000 |
| FY2025 | Nashua River Watershed Association nonprofit | Cultural Facilities Fund | $40,000 |
| FY2026 | Groton Historical Society nonprofit | Cultural Facilities Fund | $25,000 |

A further $663,000 in 6 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 2.2% of Groton's general-fund spending in FY2025, down from 3.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **3.6%** | **2.6%** | **2.2%** | **2.0%** |
| $908,000 of $25.5M · median town 14.1% | $857,000 of $33.5M · median town 12.2% | $1.2M of $51.6M · median town 11.5% | FY2010: 2.6% · median town 10.0% |

Groton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $8.9 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Groton's state aid did not keep pace with either price measure: FY2025 aid was 18.2% below its FY2006 aid grown by Boston-area consumer prices and 27.3% below grown by the government price index.**

Gross state aid went from $908,000 in FY2006 to $1.2 million in FY2025, +26.9% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+47.0%** | **+42.2%** | **6 of 9** | **5 of 9** |
| $1.3M to $1.9M · all towns +54.0% | $3.6M to $5.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Groton's health insurance would have been $1.59 million in FY2025; it was $1.88 million, $283,000 above the path. Its fixed costs would have been $4.44 million in FY2025; it was $5.06 million, $616,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Groton's government came to $132,000, 22.1% of the $600,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Groton has no school district of its own. Its pupils attend Groton-Dunstable and Nashoba Valley; Groton accounts for 76% and 6% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

## SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $24.5 million for schools serving Groton, FY2017 to August 2026.

| Approved, Groton's share | Projects | Statewide |
|---|---|---|
| **$24.5M** | **2** | **$8.66B** |

| FY2021 | Florence Roche Elementary School | Groton Dunstable | Core | $26.5M | $20M (76%) |
| FY2019 | Nashoba Valley Technical High School | Nashoba Valley | Accelerated Repair (Partial Roof, Partial Windows/Doors) | $1.6M | $99,000 (6%) |

**Cost after approval.** After approval, the Board added money to grants for one project serving Groton; Groton's share of the additions, by enrollment where a school is regional, was $4.4 million, all of it in the FY2024 supplemental grants for cost escalation. Of the one project closed with a final audit, Groton's share of the final cost was $210,000 against its share of the approved budget of $223,000 (under by $13,000); the local share moved from $124,000 to $119,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Groton has $1.9 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Groton came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Groton owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

Groveland received more than its share of discretionary money on all four measures; its blended score of 63 stays between 60 and 66 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Groveland's town government and school districts received $88.1 million in formula aid and $3.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $88.1M | $3.2M | $199,000 |
| $13,007 per resident (112th of 351) · gross | $476 per resident (145th of 351) | $29.44 per resident (149th of 351) |

**Competitive grants to Groveland peaked in FY2024 at $1.1 million, 35% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2 million, are not shown.

EARMARKS

## Groveland received $248,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $248,000 | $248,000 | $248,000 | No |

STATE MONEY TO OTHERS IN GROVELAND

## State programs also awarded $4,167 to organizations in Groveland other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Groveland. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 5.4% of Groveland's general-fund spending in FY2025, down from 9.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.6%** | **6.0%** | **5.4%** | **5.0%** |
| $965,000 of $10.1M · median town 14.1% | $885,000 of $14.8M · median town 12.2% | $1.2M of $22.8M · median town 11.5% | FY2010: 6.2% · median town 10.0% |

Groveland's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $5.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Groveland's state aid did not keep pace with either price measure: FY2025 aid was 17.3% below its FY2006 aid grown by Boston-area consumer prices and 26.5% below grown by the government price index.**

Gross state aid went from $965,000 in FY2006 to $1.2 million in FY2025, +28.2% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+44.2%** | **+97.6%** | **8 of 9** | **6 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Groveland's health insurance would have been $491,000 in FY2025; it was $567,000, $76,000 above the path. Its fixed costs would have been $1.09 million in FY2025; it was $1.73 million, $636,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Groveland's government came to $203,000, 116.6% of the $174,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Groveland has no school district of its own. Its pupils attend Groveland, Pentucket and Whittier; Groveland accounts for 100%, 39% and 3% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $21.2 million for schools serving Groveland, FY2017 to August 2026.

Not counted: Whittier Regional Vocational Technical High School (Whittier), approved FY2024 for up to $163 million. It lapsed when local funding was not secured.

ROADS, BRIDGES AND DAMS

## Groveland has $783,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Groveland came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Competitive grants to Hadley were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $17.7 million, are not shown.

EARMARKS

## Hadley received $221,000 in local earmarks to its government, $226,000 placed in the city or town and $226,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$221,000** | **$226,000** | **$226,000** | **No** |

STATE MONEY TO OTHERS IN HADLEY

## State programs also awarded $3.1 million to organizations in Hadley other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hadley. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $2.6 million in 17 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 14.7% of Hadley's general-fund spending in FY2025, down from 15.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.0%** | **15.6%** | **14.7%** | **8.2%** |
| $1.7M of $11.2M · median town 14.1% | $2.3M of $14.8M · median town 12.2% | $3.5M of $23.5M · median town 11.5% | FY2010: 10.3% · median town 10.0% |

**Hadley's state aid kept pace with both price measures: FY2025 aid was 33.0% above its FY2006 aid grown by Boston-area consumer prices and 18.2% above grown by the government price index.**

Gross state aid went from $1.7 million in FY2006 to $3.5 million in FY2025, +106.3% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+45.4%** | **+86.9%** | **7 of 9** | **5 of 9** |
| $1.1M to $1.6M · all towns +54.0% | $2.3M to $4.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hadley's health insurance would have been $1.35 million in FY2025; it was $1.58 million, $222,000 above the path. Its fixed costs would have been $2.92 million in FY2025; it was $4.36 million, $1.45 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hadley's government came to $221,000, 44.9% of the $492,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hadley came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

COSTS AND THE 2½% LIMIT

## State aid covered 17.3% of Halifax's general-fund spending in FY2025, down from 24.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **24.2%** | **19.1%** | **17.3%** | **16.6%** |
| $3.7M of $15.3M · median town 14.1% | $3.8M of $19.7M · median town 12.2% | $5M of $28.7M · median town 11.5% | FY2010: 20.8% · median town 10.0% |

Halifax's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $3.9 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Halifax's state aid did not keep pace with either price measure: FY2025 aid was 13.5% below its FY2006 aid grown by Boston-area consumer prices and 23.1% below grown by the government price index.**

Gross state aid went from $3.7 million in FY2006 to $5 million in FY2025, +34.2% in dollars. Flag: in FY2010, $280,000 of Halifax's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Halifax's health insurance would have been $1.19 million in FY2025; it was $1.31 million, $121,000 above the path. Its fixed costs would have been $2.62 million in FY2025; it was $3.66 million, $1.04 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Halifax's government came to $904,000, 2.5 times the $358,000 rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Halifax has $1.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Halifax came on average 58 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Halifax received $2.4 million in earmarks placed in the city or town and competitive grants over ten years, 74% of the $3.3 million its size, need and institutions predict.

PEERS

## Halifax ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.2 million in earmarks placed in Halifax, $155,000 (13%) went to organizations rather than to Halifax's government.

## STATE MONEY, FY2017–FY2026

### Hamilton's town government and school districts received $61.9 million in formula aid and $1.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$61.9M** | **$1.4M** | **$133,000** |
| $8,144 per resident (245th of 351) · gross | $188 per resident (259th of 351) | $17.52 per resident (216th of 351) |

**Competitive grants to Hamilton peaked in FY2017 at $774,000, 54% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $5.5 million, are not shown.

## EARMARKS

### Hamilton received $228,000 in local earmarks to its government, $253,000 placed in the city or town and $253,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN HAMILTON

## State programs also awarded $128,000 to organizations in Hamilton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hamilton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Patton Homestead nonprofit | Cultural Facilities Fund | $87,000 |
| FY2022 | Essex County Trail Association regional body | MassTrails Grants | $12,000 |

A further $28,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 2.8% of Hamilton's general-fund spending in FY2025, down from 4.1% in FY2006.

Hamilton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hamilton's state aid did not keep pace with either price measure: FY2025 aid was 12.0% below its FY2006 aid grown by Boston-area consumer prices and 21.8% below grown by the government price index.**

Gross state aid went from $833,000 in FY2006 to $1.1 million in FY2025, +36.5% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+35.3%** | **+61.7%** | **5 of 9** | **4 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hamilton's health insurance would have been $989,000 in FY2025; it was $1.07 million, $82,000 above the path. Its fixed costs would have been $2.20 million in FY2025; it was $2.85 million, $648,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hamilton's government came to $188,000, 67.2% of the $279,000 rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Hamilton has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Hamilton owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

EXPECTED AND ACTUAL

## Hamilton received $1.8 million in earmarks placed in the city or town and competitive grants over ten years, 52% of the $3.4 million its size, need and institutions predict.

PEERS

## Hamilton ranks 8th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $253,000 in earmarks placed in Hamilton, $25,000 (10%) went to organizations rather than to Hamilton's government.

## STATE MONEY, FY2017–FY2026

### Hampden's town government and school districts received $39.1 million in formula aid and $589,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$39.1M** | **$589,000** | **$13,000** |
| $7,912 per resident (257th of 351) · gross | $119 per resident (315th of 351) | $2.54 per resident (309th of 351) |

**Competitive grants to Hampden peaked in FY2022 at $274,000, 47% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.3 million, are not shown.

## EARMARKS

### Hampden received $205,000 in local earmarks to its government, $210,000 placed in the city or town and $210,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|

STATE MONEY TO OTHERS IN HAMPDEN

## State programs also awarded $547,000 to organizations in Hampden other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hampden. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |

COSTS AND THE 2½% LIMIT

## State aid covered 5.3% of Hampden's general-fund spending in FY2025, down from 7.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **7.7%** | **5.5%** | **5.3%** | **5.3%** |
| $669,000 of $8.7M · median town 14.1% | $672,000 of $12.1M · median town 12.2% | $900,000 of $17M · median town 11.5% | FY2010: 6.2% · median town 10.0% |

Hampden's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hampden's state aid did not keep pace with either price measure: FY2025 aid was 13.3% below its FY2006 aid grown by Boston-area consumer prices and 22.9% below grown by the government price index.**

Gross state aid went from $669,000 in FY2006 to $900,000 in FY2025, +34.5% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+246.4%** | **+207.5%** | **9 of 9** | **8 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hampden's health insurance would have been $258,000 in FY2025; it was $715,000, $457,000 above the path. Its fixed costs would have been $678,000 in FY2025; it was $1.67 million, $991,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+33%); health insurance changed by more than 30% in one year in FY2023 (+70%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hampden's government came to $115,000, 22.6% of the $509,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hampden came on average 10 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Weighting-dependent: the range crosses the 45–55 band

Hancock received less than its share of discretionary money on three of four measures; its blended score of 47 stays between 40 and 53 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Hancock's town government and school districts received $7.2 million in formula aid and $271,000 in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $7.2M | $271,000 | $0 |
| $9,560 per resident (191st of 351) · gross | $360 per resident (185th of 351) | $0 per resident (339th of 351) |

**Competitive grants to Hancock peaked in FY2023 at $195,000, 72% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 752 residents, a single payment moves Hancock's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.5 million, are not shown.

## EARMARKS

### No local earmark was placed in Hancock in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

STATE MONEY TO OTHERS IN HANCOCK

## State programs also awarded $270,000 to organizations in Hancock other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hancock. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2019 | Department of Conservation and Recreation state agency | MassTrails Grants | $143,000 |
| FY2024 | Hancock Shaker Village nonprofit | MOTT Destination Development grants | $50,000 |
| FY2026 | Department of Conservation and Recreation state agency | MassTrails Grants | $50,000 (shared two ways) |
| FY2024 | Berkshire Snow Seekers nonprofit | MassTrails Grants | $13,000 (shared six ways) |
| FY2026 | Department of Conservation and Recreation state agency | MassTrails Grants | $1,500 (shared ten ways) |

A further $12,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 32.0% of Hancock's general-fund spending in FY2025, up from 19.6% in FY2006.

**Hancock's state aid kept pace with both price measures: FY2025 aid was 64.6% above its FY2006 aid grown by Boston-area consumer prices and 46.3% above grown by the government price index.**

Gross state aid went from $300,000 in FY2006 to $765,000 in FY2025, +155.3% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hancock's fixed costs would have been $65,000 in FY2025; it was $65,000, $340 below the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (–51%), FY2019 (+32%) and FY2023 (+53%); health insurance changed by more than 30% in one year in FY2021 (+260%), FY2022 (–72%), FY2023 (+124%), FY2024 (+104%) and FY2025 (–36%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Hancock's health insurance is not reported for FY2016 or FY2025, so its earmarks are not set against it.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hancock came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Hanover's town government and school districts received $136 million in formula aid and $3.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$136M** | **$3.3M** | **$390,000** |
| $9,140 per resident (215th of 351) · gross | $220 per resident (242nd of 351) | $26.26 per resident (168th of 351) |

**Competitive grants to Hanover peaked in FY2024 at $1 million, 32% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $10.6 million, are not shown.

EARMARKS

## Hanover received $280,000 in local earmarks in ten enacted budgets on all three measures.

STATE MONEY TO OTHERS IN HANOVER

## State programs also awarded $162,000 to organizations in Hanover other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hanover. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2024 | Metropolitan Area Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $10,000 (shared 12 ways) |

A further $152,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 14.1% of Hanover's general-fund spending in FY2025, down from 21.6% in FY2006.

Hanover's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $394,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hanover's state aid did not keep pace with either price measure: FY2025 aid was 18.5% below its FY2006 aid grown by Boston-area consumer prices and 27.5% below grown by the government price index.**

Gross state aid went from $8.4 million in FY2006 to $10.6 million in FY2025, +26.5% in dollars. Flag: in FY2010, $935,000 of Hanover's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+33.8%** | **+60.6%** | **5 of 9** | **3 of 9** |
| $2.9M to $3.9M · all towns +54.0% | $6.8M to $10.9M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hanover's health insurance would have been $3.60 million in FY2025; it was $3.86 million, $259,000 above the path. Its fixed costs would have been $8.45 million in FY2025; it was $10.9 million, $2.42 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hanover's government came to $201,000, 20.6% of the $977,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Year | School | District | Program | Maximum grant | Hanover's share |
|---|---|---|---|---|---|
| FY2025 | South Shore Regional Vocational Technical High School | South Shore | Core | $112M | $13.7M (12%) |
| FY2017 | Sylvester Elementary School | Hanover | Core | $16.2M | $16.2M |

**Cost after approval.** Of the one project closed with a final audit, Hanover's share of the final cost was $32.4 million against its share of the approved budget of $32.4 million (under by $25,000); the local share moved from $16.3 million to $17.6 million. Approved budgets include contingency.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hanover came on average 44 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Hanover owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

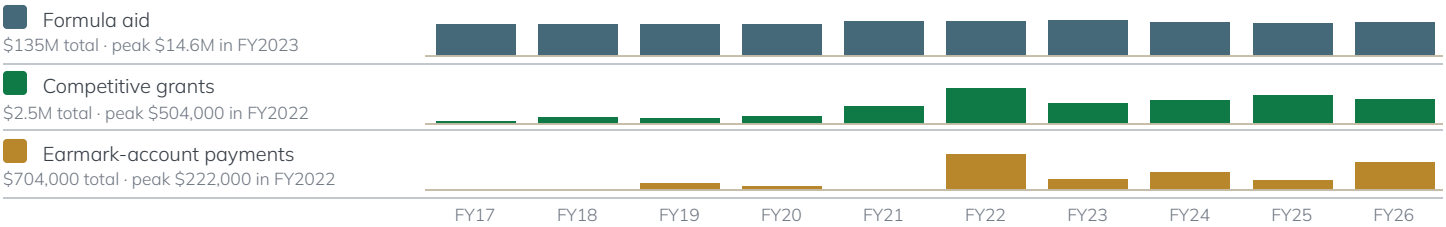
Rank under other weightings: 213th to 230th.

Stable low: below 45 under every weighting



Hanson received less than its share of discretionary money on all four measures; its blended score of 41 stays between 38 and 44 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Hanson's town government and school districts received $135 million in formula aid and $2.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$135M** | **$2.5M** | **$704,000** |
| $12,622 per resident (118th of 351) · gross | $231 per resident (236th of 351) | $66.09 per resident (43rd of 351) |

**Competitive grants to Hanson peaked in FY2022 at $504,000, 20% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.5 million, are not shown.

EARMARKS

## Hanson received $424,000 in local earmarks to its government, $562,000 placed in the city or town and $562,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN HANSON

## State programs also awarded $10,000 to organizations in Hanson other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hanson. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Hanson's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $8.6 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hanson's state aid did not keep pace with either price measure: FY2025 aid was 20.7% below its FY2006 aid grown by Boston-area consumer prices and 29.5% below grown by the government price index.**

Gross state aid went from $1.5 million in FY2006 to $1.8 million in FY2025, +23.0% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hanson's health insurance would have been $1.62 million in FY2025; it was $2.03 million, $406,000 above the path. Its fixed costs would have been $3.66 million in FY2025; it was $4.67 million, $1.01 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hanson's government came to $424,000, 58.1% of the $729,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hanson came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Hanson owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Hardwick $775,000 and takes back $26,000 in assessments and charges, a net $749,000.

STATE MONEY TO OTHERS IN HARDWICK

## State programs also awarded $3.5 million to organizations in Hardwick other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hardwick. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $2 million in 9 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 11.0% of Hardwick's general-fund spending in FY2025, down from 11.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **11.4%** | **10.3%** | **11.0%** | **10.7%** |
| $437,000 of $3.8M · median town 14.1% | $513,000 of $5M · median town 12.2% | $727,000 of $6.6M · median town 11.5% | FY2010: 10.8% · median town 10.0% |

Hardwick's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $3.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hardwick's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 7.4% above its FY2006 aid grown by Boston-area consumer prices and 4.6% below grown by the government price index.**

Gross state aid went from $437,000 in FY2006 to $727,000 in FY2025, +66.5% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+49.7%** | **+27.5%** | **5 of 9** | **6 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hardwick's health insurance would have been $163,000 in FY2025; it was $196,000, $32,000 above the path. Its fixed costs would have been $547,000 in FY2025; it was $558,000, $11,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (–33%) and FY2018 (+50%); health insurance changed by more than 30% in one year in FY2017 (+56%) and FY2023 (+36%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hardwick's government came to $90,000, 138.4% of the $65,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Hardwick has no school district of its own. Its pupils attend Quabbin and Pathfinder; Hardwick accounts for 15% and 4% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

ROADS, BRIDGES AND DAMS

## Hardwick has $1.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hardwick came on average 27 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Hardwick received $5.5 million in earmarks placed in the city or town and competitive grants over ten years, 74% of the $7.4 million its size, need and institutions predict.

PEERS

## Hardwick ranks 2nd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $270,000 in earmarks placed in Hardwick, $80,000 (30%) went to organizations rather than to Hardwick's government.

Harvard received more than its share of discretionary money on all four measures; its blended score of 64 stays between 59 and 68 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Harvard's town government and school districts received $60 million in formula aid and $3.9 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$60M** | **$3.9M** | **$127,000** |
| $8,662 per resident (232nd of 351) · gross | $563 per resident (129th of 351) | $18.31 per resident (212th of 351) |

**Competitive grants to Harvard peaked in FY2026 at $1.1 million, 28% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.2 million, are not shown.

EARMARKS

## Harvard received $125,000 in local earmarks in ten enacted budgets on all three measures.

STATE MONEY TO OTHERS IN HARVARD

## State programs also awarded $235,000 to organizations in Harvard other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Harvard. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Cannon Theatre nonprofit | Cultural Facilities Fund | $49,000 |
| FY2021 | Harvard Conservation Trust nonprofit | MassTrails Grants | $9,098 |
| FY2026 | Harvard Historical Society nonprofit | Cultural Facilities Fund | $5,200 |
| FY2024 | Fivesparks nonprofit | Cultural Facilities Fund | $3,000 |

A further $169,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 13.1% of Harvard's general-fund spending in FY2025, down from 19.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **19.0%** | **14.9%** | **13.1%** | **11.5%** |
| $3.4M of $17.9M · median town 14.1% | $3.6M of $24.3M · median town 12.2% | $4.5M of $34.3M · median town 11.5% | FY2010: 14.0% · median town 10.0% |

Harvard's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $39,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Harvard's state aid did not keep pace with either price measure: FY2025 aid was 14.8% below its FY2006 aid grown by Boston-area consumer prices and 24.2% below grown by the government price index.**

Gross state aid went from $3.4 million in FY2006 to $4.5 million in FY2025, +32.2% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+39.7%** | **+41.6%** | **4 of 9** | **5 of 9** |
| $2.1M to $2.9M · all towns +54.0% | $3.7M to $5.2M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Harvard's health insurance would have been $2.61 million in FY2025; it was $2.92 million, $310,000 above the path. Its fixed costs would have been $4.61 million in FY2025; it was $5.23 million, $617,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2019 (+30%); health insurance changed by more than 30% in one year in FY2019 (+39%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Harvard's government came to $25,000, 3.0% of the $831,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Harvard came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Harvard owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

Harwich received less than its share of discretionary money on all four measures; its blended score of 12 stays between 10 and 13 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Harwich's town government and school districts received $74.8 million in formula aid and $1.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $74.8M | $1.3M | $23,000 |
| $5,502 per resident (339th of 351) · gross | $93.86 per resident (328th of 351) | $1.69 per resident (319th of 351) |

Competitive grants to Harwich peaked in FY2024 at $452,000, 35% of the ten-year total.

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $29.8 million, are not shown.

EARMARKS

## Harwich received $67,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN HARWICH

## State programs also awarded $774,000 to organizations in Harwich other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Harwich. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

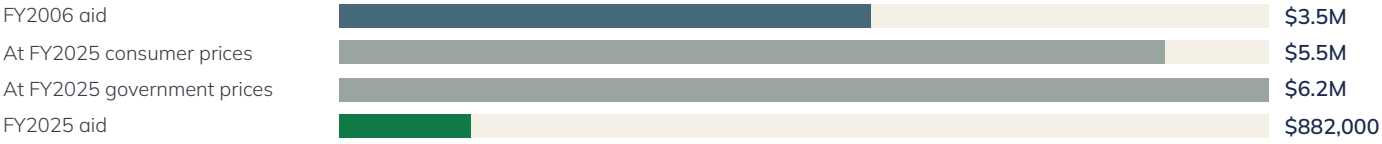
| FY2024 | Cape Cod Theatre Company nonprofit | Cultural Facilities Fund | $12,000 |

A further $540,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT



## State aid covered 1.1% of Harwich's general-fund spending in FY2025, down from 7.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **7.2%** | **2.9%** | **1.1%** | **0.0%** |
| $3.5M of $49M · median town 14.1% | $1.7M of $56.8M · median town 12.2% | $882,000 of $81M · median town 11.5% | FY2010: 4.8% · median town 10.0% |

Harwich's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $3.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Harwich's state aid did not keep pace with either price measure: FY2025 aid was 84.0% below its FY2006 aid grown by Boston-area consumer prices and 85.7% below grown by the government price index.**

Gross state aid went from $3.5 million in FY2006 to $882,000 in FY2025, −75.1% in dollars. Flag: in FY2010, $1.2 million of Harwich's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Harwich's health insurance would have been $4.30 million in FY2025; it was $5.67 million, $1.36 million above the path. Its fixed costs would have been $7.68 million in FY2025; it was $10.7 million, $3.00 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2022 (–30%) and FY2023 (+56%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Harwich's government came to $67,000, 3.0% of the $2.22 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| FY2018 | Cape Cod Regional Technical High School | Cape Cod | Core | $42.5M | $4.5M (11%) |

**Cost after approval.** After approval, the Board added money to grants for one project serving Harwich; Harwich's share of the additions, by enrollment where a school is regional, was $559,000. Of the one project closed with a final audit, Harwich's share of the final cost was $12.2 million against its share of the approved budget of $13.5 million (under by $1.3 million); the local share moved from $9 million to $7.4 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Harwich has $4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Harwich came on average 30 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Hatfield's town government and school districts received $21.5 million in formula aid and $4.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $21.5M | $4.3M | $16,000 |
| $6,480 per resident (319th of 351) · gross | $1,299 per resident (62nd of 351) | $4.92 per resident (287th of 351) |

**Competitive grants to Hatfield peaked in FY2022 at $1.5 million, 34% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.5 million, are not shown.

EARMARKS

## Hatfield received $10,000 in local earmarks in ten enacted budgets on all three measures.

STATE MONEY TO OTHERS IN HATFIELD

## State programs also awarded $476,000 to organizations in Hatfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hatfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2025 | Connecticut River Conservancy nonprofit | Dam and Seawall Repair or Removal Program | $250,000 |
| FY2022 | Pioneer Valley Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $3,958 (shared 24 ways) |
| FY2020 | Connecticut River Paddlers' Trail and Connecticut River Conservancy nonprofit | MassTrails Grants | $2,000 (shared five ways) |

A further $220,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 17.3% of Hatfield's general-fund spending in FY2025, up from 15.8% in FY2006.

**Hatfield's state aid kept pace with both price measures: FY2025 aid was 31.9% above its FY2006 aid grown by Boston-area consumer prices and 17.2% above grown by the government price index.**

Gross state aid went from $1.1 million in FY2006 to $2.3 million in FY2025, +104.6% in dollars.

The full list of the 18 bridges in Hatfield in MassDOT's inventory, with each one's condition, is on the town's page at parcenomics.com/commonwealth.

EXPECTED AND ACTUAL

## Hatfield received $4.6 million in earmarks placed in the city or town and competitive grants over ten years, 19% more than the $3.9 million its size, need and institutions predict.

PEERS

## Hatfield ranks 8th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

FAIRNESS INDEX

## Haverhill scores 58 on the Fairness Index for all state aid and 64 for discretionary money. Fifty is a fair share.

ALL STATE AID

**58** / 100

60th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 59 | 52 | 58 | 64 |

Rank under other weightings: 46th to 76th.

Stable high: above 55 under every weighting

Haverhill received more than its share of state aid on all four measures; its blended score of 58 stays between 56 and 60 under every weighting tested.

DISCRETIONARY MONEY ONLY

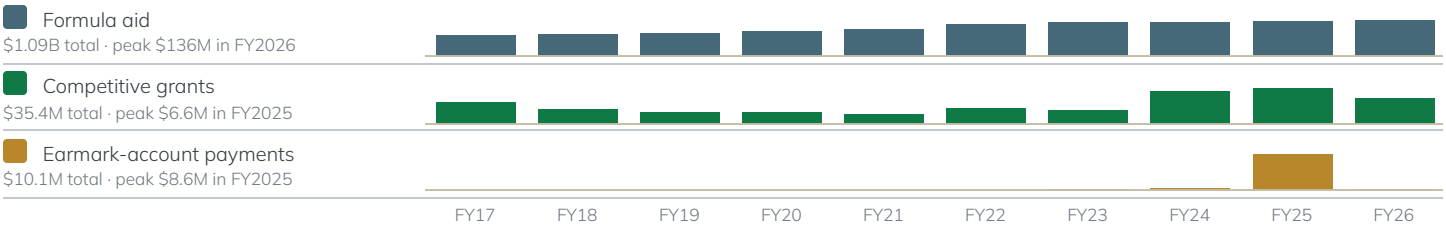
| 63 | 56 | 69 | 68 |

Rank under other weightings: 121st to 151st.

Stable high: above 55 under every weighting



Haverhill received more than its share of discretionary money on all four measures; its blended score of 64 stays between 61 and 67 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Haverhill's town government and school districts received $1.09 billion in formula aid and $35.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $1.09B | $35.4M | $10.1M |
| $16,056 per resident (60th of 351) · gross | $523 per resident (134th of 351) | $149 per resident (10th of 351) |

**Competitive grants to Haverhill were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $64.2 million, are not shown.

EARMARKS

## Haverhill received $1.5 million in local earmarks to its government, $6.6 million placed in the city or town and $6.8 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $1.5M | $6.6M | $6.8M | No |
| $22.52 per resident (198th of 351) | $98.18 per resident (72nd of 351) · 77% to organizations | $100 per resident (78th of 351) · 75% to organizations | 35 municipalities had none |

Placed in the city or town: 116 clauses in ten of ten budgets; the most recent in FY2026. $1.5 million went to Haverhill's government, its schools or municipal projects; the other $5.1 million went to organizations in Haverhill or named with it, some of which serve a wider area.

Clauses that name Haverhill but fund a state facility or a MassHealth rate add-on, $150,000, count under everything placed only.

Everything placed, the third measure, adds $150,000 in two clauses for state facilities located in Haverhill (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

ROADS: WHO MAINTAINS WHAT

Of 265.8 miles of public road in Haverhill, the state maintains 19.1 (7%); local government and others maintain the rest.

| Jurisdiction | Miles | Share |
|---|---|---|
| MassDOT | 19.1 | 7% |
| Town-accepted | 231.5 | 87% |
| Unaccepted public ways | 15.2 | 6% |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Haverhill $111 million and takes back $10.3 million in assessments and charges, a net $101 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |

STATE MONEY TO OTHERS IN HAVERHILL

## State programs also awarded $3 million to organizations in Haverhill other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Haverhill. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $756,000 in 5 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 39.7% of Haverhill's general-fund spending in FY2025, up from 37.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **37.6%** | **35.0%** | **39.7%** | **36.1%** |
| $47.5M of $126M · median town 14.1% | $59.6M of $170M · median town 12.2% | $102M of $257M · median town 11.5% | FY2010: 28.6% · median town 10.0% |

Haverhill's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $11.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Haverhill's state aid kept pace with both price measures: FY2025 aid was 38.8% above its FY2006 aid grown by Boston-area consumer prices and 23.3% above grown by the government price index.**

Gross state aid went from $47.5 million in FY2006 to $102 million in FY2025, +115.2% in dollars. Flag: in FY2010, $3.3 million of Haverhill's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+21.3%** | **+33.5%** | **5 of 9** | **5 of 9** |
| $21.5M to $26M · all towns +54.0% | $38.3M to $51.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Haverhill's health insurance would have been $26.8 million in FY2025; it was $26 million, $768,000 below the path. Its fixed costs would have been $47.8 million in FY2025; it was $51.1 million, $3.31 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Haverhill's government came to $1.3 million, 29.4% of the $4.57 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Not counted: Whittier Regional Vocational Technical High School (Whittier), approved FY2024 for up to $163 million. It lapsed when local funding was not secured.

**Cost after approval.** After approval, the Board added $31.3 million to grants for one project serving Haverhill, $19.8 million of it in the FY2024 supplemental grants for cost escalation. Of the two projects closed with a final audit, the final cost was $1.4 million against an approved budget of $2.2 million (under by $814,000); the local share moved from $602,000 to $375,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Haverhill has $3.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and four high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Haverhill came on average 19 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Haverhill received $43 million in earmarks placed in the city or town and competitive grants over ten years, 75% more than the $24.5 million its size, need and institutions predict.

PEERS

## Haverhill ranks 3rd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $6.6 million in earmarks placed in Haverhill, $5.1 million (77%) went to organizations rather than to Haverhill's government.

## FAIRNESS INDEX

### Hawley scores 59 on the Fairness Index for all state aid and 97 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**59** / 100

46th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 69 | 68 | 37 | 63 |

Rank under other weightings: 29th to 90th.

Weighting-dependent: the range crosses the 45–55 band

Hawley received more than its share of state aid on three of four measures; its blended score of 59 stays between 54 and 65 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

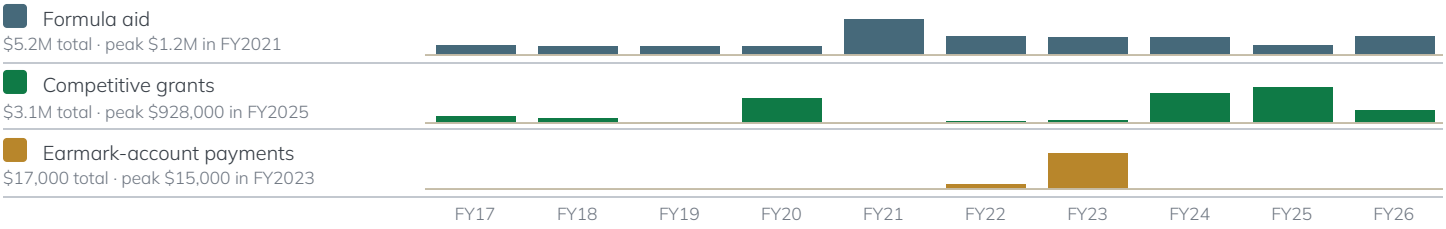
**97** / 100

12th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 99 | 99 | 92 | 98 |

Rank under other weightings: 8th to 14th.

Stable high: above 55 under every weighting



Hawley received more than its share of discretionary money on all four measures; its blended score of 97 stays between 96 and 98 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Hawley's town government and school districts received $5.2 million in formula aid and $3.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $5.2M | $3.1M | $17,000 |
| $18,811 per resident (36th of 351) · gross | $11,175 per resident (4th of 351) | $60.70 per resident (54th of 351) |

**Competitive grants to Hawley peaked in FY2025 at $928,000, 30% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 277 residents, a single payment moves Hawley's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $591,000, are not shown.

## EARMARKS

### No local earmark was placed in Hawley in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $0 | $0 | $0 | Yes |

The Comptroller records $17,000 in payments to Hawley's town government and school districts from accounts classified as earmarks over the same ten years. Those accounts can carry prior-year and statewide-program money; no enacted clause was placed in Hawley.

Hawley is one of the 35 cities and towns with no earmark placed in them in any of the ten budgets. The list counts enacted earmarks only. All 35 received competitive grant payments in the same ten years; Hawley's appear under State money above.

STATE MONEY TO OTHERS IN HAWLEY

## State programs also awarded $262,000 to organizations in Hawley other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hawley. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 7.7% of Hawley's general-fund spending in FY2025, down from 7.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **7.9%** | **9.9%** | **7.7%** | **7.6%** |
| $86,000 of $1.1M · median town 14.1% | $145,000 of $1.5M · median town 12.2% | $166,000 of $2.2M · median town 11.5% | FY2010: 7.1% · median town 10.0% |

Hawley's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $96,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hawley's state aid kept pace with both price measures: FY2025 aid was 24.5% above its FY2006 aid grown by Boston-area consumer prices and 10.6% above grown by the government price index.**

Gross state aid went from $86,000 in FY2006 to $166,000 in FY2025, +93.0% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+101.3%** | **+90.3%** | **7 of 9** | **5 of 9** |
| $14,000 to $28,000 · all towns +54.0% | $60,000 to $114,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hawley's health insurance would have been $18,000 in FY2025; it was $28,000, $11,000 above the path. Its fixed costs would have been $75,000 in FY2025; it was $114,000, $39,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2018 (+47%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hawley's government came to $0, 0.0% of the $14,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

SCHOOLS

## Hawley's required school contribution is 2.9% of median household income, 104th highest of 351.

| **Share of household income** | **Real aid per pupil, FY2017–26** |
| **2.9%** | **–30%** |
| 104th of 351 (1 = highest) | after inflation |

Hawley has no school district of its own. Its pupils attend Hawley, Hawlemont and Mohawk Trail; Hawley accounts for 100%, 13% and 1% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide. Hawley had 23 resident pupils in FY2026, so per-pupil changes swing from year to year.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hawley came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Hawley owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

FAIRNESS INDEX

## Heath scores 70 on the Fairness Index for all state aid and 98 for discretionary money. Fifty is a fair share.

ALL STATE AID

**70** / 100

13th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 71 | 69 | 63 | 75 |

Rank under other weightings: 10th to 17th.

Stable high: above 55 under every weighting

Heath received more than its share of state aid on all four measures; its blended score of 70 stays between 67 and 72 under every weighting tested.

DISCRETIONARY MONEY ONLY

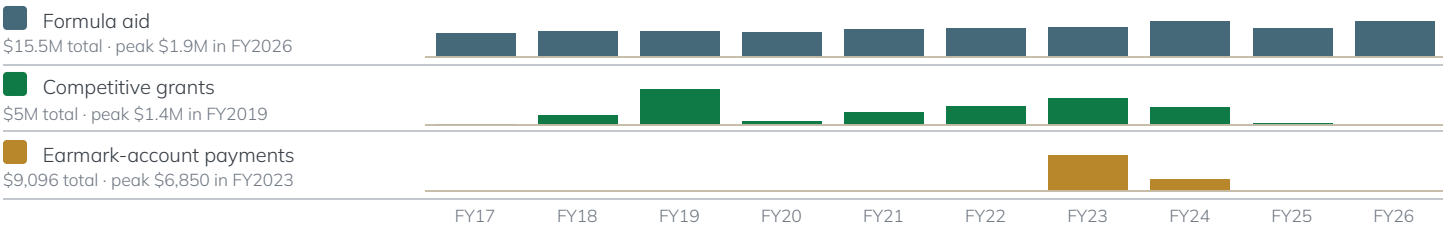
**98** / 100

4th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 98 | 98 | 96 | 99 |

Rank under other weightings: 4th to 8th.

Stable high: above 55 under every weighting



Heath received more than its share of discretionary money on all four measures; its blended score of 98 stays between 97 and 98 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Heath's town government and school districts received $15.5 million in formula aid and $5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $15.5M | $5M | $9,096 |
| $20,313 per resident (24th of 351) · gross | $6,568 per resident (9th of 351) | $11.89 per resident (248th of 351) |

**Competitive grants to Heath peaked in FY2019 at $1.4 million, 28% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 765 residents, a single payment moves Heath's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.1 million, are not shown.

EARMARKS

## Heath received $0 in local earmarks to its government, $50,000 placed in the city or town and $50,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $0 | $50,000 | $50,000 | No |
| enacted, ten budgets | $65.36 per resident (124th of 351) · all to organizations | $65.36 per resident (132nd of 351) · all to organizations | 35 municipalities had none |

Placed in the city or town: one clause in one of ten budgets; it came in FY2024. $0 went to Heath's government, its schools or municipal projects; the other $50,000 went to organizations in Heath or named with it, some of which serve a wider area.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Heath $129,000 and takes back $1,514 in assessments and charges, a net $127,000.

STATE MONEY TO OTHERS IN HEATH

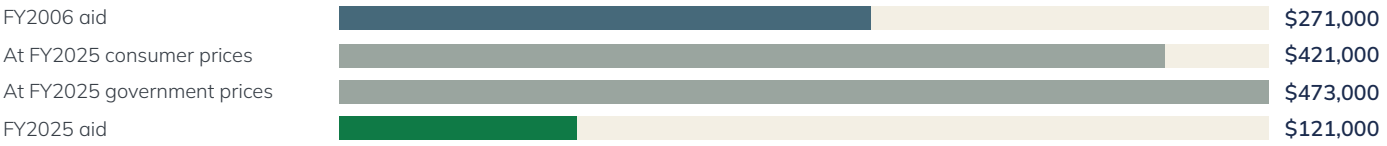
## State programs also awarded $7,383 to organizations in Heath other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Heath. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $5,687 (shared 26 ways) |
| FY2019 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $1,696 (shared 26 ways) |

COSTS AND THE 2½% LIMIT



## State aid covered 4.3% of Heath's general-fund spending in FY2025, down from 15.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.0%** | **4.4%** | **4.3%** | **4.2%** |
| $271,000 of $1.8M · median town 14.1% | $88,000 of $2M · median town 12.2% | $121,000 of $2.8M · median town 11.5% | FY2010: 2.6% · median town 10.0% |

Heath's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Heath's state aid did not keep pace with either price measure: FY2025 aid was 71.2% below its FY2006 aid grown by Boston-area consumer prices and 74.4% below grown by the government price index.**

Gross state aid went from $271,000 in FY2006 to $121,000 in FY2025, –55.3% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–0.4%** | **+50.5%** | **6 of 9** | **4 of 9** |
| $61,000 to $61,000 · all towns +54.0% | $156,000 to $235,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Heath's health insurance would have been $76,000 in FY2025; it was $61,000, $15,000 below the path. Its fixed costs would have been $195,000 in FY2025; it was $235,000, $40,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2023 (–34%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Heath's reported health insurance fell from $61,000 in FY2016 to $61,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |
|---|---|---|---|
| To the city or town government | $0 | no increase | 13.0% |
| Placed in the city or town | $50,000 | no increase | 41.2% |
| Everything placed | $50,000 | no increase | 45.2% |

SCHOOLS

## Heath's required school contribution is 1.5% of median household income, 336th highest of 351.

| Share of household income<br>**1.5%**<br>336th of 351 (1 = highest) | Real aid per pupil, FY2017–26<br>**+13%**<br>after inflation |

Heath has no school district of its own. Its pupils attend Mohawk Trail and Franklin County; Heath accounts for 9% and 2% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

ROADS, BRIDGES AND DAMS

## Heath has $589,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Heath came on average 17 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Heath received $5.1 million in earmarks placed in the city or town and competitive grants over ten years, 53% more than the $3.3 million its size, need and institutions predict.

PEERS

## Heath ranks 6th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

All of the $50,000 in earmarks placed in Heath went to organizations; none went to Heath's government.

Placed in the city or town: 25 clauses in nine of ten budgets; the most recent in FY2026. $789,000 went to Hingham's government, its schools or municipal projects; the other $1.4 million went to organizations in Hingham or named with it, some of which serve a wider area.

Clauses that name Hingham but fund a state facility or a MassHealth rate add-on, $100,000, count under everything placed only.

Everything placed, the third measure, adds $100,000 in one clause for state facilities located in Hingham (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN HINGHAM

## State programs also awarded $752,000 to organizations in Hingham other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hingham. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where

COSTS AND THE 2½% LIMIT

## State aid covered 8.0% of Hingham's general-fund spending in FY2025, down from 12.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **12.8%** | **10.6%** | **8.0%** | **7.2%** |
| $8M of $62.1M · median town 14.1% | $10.2M of $96M · median town 12.2% | $11.2M of $140M · median town 11.5% | FY2010: 10.3% · median town 10.0% |

**Hingham's state aid did not keep pace with either price measure: FY2025 aid was 9.8% below its FY2006 aid grown by Boston-area consumer prices and 19.8% below grown by the government price index.**

Gross state aid went from $8 million in FY2006 to $11.2 million in FY2025, +39.9% in dollars. Flag: in FY2010, $2 million of Hingham's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hingham's health insurance would have been $8.86 million in FY2025; it was $7.35 million, $1.51 million below the path. Its fixed costs would have been $16.1 million in FY2025; it was $18.4 million, $2.38 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hingham's government came to $789,000, 3.1 times the $255,000 rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Hingham has $301,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hingham came on average 16 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN HINSDALE

## State programs also awarded $29,000 to organizations in Hinsdale other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hinsdale. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

COSTS AND THE 2½% LIMIT

## State aid covered 7.1% of Hinsdale's general-fund spending in FY2025, down from 10.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **10.8%** | **7.7%** | **7.1%** | **6.7%** |
| $319,000 of $2.9M · median town 14.1% | $356,000 of $4.6M · median town 12.2% | $462,000 of $6.5M · median town 11.5% | FY2010: 9.2% · median town 10.0% |

Hinsdale's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $804,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hinsdale's state aid did not keep pace with either price measure: FY2025 aid was 6.7% below its FY2006 aid grown by Boston-area consumer prices and 17.1% below grown by the government price index.**

Gross state aid went from $319,000 in FY2006 to $462,000 in FY2025, +44.7% in dollars.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+120.4%** | **+99.2%** | **4 of 9** | **6 of 9** |
| $91,000 to $200,000 · all towns +54.0% | $257,000 to $513,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hinsdale's health insurance would have been $113,000 in FY2025; it was $200,000, $86,000 above the path. Its fixed costs would have been $321,000 in FY2025; it was $513,000, $191,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2017 (+44%) and FY2023 (+71%); fixed costs changed by more than 30% in one year in FY2023 (+33%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hinsdale's government came to $0, 0.0% of the $109,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

## SCHOOLS

## Hinsdale's required school contribution is 3.6% of median household income, 16th highest of 351.

Hinsdale has no school district of its own. Its pupils attend Hinsdale and Central Berkshire; Hinsdale accounts for 100% and 14% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

## SCHOOL BUILDINGS

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hinsdale came on average 31 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Hinsdale owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

Holbrook's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Holbrook's state aid kept pace with both price measures: FY2025 aid was 45.7% above its FY2006 aid grown by Boston-area consumer prices and 29.5% above grown by the government price index.**

Gross state aid went from $5.9 million in FY2006 to $13.4 million in FY2025, +126.0% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| $4.5M to $6M · all towns +54.0% | $7M to $10.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Holbrook's health insurance would have been $5.63 million in FY2025; it was $5.96 million, $331,000 above the path. Its fixed costs would have been $8.79 million in FY2025; it was $10.3 million, $1.56 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Holbrook's government came to $1.7 million, 117.4% of the $1.45 million rise in its health insurance.

**Cost after approval.** Of the one project closed with a final audit, Holbrook's share of the final cost was $11.2 million against its share of the approved budget of $10.7 million (over by $483,000); the local share moved from $5.1 million to $5.8 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Holbrook has $1.2 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Holbrook came on average 16 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Holbrook owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

EXPECTED AND ACTUAL

## Holbrook received $5 million in earmarks placed in the city or town and competitive grants over ten years, 23% more than the $4 million its size, need and institutions predict.

PEERS

## Holbrook ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2.1 million in earmarks placed in Holbrook, $70,000 (3%) went to organizations rather than to Holbrook's government.

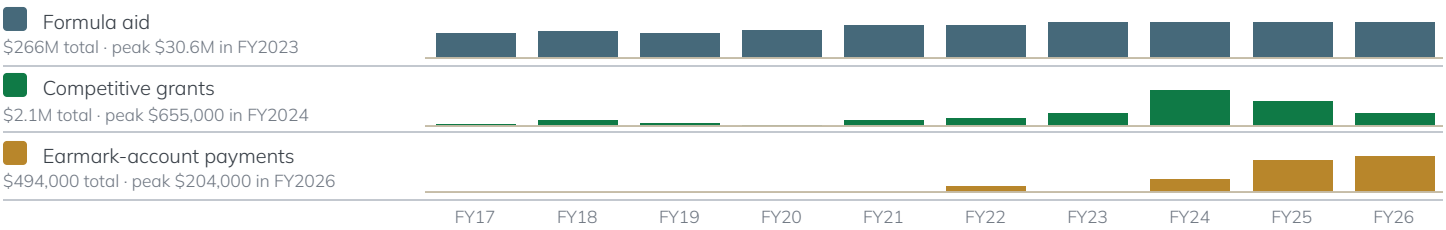
Rank under other weightings: 326th to 332nd.

Stable low: below 45 under every weighting



Holden received less than its share of discretionary money on all four measures; its blended score of 16 stays between 14 and 17 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Holden's town government and school districts received $266 million in formula aid and $2.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $266M | $2.1M | $494,000 |
| $13,276 per resident (106th of 351) · gross | $103 per resident (323rd of 351) | $24.62 per resident (177th of 351) |

**Competitive grants to Holden peaked in FY2024 at $655,000, 32% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $4 million, are not shown.

## EARMARKS

### Holden received $315,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $315,000 | $315,000 | $315,000 | No |

STATE MONEY TO OTHERS IN HOLDEN

## State programs also awarded $1.3 million to organizations in Holden other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Holden. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

A further $1.1 million in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 4.2% of Holden's general-fund spending in FY2025, down from 5.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 5.9% | 8.7% | 4.2% | 4.0% |
| $1.9M of $32.1M · median town 14.1% | $3.7M of $42.7M · median town 12.2% | $2.7M of $63.5M · median town 11.5% | FY2010: 10.0% · median town 10.0% |

Holden's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $19.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Holden's state aid did not keep pace with either price measure: FY2025 aid was 8.5% below its FY2006 aid grown by Boston-area consumer prices and 18.7% below grown by the government price index.**

Gross state aid went from $1.9 million in FY2006 to $2.7 million in FY2025, +41.8% in dollars. Flag: in FY2010, $1.9 million of Holden's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|

| $1.2M to $1.8M · all towns +54.0% | $2.9M to $5.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Holden's health insurance would have been $1.49 million in FY2025; it was $1.84 million, $354,000 above the path. Its fixed costs would have been $3.59 million in FY2025; it was $5.09 million, $1.50 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Holden's government came to $140,000, 21.5% of the $651,000 rise in its health insurance.

Holden has no school district of its own. Its pupils attend Holden, Wachusett and Montachusett; Holden accounts for 100%, 47% and 11% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Holden came on average 30 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Holden owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

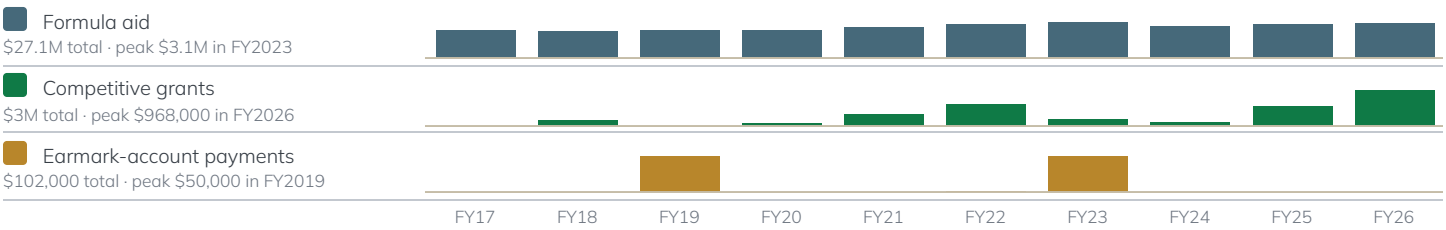
| 84 | 84 | 80 | 83 |

Rank under other weightings: 68th to 75th.

Stable high: above 55 under every weighting



Holland received more than its share of discretionary money on all four measures; its blended score of 83 stays between 82 and 83 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Holland's town government and school districts received $27.1 million in formula aid and $3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $27.1M | $3M | $102,000 |
| $10,480 per resident (168th of 351) · gross | $1,150 per resident (70th of 351) | $39.38 per resident (112th of 351) |

**Competitive grants to Holland peaked in FY2026 at $968,000, 33% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $906,000, are not shown.

EARMARKS

## Holland received $100,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $100,000 | $100,000 | $100,000 | No |

STATE MONEY TO OTHERS IN HOLLAND

## State programs also awarded $3,958 to organizations in Holland other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Holland. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Pioneer Valley Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $3,958 (shared 24 ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 17.1% of Holland's general-fund spending in FY2025, up from 16.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 16.6% | 22.4% | 17.1% | 16.3% |
| $898,000 of $5.4M · median town 14.1% | $1.4M of $6.1M · median town 12.2% | $1.5M of $8.9M · median town 11.5% | FY2010: 21.8% · median town 10.0% |

Holland's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $728,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Holland's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 9.3% above its FY2006 aid grown by Boston-area consumer prices and 2.8% below grown by the government price index.**

Gross state aid went from $898,000 in FY2006 to $1.5 million in FY2025, +69.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| +15.3% | +49.1% | 7 of 9 | 4 of 9 |
| $325,000 to $375,000 · all towns +54.0% | $666,000 to $994,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Holland's health insurance would have been $406,000 in FY2025; it was $375,000, $31,000 below the path. Its fixed costs would have been $832,000 in FY2025; it was $994,000, $161,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Holland's government came to $100,000, 2.0 times the $50,000 rise in its health insurance.

STATE MONEY, FY2017–FY2026

## Holliston's town government and school districts received $150 million in formula aid and $2.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$150M** | **$2.8M** | **$1.6M** |
| $9,911 per resident (181st of 351) · gross | $189 per resident (258th of 351) | $106 per resident (19th of 351) |

**Competitive grants to Holliston peaked in FY2026 at $1.2 million, 43% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $7.9 million, are not shown.

EARMARKS

## Holliston received $1.9 million in local earmarks to its government, $2 million placed in the city or town and $2 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$1.9M** | **$2M** | **$2M** | **No** |

STATE MONEY TO OTHERS IN HOLLISTON

## State programs also awarded $153,000 to organizations in Holliston other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Holliston. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Holliston Trails Committee nonprofit | MassTrails Grants | $65,000 |
| FY2024 | Holliston Trails Committee nonprofit | MassTrails Grants | $54,000 |

A further $35,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 17.1% of Holliston's general-fund spending in FY2025, down from 25.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **25.8%** | **22.3%** | **17.1%** | **16.1%** |
| $11.1M of $43M · median town 14.1% | $12M of $54M · median town 12.2% | $12M of $70.4M · median town 11.5% | FY2010: 20.5% · median town 10.0% |

Holliston's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $465,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Holliston's state aid did not keep pace with either price measure: FY2025 aid was 29.9% below its FY2006 aid grown by Boston-area consumer prices and 37.7% below grown by the government price index.**

Gross state aid went from $11.1 million in FY2006 to $12 million in FY2025, +8.7% in dollars. Flag: in FY2010, $2.3 million of Holliston's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+10.4%** | **+48.6%** | **5 of 9** | **3 of 9** |
| $4.9M to $5.4M · all towns +54.0% | $6.6M to $9.8M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Holliston's health insurance would have been $6.11 million in FY2025; it was $5.41 million, $708,000 below the path. Its fixed costs would have been $8.20 million in FY2025; it was $9.76 million, $1.56 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Holliston's government came to $1.7 million, 3.4 times the $510,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Holliston came on average 38 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Competitive grants to Holyoke were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $54.2 million, are not shown.

## EARMARKS

### Holyoke received $392,000 in local earmarks to its government, $2.9 million placed in the city or town and $4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $392,000 | $2.9M | $4M | No |
| $10.36 per resident (270th of 351) | $77.35 per resident (99th of 351) · 87% to organizations | $105 per resident (71st of 351) · 64% to organizations | 35 municipalities had none |

Placed in the city or town: 53 clauses in ten of ten budgets; the most recent in FY2026. $392,000 went to Holyoke's government, its schools or municipal projects; the other $2.5 million went to organizations in Holyoke or named with it, some of which serve a wider area.

Clauses that name Holyoke but fund a state facility or a MassHealth rate add-on, $1 million, count under everything placed only.

Everything placed, the third measure, adds $1 million in ten clauses for state facilities located in Holyoke (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN HOLYOKE

## State programs also awarded $9.7 million to organizations in Holyoke other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Holyoke. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $4.5 million in 18 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## The Division of Local Services shows no FY2025 general-fund spending for Holyoke; in FY2016 state aid covered 57.9% of it.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |

**Holyoke's state aid did not keep pace with either price measure: FY2025 aid was 6.4% below its FY2006 aid grown by Boston-area consumer prices and 16.8% below grown by the government price index.**

Gross state aid went from $81 million in FY2006 to $118 million in FY2025, +45.2% in dollars.

ROADS, BRIDGES AND DAMS

## Holyoke has $4.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and five high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Holyoke came on average 34 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Holyoke owns five high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

EXPECTED AND ACTUAL

## Holyoke received $44.4 million in earmarks placed in the city or town and competitive grants over ten years, 88% of the $50.6 million its size, need and institutions predict.

PEERS

## Holyoke ranks 8th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2.9 million in earmarks placed in Holyoke, $2.5 million (87%) went to organizations rather than to Holyoke's government.

## STATE MONEY, FY2017–FY2026

### Hopedale's town government and school districts received $88.9 million in formula aid and $1.9 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $88.9M | $1.9M | $209,000 |
| $14,756 per resident (77th of 351) · gross | $309 per resident (205th of 351) | $34.76 per resident (130th of 351) |

**Competitive grants to Hopedale peaked in FY2023 at $812,000, 44% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.5 million, are not shown.

## EARMARKS

### Hopedale received $402,000 in local earmarks to its government, $852,000 placed in the city or town and $852,000 counting everything placed, in ten enacted budgets.

COSTS AND THE 2½% LIMIT

## State aid covered 26.1% of Hopedale's general-fund spending in FY2025, down from 46.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **46.1%** | **38.8%** | **26.1%** | **24.9%** |

Hopedale's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $583,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hopedale's state aid did not keep pace with either price measure: FY2025 aid was 31.0% below its FY2006 aid grown by Boston-area consumer prices and 38.6% below grown by the government price index.**

Gross state aid went from $7.8 million in FY2006 to $8.3 million in FY2025, +7.1% in dollars. Flag: in FY2010, $1.1 million of Hopedale's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| $2.5M to $4.1M · all towns +54.0% | $3.6M to $6.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hopedale's health insurance would have been $3.12 million in FY2025; it was $4.08 million, $957,000 above the path. Its fixed costs would have been $4.51 million in FY2025; it was $6.39 million, $1.88 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hopedale's government came to $367,000, 23.2% of the $1.58 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Hopedale has $534,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hopedale came on average 36 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Hopedale owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.

Hopedale owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY TO OTHERS IN HOPKINTON

## State programs also awarded $382,000 to organizations in Hopkinton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hopkinton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 10.9% of Hopkinton's general-fund spending in FY2025, down from 18.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **18.2%** | **12.7%** | **10.9%** | **10.5%** |
| $9.2M of $50.4M · median town 14.1% | $8.6M of $67.5M · median town 12.2% | $12M of $110M · median town 11.5% | FY2010: 14.8% · median town 10.0% |

Hopkinton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $107,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hopkinton's state aid did not keep pace with either price measure: FY2025 aid was 15.7% below its FY2006 aid grown by Boston-area consumer prices and 25.1% below grown by the government price index.**

Gross state aid went from $9.2 million in FY2006 to $12 million in FY2025, +30.7% in dollars. Flag: in FY2010, $2.2 million of Hopkinton's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+89.4%** | **+76.8%** | **4 of 9** | **4 of 9** |
| $5.6M to $10.7M · all towns +54.0% | $8.5M to $15.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hopkinton's health insurance would have been $7.03 million in FY2025; it was $10.7 million, $3.64 million above the path. Its fixed costs would have been $10.7 million in FY2025; it was $15.1 million, $4.43 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2018 (+60%) and FY2025 (+66%); fixed costs changed by more than 30% in one year in FY2025 (+43%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hopkinton's government came to $1.3 million, 26.8% of the $5.04 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

### Hopkinton has $1.9 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hopkinton came on average 11 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Hopkinton owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.**

STATE MONEY TO OTHERS IN HUBBARDSTON

## State programs also awarded $143,000 to organizations in Hubbardston other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hubbardston. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 6.3% of Hubbardston's general-fund spending in FY2025, down from 8.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 8.0% | 6.5% | 6.3% | 6.2% |
| $488,000 of $6.1M · median town 14.1% | $523,000 of $8M · median town 12.2% | $712,000 of $11.4M · median town 11.5% | FY2010: 7.4% · median town 10.0% |

Hubbardston's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $4.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hubbardston's state aid did not keep pace with either price measure: FY2025 aid was 5.9% below its FY2006 aid grown by Boston-area consumer prices and 16.4% below grown by the government price index.**

Gross state aid went from $488,000 in FY2006 to $712,000 in FY2025, +45.9% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| +0.7% | +71.8% | 5 of 9 | 3 of 9 |
| $156,000 to $158,000 · all towns +54.0% | $470,000 to $808,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Hubbardston's health insurance would have been $195,000 in FY2025; it was $158,000, $38,000 below the path. Its fixed costs would have been $587,000 in FY2025; it was $808,000, $221,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2023 (+40%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Hubbardston's government came to $291,000, 265.3 times the $1,097 rise in its health insurance.

Hubbardston has no school district of its own. Its pupils attend Quabbin and Montachusett; Hubbardston accounts for 29% and 2% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $481,000 for schools serving Hubbardston, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Hubbardston has $823,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hubbardston came on average 13 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN HUDSON

## State programs also awarded $850,000 to organizations in Hudson other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hudson. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Hudson's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.6 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Hudson's state aid kept pace with both price measures: FY2025 aid was 35.9% above its FY2006 aid grown by Boston-area consumer prices and 20.7% above grown by the government price index.**

Gross state aid went from $9 million in FY2006 to $18.9 million in FY2025, +110.7% in dollars. Flag: in FY2010, $443,000 of Hudson's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

Hudson's health insurance is not reported for FY2016 or FY2025, so its earmarks are not set against it.

ROADS, BRIDGES AND DAMS

## Hudson has $2.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and one high- or significant-hazard dam.

start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Hudson owns one poor bridge of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.

Hudson owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

EXPECTED AND ACTUAL

## Hudson received $5.9 million in earmarks placed in the city or town and competitive grants over ten years, 70% of the $8.5 million its size, need and institutions predict.

PEERS

## Hudson ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.3 million in earmarks placed in Hudson, $565,000 (42%) went to organizations rather than to Hudson's government.

## FAIRNESS INDEX

### Hull scores 42 on the Fairness Index for all state aid and 64 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**42** / 100

198th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 36 | 44 | 52 | 34 |

Rank under other weightings: 164th to 230th.

Weighting-dependent: the range crosses the 45–55 band

Hull received less than its share of state aid on three of four measures; its blended score of 42 stays between 38 and 46 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

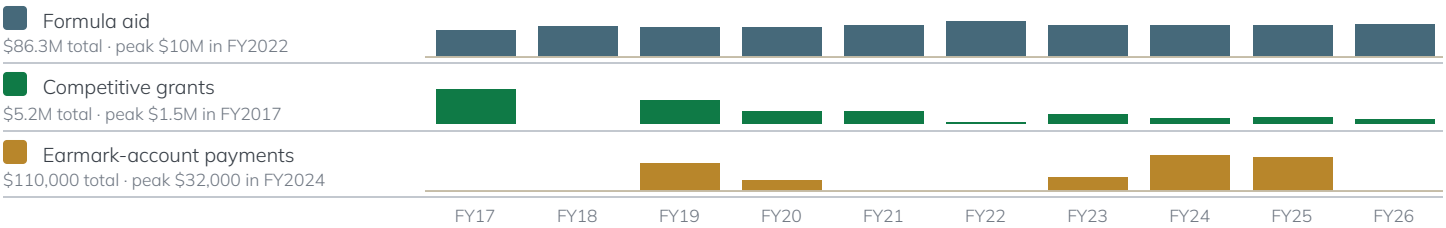
**64** / 100

135th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 62 | 70 | 62 | 60 |

Rank under other weightings: 130th to 139th.

Stable high: above 55 under every weighting



Hull received more than its share of discretionary money on all four measures; its blended score of 64 stays between 62 and 65 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Hull's town government and school districts received $86.3 million in formula aid and $5.2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$86.3M** | **$5.2M** | **$110,000** |
| $8,515 per resident (234th of 351) · gross | $509 per resident (137th of 351) | $10.83 per resident (256th of 351) |

**Competitive grants to Hull peaked in FY2017 at $1.5 million, 29% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $13.3 million, are not shown.

## EARMARKS

### Hull received $249,000 in local earmarks to its government, $623,000 placed in the city or town and $1.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$249,000** | **$623,000** | **$1.1M** | **No** |
| $24.54 per resident (186th of 351) | $61.46 per resident (137th of 351) · 60% to organizations | $112 per resident (63rd of 351) · 33% to organizations | 35 municipalities had none |

Placed in the city or town: 18 clauses in nine of ten budgets; the most recent in FY2026. $249,000 went to Hull's government, its schools or municipal projects; the other $374,000 went to organizations in Hull or named with it, some of which serve a wider area.

Clauses that name Hull but fund a state facility or a MassHealth rate add-on, $514,000, count under everything placed only.

Everything placed, the third measure, adds $514,000 in four clauses for state facilities located in Hull (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN HULL

## State programs also awarded $314,000 to organizations in Hull other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Hull. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2020 | Friends of the Paragon Carousel nonprofit | Cultural Facilities Fund | $120,000 |

| FY2016 | Friends of the Paragon Carousel nonprofit | Cultural Facilities Fund | $7,000 |

COSTS AND THE 2½% LIMIT

## State aid covered 14.1% of Hull's general-fund spending in FY2025, down from 21.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **21.1%** | **16.7%** | **14.1%** | **12.4%** |

**Hull's state aid did not keep pace with either price measure: FY2025 aid was 29.9% below its FY2006 aid grown by Boston-area consumer prices and 37.7% below grown by the government price index.**

Gross state aid went from $6.5 million in FY2006 to $7 million in FY2025, +8.7% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Hull came on average 42 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Competitive grants to Huntington were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $3.1 million, are not shown.

EARMARKS

## Huntington received $0 in local earmarks to its government, $75,000 placed in the city or town and $75,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN HUNTINGTON

## State programs also awarded $29,000 to organizations in Huntington other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Huntington. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2024 | Huntington Theatre Company nonprofit | MOTT Destination Development grants | $25,000 |
| FY2022 | Pioneer Valley Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $3,958 (shared 24 ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 14.6% of Huntington's general-fund spending in FY2025, up from 13.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **13.8%** | **15.2%** | **14.6%** | **14.5%** |
| $438,000 of $3.2M · median town 14.1% | $654,000 of $4.3M · median town 12.2% | $947,000 of $6.5M · median town 11.5% | FY2010: 14.5% · median town 10.0% |

Huntington's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.5 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Huntington's state aid kept pace with both price measures: FY2025 aid was 39.5% above its FY2006 aid grown by Boston-area consumer prices and 24.0% above grown by the government price index.**

Gross state aid went from $438,000 in FY2006 to $947,000 in FY2025, +116.3% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–38.1%** | **+11.0%** | **4 of 9** | **3 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Huntington's health insurance would have been $111,000 in FY2025; it was $55,000, $56,000 below the path. Its fixed costs would have been $240,000 in FY2025; it was $213,000, $27,000 below the path.

Flag: health insurance changed by more than 30% in one year in FY2024 (+32%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Huntington's reported health insurance fell from $89,000 in FY2016 to $55,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |

| Placed in the city or town | $50,000 | no increase | 41.2% |
| Everything placed | $50,000 | no increase | 45.2% |

SCHOOLS

## Huntington's required school contribution is 2.5% of median household income, 225th highest of 351.

| Chapter 70 aid, FY2026 | Required local contribution |
|---|---|
| **$3M** | **$2M** |

| 225th of 351 (1 = highest) | after inflation |

Huntington has no school district of its own. Its pupils attend Huntington and Gateway; Huntington accounts for 100% and 34% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Huntington, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Huntington has $745,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Huntington came on average 12 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Ipswich received less than its share of discretionary money on three of four measures; its blended score of 36 stays between 30 and 41 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Ipswich's town government and school districts received $89.8 million in formula aid and $3.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$89.8M** | **$3.3M** | **$372,000** |
| $6,449 per resident (321st of 351) · gross | $237 per resident (230th of 351) | $26.73 per resident (164th of 351) |

**Competitive grants to Ipswich peaked in FY2019 at $959,000, 29% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $11.9 million, are not shown.

EARMARKS

## Ipswich received $668,000 in local earmarks to its government, $693,000 placed in the city or town and $693,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$668,000** | **$693,000** | **$693,000** | **No** |

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state's cherry sheet sends Ipswich $8.1 million and takes back $424,000 in assessments and charges, a net $7.7 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |
|---|---|---|

STATE MONEY TO OTHERS IN IPSWICH

## State programs also awarded $499,000 to organizations in Ipswich other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Ipswich. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2025 | Ipswich River Watershed Association nonprofit | CZM Coastal Habitat and Water Quality Grant | $137,000 |
| FY2019 | Essex County Trail Association regional body | MassTrails Grants | $27,000 |

A further $336,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 11.8% of Ipswich's general-fund spending in FY2025, down from 21.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **21.0%** | **15.2%** | **11.8%** | **11.3%** |
| $6.8M of $32.6M · median town 14.1% | $7M of $45.9M · median town 12.2% | $7.6M of $63.9M · median town 11.5% | FY2010: 17.0% · median town 10.0% |

Ipswich's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $107,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Ipswich's state aid did not keep pace with either price measure: FY2025 aid was 28.5% below its FY2006 aid grown by Boston-area consumer prices and 36.5% below grown by the government price index.**

Gross state aid went from $6.8 million in FY2006 to $7.6 million in FY2025, +10.8% in dollars. Flag: in FY2010, $1.4 million of Ipswich's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+342.4%** | **+252.2%** | **7 of 9** | **5 of 9** |
| $1.2M to $5.3M · all towns +54.0% | $2.9M to $10.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Ipswich's health insurance would have been $1.51 million in FY2025; it was $5.34 million, $3.84 million above the path. Its fixed costs would have been $3.65 million in FY2025; it was $10.3 million, $6.64 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2024 (+128%); health insurance changed by more than 30% in one year in FY2024 (+225%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Ipswich's government came to $558,000, 13.5% of the $4.14 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Everything placed | $576,000 | 13.9% | 45.2% |

SCHOOLS

## Ipswich's required school contribution is 2.3% of median household income, 276th highest of 351.

Ipswich runs its own school district and also belongs to Whittier; Ipswich accounts for 2% of that district's foundation budget.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Ipswich, FY2017 to August 2026.

Not counted: Winthrop Elementary School (Ipswich), approved FY2018 for up to $27.1 million; Whittier Regional Vocational Technical High School (Whittier), approved FY2024 for up to $163 million. Each lapsed when local funding was not secured.

ROADS, BRIDGES AND DAMS

## Ipswich has $1.3 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Ipswich came on average 22 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Ipswich owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

EXPECTED AND ACTUAL

## Ipswich received $4.3 million in earmarks placed in the city or town and competitive grants over ten years, 72% of the $5.9 million its size, need and institutions predict.

PEERS

## Ipswich ranks 4th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $693,000 in earmarks placed in Ipswich, $25,000 (4%) went to organizations rather than to Ipswich's government.

**Competitive grants to Kingston peaked in FY2021 at $4.5 million, 42% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $10.5 million, are not shown.

EARMARKS

## Kingston received $498,000 in local earmarks to its government, $580,000 placed in the city or town and $580,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN KINGSTON

## State programs also awarded $1.1 million to organizations in Kingston other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Kingston. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2021 | Wildlands Trust of Southeastern Massachusetts nonprofit | Dam and Seawall Repair or Removal Program | $730,000 |
| FY2018 | Wildlands Trust of Southeastern Massachusetts nonprofit | Dam and Seawall Repair or Removal Program | $125,000 |
| FY2020 | Wildlands Trust of Southeastern Massachusetts nonprofit | Dam and Seawall Repair or Removal Program | $61,000 |
| FY2025 | Wildlands Trust nonprofit | CZM Coastal Habitat and Water Quality Grant | $16,000 (shared three ways) |

A further $121,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 11.9% of Kingston's general-fund spending in FY2025, down from 20.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **20.6%** | **15.7%** | **11.9%** | **11.0%** |
| $6.1M of $29.5M · median town 14.1% | $6.7M of $42.4M · median town 12.2% | $7.2M of $60.3M · median town 11.5% | FY2010: 17.5% · median town 10.0% |

Kingston's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $5.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Kingston's state aid did not keep pace with either price measure: FY2025 aid was 23.4% below its FY2006 aid grown by Boston-area consumer prices and 32.0% below grown by the government price index.**

Gross state aid went from $6.1 million in FY2006 to $7.2 million in FY2025, +18.7% in dollars. Flag: in FY2010, $1.2 million of Kingston's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+65.6%** | **+80.7%** | **6 of 9** | **4 of 9** |
| $2.2M to $3.6M · all towns +54.0% | $4.8M to $8.7M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Kingston's health insurance would have been $2.73 million in FY2025; it was $3.62 million, $890,000 above the path. Its fixed costs would have been $6.03 million in FY2025; it was $8.72 million, $2.69 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Kingston's government came to $468,000, 32.6% of the $1.43 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Kingston has $1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Kingston came on average 34 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

MassDOT does not publish Small Bridge award amounts; the bridge figure in the tile above is payments found in the Comptroller's records.

EXPECTED AND ACTUAL

## Kingston received $11.8 million in earmarks placed in the city or town and competitive grants over ten years, 60% more than the $7.4 million its size, need and institutions predict.

PEERS

## Kingston ranks 5th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $580,000 in earmarks placed in Kingston, $82,000 (14%) went to organizations rather than to Kingston's government.

Lakeville received less than its share of discretionary money on all four measures; its blended score of 21 stays between 19 and 23 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Lakeville's town government and school districts received $126 million in formula aid and $1.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$126M** | **$1.4M** | **$284,000** |
| $10,579 per resident (166th of 351) · gross | $119 per resident (314th of 351) | $23.80 per resident (179th of 351) |

**Competitive grants to Lakeville peaked in FY2022 at $303,000, 21% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $6.6 million, are not shown.

EARMARKS

## Lakeville received $410,000 in local earmarks to its government, $592,000 placed in the city or town and $612,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$410,000** | **$592,000** | **$612,000** | **No** |
| $34.33 per resident (142nd of 351) | $49.61 per resident (171st of 351) · 31% to organizations | $51.28 per resident (173rd of 351) · 30% to organizations | 35 municipalities had none |

Placed in the city or town: 12 clauses in seven of ten budgets; the most recent in FY2026. $410,000 went to Lakeville's government, its schools or municipal projects; the other $182,000 went to organizations in Lakeville or named with it, some of which serve a wider area.

Clauses that name Lakeville but fund a state facility or a MassHealth rate add-on, $20,000, count under everything placed only.

Everything placed, the third measure, adds $20,000 in one clause for state facilities located in Lakeville (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

### ROADS: WHO MAINTAINS WHAT

Of 120.3 miles of public road in Lakeville, the state maintains 21.0 (17%); local government and others maintain the rest.

| Jurisdiction | Miles | Share |
|---|---|---|
| MassDOT | 21.0 | 17% |
| Town-accepted | 78.0 | 65% |
| Unaccepted public ways | 20.9 | 17% |

|---|---|---|
| FY2020 | $20,000 | “a flood management study of the Assawompset pond complex that is a part of the Taunton river watershed in the towns of Freetown, Lakeville…” |

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

### WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Lakeville $2.1 million and takes back $237,000 in assessments and charges, a net $1.8 million.

STATE MONEY TO OTHERS IN LAKEVILLE

## State programs also awarded $1.4 million to organizations in Lakeville other than the town government, FY2016–FY2027.

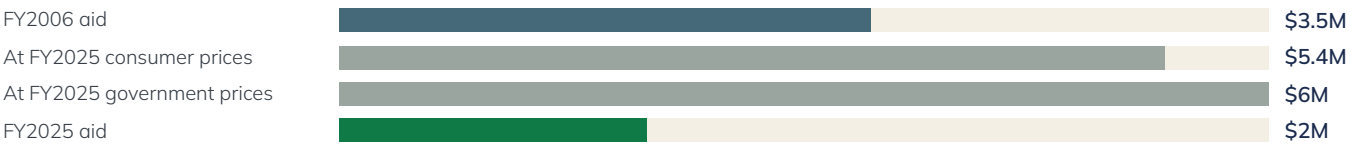
These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lakeville. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2021 | Pilgrim Sands Trail Riders nonprofit | MassTrails Grants | $22,000 (shared two ways) |
| FY2021 | SRPEDD nonprofit | Community Compact Efficiency & Regionalization Grant | $3,028 (shared 26 ways) |

A further $1.4 million in 6 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT



## State aid covered 5.7% of Lakeville's general-fund spending in FY2025, down from 17.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **17.8%** | **5.3%** | **5.7%** | **5.1%** |
| $3.5M of $19.4M · median town 14.1% | $1.2M of $23.4M · median town 12.2% | $2M of $35.1M · median town 11.5% | FY2010: 14.2% · median town 10.0% |

Lakeville's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $8.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lakeville's state aid did not keep pace with either price measure: FY2025 aid was 62.7% below its FY2006 aid grown by Boston-area consumer prices and 66.8% below grown by the government price index.**

Gross state aid went from $3.5 million in FY2006 to $2 million in FY2025, −42.1% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+41.9%** | **+65.2%** | **6 of 9** | **4 of 9** |
| $1.4M to $1.9M · all towns +54.0% | $2.5M to $4.1M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lakeville's health insurance would have been $1.71 million in FY2025; it was $1.94 million, $232,000 above the path. Its fixed costs would have been $3.07 million in FY2025; it was $4.06 million, $991,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Lakeville's government came to $410,000, 71.7% of the $572,000 rise in its health insurance.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $33.5 million for schools serving Lakeville, FY2017 to August 2026.

| Approved, Lakeville's share | Projects | Statewide |
|---|---|---|
| **$33.5M** | **2** | **$8.66B** |

| FY2023 | Assawompset Elementary School | Freetown Lakeville | Accelerated Repair (Windows/ Doors) | $2.3M | $1.3M (58%) |

**Cost after approval.** Of the one project closed with a final audit, Lakeville's share of the final cost was $2.3 million against its share of the approved budget of $2.4 million (under by $179,000); the local share moved from $1.1 million to $1.1 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Lakeville has $452,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lakeville came on average 18 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

| Year | Annual apportionment | One-time supplements | Reimbursed in the year (any year's money) | Year-end balance, FY2017-on money |

STATE MONEY TO OTHERS IN LANCASTER

## State programs also awarded $1.2 million to organizations in Lancaster other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lancaster. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $1.2 million in 7 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 5.4% of Lancaster's general-fund spending in FY2025, down from 7.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **7.6%** | **5.9%** | **5.4%** | **4.8%** |
| $1M of $13.3M · median town 14.1% | $1.1M of $18.6M · median town 12.2% | $1.5M of $27.6M · median town 11.5% | FY2010: 5.7% · median town 10.0% |

Lancaster's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $5.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lancaster's state aid did not keep pace with either price measure: FY2025 aid was 5.7% below its FY2006 aid grown by Boston-area consumer prices and 16.2% below grown by the government price index.**

Gross state aid went from $1 million in FY2006 to $1.5 million in FY2025, +46.2% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lancaster's health insurance would have been $654,000 in FY2025; it was $745,000, $90,000 above the path. Its fixed costs would have been $1.44 million in FY2025; it was $1.94 million, $505,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2019 (+43%) and FY2025 (+31%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Lancaster's government came to $180,000, 81.5% of the $221,000 rise in its health insurance.

Lancaster has no school district of its own. Its pupils attend Lancaster, Nashoba and Minuteman; Lancaster accounts for 100%, 33% and 9% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $26.2 million for schools serving Lancaster, FY2017 to August 2026.

**Cost after approval.** After approval, the Board added money to grants for one project serving Lancaster; Lancaster's share of the additions, by enrollment where a school is regional, was $4.9 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Lancaster has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lancaster came on average 28 months after the

start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

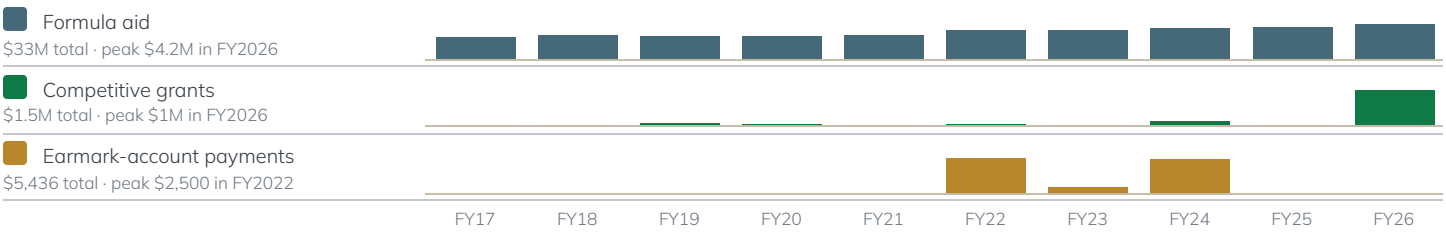
| 58 | 56 | 56 | 46 |

Rank under other weightings: 161st to 186th.

Weighting-dependent: the range crosses the 45–55 band



Lanesborough received more than its share of discretionary money on three of four measures; its blended score of 54 stays between 52 and 56 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Lanesborough's town government and school districts received $33 million in formula aid and $1.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $33M | $1.5M | $5,436 |
| $10,886 per resident (150th of 351) · gross | $484 per resident (142nd of 351) | $1.80 per resident (317th of 351) |

**Competitive grants to Lanesborough peaked in FY2026 at $1 million, 69% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $2.8 million, are not shown.

EARMARKS

## No local earmark was placed in Lanesborough in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

STATE MONEY TO OTHERS IN LANESBOROUGH

## State programs also awarded $575,000 to organizations in Lanesborough other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lanesborough. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Lanesborough's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lanesborough's state aid did not keep pace with either price measure: FY2025 aid was 72.3% below its FY2006 aid grown by Boston-area consumer prices and 75.4% below grown by the government price index.**

Gross state aid went from $1.5 million in FY2006 to $642,000 in FY2025, –57.1% in dollars. Flag: in FY2010, $463,000 of Lanesborough's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–40.1%** | **–30.2%** | **2 of 9** | **3 of 9** |
| $1.2M to $738,000 · all towns +54.0% | $1.7M to $1.2M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lanesborough's health insurance would have been $1.54 million in FY2025; it was $738,000, $800,000 below the path. Its fixed costs would have been $2.09 million in FY2025; it was $1.17 million, $923,000 below the path.

Flag: fixed costs changed by more than 30% in one year in FY2019 (–39%); health insurance changed by more than 30% in one year in FY2019 (–48%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Lanesborough's reported health insurance fell from $1.2 million in FY2016 to $738,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Lanesborough has no school district of its own. Its pupils attend Mount Greylock and Northern Berkshire; Lanesborough accounts for 34% and 4% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

SCHOOL BUILDINGS

**Cost after approval.** After approval, the Board added money to grants for one project serving Lanesborough; Lanesborough's share of the additions, by enrollment where a school is regional, was $24,000.

ROADS, BRIDGES AND DAMS

## Lanesborough has $503,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lanesborough came on average 12 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

FAIRNESS INDEX

## Lawrence scores 81 on the Fairness Index for all state aid and 52 for discretionary money. Fifty is a fair share.

ALL STATE AID

**81** / 100

2nd of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 83 | 75 | 76 | 91 |

Rank under other weightings: 1st to 2nd.

Stable high: above 55 under every weighting

Lawrence received more than its share of state aid on all four measures; its blended score of 81 stays between 78 and 85 under every weighting tested.

DISCRETIONARY MONEY ONLY

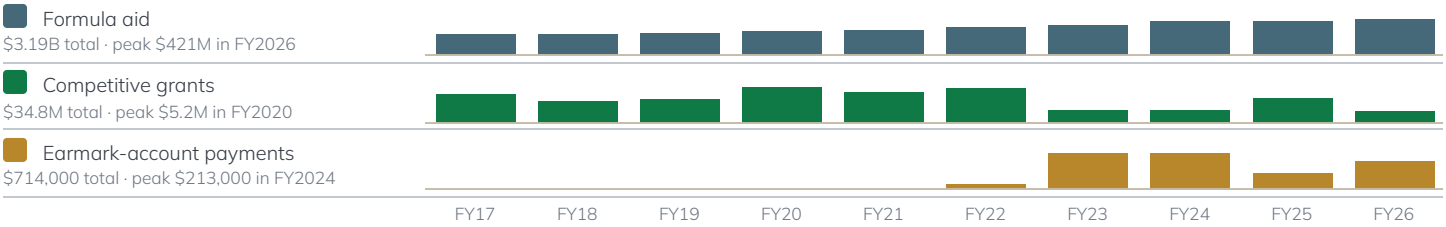
**52** / 100

181st of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 51 | 38 | 53 | 68 |

Rank under other weightings: 157th to 209th.

Weighting-dependent: the range crosses the 45–55 band



Lawrence received more than its share of discretionary money on three of four measures; its blended score of 52 stays between 48 and 57 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Lawrence's town government and school districts received $3.19 billion in formula aid and $34.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $3.19B | $34.8M | $714,000 |
| $35,983 per resident (1st of 351) · gross | $392 per resident (173rd of 351) | $8.05 per resident (269th of 351) |

**Competitive grants to Lawrence were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $106 million, are not shown.

EARMARKS

## Lawrence received $241,000 in local earmarks to its government, $6.5 million placed in the city or town and $6.5 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $241,000 | $6.5M | $6.5M | No |
| $2.71 per resident (295th of 351) | $72.86 per resident (109th of 351) · 96% to organizations | $73.42 per resident (114th of 351) · 96% to organizations | 35 municipalities had none |

Placed in the city or town: 160 clauses in ten of ten budgets; the most recent in FY2026. $241,000 went to Lawrence's government, its schools or municipal projects; the other $6.2 million went to organizations in Lawrence or named with it, some of which serve a wider area.

Clauses that name Lawrence but fund a state facility or a MassHealth rate add-on, $50,000, count under everything placed only.

Everything placed, the third measure, adds $50,000 in one clause for state facilities located in Lawrence (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN LAWRENCE

## State programs also awarded $5.3 million to organizations in Lawrence other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lawrence. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $1.1 million in 5 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 72.2% of Lawrence's general-fund spending in FY2025, up from 65.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **65.0%** | **73.3%** | **72.2%** | **62.1%** |
| $147M of $227M · median town 14.1% | $205M of $279M · median town 12.2% | $320M of $444M · median town 11.5% | FY2010: 54.5% · median town 10.0% |

Lawrence's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $31.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lawrence's state aid kept pace with both price measures: FY2025 aid was 40.2% above its FY2006 aid grown by Boston-area consumer prices and 24.6% above grown by the government price index.**

Gross state aid went from $147 million in FY2006 to $320 million in FY2025, +117.4% in dollars. Flag: in FY2010, $7 million of Lawrence's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+37.5%** | **+27.6%** | **2 of 9** | **3 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lawrence's health insurance would have been $17.6 million in FY2025; it was $19.4 million, $1.78 million above the path. Its fixed costs would have been $30.6 million in FY2025; it was $31.2 million, $658,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Lawrence's government came to $191,000, 3.6% of the $5.29 million rise in its health insurance.

**Cost after approval.** After approval, the Board added $16.7 million to grants for two projects serving Lawrence, all of it in the FY2024 supplemental grants for cost escalation. Of the three projects closed with a final audit, the final cost was $7.8 million against an approved budget of $9.2 million (under by $1.4 million); the local share moved from $2.2 million to $2.2 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Lawrence has $3.4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns six bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lawrence came on average 19 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Lawrence owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

Lawrence owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

## STATE MONEY, FY2017–FY2026

### Lee's town government and school districts received $44.5 million in formula aid and $7.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$44.5M** | **$7.4M** | **$251,000** |
| $7,783 per resident (265th of 351) · gross | $1,292 per resident (63rd of 351) | $43.92 per resident (94th of 351) |

**Competitive grants to Lee peaked in FY2021 at $3 million, 41% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $17.5 million, are not shown.

## EARMARKS

### Lee received $125,000 in local earmarks in ten enacted budgets on all three measures.

STATE MONEY TO OTHERS IN LEE

## State programs also awarded $176,000 to organizations in Lee other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lee. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 17.1% of Lee's general-fund spending in FY2025, down from 25.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |

**Lee's state aid did not keep pace with either price measure: FY2025 aid was 26.8% below its FY2006 aid grown by Boston-area consumer prices and 34.9% below grown by the government price index.**

Gross state aid went from $3.7 million in FY2006 to $4.2 million in FY2025, +13.5% in dollars. Flag: in FY2010, $610,000 of Lee's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lee came on average 14 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Lee owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

| Equal | Need | Burden | Effort |
|---|---|---|---|
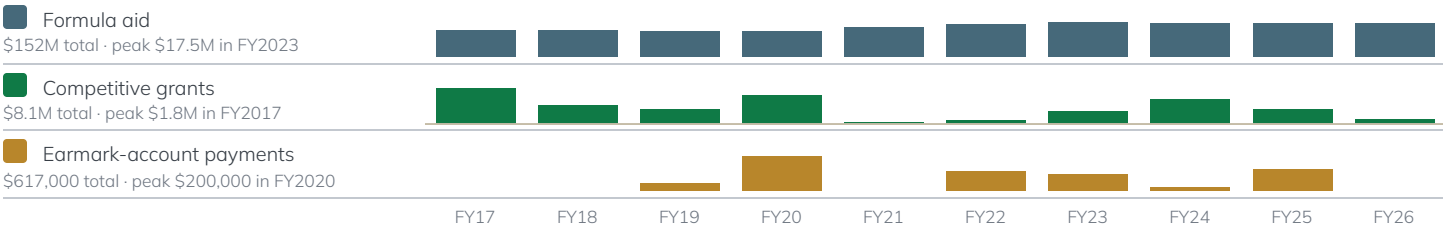
| 75 | 75 | 76 | 77 |

Rank under other weightings: 88th to 95th.

Stable high: above 55 under every weighting



Leicester received more than its share of discretionary money on all four measures; its blended score of 76 stays between 75 and 76 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Leicester's town government and school districts received $152 million in formula aid and $8.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$152M** | **$8.1M** | **$617,000** |
| $13,695 per resident (102nd of 351) · gross | $728 per resident (108th of 351) | $55.56 per resident (66th of 351) |

**Competitive grants to Leicester peaked in FY2017 at $1.8 million, 22% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $11.2 million, are not shown.

## EARMARKS

### Leicester received $521,000 in local earmarks to its government, $631,000 placed in the city or town and $631,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN LEICESTER

## State programs also awarded $2.1 million to organizations in Leicester other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Leicester. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2017 | Stiles Lake Water District nonprofit | Dam and Seawall Repair or Removal Program | $1.9M |
| FY2021 | Leicester Sports Planning Committee nonprofit | MassTrails Grants | $48,000 |
| FY2024 | Leicester Historical Commission regional body | Cultural Facilities Fund | $15,000 |
| FY2021 | Central Massachusetts Regional Planning Commission regional body | MassTrails Grants | $4,741 (shared seven ways) |

A further $180,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 35.3% of Leicester's general-fund spending in FY2025, down from 45.9% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **45.9%** | **43.2%** | **35.3%** | **32.5%** |
| $11.2M of $24.4M · median town 14.1% | $12M of $27.6M · median town 12.2% | $14.1M of $39.8M · median town 11.5% | FY2010: 46.3% · median town 10.0% |

**Leicester's state aid did not keep pace with either price measure: FY2025 aid was 19.1% below its FY2006 aid grown by Boston-area consumer prices and 28.1% below grown by the government price index.**

Gross state aid went from $11.2 million in FY2006 to $14.1 million in FY2025, +25.4% in dollars. Flag: in FY2010, $622,000 of Leicester's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|

| $2.4M to $3.1M · all towns +54.0% | $3.9M to $6.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Leicester's health insurance would have been $2.94 million in FY2025; it was $3.13 million, $198,000 above the path. Its fixed costs would have been $4.83 million in FY2025; it was $6.35 million, $1.52 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Leicester's government came to $521,000, 66.6% of the $784,000 rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Leicester came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Lenox received more than its share of discretionary money on all four measures; its blended score of 71 stays between 69 and 74 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Lenox's town government and school districts received $33.4 million in formula aid and $3.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $33.4M | $3.7M | $16,000 |
| $6,580 per resident (313th of 351) · gross | $735 per resident (106th of 351) | $3.15 per resident (306th of 351) |

**Competitive grants to Lenox were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $36 million, are not shown.

EARMARKS

## Lenox received $75,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $75,000 | $75,000 | $75,000 | No |

STATE MONEY TO OTHERS IN LENOX

## State programs also awarded $1.7 million to organizations in Lenox other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lenox. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 13.7% of Lenox's general-fund spending in FY2025, down from 21.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **21.4%** | **19.5%** | **13.7%** | **12.6%** |
| $3.2M of $14.9M · median town 14.1% | $4M of $20.3M · median town 12.2% | $3.9M of $28.6M · median town 11.5% | FY2010: 21.2% · median town 10.0% |

**Lenox's state aid did not keep pace with either price measure: FY2025 aid was 20.4% below its FY2006 aid grown by Boston-area consumer prices and 29.3% below grown by the government price index.**

Gross state aid went from $3.2 million in FY2006 to $3.9 million in FY2025, +23.4% in dollars. Flag: in FY2010, $1.3 million of Lenox's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+31.1%** | **+57.1%** | **6 of 9** | **5 of 9** |
| $3.4M to $4.5M · all towns +54.0% | $3.6M to $5.7M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lenox's health insurance would have been $4.30 million in FY2025; it was $4.52 million, $215,000 above the path. Its fixed costs would have been $4.55 million in FY2025; it was $5.72 million, $1.17 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+36%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Lenox's government came to $75,000, 7.0% of the $1.07 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lenox came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Lenox owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

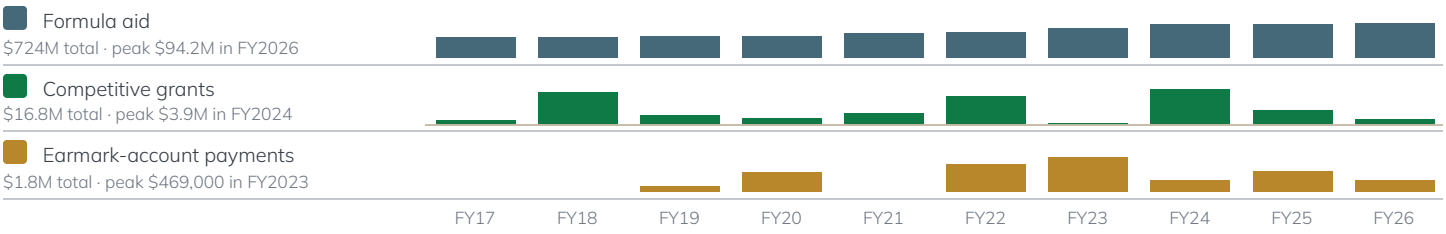
Near fair: between 45 and 55 under every weighting



Leominster received more than its share of discretionary money on three of four measures; its blended score of 51 stays between 49 and 53 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Leominster's town government and school districts received $724 million in formula aid and $16.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $724M | $16.8M | $1.8M |
| $16,497 per resident (54th of 351) · gross | $382 per resident (179th of 351) | $41.75 per resident (104th of 351) |

**Competitive grants to Leominster peaked in FY2024 at $3.9 million, 23% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $32.3 million, are not shown.

EARMARKS

## Leominster received $959,000 in local earmarks to its government, $2.4 million placed in the city or town and $2.4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $959,000 | $2.4M | $2.4M | No |
| $21.85 per resident (204th of 351) | $54.84 per resident (154th of 351) · 60% to organizations | $54.84 per resident (161st of 351) · 60% to organizations | 35 municipalities had none |

Placed in the city or town: 42 clauses in nine of ten budgets; the most recent in FY2026. $959,000 went to Leominster's government, its schools or municipal projects; the other $1.4 million went to organizations in Leominster or named with it, some of which serve a wider area.

STATE MONEY TO OTHERS IN LEOMINSTER

## State programs also awarded $940,000 to organizations in Leominster other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Leominster. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $940,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 44.4% of Leominster's general-fund spending in FY2025, up from 44.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **44.2%** | **42.4%** | **44.4%** | **42.1%** |
| $41.4M of $93.7M · median town 14.1% | $51.1M of $121M · median town 12.2% | $76.9M of $173M · median town 11.5% | FY2010: 41.2% · median town 10.0% |

**Leominster's state aid kept pace with both price measures: FY2025 aid was 19.9% above its FY2006 aid grown by Boston-area consumer prices and 6.6% above grown by the government price index.**

Gross state aid went from $41.4 million in FY2006 to $76.9 million in FY2025, +86.0% in dollars. Flag: in FY2010, $1.7 million of Leominster's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+71.3%** | **+41.0%** | **3 of 9** | **4 of 9** |
| $21.2M to $36.4M · all towns +54.0% | $25.3M to $35.7M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Leominster's health insurance would have been $26.5 million in FY2025; it was $36.4 million, $9.86 million above the path. Its fixed costs would have been $31.6 million in FY2025; it was $35.7 million, $4.09 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2024 (+31%); health insurance changed by more than 30% in one year in FY2024 (+35%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost. Flag: in FY2022, FY2023, FY2024 and FY2025 reported health insurance exceeded all general-fund fixed costs; the health-insurance report includes the employee share for self-insured towns.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Leominster's government came to $959,000, 6.3% of the $15.1 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Leominster has $460,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and eight high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Leominster came on average 16 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

## STATE MONEY, FY2017–FY2026

### Leverett's town government and school districts received $19.1 million in formula aid and $2.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $19.1M | $2.7M | $37,000 |
| $11,884 per resident (130th of 351) · gross | $1,674 per resident (54th of 351) | $23.23 per resident (183rd of 351) |

**Competitive grants to Leverett peaked in FY2026 at $1 million, 37% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.6 million, are not shown.

## EARMARKS

### Leverett received $115,000 in local earmarks to its government, $215,000 placed in the city or town and $215,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $115,000 | $215,000 | $215,000 | No |

STATE MONEY TO OTHERS IN LEVERETT

## State programs also awarded $4.9 million to organizations in Leverett other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Leverett. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2027 | Hassanamisco Nipmuc Band tribal nation | Municipal Vulnerability Preparedness (MVP) Action Grant | $3M |
| FY2027 | Hassanamisco Nipmuc Band nonprofit | EEA Eco One Stop FY27 (climate/resilience grants) | $1.5M (shared two ways) |
| FY2026 | Friends of North Leverett Sawmill nonprofit | Cultural Facilities Fund | $196,000 |

| FY2019 | Franklin Regional Council of Governments regional body | Community Compact Efficiency & Regionalization Grant | $1,696 (shared 26 ways) |

A further $138,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 11.4% of Leverett's general-fund spending in FY2025, up from 11.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **11.3%** | **12.1%** | **11.4%** | **11.2%** |
| $514,000 of $4.6M · median town 14.1% | $661,000 of $5.5M · median town 12.2% | $857,000 of $7.5M · median town 11.5% | FY2010: 11.3% · median town 10.0% |

Leverett's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $827,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Leverett's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 7.5% above its FY2006 aid grown by Boston-area consumer prices and 4.4% below grown by the government price index.**

Gross state aid went from $514,000 in FY2006 to $857,000 in FY2025, +66.7% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+185.0%** | **+79.1%** | **4 of 9** | **6 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Leverett's health insurance would have been $88,000 in FY2025; it was $202,000, $113,000 above the path. Its fixed costs would have been $271,000 in FY2025; it was $389,000, $118,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2021 (+41%) and FY2023 (+52%); fixed costs changed by more than 30% in one year in FY2023 (+49%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Leverett's government came to $115,000, 87.8% of the $131,000 rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Leverett has $855,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns three bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Leverett came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Leverett received $3 million in earmarks placed in the city or town and competitive grants over ten years, 53% of the $5.7 million its size, need and institutions predict.

PEERS

## Leverett ranks 2nd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $215,000 in earmarks placed in Leverett, $100,000 (47%) went to organizations rather than to Leverett's government.

STATE MONEY TO OTHERS IN LEXINGTON

## State programs also awarded $1.1 million to organizations in Lexington other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lexington. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| FY2021 | Lexington Arts and Crafts Society nonprofit | Cultural Facilities Fund | $7,000 |

A further $267,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 7.3% of Lexington's general-fund spending in FY2025, up from 6.6% in FY2006.

Lexington's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $309,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lexington's state aid kept pace with both price measures: FY2025 aid was 53.3% above its FY2006 aid grown by Boston-area consumer prices and 36.2% above grown by the government price index.**

Gross state aid went from $8.6 million in FY2006 to $20.5 million in FY2025, +137.7% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+58.2%** | **+65.2%** | **7 of 9** | **5 of 9** |
| $22.8M to $36M · all towns +54.0% | $29.3M to $48.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lexington's health insurance would have been $28.5 million in FY2025; it was $36 million, $7.58 million above the path. Its fixed costs would have been $36.6 million in FY2025; it was $48.4 million, $11.8 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2021 (–66%) and FY2023 (+168%); health insurance changed by more than 30% in one year in FY2021 (–87%) and FY2023 (+745%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Lexington's government came to $470,000, 3.5% of the $13.3 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lexington came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Lexington owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Lexington received $7.2 million in earmarks placed in the city or town and competitive grants over ten years, 53% of the $13.6 million its size, need and institutions predict.

PEERS

## Lexington ranks 2nd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $3.9 million in earmarks placed in Lexington, $3.4 million (87%) went to organizations rather than to Lexington's government.

## STATE MONEY, FY2017–FY2026

### Leyden's town government and school districts received $8.4 million in formula aid and $2 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $8.4M | $2M | $0 |
| $13,247 per resident (107th of 351) · gross | $3,201 per resident (30th of 351) | $0 per resident (339th of 351) |

**Competitive grants to Leyden peaked in FY2021 at $458,000, 22% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 637 residents, a single payment moves Leyden's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $1.5 million, are not shown.

## EARMARKS

### Leyden received $100,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN LEYDEN

## State programs also awarded $752,000 to organizations in Leyden other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Leyden. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Leyden's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $649,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Leyden's state aid kept pace with both price measures: FY2025 aid was 28.7% above its FY2006 aid grown by Boston-area consumer prices and 14.4% above grown by the government price index.**

Gross state aid went from $80,000 in FY2006 to $161,000 in FY2025, +99.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Leyden's fixed costs would have been $130,000 in FY2025; it was $162,000, $32,000 above the path.

Flag: fixed costs changed by more than 30% in one year in FY2020 (–72%) and FY2021 (+340%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Leyden's health insurance is not reported for FY2016 or FY2025, so its earmarks are not set against it.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Leyden has no school district of its own. Its pupils attend Pioneer and Franklin County; Leyden accounts for 13% and 2% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Leyden came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY, FY2017–FY2026

## Lincoln's town government and school districts received $61.4 million in formula aid and $1.9 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$61.4M** | **$1.9M** | **$183,000** |
| $8,832 per resident (226th of 351) · gross | $272 per resident (219th of 351) | $26.29 per resident (167th of 351) |

**Competitive grants to Lincoln peaked in FY2026 at $458,000, 24% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $5.1 million, are not shown.

EARMARKS

## Lincoln received $1.3 million in local earmarks to its government, $1.6 million placed in the city or town and $1.6 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN LINCOLN

## State programs also awarded $1.5 million to organizations in Lincoln other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lincoln. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2017 | Drumlin Farm Wildlife Sanctuary nonprofit | Cultural Facilities Fund | $225,000 |
| FY2021 | DeCordova Sculpture Park and Museum nonprofit | Cultural Facilities Fund | $200,000 |
| FY2025 | Mass Audubon nonprofit | Cultural Facilities Fund | $132,000 |
| FY2022 | Mass Audubon nonprofit | Cultural Facilities Fund | $130,000 |

| FY2021 | Massachusetts Audubon Society nonprofit | Cultural Facilities Fund | $100,000 |
| FY2018 | DeCordova Sculpture Park and Museum nonprofit | Cultural Facilities Fund | $7,000 |

A further $480,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 6.7% of Lincoln's general-fund spending in FY2025, down from 11.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |

Lincoln's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $491,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lincoln's state aid did not keep pace with either price measure: FY2025 aid was 28.0% below its FY2006 aid grown by Boston-area consumer prices and 36.0% below grown by the government price index.**

Gross state aid went from $2.6 million in FY2006 to $2.9 million in FY2025, +11.7% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Lincoln runs its own district for some grades and belongs to Lincoln-Sudbury for others; Lincoln accounts for 13% of that district's foundation budget.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Lincoln, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Lincoln has $1.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lincoln came on average 28 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Lincoln received $9.6 million in earmarks placed in the city or town and competitive grants over ten years, 54% more than the $6.2 million its size, need and institutions predict.

PEERS

## Lincoln ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $1.6 million in earmarks placed in Lincoln, $220,000 (14%) went to organizations rather than to Lincoln's government.

STATE MONEY, FY2017–FY2026

## Littleton's town government and school districts received $81.1 million in formula aid and $17.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$81.1M** | **$17.1M** | **$8.3M** |
| $7,885 per resident (259th of 351) · gross | $1,660 per resident (55th of 351) | $808 per resident (1st of 351) |

**Competitive grants to Littleton peaked in FY2026 at $3.8 million, 22% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $10.8 million, are not shown.

EARMARKS

## Littleton received $570,000 in local earmarks to its government, $645,000 placed in the city or town and $645,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$570,000** | **$645,000** | **$645,000** | **No** |

STATE MONEY TO OTHERS IN LITTLETON

## State programs also awarded $87,000 to organizations in Littleton other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Littleton. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $87,000 in 5 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 11.5% of Littleton's general-fund spending in FY2025, down from 14.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **14.0%** | **14.1%** | **11.5%** | **9.4%** |
| $4M of $28.5M · median town 14.1% | $5.2M of $36.9M · median town 12.2% | $6.7M of $58.1M · median town 11.5% | FY2010: 13.6% · median town 10.0% |

Littleton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $208,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Littleton's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 8.1% above its FY2006 aid grown by Boston-area consumer prices and 3.9% below grown by the government price index.**

Gross state aid went from $4 million in FY2006 to $6.7 million in FY2025, +67.6% in dollars. Flag: in FY2010, $1.1 million of Littleton's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+54.4%** | **+91.1%** | **4 of 9** | **6 of 9** |
| $3.3M to $5.1M · all towns +54.0% | $4.9M to $9.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Littleton's health insurance would have been $4.17 million in FY2025; it was $5.15 million, $983,000 above the path. Its fixed costs would have been $6.07 million in FY2025; it was $9.28 million, $3.21 million above the path.

Flag: fixed costs changed by more than 30% in one year in FY2017 (+45%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Littleton's government came to $510,000, 28.1% of the $1.81 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Littleton came on average 26 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

COSTS AND THE 2½% LIMIT

## State aid covered 11.8% of Longmeadow's general-fund spending in FY2025, down from 15.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.4%** | **10.8%** | **11.8%** | **11.3%** |

**Longmeadow's state aid did not keep pace with either price measure: FY2025 aid was 6.3% below its FY2006 aid grown by Boston-area consumer prices and 16.8% below grown by the government price index.**

Gross state aid went from $6.6 million in FY2006 to $9.6 million in FY2025, +45.2% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Longmeadow came on average 23 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Longmeadow owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

**Competitive grants to Lowell were spread across the decade; no year exceeded 20% of the total.**

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $128 million, are not shown.

## EARMARKS

### Lowell received $4.5 million in local earmarks to its government, $7.9 million placed in the city or town and $8.9 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$4.5M** | **$7.9M** | **$8.9M** | **No** |
| $37.82 per resident (125th of 351) | $66.99 per resident (119th of 351) · 44% to organizations | $75.02 per resident (111th of 351) · 39% to organizations | 35 municipalities had none |

Placed in the city or town: 78 clauses in ten of ten budgets; the most recent in FY2026. $4.5 million went to Lowell's government, its schools or municipal projects; the other $3.5 million went to organizations in Lowell or named with it, some of which serve a wider area.

Clauses that name Lowell but fund a state facility or a MassHealth rate add-on, $575,000, count under everything placed only.

Everything placed, the third measure, adds $950,000 in six clauses for state facilities located in Lowell (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN LOWELL

## State programs also awarded $7.1 million to organizations in Lowell other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lowell. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $1.9 million in 10 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 54.6% of Lowell's general-fund spending in FY2025, down from 55.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **55.3%** | **52.4%** | **54.6%** | **45.1%** |
| $157M of $284M · median town 14.1% | $169M of $323M · median town 12.2% | $288M of $527M · median town 11.5% | FY2010: 47.0% · median town 10.0% |

Lowell's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $31.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lowell's state aid kept pace with both price measures: FY2025 aid was 17.9% above its FY2006 aid grown by Boston-area consumer prices and 4.8% above grown by the government price index.**

Gross state aid went from $157 million in FY2006 to $288 million in FY2025, +82.9% in dollars. Flag: in FY2010, $12.2 million of Lowell's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

**Cost after approval.** After approval, the Board added $37 million to grants for one project serving Lowell, all of it in the FY2024 supplemental grants for cost escalation. Of the six projects closed with a final audit, the final cost was $9 million against an approved budget of $13.4 million (under by $4.4 million); the local share moved from $3.6 million to $2.3 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Lowell has $10.8 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns four bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lowell came on average 30 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Lowell owns two poor bridges of the size the Small Bridge Program funds and has no Small Bridge selection or payment in the records found, FY2017–FY2026.

Lowell owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

EXPECTED AND ACTUAL

## Lowell received $66.5 million in earmarks placed in the city or town and competitive grants over ten years, 15% more than the $57.7 million its size, need and institutions predict.

PEERS

## Lowell ranks 10th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $7.9 million in earmarks placed in Lowell, $3.5 million (44%) went to organizations rather than to Lowell's government.

Ludlow received more than its share of discretionary money on two of four measures; its blended score of 54 stays between 51 and 56 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Ludlow's town government and school districts received $221 million in formula aid and $8.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$221M** | **$8.5M** | **$404,000** |
| $10,596 per resident (163rd of 351) · gross | $407 per resident (165th of 351) | $19.31 per resident (207th of 351) |

**Competitive grants to Ludlow peaked in FY2022 at $1.9 million, 23% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $16 million, are not shown.

EARMARKS

## Ludlow received $735,000 in local earmarks to its government, $2.8 million placed in the city or town and $2.8 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|

STATE MONEY TO OTHERS IN LUDLOW

## State programs also awarded $4.7 million to organizations in Ludlow other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Ludlow. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

| FY2022 | Lupa Game Farm nonprofit | Cultural Facilities Fund | $90,000 |
| FY2026 | Exit Seven Players nonprofit | Cultural Facilities Fund | $44,000 |

A further $3.6 million in 7 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 23.8% of Ludlow's general-fund spending in FY2025, down from 34.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **34.2%** | **29.0%** | **23.8%** | **22.1%** |
| $15M of $44M · median town 14.1% | $17.3M of $59.5M · median town 12.2% | $19.6M of $82.1M · median town 11.5% | FY2010: 34.1% · median town 10.0% |

**Ludlow's state aid did not keep pace with either price measure: FY2025 aid was 16.1% below its FY2006 aid grown by Boston-area consumer prices and 25.5% below grown by the government price index.**

Gross state aid went from $15 million in FY2006 to $19.6 million in FY2025, +30.1% in dollars. Flag: in FY2010, $1.4 million of Ludlow's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Ludlow's health insurance would have been $11 million in FY2025; it was $9.68 million, $1.35 million below the path. Its fixed costs would have been $15 million in FY2025; it was $16.7 million, $1.64 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Ludlow's government came to $685,000, 80.7% of the $849,000 rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Ludlow has $2.2 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns two bridges rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Ludlow came on average 22 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Ludlow owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

**Ludlow owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

EXPECTED AND ACTUAL

## Ludlow received $11.3 million in earmarks placed in the city or town and competitive grants over ten years, 47% more than the $7.7 million its size, need and institutions predict.

PEERS

## Ludlow ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2.8 million in earmarks placed in Ludlow, $2 million (73%) went to organizations rather than to Ludlow's government.

STATE MONEY TO OTHERS IN LUNENBURG

## State programs also awarded $548,000 to organizations in Lunenburg other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lunenburg. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Lunenburg Snow Riders nonprofit | MassTrails Grants | $33,000 |

A further $515,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 23.0% of Lunenburg's general-fund spending in FY2025, up from 22.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| 22.8% | 23.9% | 23.0% | 20.6% |
| $5.4M of $23.6M · median town 14.1% | $8.1M of $33.7M · median town 12.2% | $10.8M of $46.7M · median town 11.5% | FY2010: 21.9% · median town 10.0% |

Lunenburg's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $848,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lunenburg's state aid kept pace with both price measures: FY2025 aid was 29.2% above its FY2006 aid grown by Boston-area consumer prices and 14.8% above grown by the government price index.**

Gross state aid went from $5.4 million in FY2006 to $10.8 million in FY2025, +100.4% in dollars. Flag: in FY2010, $499,000 of Lunenburg's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| +81.9% | +75.1% | 6 of 9 | 7 of 9 |
| $1.7M to $3M · all towns +54.0% | $3.2M to $5.5M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lunenburg's health insurance would have been $2.09 million in FY2025; it was $3.04 million, $952,000 above the path. Its fixed costs would have been $3.94 million in FY2025; it was $5.52 million, $1.58 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Lunenburg's government came to $552,000, 40.3% of the $1.37 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Lunenburg has $2 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lunenburg came on average 32 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Lunenburg owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

FAIRNESS INDEX

## Lynn scores 72 on the Fairness Index for all state aid and 43 for discretionary money. Fifty is a fair share.

ALL STATE AID

**72** / 100

8th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 77 | 67 | 68 | 77 |

Rank under other weightings: 7th to 11th.

Stable high: above 55 under every weighting

Lynn received more than its share of state aid on all four measures; its blended score of 72 stays between 70 and 75 under every weighting tested.

DISCRETIONARY MONEY ONLY

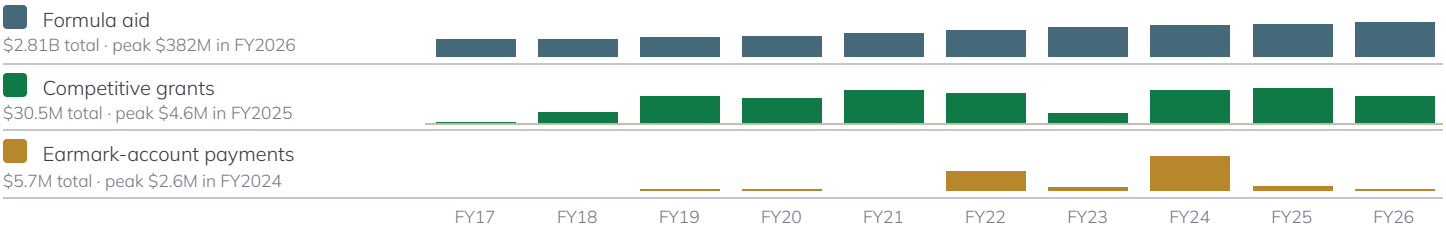
**43** / 100

218th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 43 | 32 | 51 | 44 |

Rank under other weightings: 199th to 236th.

Weighting-dependent: the range crosses the 45–55 band



Lynn received less than its share of discretionary money on three of four measures; its blended score of 43 stays between 40 and 46 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Lynn's town government and school districts received $2.81 billion in formula aid and $30.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $2.81B | $30.5M | $5.7M |
| $27,652 per resident (6th of 351) · gross | $300 per resident (209th of 351) | $56.37 per resident (65th of 351) |

Competitive grants to Lynn were spread across the decade; no year exceeded 20% of the total.

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $86.6 million, are not shown.

EARMARKS

## Lynn received $2.9 million in local earmarks to its government, $8.9 million placed in the city or town and $11.8 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $2.9M | $8.9M | $11.8M | No |
| $28.80 per resident (169th of 351) | $87.92 per resident (85th of 351) · 67% to organizations | $116 per resident (56th of 351) · 51% to organizations | 35 municipalities had none |

Placed in the city or town: 103 clauses in ten of ten budgets; the most recent in FY2026. $2.9 million went to Lynn's government, its schools or municipal projects; the other $6 million went to organizations in Lynn or named with it, some of which serve a wider area.

Clauses that name Lynn but fund a state facility or a MassHealth rate add-on, $2.8 million, count under everything placed only.

Everything placed, the third measure, adds $2.8 million in 29 clauses for state facilities located in Lynn (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN LYNN

## State programs also awarded $2 million to organizations in Lynn other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Lynn. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| FY2016 | Lynn Arts nonprofit | Cultural Facilities Fund | $7,000 |
| FY2016 | RAW Art Works nonprofit | Cultural Facilities Fund | $7,000 |

A further $1 million in 7 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 59.3% of Lynn's general-fund spending in FY2025, up from 59.1% in FY2006.

**Lynn's state aid kept pace with both price measures: FY2025 aid was 52.4% above its FY2006 aid grown by Boston-area consumer prices and 35.5% above grown by the government price index.**

Gross state aid went from $137 million in FY2006 to $323 million in FY2025, +136.4% in dollars. Flag: in FY2010, $7.6 million of Lynn's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+62.5%** | **+56.6%** | **4 of 9** | **4 of 9** |
| $50.8M to $82.6M · all towns +54.0% | $82.6M to $129M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lynn's health insurance would have been $63.4 million in FY2025; it was $82.6 million, $19.1 million above the path. Its fixed costs would have been $103 million in FY2025; it was $129 million, $26.2 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2024 (+33%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Lynn's government came to $2.6 million, 8.3% of the $31.8 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

ROADS, BRIDGES AND DAMS

## Lynn has $1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and 11 high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lynn came on average 14 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Lynn owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

Lynn owns 11 high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

COSTS AND THE 2½% LIMIT

## State aid covered 10.6% of Lynnfield's general-fund spending in FY2025, up from 9.8% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.8%** | **10.5%** | **10.6%** | **9.7%** |

Lynnfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $145,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Lynnfield's state aid kept pace with both price measures: FY2025 aid was 51.9% above its FY2006 aid grown by Boston-area consumer prices and 35.0% above grown by the government price index.**

Gross state aid went from $3.3 million in FY2006 to $7.7 million in FY2025, +135.5% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Lynnfield's health insurance would have been $6.11 million in FY2025; it was $7.89 million, $1.78 million above the path. Its fixed costs would have been $9.31 million in FY2025; it was $12.1 million, $2.81 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Lynnfield's government came to $628,000, 20.9% of the $3.00 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Lynnfield has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Lynnfield came on average 13 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Lynnfield owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

STATE MONEY TO OTHERS IN MALDEN

## State programs also awarded $1.3 million to organizations in Malden other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Malden. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2027 | Volunteers of America of Massachusetts nonprofit | Community One Stop for Growth | $600,000 |

| FY2023 | Friends of the Middlesex Fells Reservation nonprofit | MassTrails Grants | $2,880 (shared five ways) |

A further $384,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 36.7% of Malden's general-fund spending in FY2025, down from 43.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **43.4%** | **41.6%** | **36.7%** | **29.4%** |
| $55.9M of $129M · median town 14.1% | $68.1M of $164M · median town 12.2% | $81.6M of $222M · median town 11.5% | FY2010: 34.9% · median town 10.0% |

Malden's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $2.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Malden's state aid did not keep pace with either price measure: FY2025 aid was 5.9% below its FY2006 aid grown by Boston-area consumer prices and 16.4% below grown by the government price index.**

Gross state aid went from $55.9 million in FY2006 to $81.6 million in FY2025, +45.9% in dollars. Flag: in FY2010, $6.8 million of Malden's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+40.6%** | **+58.0%** | **4 of 9** | **3 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Malden's health insurance would have been $32.2 million in FY2025; it was $36.2 million, $4.04 million above the path. Its fixed costs would have been $36.6 million in FY2025; it was $46.3 million, $9.71 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Malden's government came to $1.6 million, 15.2% of the $10.4 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

**Cost after approval.** After approval, the Board added money to grants for one project serving Malden; Malden's share of the additions, by enrollment where a school is regional, was $3.2 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Malden has $5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Malden came on average 32 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Malden received $19.9 million in earmarks placed in the city or town and competitive grants over ten years, 77% of the $25.8 million its size, need and institutions predict.

PEERS

## Malden ranks 7th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $3.9 million in earmarks placed in Malden, $2 million (52%) went to organizations rather than to Malden's government.

STATE MONEY TO OTHERS IN MANCHESTER-BY-THE-SEA

## State programs also awarded $49,000 to organizations in Manchester-by-the-Sea other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Manchester-by-the-Sea. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

COSTS AND THE 2½% LIMIT

## State aid covered 0.8% of Manchester-by-the-Sea's general-fund spending in FY2025, down from 1.7% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **1.7%** | **0.8%** | **0.8%** | **0.3%** |
| $296,000 of $17.3M · median town 14.1% | $220,000 of $26.4M · median town 12.2% | $309,000 of $37.6M · median town 11.5% | FY2010: 0.3% · median town 10.0% |

Manchester-by-the-Sea's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.9 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Manchester-by-the-Sea's state aid did not keep pace with either price measure: FY2025 aid was 32.7% below its FY2006 aid grown by Boston-area consumer prices and 40.1% below grown by the government price index.**

Gross state aid went from $296,000 in FY2006 to $309,000 in FY2025, +4.4% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| $1.4M to $1.4M · all towns +54.0% | $2.6M to $3.6M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Manchester-by-the-Sea's health insurance would have been $1.78 million in FY2025; it was $1.44 million, $339,000 below the path. Its fixed costs would have been $3.29 million in FY2025; it was $3.60 million, $306,000 above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Manchester-by-the-Sea's government came to $274,000, 17.8 times the $15,000 rise in its health insurance.

**Cost after approval.** Of the one project closed with a final audit, Manchester-by-the-Sea's share of the final cost was $6,000 against its share of the approved budget of $9,000 (under by $3,000); the local share moved from $5,000 to $4,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Manchester-by-the-Sea has $684,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Manchester-by-the-Sea came on average 29 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

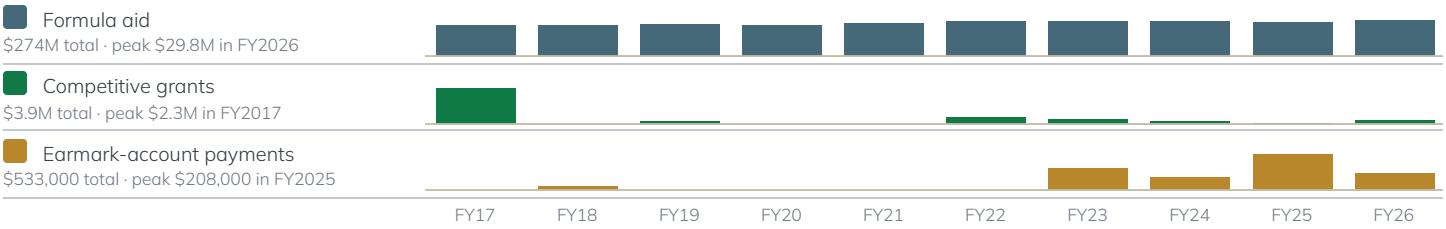
Stable low: below 45 under every weighting



Mansfield received less than its share of discretionary money on all four measures; its blended score of 26 stays between 24 and 27 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Mansfield's town government and school districts received $274 million in formula aid and $3.9 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$274M** | **$3.9M** | **$533,000** |
| $11,457 per resident (138th of 351) · gross | $163 per resident (272nd of 351) | $22.28 per resident (189th of 351) |

**Competitive grants to Mansfield peaked in FY2017 at $2.3 million, 58% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $20.3 million, are not shown.

## EARMARKS

### Mansfield received $529,000 in local earmarks to its government, $727,000 placed in the city or town and $727,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN MANSFIELD

## State programs also awarded $250,000 to organizations in Mansfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Mansfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Mass Music & Arts Society nonprofit | Cultural Facilities Fund | $110,000 |

| FY2021 | SRPEDD nonprofit | Community Compact Efficiency & Regionalization Grant | $3,028 (shared 26 ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 19.8% of Mansfield's general-fund spending in FY2025, down from 20.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **20.1%** | **26.9%** | **19.8%** | **18.1%** |
| $16.3M of $81.5M · median town 14.1% | $22.5M of $84M · median town 12.2% | $23.1M of $116M · median town 11.5% | FY2010: 26.9% · median town 10.0% |

Mansfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $505,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Mansfield's state aid did not keep pace with either price measure: FY2025 aid was 9.0% below its FY2006 aid grown by Boston-area consumer prices and 19.2% below grown by the government price index.**

Gross state aid went from $16.3 million in FY2006 to $23.1 million in FY2025, +41.1% in dollars. Flag: in FY2010, $2.3 million of Mansfield's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+55.7%** | **+55.3%** | **6 of 9** | **5 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Mansfield's health insurance would have been $10.6 million in FY2025; it was $13.2 million, $2.61 million above the path. Its fixed costs would have been $17.6 million in FY2025; it was $21.9 million, $4.28 million above the path.

Flag: health insurance changed by more than 30% in one year in FY2025 (+41%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Mansfield's government came to $419,000, 8.9% of the $4.71 million rise in its health insurance.

**Cost after approval.** Of the two projects closed with a final audit, Mansfield's share of the final cost was $3.7 million against its share of the approved budget of $3.8 million (under by $151,000); the local share moved from $1.9 million to $2 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Mansfield has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns three bridges rated poor and seven high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Mansfield came on average 13 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Mansfield owns seven high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

## STATE MONEY, FY2017–FY2026

### Marblehead's town government and school districts received $124 million in formula aid and $3.8 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$124M** | **$3.8M** | **$260,000** |
| $6,094 per resident (332nd of 351) · gross | $187 per resident (260th of 351) | $12.73 per resident (241st of 351) |

**Competitive grants to Marblehead peaked in FY2023 at $897,000, 23% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $7.3 million, are not shown.

## EARMARKS

### Marblehead received $400,000 in local earmarks to its government, $442,000 placed in the city or town and $442,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|

STATE MONEY TO OTHERS IN MARBLEHEAD

## State programs also awarded $396,000 to organizations in Marblehead other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Marblehead. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

COSTS AND THE 2½% LIMIT

## State aid covered 8.4% of Marblehead's general-fund spending in FY2025, down from 9.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **9.5%** | **9.5%** | **8.4%** | **6.0%** |
| $6.1M of $63.9M · median town 14.1% | $6.9M of $72.8M · median town 12.2% | $8.8M of $105M · median town 11.5% | FY2010: 7.5% · median town 10.0% |

Marblehead's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $88,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Marblehead's state aid did not keep pace with either price measure: FY2025 aid was 6.0% below its FY2006 aid grown by Boston-area consumer prices and 16.4% below grown by the government price index.**

Gross state aid went from $6.1 million in FY2006 to $8.8 million in FY2025, +45.8% in dollars.

**Cost after approval.** Of the two projects closed with a final audit, Marblehead's share of the final cost was $53.8 million against its share of the approved budget of $55.6 million (under by $1.8 million); the local share moved from $41.3 million to $39.9 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Marblehead has $2.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Marblehead came on average 20 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October

2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Marblehead owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

STATE MONEY, FY2017–FY2026

## Marion's town government and school districts received $35.2 million in formula aid and $3.4 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$35.2M** | **$3.4M** | **$265,000** |
| $6,631 per resident (310th of 351) · gross | $643 per resident (119th of 351) | $49.95 per resident (79th of 351) |

Competitive grants to Marion peaked in FY2024 at $2 million, 57% of the ten-year total.

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $4.6 million, are not shown.

EARMARKS

## Marion received $65,000 in local earmarks in ten enacted budgets on all three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN MARION

## State programs also awarded $59,000 to organizations in Marion other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Marion. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Marion Art Center nonprofit | Cultural Facilities Fund | $35,000 |
| FY2021 | SRPEDD nonprofit | Community Compact Efficiency & Regionalization Grant | $3,028 (shared 26 ways) |
| FY2024 | Marion Art Center nonprofit | Cultural Facilities Fund | $1,400 |

A further $20,000 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 5.1% of Marion's general-fund spending in FY2025, up from 4.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **4.2%** | **4.8%** | **5.1%** | **4.8%** |
| $640,000 of $15.1M · median town 14.1% | $955,000 of $19.9M · median town 12.2% | $1.6M of $31.5M · median town 11.5% | FY2010: 3.9% · median town 10.0% |

Marion's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.2 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Marion's state aid kept pace with both price measures: FY2025 aid was 62.1% above its FY2006 aid grown by Boston-area consumer prices and 44.0% above grown by the government price index.**

Gross state aid went from $640,000 in FY2006 to $1.6 million in FY2025, +151.3% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+26.6%** | **+60.0%** | **5 of 9** | **5 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Marion's health insurance would have been $1.05 million in FY2025; it was $1.07 million, $14,000 above the path. Its fixed costs would have been $2.98 million in FY2025; it was $3.82 million, $838,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2023 (–37%) and FY2024 (+72%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Marion's government came to $65,000, 29.0% of the $224,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

Marion runs its own district for some grades and belongs to Old Rochester and Upper Cape Cod for others; Marion accounts for 32% and 4% of their foundation budgets, in that order.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Marion, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Marion has $488,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Marion came on average 61 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN MARLBOROUGH

## State programs also awarded $12.1 million to organizations in Marlborough other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Marlborough. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $12.1 million in 7 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

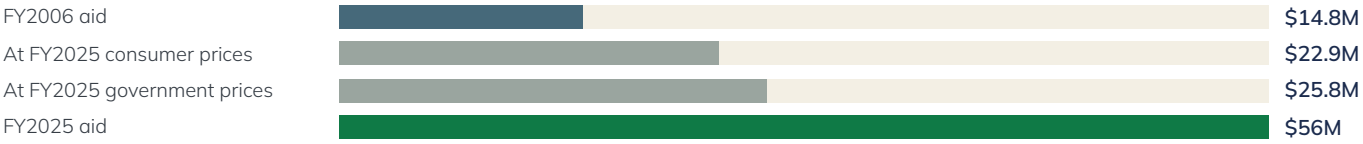
COSTS AND THE 2½% LIMIT



## State aid covered 27.3% of Marlborough's general-fund spending in FY2025, up from 15.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.0%** | **21.9%** | **27.3%** | **22.4%** |
| $14.8M of $98.1M · median town 14.1% | $29.5M of $135M · median town 12.2% | $56M of $205M · median town 11.5% | FY2010: 14.4% · median town 10.0% |

Marlborough's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $6.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Marlborough's state aid kept pace with both price measures: FY2025 aid was 144.7% above its FY2006 aid grown by Boston-area consumer prices and 117.5% above grown by the government price index.**

Gross state aid went from $14.8 million in FY2006 to $56 million in FY2025, +279.6% in dollars. Flag: in FY2010, $1.6 million of Marlborough's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+71.4%** | **+61.9%** | **5 of 9** | **4 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Marlborough's health insurance would have been $24.4 million in FY2025; it was $33.5 million, $9.10 million above the path. Its fixed costs would have been $36.6 million in FY2025; it was $47.5 million, $10.9 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Marlborough's government came to $1.8 million, 13.1% of the $14 million rise in its health insurance.

**Cost after approval.** Of the one project closed with a final audit, the final cost was $44.8 million against an approved budget of $56.4 million (under by $11.6 million); the local share moved from $26.5 million to $17.4 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Marlborough has $4 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and three high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Marlborough came on average 34 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Marlborough received $38.8 million in earmarks placed in the city or town and competitive grants over ten years, 74% more than the $22.3 million its size, need and institutions predict.

PEERS

## Marlborough ranks 5th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2.7 million in earmarks placed in Marlborough, $800,000 (29%) went to organizations rather than to Marlborough's government.

STATE MONEY TO OTHERS IN MARSHFIELD

## State programs also awarded $187,000 to organizations in Marshfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Marshfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2019 | Marshfield Recreation Trails Committee nonprofit | MassTrails Grants | $75,000 |
| FY2024 | Hatch Mill Group nonprofit | Cultural Facilities Fund | $65,000 |
| FY2026 | North River Arts Society nonprofit | Cultural Facilities Fund | $4,700 |

A further $42,000 in 2 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 16.1% of Marshfield's general-fund spending in FY2025, down from 25.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **25.5%** | **20.7%** | **16.1%** | **15.0%** |
| $16.4M of $64.4M · median town 14.1% | $17.6M of $85.2M · median town 12.2% | $18.9M of $117M · median town 11.5% | FY2010: 24.7% · median town 10.0% |

Marshfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $12,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Marshfield's state aid did not keep pace with either price measure: FY2025 aid was 25.8% below its FY2006 aid grown by Boston-area consumer prices and 34.1% below grown by the government price index.**

Gross state aid went from $16.4 million in FY2006 to $18.9 million in FY2025, +15.0% in dollars. Flag: in FY2010, $1.2 million of Marshfield's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+35.1%** | **+48.6%** | **7 of 9** | **3 of 9** |
| $5.6M to $7.6M · all towns +54.0% | $12.3M to $18.3M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Marshfield's health insurance would have been $7.01 million in FY2025; it was $7.59 million, $573,000 above the path. Its fixed costs would have been $15.4 million in FY2025; it was $18.3 million, $2.92 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Marshfield's government came to $475,000, 24.1% of the $1.97 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Marshfield came on average 13 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Marshfield owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

EXPECTED AND ACTUAL

## Marshfield received $13.7 million in earmarks placed in the city or town and competitive grants over ten years, 8% more than the $12.7 million its size, need and institutions predict.

PEERS

## Marshfield ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $4.2 million in earmarks placed in Marshfield, $3.7 million (88%) went to organizations rather than to Marshfield's government.

STATE MONEY, FY2017–FY2026

## Mashpee's town government and school districts received $93 million in formula aid and $2.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $93M | $2.7M | $79,000 |
| $6,045 per resident (334th of 351) · gross | $173 per resident (268th of 351) | $5.12 per resident (285th of 351) |

**Competitive grants to Mashpee peaked in FY2026 at $627,000, 24% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $17.8 million, are not shown.

EARMARKS

## Mashpee received $28,000 in local earmarks to its government, $192,000 placed in the city or town and $192,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|

STATE MONEY TO OTHERS IN MASHPEE

## State programs also awarded $745,000 to organizations in Mashpee other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Mashpee. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 10.1% of Mashpee's general-fund spending in FY2025, down from 15.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **15.2%** | **12.0%** | **10.1%** | **6.2%** |
| $6.3M of $41.8M · median town 14.1% | $6.7M of $56.1M · median town 12.2% | $7.6M of $76M · median town 11.5% | FY2010: 11.9% · median town 10.0% |

Mashpee's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $256,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Mashpee's state aid did not keep pace with either price measure: FY2025 aid was 22.2% below its FY2006 aid grown by Boston-area consumer prices and 30.9% below grown by the government price index.**

Gross state aid went from $6.3 million in FY2006 to $7.6 million in FY2025, +20.7% in dollars. Flag: in FY2010, $944,000 of Mashpee's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| $5.9M to $8.5M · all towns +54.0% | $9.6M to $14.6M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Mashpee's health insurance would have been $7.37 million in FY2025; it was $8.48 million, $1.11 million above the path. Its fixed costs would have been $12 million in FY2025; it was $14.6 million, $2.54 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Mashpee's government came to $22,000, 0.9% of the $2.58 million rise in its health insurance.

| FY2017 | Quashnet Elementary School | Mashpee | Accelerated Repair (Roof, Window/Door) | $3.8M | $3.8M |

**Cost after approval.** After approval, the Board added money to grants for one project serving Mashpee; Mashpee's share of the additions, by enrollment where a school is regional, was $442,000. Of the two projects closed with a final audit, Mashpee's share of the final cost was $17.6 million against its share of the approved budget of $21.1 million (under by $3.5 million); the local share moved from $13.8 million to $11.2 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Mashpee has $3.5 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Mashpee came on average 47 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Chapter 90 by state fiscal year

STATE MONEY TO OTHERS IN MATTAPOISETT

## State programs also awarded $61,000 to organizations in Mattapoisett other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Mattapoisett. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 6.3% of Mattapoisett's general-fund spending in FY2025, up from 6.1% in FY2006.

Mattapoisett's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.1 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Mattapoisett's state aid kept pace with both price measures: FY2025 aid was 23.7% above its FY2006 aid grown by Boston-area consumer prices and 10.0% above grown by the government price index.**

Gross state aid went from $1.1 million in FY2006 to $2 million in FY2025, +91.9% in dollars.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Mattapoisett came on average 24 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Mattapoisett owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

## STATE MONEY, FY2017–FY2026

### Maynard's town government and school districts received $107 million in formula aid and $6.3 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$107M** | **$6.3M** | **$634,000** |
| $10,015 per resident (176th of 351) · gross | $584 per resident (125th of 351) | $59.14 per resident (59th of 351) |

**Competitive grants to Maynard peaked in FY2019 at $2.3 million, 37% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $6.9 million, are not shown.

## EARMARKS

### Maynard received $940,000 in local earmarks to its government, $1.1 million placed in the city or town and $1.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |

STATE MONEY TO OTHERS IN MAYNARD

## State programs also awarded $1.3 million to organizations in Maynard other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Maynard. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2022 | Artspace nonprofit | Cultural Facilities Fund | $150,000 |
| FY2020 | Artspace nonprofit | Cultural Facilities Fund | $7,000 |

A further $1.1 million in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 15.3% of Maynard's general-fund spending in FY2025, down from 17.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **17.6%** | **19.2%** | **15.3%** | **11.8%** |
| $5.8M of $33.1M · median town 14.1% | $7.3M of $38M · median town 12.2% | $8.1M of $53.1M · median town 11.5% | FY2010: 18.3% · median town 10.0% |

Maynard's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $426,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Maynard's state aid did not keep pace with either price measure: FY2025 aid was 10.1% below its FY2006 aid grown by Boston-area consumer prices and 20.1% below grown by the government price index.**

Gross state aid went from $5.8 million in FY2006 to $8.1 million in FY2025, +39.4% in dollars. Flag: in FY2010, $898,000 of Maynard's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Maynard's health insurance would have been $5.59 million in FY2025; it was $6.20 million, $604,000 above the path. Its fixed costs would have been $8.86 million in FY2025; it was $10.4 million, $1.54 million above the path.

## STATE MONEY, FY2017–FY2026

### Medfield's town government and school districts received $106 million in formula aid and $5.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$106M** | **$5.1M** | **$273,000** |
| $8,137 per resident (246th of 351) · gross | $388 per resident (174th of 351) | $20.86 per resident (198th of 351) |

**Competitive grants to Medfield peaked in FY2026 at $2.5 million, 50% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $4.6 million, are not shown.

## EARMARKS

### Medfield received $797,000 in local earmarks to its government, $957,000 placed in the city or town and $957,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$797,000** | **$957,000** | **$957,000** | **No** |

STATE MONEY TO OTHERS IN MEDFIELD

## State programs also awarded $1.2 million to organizations in Medfield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Medfield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

| FY2026 | Zullo Gallery Center For The Arts nonprofit | Cultural Facilities Fund | $8,000 |

A further $1,400 in 1 award went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 12.0% of Medfield's general-fund spending in FY2025, down from 16.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **16.0%** | **13.2%** | **12.0%** | **11.0%** |
| $7.1M of $44.5M · median town 14.1% | $7.4M of $55.9M · median town 12.2% | $8.8M of $73.8M · median town 11.5% | FY2010: 15.8% · median town 10.0% |

Medfield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $44,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Medfield's state aid did not keep pace with either price measure: FY2025 aid was 20.1% below its FY2006 aid grown by Boston-area consumer prices and 29.0% below grown by the government price index.**

Gross state aid went from $7.1 million in FY2006 to $8.8 million in FY2025, +23.9% in dollars. Flag: in FY2010, $654,000 of Medfield's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+32.7%** | **+54.8%** | **7 of 9** | **5 of 9** |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Medfield's health insurance would have been $4.58 million in FY2025; it was $4.86 million, $288,000 above the path. Its fixed costs would have been $8.04 million in FY2025; it was $9.97 million, $1.93 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Medfield's government came to $782,000, 65.2% of the $1.20 million rise in its health insurance.

| FY2020 | Norfolk County Agricultural High School | Norfolk County | Accelerated Repair (Partial Roof, Partial Window/Door) | $1.7M | $26,000 (2%) |

Not counted: Dale Street Elementary School (Medfield), approved FY2022 for up to $19.6 million. It lapsed when local funding was not secured.

**Cost after approval.** After approval, the Board added money to grants for one project serving Medfield; Medfield's share of the additions, by enrollment where a school is regional, was $161,000, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Medfield has $1.7 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and two high- or significant-hazard dams.

| Chapter 90 apportioned, FY2017–FY2027 | Reimbursed against it | Not yet reimbursed, FY2017–FY2026 money |
|---|---|---|
| **$6.1M** | **$3.7M** | **$1.7M** |

| **11** | **2** | **$78,000** |
| none rated poor | of four town-owned dams | bridges $78,000 · dams $0 · culverts $0 |

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Medfield came on average 26 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Medfield owns two high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.**

## FAIRNESS INDEX

### Medford scores 32 on the Fairness Index for all state aid and 53 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**32** / 100

291st of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 25 | 29 | 39 | 33 |

Rank under other weightings: 245th to 326th.

Stable low: below 45 under every weighting

Medford received less than its share of state aid on all four measures; its blended score of 32 stays between 29 and 34 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

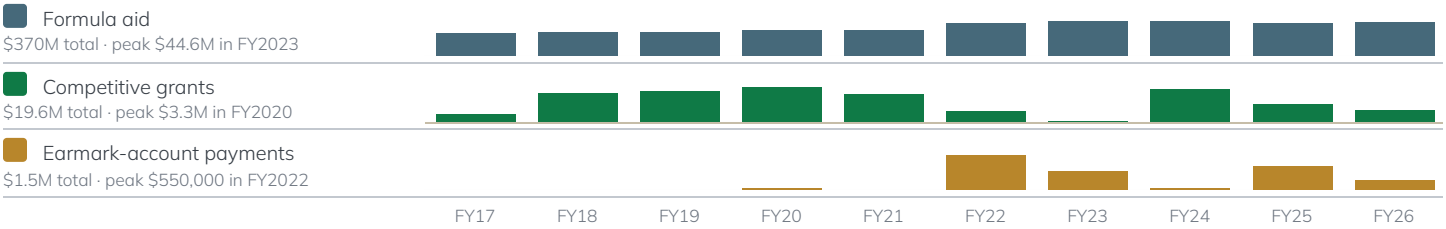
**53** / 100

180th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 46 | 51 | 58 | 56 |

Rank under other weightings: 164th to 191st.

Weighting-dependent: the range crosses the 45–55 band



Medford received more than its share of discretionary money on three of four measures; its blended score of 53 stays between 50 and 55 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Medford's town government and school districts received $370 million in formula aid and $19.6 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $370M | $19.6M | $1.5M |
| $6,237 per resident (328th of 351) · gross | $331 per resident (197th of 351) | $25.16 per resident (174th of 351) |

**Competitive grants to Medford were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $47.8 million, are not shown.

## EARMARKS

### Medford received $1.1 million in local earmarks to its government, $2.6 million placed in the city or town and $3.1 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $1.1M | $2.6M | $3.1M | No |
| $17.69 per resident (226th of 351) | $44.47 per resident (182nd of 351) · 60% to organizations | $52.47 per resident (168th of 351) · 51% to organizations | 35 municipalities had none |

Placed in the city or town: 45 clauses in ten of ten budgets; the most recent in FY2026. $1.1 million went to Medford's government, its schools or municipal projects; the other $1.6 million went to organizations in Medford or named with it, some of which serve a wider area.

Clauses that name Medford but fund a state facility or a MassHealth rate add-on, $475,000, count under everything placed only.

Everything placed, the third measure, adds $475,000 in seven clauses for state facilities located in Medford (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN MEDFORD

## State programs also awarded $379,000 to organizations in Medford other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Medford. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Arts Collaborative Medford regional body | Cultural Facilities Fund | $94,000 |
| FY2023 | Mystic River Watershed Association nonprofit | MassTrails Grants | $88,000 (shared two ways) |

| FY2025 | Mystic River Watershed Association nonprofit | MassTrails Grants | $17,000 (shared six ways) |
| FY2023 | Friends of the Middlesex Fells Reservation nonprofit | MassTrails Grants | $2,880 (shared five ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 16.5% of Medford's general-fund spending in FY2025, down from 23.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **23.0%** | **18.7%** | **16.5%** | **10.2%** |
| $29.4M of $128M · median town 14.1% | $26.7M of $143M · median town 12.2% | $34M of $205M · median town 11.5% | FY2010: 13.2% · median town 10.0% |

**Medford's state aid did not keep pace with either price measure: FY2025 aid was 25.5% below its FY2006 aid grown by Boston-area consumer prices and 33.8% below grown by the government price index.**

Gross state aid went from $29.4 million in FY2006 to $34 million in FY2025, +15.6% in dollars. Flag: in FY2010, $3.4 million of Medford's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+39.9%** | **+46.2%** | **4 of 9** | **5 of 9** |
| $19M to $26.6M · all towns +54.0% | $31.3M to $45.8M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Medford's health insurance would have been $23.7 million in FY2025; it was $26.6 million, $2.86 million above the path. Its fixed costs would have been $39.1 million in FY2025; it was $45.8 million, $6.66 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Medford's government came to $805,000, 10.6% of the $7.58 million rise in its health insurance.

ROADS, BRIDGES AND DAMS

## Medford has $4.9 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Medford came on average 31 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Medford owns one high- or significant-hazard dam and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.

## FAIRNESS INDEX

### Medway scores 49 on the Fairness Index for all state aid and 57 for discretionary money. Fifty is a fair share.

**ALL STATE AID**

**49** / 100

131st of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 47 | 64 | 39 | 48 |

Rank under other weightings: 103rd to 157th.

Near fair: between 45 and 55 under every weighting

Medway received less than its share of state aid on three of four measures; its blended score of 49 stays between 45 and 53 under every weighting tested.

**DISCRETIONARY MONEY ONLY**

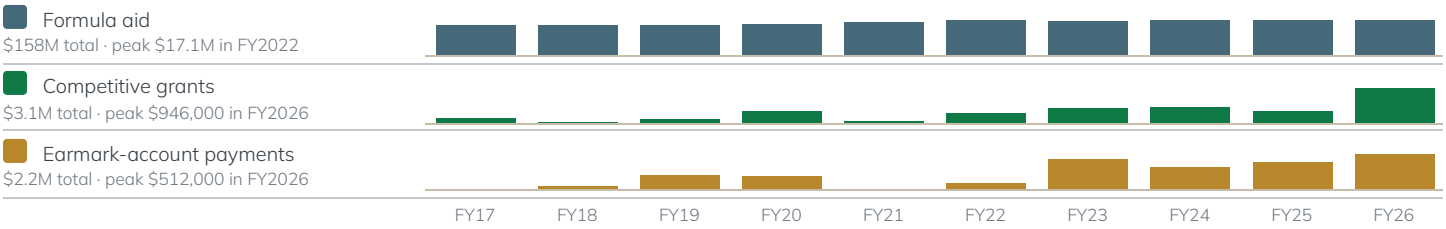
**57** / 100

161st of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 51 | 68 | 58 | 51 |

Rank under other weightings: 149th to 175th.

Weighting-dependent: the range crosses the 45–55 band



Medway received more than its share of discretionary money on all four measures; its blended score of 57 stays between 53 and 60 under every weighting tested.

## STATE MONEY, FY2017–FY2026

### Medway's town government and school districts received $158 million in formula aid and $3.1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$158M** | **$3.1M** | **$2.2M** |
| $11,769 per resident (134th of 351) · gross | $234 per resident (233rd of 351) | $166 per resident (9th of 351) |

**Competitive grants to Medway peaked in FY2026 at $946,000, 30% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $7.1 million, are not shown.

## EARMARKS

### Medway received $2.2 million in local earmarks to its government, $2.4 million placed in the city or town and $2.4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$2.2M** | **$2.4M** | **$2.4M** | **No** |

STATE MONEY TO OTHERS IN MEDWAY

## State programs also awarded $62,000 to organizations in Medway other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Medway. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

A further $62,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 19.5% of Medway's general-fund spending in FY2025, down from 24.1% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **24.1%** | **25.6%** | **19.5%** | **18.0%** |
| $8.4M of $34.7M · median town 14.1% | $11.8M of $46.2M · median town 12.2% | $13.3M of $68.1M · median town 11.5% | FY2010: 27.1% · median town 10.0% |

Medway's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $590,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Medway's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 2.3% above its FY2006 aid grown by Boston-area consumer prices and 9.1% below grown by the government price index.**

Gross state aid went from $8.4 million in FY2006 to $13.3 million in FY2025, +58.7% in dollars. Flag: in FY2010, $452,000 of Medway's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+36.1%** | **+55.2%** | **5 of 9** | **5 of 9** |
| $4.3M to $5.8M · all towns +54.0% | $7M to $10.8M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Medway's health insurance would have been $5.37 million in FY2025; it was $5.85 million, $483,000 above the path. Its fixed costs would have been $8.72 million in FY2025; it was $10.8 million, $2.12 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Medway's government came to $1.9 million, 119.6% of the $1.55 million rise in its health insurance.

**Cost after approval.** After approval, the Board added money to grants for one project serving Medway; Medway's share of the additions, by enrollment where a school is regional, was $1.8 million, all of it in the FY2024 supplemental grants for cost escalation.

ROADS, BRIDGES AND DAMS

## Medway has $1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Medway came on average 18 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Medway received $5.8 million in earmarks placed in the city or town and competitive grants over ten years, 24% more than the $4.7 million its size, need and institutions predict.

PEERS

## Medway ranks 1st of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $2.4 million in earmarks placed in Medway, $270,000 (11%) went to organizations rather than to Medway's government.

STATE MONEY TO OTHERS IN MELROSE

## State programs also awarded $392,000 to organizations in Melrose other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Melrose. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 17.6% of Melrose's general-fund spending in FY2025, down from 23.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **23.6%** | **17.5%** | **17.6%** | **13.1%** |
| $12.9M of $54.6M · median town 14.1% | $13.8M of $78.6M · median town 12.2% | $20.4M of $116M · median town 11.5% | FY2010: 15.3% · median town 10.0% |

Melrose's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $398,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Melrose's state aid kept pace with consumer prices but not with government costs: FY2025 aid was 1.9% above its FY2006 aid grown by Boston-area consumer prices and 9.5% below grown by the government price index.**

Gross state aid went from $12.9 million in FY2006 to $20.4 million in FY2025, +58.0% in dollars. Flag: in FY2010, $434,000 of Melrose's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+35.2%** | **+39.3%** | **5 of 9** | **5 of 9** |
| $10.5M to $14.2M · all towns +54.0% | $17.3M to $24M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Melrose's health insurance would have been $13.1 million in FY2025; it was $14.2 million, $1.09 million above the path. Its fixed costs would have been $21.6 million in FY2025; it was $24 million, $2.49 million above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Melrose's government came to $1.5 million, 40.2% of the $3.70 million rise in its health insurance.

| FY2022 | Northeast Metropolitan Regional Vocational High School | Northeast Metropolitan | Core | $141M | $8.1M (6%) |

**Cost after approval.** After approval, the Board added money to grants for one project serving Melrose; Melrose's share of the additions, by enrollment where a school is regional, was $1.3 million, all of it in the FY2024 supplemental grants for cost escalation. Of the two projects closed with a final audit, Melrose's share of the final cost was $2.5 million against its share of the approved budget of $3.8 million (under by $1.2 million); the local share moved from $2 million to $1.3 million. Approved budgets include contingency.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Melrose came on average 15 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN MENDON

## State programs also awarded $51,000 to organizations in Mendon other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Mendon. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 2.6% of Mendon's general-fund spending in FY2025, down from 4.3% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **4.3%** | **2.6%** | **2.6%** | **2.5%** |
| $464,000 of $10.8M · median town 14.1% | $450,000 of $17.6M · median town 12.2% | $625,000 of $24.3M · median town 11.5% | FY2010: 3.3% · median town 10.0% |

Mendon's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $5.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Mendon's state aid did not keep pace with either price measure: FY2025 aid was 13.2% below its FY2006 aid grown by Boston-area consumer prices and 22.9% below grown by the government price index.**

Gross state aid went from $464,000 in FY2006 to $625,000 in FY2025, +34.6% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Mendon's health insurance would have been $761,000 in FY2025; it was $917,000, $157,000 above the path. Its fixed costs would have been $1.42 million in FY2025; it was $2.52 million, $1.10 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Mendon's government came to $592,000, 192.1% of the $308,000 rise in its health insurance.

Mendon has no school district of its own. Its pupils attend Mendon, Mendon-Upton and Blackstone Valley; Mendon accounts for 100%, 42% and 6% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Mendon came on average 21 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Merrimac's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $5.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Merrimac's state aid did not keep pace with either price measure: FY2025 aid was 38.5% below its FY2006 aid grown by Boston-area consumer prices and 45.3% below grown by the government price index.**

Gross state aid went from $1.3 million in FY2006 to $1.2 million in FY2025, −4.6% in dollars. Flag: in FY2010, $450,000 of Merrimac's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

### FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+72.9%** | **+98.9%** | **7 of 9** | **6 of 9** |
| $231,000 to $400,000 · all towns +54.0% | $790,000 to $1.6M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Merrimac's health insurance would have been $289,000 in FY2025; it was $400,000, $111,000 above the path. Its fixed costs would have been $986,000 in FY2025; it was $1.57 million, $585,000 above the path.

### LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Merrimac's government came to $300,000, 177.9% of the $169,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Everything placed | $313,000 | 185.8% | 45.2% |

## SCHOOLS

## Merrimac's required school contribution is 2.5% of median household income, 224th highest of 351.

| Chapter 70 aid, FY2026 | Required local contribution |

Merrimac has no school district of its own. Its pupils attend Merrimac, Pentucket and Whittier; Merrimac accounts for 100%, 36% and 3% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide.

## SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $19.6 million for schools serving Merrimac, FY2017 to August 2026.

|---|---|---|---|---|---|
| FY2019 | Pentucket Regional High School | Pentucket | Core | $54.1M | $19.6M (36%) |

Not counted: Whittier Regional Vocational Technical High School (Whittier), approved FY2024 for up to $163 million. It lapsed when local funding was not secured.

## ROADS, BRIDGES AND DAMS

## Merrimac has $264,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Merrimac came on average 15 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Merrimac received $1.8 million in earmarks placed in the city or town and competitive grants over ten years, 42% of the $4.3 million its size, need and institutions predict.

PEERS

## Merrimac ranks 6th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $328,000 in earmarks placed in Merrimac, $13,000 (4%) went to organizations rather than to Merrimac's government.

FAIRNESS INDEX

## Methuen scores 56 on the Fairness Index for all state aid and 33 for discretionary money. Fifty is a fair share.

ALL STATE AID

**56** / 100

76th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 56 | 53 | 55 | 59 |

Rank under other weightings: 69th to 88th.

Weighting-dependent: the range crosses the 45–55 band

Methuen received more than its share of state aid on all four measures; its blended score of 56 stays between 55 and 57 under every weighting tested.

DISCRETIONARY MONEY ONLY

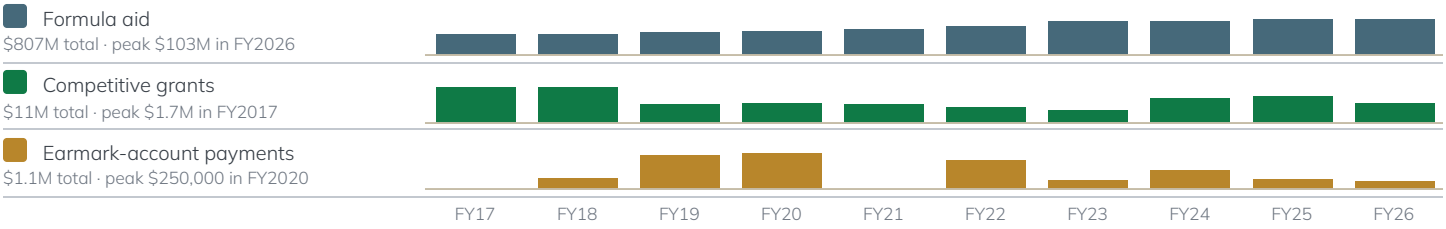
**33** / 100

258th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 31 | 29 | 40 | 34 |

Rank under other weightings: 243rd to 267th.

Stable low: below 45 under every weighting



Methuen received less than its share of discretionary money on all four measures; its blended score of 33 stays between 31 and 35 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Methuen's town government and school districts received $807 million in formula aid and $11 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $807M | $11M | $1.1M |
| $15,084 per resident (71st of 351) · gross | $205 per resident (248th of 351) | $20.22 per resident (202nd of 351) |

**Competitive grants to Methuen were spread across the decade; no year exceeded 20% of the total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $60.3 million, are not shown.

EARMARKS

## Methuen received $1.5 million in local earmarks to its government, $3.2 million placed in the city or town and $3.4 million counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $1.5M | $3.2M | $3.4M | No |
| $28.22 per resident (173rd of 351) | $59.13 per resident (142nd of 351) · 52% to organizations | $63.06 per resident (140th of 351) · 49% to organizations | 35 municipalities had none |

Placed in the city or town: 71 clauses in ten of ten budgets; the most recent in FY2026. $1.5 million went to Methuen's government, its schools or municipal projects; the other $1.7 million went to organizations in Methuen or named with it, some of which serve a wider area.

Clauses that name Methuen but fund a state facility or a MassHealth rate add-on, $210,000, count under everything placed only.

Everything placed, the third measure, adds $210,000 in two clauses for state facilities located in Methuen (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

State hospitals, courts, sheriffs, colleges, DCR parks and the like, placed in the city or town by address: the money the third earmark measure adds. Three ways to count a local earmark.

WHAT THE STATE SENDS AND TAKES BACK

## In FY2027 the state’s cherry sheet sends Methuen $81.7 million and takes back $5.2 million in assessments and charges, a net $76.6 million.

| Sent: estimated receipts | Taken back: assessments and charges | Net |

STATE MONEY TO OTHERS IN METHUEN

## State programs also awarded $613,000 to organizations in Methuen other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Methuen. They are listed for completeness. They are not counted in the town’s state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town’s share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2026 | Methuen Memorial Music Hall nonprofit | Cultural Facilities Fund | $162,000 |
| FY2025 | Merrimack Valley Planning Commission regional body | Community One Stop for Growth | $120,000 |

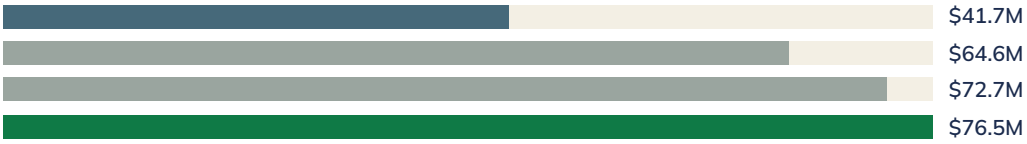
A further $271,000 in 4 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT



## State aid covered 35.1% of Methuen's general-fund spending in FY2025, down from 36.2% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **36.2%** | **35.1%** | **35.1%** | **33.0%** |
| $41.7M of $115M · median town 14.1% | $51.7M of $147M · median town 12.2% | $76.5M of $218M · median town 11.5% | FY2010: 37.3% · median town 10.0% |

Methuen's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $6.4 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Methuen's state aid kept pace with both price measures: FY2025 aid was 18.4% above its FY2006 aid grown by Boston-area consumer prices and 5.2% above grown by the government price index.**

Gross state aid went from $41.7 million in FY2006 to $76.5 million in FY2025, +83.6% in dollars. Flag: in FY2010, $4.9 million of Methuen's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+64.3%** | **+67.3%** | **5 of 9** | **4 of 9** |
| $18.9M to $31.1M · all towns +54.0% | $25.3M to $42.4M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Methuen's health insurance would have been $23.6 million in FY2025; it was $31.1 million, $7.46 million above the path. Its fixed costs would have been $31.7 million in FY2025; it was $42.4 million, $10.7 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Methuen's government came to $1.4 million, 11.6% of the $12.2 million rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |

Methuen runs its own school district and also belongs to Greater Lawrence; Methuen accounts for 25% of that district's foundation budget.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Methuen, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Methuen has $5.8 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns one bridge rated poor and one high- or significant-hazard dam.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Methuen came on average 28 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

**Methuen owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.**

EXPECTED AND ACTUAL

## Methuen received $14.7 million in earmarks placed in the city or town and competitive grants over ten years, about the $14.5 million its size, need and institutions predict.

PEERS

## Methuen ranks 2nd of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $3.2 million in earmarks placed in Methuen, $1.7 million (52%) went to organizations rather than to Methuen's government.

FAIRNESS INDEX

## Middleborough scores 45 on the Fairness Index for all state aid and 13 for discretionary money. Fifty is a fair share.

ALL STATE AID

**45** / 100

160th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 47 | 45 | 46 | 44 |

Rank under other weightings: 148th to 174th.

Weighting-dependent: the range crosses the 45–55 band

Middleborough received less than its share of state aid on all four measures; its blended score of 45 stays between 45 and 46 under every weighting tested.

DISCRETIONARY MONEY ONLY

**13** / 100

338th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |

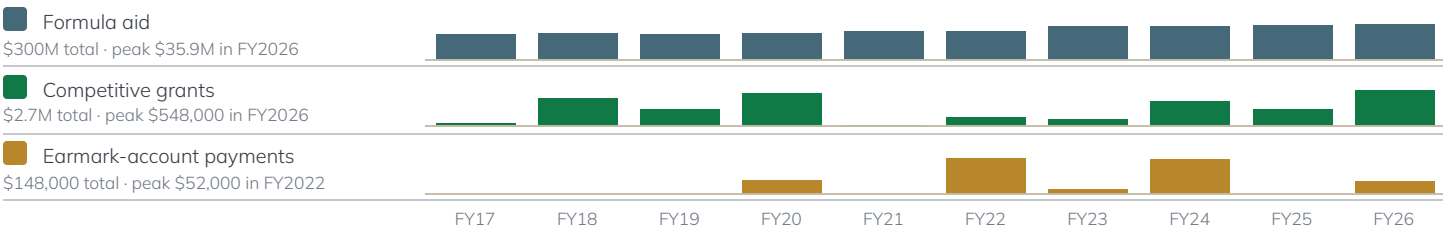
| 14 | 13 | 11 | 12 |

Rank under other weightings: 334th to 342nd.

Stable low: below 45 under every weighting



Middleborough received less than its share of discretionary money on all four measures; its blended score of 13 stays between 12 and 13 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Middleborough's town government and school districts received $300 million in formula aid and $2.7 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$300M** | **$2.7M** | **$148,000** |
| $12,235 per resident (125th of 351) · gross | $110 per resident (319th of 351) | $6.02 per resident (280th of 351) |

**Competitive grants to Middleborough peaked in FY2026 at $548,000, 20% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $20.8 million, are not shown.

EARMARKS

## Middleborough received $310,000 in local earmarks to its government, $310,000 placed in the city or town and $330,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$310,000** | **$310,000** | **$330,000** | **No** |
| $12.65 per resident (255th of 351) | $12.65 per resident (298th of 351) | $13.47 per resident (298th of 351) | 35 municipalities had none |

Placed in the city or town: ten clauses in eight of ten budgets; the most recent in FY2025. All of it went to Middleborough's government, its schools or municipal projects.

Clauses that name Middleborough but fund a state facility or a MassHealth rate add-on, $20,000, count under everything placed only.

Everything placed, the third measure, adds $20,000 in one clause for state facilities located in Middleborough (such as state universities, courts, state parks or the metropolitan beaches) or MassHealth rate add-ons for providers here.

STATE MONEY TO OTHERS IN MIDDLEBOROUGH

## State programs also awarded $351,000 to organizations in Middleborough other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Middleborough. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2021 | SRPEDD nonprofit | Community Compact Efficiency & Regionalization Grant | $3,028 (shared 26 ways) |

A further $348,000 in 3 awards went to businesses, farms and recipients the source does not name; they are counted here but not named, because a farm or small business often carries a family's name.

COSTS AND THE 2½% LIMIT

## State aid covered 25.2% of Middleborough's general-fund spending in FY2025, down from 36.6% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **36.6%** | **31.2%** | **25.2%** | **23.2%** |
| $19.7M of $54M · median town 14.1% | $22M of $70.6M · median town 12.2% | $26.9M of $107M · median town 11.5% | FY2010: 32.4% · median town 10.0% |

Middleborough's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.7 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Middleborough's state aid did not keep pace with either price measure: FY2025 aid was 12.3% below its FY2006 aid grown by Boston-area consumer prices and 22.0% below grown by the government price index.**

Gross state aid went from $19.7 million in FY2006 to $26.9 million in FY2025, +36.1% in dollars. Flag: in FY2010, $1.5 million of Middleborough's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+34.9%** | **+51.2%** | **4 of 9** | **2 of 9** |
| $8.7M to $11.7M · all towns +54.0% | $15.3M to $23.2M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Middleborough's health insurance would have been $10.8 million in FY2025; it was $11.7 million, $869,000 above the path. Its fixed costs would have been $19.2 million in FY2025; it was $23.2 million, $4.04 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Middleborough's government came to $310,000, 10.2% of the $3.03 million rise in its health insurance.

| FY2018 | Middleborough High School | Middleborough | Core | $43.3M | $43.3M |

**Cost after approval.** After approval, the Board added money to grants for one project serving Middleborough; Middleborough's share of the additions, by enrollment where a school is regional, was $2.7 million, all of it in the FY2024 supplemental grants for cost escalation. Of the one project closed with a final audit, Middleborough's share of the final cost was $97.1 million against its share of the approved budget of $103 million (under by $6.4 million); the local share moved from $60.2 million to $55.5 million. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Middleborough has $1.9 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and two high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Middleborough came on average 18 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

FAIRNESS INDEX

## Middlefield scores 48 on the Fairness Index for all state aid and 87 for discretionary money. Fifty is a fair share.

ALL STATE AID

**48** / 100

144th of 351 (1 = most above its share)

| Equal | Need | Burden | Effort |
|---|---|---|---|
| 55 | 54 | 35 | 47 |

Rank under other weightings: 121st to 167th.

Weighting-dependent: the range crosses the 45–55 band

Middlefield received less than its share of state aid on two of four measures; its blended score of 48 stays between 44 and 52 under every weighting tested.

DISCRETIONARY MONEY ONLY

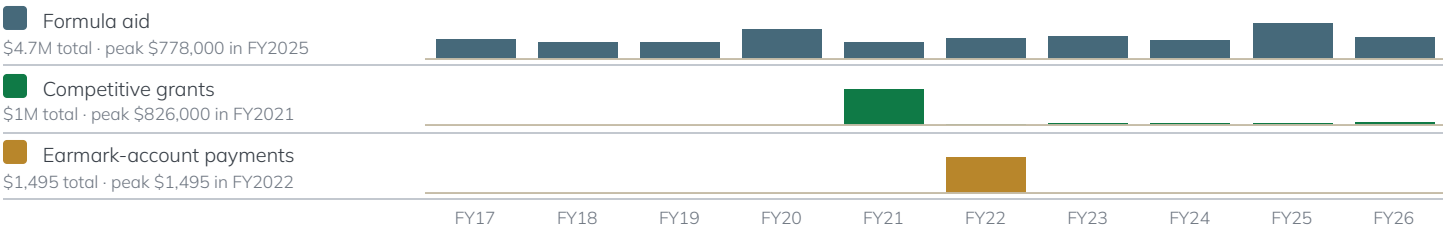
Stable high: above 55 under every weighting



Middlefield received more than its share of discretionary money on all four measures; its blended score of 87 stays between 84 and 90 under every weighting tested.

STATE MONEY, FY2017–FY2026

## Middlefield's town government and school districts received $4.7 million in formula aid and $1 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| $4.7M | $1M | $1,495 |
| $13,430 per resident (105th of 351) · gross | $2,926 per resident (32nd of 351) | $4.25 per resident (297th of 351) |

**Competitive grants to Middlefield peaked in FY2021 at $826,000, 80% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

With 352 residents, a single payment moves Middlefield's per-resident figures a long way.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $512,000, are not shown.

EARMARKS

## No local earmark was placed in Middlefield in ten enacted budgets, FY2017 to FY2026, on any of the three measures.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| $0 | $0 | $0 | Yes |

STATE MONEY TO OTHERS IN MIDDLEFIELD

## State programs also awarded $13,000 to organizations in Middlefield other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Middlefield. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

Awards to named organizations (the town's share where an award names several towns)

| Year | Recipient | Program | Amount |
|---|---|---|---|
| FY2023 | Berkshire Regional Planning Commission regional body | Community Compact Efficiency & Regionalization Grant | $8,696 (shared 23 ways) |
| FY2022 | Pioneer Valley Planning Council nonprofit | Community Compact Efficiency & Regionalization Grant | $3,958 (shared 24 ways) |

COSTS AND THE 2½% LIMIT

## State aid covered 9.9% of Middlefield's general-fund spending in FY2025, up from 8.4% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **8.4%** | **9.6%** | **9.9%** | **8.3%** |
| $82,000 of $975,000 · median town 14.1% | $121,000 of $1.3M · median town 12.2% | $166,000 of $1.7M · median town 11.5% | FY2010: 14.5% · median town 10.0% |

Middlefield's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $125,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Middlefield's state aid kept pace with both price measures: FY2025 aid was 30.4% above its FY2006 aid grown by Boston-area consumer prices and 15.9% above grown by the government price index.**

Gross state aid went from $82,000 in FY2006 to $166,000 in FY2025, +102.3% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **–8.6%** | **+53.9%** | **6 of 9** | **5 of 9** |
| $32,000 to $29,000 · all towns +54.0% | $106,000 to $163,000 · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Middlefield's health insurance would have been $39,000 in FY2025; it was $29,000, $11,000 below the path. Its fixed costs would have been $132,000 in FY2025; it was $163,000, $31,000 above the path.

Flag: health insurance changed by more than 30% in one year in FY2024 (–31%). Swings this size usually mark costs moving between budget lines, into or out of trust funds, or into the state's Group Insurance Commission, so the comparison may reflect accounting as well as cost.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Middlefield's reported health insurance fell from $32,000 in FY2016 to $29,000 in FY2025, so there is no increase to set its earmarks against.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Measure | Earmarks | Share of the increase | All towns, pooled |
|---|---|---|---|
| To the city or town government | $0 | no increase | 13.0% |
| Placed in the city or town | $0 | no increase | 41.2% |
| Everything placed | $0 | no increase | 45.2% |

SCHOOLS

## Middlefield's required school contribution is 1.9% of median household income, 319th highest of 351.

| Chapter 70 aid, FY2026 | Required local contribution |
|---|---|
| **$90,000** | **$302,000** |

| **Share of household income** | **Real aid per pupil, FY2017–26** |
| **1.9%** | **+17%** |
| 319th of 351 (1 = highest) | after inflation |

Middlefield has no school district of its own. Its pupils attend Middlefield and Gateway; Middlefield accounts for 100% and 3% of their foundation budgets, in that order. Aid and contribution are DESE's attribution to the town. How a region splits its assessment among members is set by its own agreement and is not published statewide. Middlefield had 23 resident pupils in FY2026, so per-pupil changes swing from year to year.

SCHOOL BUILDINGS

## No school building grant was approved for a school serving Middlefield, FY2017 to August 2026.

ROADS, BRIDGES AND DAMS

## Middlefield has $1.1 million of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns three bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Middlefield came on average 35 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Middlefield owns poor bridges and has no Small Bridge selection or payment in the records found; its poor bridges are outside the program's 10-to-20-foot range.

STATE MONEY, FY2017–FY2026

## Middleton's town government and school districts received $66.9 million in formula aid and $1.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$66.9M** | **$1.5M** | **$65,000** |
| $6,815 per resident (300th of 351) · gross | $154 per resident (288th of 351) | $6.66 per resident (276th of 351) |

**Competitive grants to Middleton peaked in FY2025 at $454,000, 30% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $7.4 million, are not shown.

EARMARKS

## Middleton received $298,000 in local earmarks to its government, $323,000 placed in the city or town and $323,000 counting everything placed, in ten enacted budgets.

| To the city or town government | Placed in the city or town | Everything placed | No earmarks in ten budgets |
|---|---|---|---|
| **$298,000** | **$323,000** | **$323,000** | **No** |

COSTS AND THE 2½% LIMIT

## State aid covered 5.7% of Middleton's general-fund spending in FY2025, down from 10.0% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **10.0%** | **6.8%** | **5.7%** | **5.0%** |
| $2M of $19.7M · median town 14.1% | $2.2M of $32M · median town 12.2% | $2.7M of $46.8M · median town 11.5% | FY2010: 9.4% · median town 10.0% |

Middleton's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.8 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Middleton's state aid did not keep pace with either price measure: FY2025 aid was 12.9% below its FY2006 aid grown by Boston-area consumer prices and 22.5% below grown by the government price index.**

Gross state aid went from $2 million in FY2006 to $2.7 million in FY2025, +35.2% in dollars. Flag: in FY2010, $364,000 of Middleton's gross aid was in receipts the itemized cherry sheet does not show, consistent with school-building reimbursements that ended by FY2024 (not verified line by line). Part of the change since FY2006 may be that phase-out.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |
|---|---|---|---|
| **+57.2%** | **+81.4%** | **7 of 9** | **6 of 9** |
| $637,000 to $1M · all towns +54.0% | $1.9M to $3.5M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Middleton's health insurance would have been $796,000 in FY2025; it was $1.00 million, $206,000 above the path. Its fixed costs would have been $2.41 million in FY2025; it was $3.51 million, $1.09 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Middleton's government came to $263,000, 72.1% of the $364,000 rise in its health insurance.

Local earmarks FY2017–FY2025 (enacted, nine budgets) against the FY2016–FY2025 rise in health insurance

| Everything placed | $288,000 | 79.0% | 45.2% |

SCHOOLS

## Middleton's required school contribution is 2.6% of median household income, 187th highest of 351.

Middleton runs its own district for some grades and belongs to Masconomet and Essex North Shore for others; Middleton accounts for 31% and 4% of their foundation budgets, in that order.

SCHOOL BUILDINGS

## The Massachusetts School Building Authority approved grants of up to $783,000 for schools serving Middleton, FY2017 to August 2026.

| FY2020 | Essex North Shore Agricultural and Technical School | Essex North Shore | Accelerated Repair (Partial Roof) | $650,000 | $27,000 (4%) |

**Cost after approval.** Of the one project closed with a final audit, Middleton's share of the final cost was $41,000 against its share of the approved budget of $63,000 (under by $22,000); the local share moved from $36,000 to $24,000. Approved budgets include contingency.

ROADS, BRIDGES AND DAMS

## Middleton has $339,000 of Chapter 90 road money from FY2017–FY2026 not yet reimbursed; it owns no bridges rated poor and no high- or significant-hazard dams.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Middleton came on average 14 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

EXPECTED AND ACTUAL

## Middleton received $1.8 million in earmarks placed in the city or town and competitive grants over ten years, 65% of the $2.8 million its size, need and institutions predict.

PEERS

## Middleton ranks 9th of 11 on earmark dollars placed in the city or town per resident among itself and its ten nearest peers.

Of the $323,000 in earmarks placed in Middleton, $25,000 (8%) went to organizations rather than to Middleton's government.

## STATE MONEY, FY2017–FY2026

### Milford's town government and school districts received $484 million in formula aid and $4.5 million in competitive grants over ten years.

| Formula aid | Competitive grants | Earmark-account payments |
|---|---|---|
| **$484M** | **$4.5M** | **$830,000** |
| $15,901 per resident (62nd of 351) · gross | $146 per resident (294th of 351) | $27.26 per resident (160th of 351) |

**Competitive grants to Milford peaked in FY2025 at $1.4 million, 31% of the ten-year total.**

Each class has its own scale. Bars show dollars paid in each fiscal year.

Formula aid is gross; competitive grants and earmark-account payments are as paid. Other classes, $23.9 million, are not shown.

## EARMARKS

### Milford received $999,000 in local earmarks to its government, $1.1 million placed in the city or town and $1.1 million counting everything placed, in ten enacted budgets.

STATE MONEY TO OTHERS IN MILFORD

## State programs also awarded $66,000 to organizations in Milford other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Milford. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

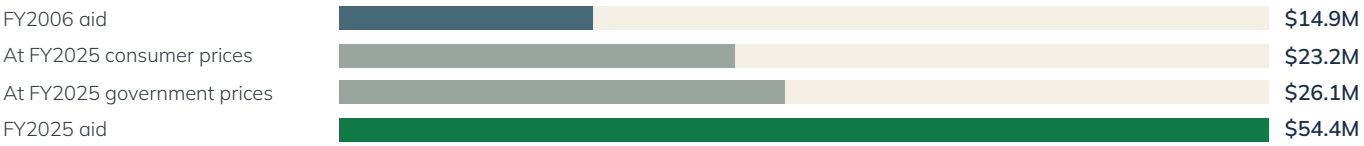
COSTS AND THE 2½% LIMIT



## State aid covered 36.6% of Milford's general-fund spending in FY2025, up from 21.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **21.5%** | **28.2%** | **36.6%** | **33.3%** |
| $14.9M of $69.6M · median town 14.1% | $24.4M of $86.6M · median town 12.2% | $54.4M of $149M · median town 11.5% | FY2010: 23.6% · median town 10.0% |

Milford's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $1.9 million in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Milford's state aid kept pace with both price measures: FY2025 aid was 134.9% above its FY2006 aid grown by Boston-area consumer prices and 108.8% above grown by the government price index.**

Gross state aid went from $14.9 million in FY2006 to $54.4 million in FY2025, +264.4% in dollars.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Milford came on average 12 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

STATE MONEY TO OTHERS IN MILLBURY

## State programs also awarded $18,000 to organizations in Millbury other than the town government, FY2016–FY2027.

These are competitive grants to nonprofits, tribal nations, regional bodies, state agencies and businesses located in or serving Millbury. They are listed for completeness. They are not counted in the town's state money or its Fairness Index, because the money does not go to the town government. Where a program has a measure of need for the town, these awards do enter the burden index above; where it has none, they are left out of it. Many of these organizations serve a wider area than the town where they are based.

COSTS AND THE 2½% LIMIT

## State aid covered 21.0% of Millbury's general-fund spending in FY2025, down from 27.5% in FY2006.

STATE AID AS A SHARE OF GENERAL-FUND SPENDING

| FY2006 | FY2016 | FY2025 | Net of state charges, FY2025 |
|---|---|---|---|
| **27.5%** | **23.4%** | **21.0%** | **19.6%** |
| $7.9M of $28.7M · median town 14.1% | $8.8M of $37.4M · median town 12.2% | $11.8M of $56M · median town 11.5% | FY2010: 24.7% · median town 10.0% |

Millbury's own cherry sheet carries no Chapter 70 for pupils in its regional district; the state paid $699,000 in FY2025 Chapter 70 to the district on its behalf, outside these figures, while the town's assessment to the district sits in its spending. For a regional member the share understates state support for school costs.

**Millbury's state aid did not keep pace with either price measure: FY2025 aid was 4.1% below its FY2006 aid grown by Boston-area consumer prices and 14.7% below grown by the government price index.**

Gross state aid went from $7.9 million in FY2006 to $11.8 million in FY2025, +48.8% in dollars.

FIXED COSTS AGAINST THE 2½% LIMIT, FY2016–FY2025

| Health insurance, FY2016–25 | All fixed costs, FY2016–25 | Years squeezed | Health insurance |

| **+34.8%** | **+56.6%** | **4 of 9** | **3 of 9** |
| $4.4M to $6M · all towns +54.0% | $6.4M to $10M · all towns +53.0% | fixed costs grew faster than allowed levy growth | years it grew faster than allowed levy growth |

Nine years at 2.5% add 24.9%. Grown that way from FY2016, Millbury's health insurance would have been $5.53 million in FY2025; it was $5.97 million, $438,000 above the path. Its fixed costs would have been $8.01 million in FY2025; it was $10 million, $2.03 million above the path.

LOCAL EARMARKS AGAINST THE HEALTH-INSURANCE INCREASE

Over the nine budgets, earmarks to Millbury's government came to $637,000, 41.3% of the $1.54 million rise in its health insurance.

Chapter 90 is the state's main road program. MassDOT apportions it to every city and town by a formula, and the town is reimbursed after it spends the money on approved work. Counting each payment against the town's oldest money first, payments to Millbury came on average 30 months after the start of the year the money was apportioned for. Statewide, $655 million of FY2017–FY2026 apportionments was not yet reimbursed on 16 October 2026; counting the annual program alone, the median town held about 1.2 years of its yearly money. Money not yet reimbursed is not the same as idle money: MassDOT's Chapter 90 Advisory Group found 63% of the unspent balance committed to approved projects not yet billed (January 2025).

Millbury owns three high- or significant-hazard dams and received no dam award from the Dam and Seawall or Municipal Vulnerability Preparedness programs, FY2017–FY2026.
